Re: Request by Gurley Surgery Center

Dear Ms. Hill:

I am a gynecologic oncologist who has known and worked with Dr Larry Gurley for 26 years. I am very interested in performing gynecological procedures at Gurley Surgery Center located in the 20th Avenue Building in Nashville, Tennessee, just 3 blocks from my office. An ASTC that specializes in gynecologic procedures would be an excellent option for me and mypatients. My surgical procedures are now performed in a hospital outpatient department, which is a higher cost option for both patients and payors, and a less convenient option for patients. Iurge you to lift the condition that prevents me from using it.

Sincerely,

MD

Re: Request by Gurley Surgery Center

Dear Ms. Hill:

I am a gynecologist very interested in performing gynecological procedures at Gurley Surgery Center. An ASTC that specializes in gynecological procedures would be an excellent option for me and my patients. Currently I am performing the majority of procedures in a hospital outpatient department, which is a higher cost option for both patients and payers, and a less convenient option for patients. I urge you to lift the condition that prevents me from using it.

Re: Request by Gurley Surgery Center

Dear Ms. Hill:

I am a gynecologist who is interested in performing gynecological procedures at Gurley Surgery Center. Based on several factors, including less overall cost and patient convenience, I support the request to allow other physicians to perform gynecologic procedures there.

Sincerely,

Barbara Nylander, M.D.

Re: Gurley Surgery Center Request

Dear Ms. Hill:

I support the request to allow other physicians to perform gynecologic procedures at the Gurley Surgery Center. I am a gynecologist who is personally interested in performing gynecological procedures at this ASTC. A facility focused on gynecology procedures would offer efficiency for me and convenience for my patients.

Sincerely,

Carl Wingo, M.D.

Re: Request by Gurley Surgery Center

Dear Ms. Hill:

I am a gynecologic oncologist who performs surgery at St Thomas Midtown and Centennial Hospitals in downtown Nashville. I am interested in performing some outpatient gynecologic procedures at the Gurley Surgery Center. An ASTC that specializes in gynecologic procedures would be a great option for me and my patients because it reduces costs for patients and payors. It would also be a great convenience for my patients to use such an efficient and well-run facility.

I urge you to lift the condition that prevents me from using it.

Sincerely,
