Software Developer

Tennessee Department of Treasury
To apply, submit your resume to: Treasury.Resumes@tn.gov

The Tennessee Department of Treasury impacts the lives of Tennesseans every day. Treasury is responsible for many of the financial operations of state government, including managing more than $60 billion in assets through its various investment programs. We administer the State's Retirement Program, Retire*Ready*TN, which combines the state pension plan, Tennessee Consolidated Retirement System, and the State's Deferred Compensation plan. Treasury serves all Tennesseans by helping to educate and empower them to make smart financial choices, and by providing public-serving programs in the areas of college savings, financial literacy, unclaimed property, criminal injuries compensation, and more.

Job Overview:

The Information Systems Division is seeking one Software Developer to develop and maintain software applications.

Key Responsibilities:

- Develops new and enhances existing applications to meet the needs of internal and external customers. Applications include user interface, database, and reporting components.
- Collaborates in a team environment to understand requirements, designs systems to meet those requirements, establishes test criteria, supports the testing process, prepares applications for implementation, and creates system documentation.
- Provides break-fix, troubleshooting, and user support for assigned systems.
- Manages time effectively to consistently deliver high-quality solutions on schedule.
- Improves knowledge and understanding of current technologies and processes and applies these to develop modern applications.

Qualifications:

- Graduation from an accredited four-year college or university with a bachelor's degree in Information Systems or Computer Science.
- Minimum of 2-5 years in comparable positions including software development, database design, systems analysis, or design.
- Application Development experience with object oriented programming for client-server and web-based applications using (C#, jQuery, .NET, HTML, XML, CSS, Microsoft SQL Server, and/or Oracle)
- Experience working with Power Builder is a plus.

The State of Tennessee is an Equal Opportunity Employer.
