Pro-Flex 120B Rotary Contour Finishing Mower

Part No.	Description	List Price US $
601205B	RED Pro-Flex 120B Contour Finishing Mower	$22,650.00
602711B	GREEN Pro-Flex 120B Contour Finishing Mower	$22,650.00

Green Pro-Flex's are available on a SPECIAL ORDER BASIS,
and are subject to a 6 to 8 week shipping lead time Color must be specified at time of order

Primary Use:	Golf Courses. Suited for rolling, uneven landscape.
Cutting Width:	10 Feet, (16" uncut circle).
Cutting Heights:	Easy cutting height adjustment from 1" to 3¼".
Capacity:	Cuts up to 6.5 acres/hr at speeds up to 6 mile/hr.
Tractor Specifications:	Recommended PTO HP: 30-40 @ 540 RPM.
	1 double acting outlet, all hoses supplied to tractor, hose ends included.

Standard Features: **Some Assembly Required**

5 Independent floating 28"diameter decks to follow all contours.
Quick adjust swivel hitch, allows mower to follow contours without interference from tractor.
Heavy-duty construction, open rear-discharge with adjustable deflectors.
Rubber damped, automatic belt tensioners on all belts.
Pro Lift-N-Turn™ allows the operator to temporarily raise the decks slightly off the ground without stopping and with the PTO still engaged. Ideal for crossing cart paths or when engaging the PTO.
Puncture proof tires, 10"dia x 4"wide (4 per deck) mounted on greaseable tapered roller bearings.
Deck shock absorbers, able to cut at high speeds yet maintain consistent quality cut.
Able to cut while backing up, this allows cutting in corners and other hard to reach areas.
CV input shaft system for easy connection to any tractor.
Maintenance free blade spindle assemblies for reduced maintenance.
High lift blades for superior cut. Blade tip Speed 18,600 FPM.
Anti-Scalp Rollers on front and back of each deck. Anti-Scalp Skids on both sides of each deck.

Optional Equipment: **Spare Parts Program Pricing Applies**

606501	Mulch Kit complete with mulching blades not installed
606502	Mulch shut off plate kit (No mulch blades included) not installed
600526	Mulch Blade Kit (Four black left hand and one red right hand blades)
600517	High Lift Blade Kit (Four black left hand and one red right hand blades)
600524	Pro-Flex Belt Kit – for the complete mower

Prices and specifications subject to change without notice. See 2020 Parts Price List.
All wholegoods, options and parts are offered FCA Seaforth, Canada.

Model TD65-2B Tri-Deck Finishing Mower

SDR-65 Three Point Hitch Finishing Mower

Part No.	Description	List Price US$
531965	Model SDR-65 Three Point Hitch Roller Mower	$5,450.00

Primary Use: Golf Courses.
Cutting Width: 65"
Cutting Height: ½" to 4 inches with infinite number of adjusting heights.
Weight: 975 pounds
Tractor Specifications: Required PTO HP: 25 – 40 at 540 RPM
Note: Front weights will be required depending on tractor used.
We recommend 30 to 40 H.P. tractor be used, due to the weight of the mower

Standard Features: **Some Assembly Required**.
Heavy-duty construction, open rear discharge, easy cutting height adjustment.
Heavy duty 6" dia. rollers supported by 2 - 1.25" ductile flange HEX bearings
Maintenance free blade spindle assemblies for reduced maintenance.
High lift blades for superior cut.
Blade tip speed 18,287 FPM

Blades - Choose one of the following, included in base price

☐ High Lift Fixed Blade ☐ Low Lift Fixed Blade

Optional Equipment : **Spare Parts Program Pricing Applies**

522361 23" Low Lift Blade (three required)

522360 23" High Lift Blade (three required)

Prices and specifications subject to change without notice. See 2020 Parts Price List.
All wholegoods, options and parts are offered FCA Seaforth, Canada.

SDR-90 Three Point Hitch Finishing Roller Mower

Part No:	Description	List Price US$
531990	Model SDR-90 Three Point Hitch Roller Mower	$7,075.00

Primary Use:	Golf courses.
Cutting Width:	90".
Cutting Height:	½" to 4" with infinite number of adjusting heights.
Weight:	1400 pounds
Tractor Specifications:	Required PTO HP: 35 – 50 @ 540 RPM Note: Front weights on tractor may be required. We recommend that a 40 to 50 H.P tractor be used because of the weight of the mower.

Standard Features: **Some Assembly Required**

Heavy-duty construction, open rear discharge, easy cutting height adjustment
Heavy-duty 6" dia. rollers supported by 2 - 1.25" ductile HEX bearings.
Maintenance free blade spindle assemblies for reduced maintenance.
High lift blades for superior cut.
Blade tip speed 18300 FPM.

Blades - Choose one of the following, included in base price

☐ High Lift Fixed Blade ☐ Low Lift Fixed Blade

Optional Equipment: **Spare Parts Program Pricing Applies**

522365	24" Low Lift Blade (four required)
522364	24" High Lift Blade (four required)

Prices and specifications subject to change without notice. See 2020 Parts Price List.
