Nashville, TN 37243

Subject: Weekly Update for March 31, 2020
Response to Commission's "Ongoing Request for Information" Related to the Coronavirus

Dear Chairman Morrison:

Cartwright Creek, LLC, submits this weekly update to the Tennessee Public Utilities Commission's "Ongoing Request for Information Related to Measures Taken During the Coronavirus, COVID-19 Public Health Emergency" issued March 19, 2020.

Cartwright Creek's four wastewater treatment and collection systems continue to operate normally at this time. Staff continues to monitor TDEC and CDC guidance for recommendations.

So that additional resources are available if the current crisis affects staff or supplies, Cartwright Creek joined the "Tennessee Water/Wastewater Agency Response Network" (TNWARN) on March 30. The organization is a network of state utilities that provide emergency resource sharing.

Please contact me if you have any questions.

Thank you,

Bruce Meyer
Operations Manager
