LETTER OF INTENT

State of Tennessee
Health Facilities Commission

502 Deaderick Street, Andrew Jackson Building, 9th Floor, Nashville, TN 37243

www.tn.gov/hsda Phone: 615-741-2364 hsda.staff@tn.gov

LETTER OF INTENT

The Publication of Intent is to be published in Knoxville News Sentinel, a newspaper of circulation in Anderson, Blount, Campbell, Claiborne, Cocke, Cumberland, Grainger, Hamblen, Jefferson, Knox, Loudon, McMinn, Monroe, Morgan, Roane, Scott, Sevier & Union Counties; the Shelbyville Times-Gazette, a newspaper of circulation in Bedford County; the Camden Chronicle, a newspaper of circulation in Benton County; the Chattanooga Times Free Press, a newspaper of circulation in Bledsoe, Bradley, Grundy, Hamilton, Marion, Meigs, Polk, Rhea, and Sequatchie Counties; Cannon Courier, a newspaper of circulation in Cannon County; Jackson Sun, a newspaper of circulation in Carroll, Henderson and Madison Counties; Johnson City Press, a newspaper of circulation in Carter, Johnson, Unicoi and Washington Counties; the Tennessean, a newspaper of circulation in Cheatham, Davidson, Dickson, Hickman, Robertson, Rutherford, Sumner, Williamson and Wilson Counties; the Chester County Independent, a newspaper of circulation in Chester County; Dale Hollow Horizon, a newspaper of circulation in Clay County; the Tullahoma News, a newspaper of circulation in Coffee County; The Jackson Sun, a newspaper of circulation in Crockett County; the News Leader, a newspaper of circulation in Decatur County; the Smithville Review, a newspaper of circulation in DeKalb County; the State Gazette, a newspaper of circulation in Dyer County; the Commercial Appeal, a newspaper of circulation in Fayette, Shelby and Tipton Counties; the Fentress Courier, a newspaper of circulation in Fentress County; the Herald Chronicle, a newspaper of circulation in Franklin County; The Jackson Sun, a newspaper of circulation in Gibson County; the Pulaski Citizen, a newspaper of circulation in Giles County; the Greeneville Sun, a newspaper of circulation in Greene County; the Rogersville Review, a newspaper of circulation in Hancock and Hawkins Counties; the Bulletin Times, a newspaper of circulation in Hardeman County; the Courier, a newspaper of circulation in Hardin County; The Commercial Appeal, a newspaper of circulation in Haywood County; the Paris Post Intelligencer, a newspaper of circulation in Henry County; the Leaf Chronicle, a newspaper of circulation in Houston, Montgomery and Stewart Counties; the News Democrat, a newspaper of circulation in Humphreys County; the Jackson County Sentinel, a newspaper of circulation in Jackson County; the Lake County Banner, a newspaper of circulation in Lake County; The Commercial Appeal, a newspaper of circulation in Lauderdale County; the Lawrence County Advocate, a newspaper of circulation in Lawrence County; the Lewis County Herald, a newspaper of circulation in Lewis County; the Elk Valley Times, a newspaper of circulation in Lincoln County; the Macon County Chronicle, a newspaper of circulation in Macon County; The Daily Herald, a newspaper of circulation in Marshall County; the Daily Herald, a newspaper of circulation in Maury County; Buffalo River Review, a newspaper of circulation in Perry County; Carthage Courier, a newspaper of circulation in Smith County; Herald Citizen, a newspaper of circulation in Putnam County; MCNairy County News, a newspaper of circulation in McNairy County; Overton County News, a newspaper of circulation in Overton County; Pickett County Press, a newspaper of circulation in Pickett County; Southern Standard, a newspaper of circulation in Warren County; The Camden Chronicle, a newspaper of circulation in Benton County; The Expositor, a newspaper of circulation in Van Buren and White Counties; The Hartsville Vidette, a newspaper of circulation in Trousdale County; the Kingsport Times-News, a newspaper of circulation in Sullivan County; the Moore County News, a

newspaper of circulation in Moore County; The State Gazette, a newspaper of circulation in Obion County; the Wayne County News, a newspaper of circulation in Wayne County, and The Jackson Sun, a newspaper of circulation in Weakley County,, Tennessee, on or before 10/15/2026 for one day.

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000.

The anticipated date of filing the application is 11/02/2026

The contact person for this project is John Paul Palelil john Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036.

john Palelil	10/02/2026	jppalelil@vitalcare.com
Signature of Contact	**Date**	**Contact's Email Address**

The Letter of Intent must be received between the first and the fifteenth day of the month. If the last day for filing is a Saturday, Sunday, or State Holiday, filing must occur on the next business day. Applicants seeking simultaneous review must publish between the sixteenth day and the last day of the month of publication by the original applicant.

The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov .

PUBLICATION OF INTENT

The following shall be published in the "Legal Notices" section of the newspaper in a space no smaller than two (2) columns by two (2) inches.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000.

The anticipated date of filing the application is 11/02/2026

The contact person for this project is John Paul Palelil john Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036.

The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or

prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov .

CRITERIA AND STANDARDS

Attachment 1N

Home health services criteria and standards

OneAxis LLC d/b/a Vital Care of Jackson
15 Old Humboldt Road, Suite A, Jackson, TN 38305
Certificate of Need application CN2610-022
Final submission | November 11, 2026

OneAxis requests approval to provide home infusion and related nursing services exclusively to its own pharmacy patients across all 95 Tennessee counties. This attachment addresses the 12 home-health criteria through the proposed service model, filed projections, staffing plan, community relationships, and supporting utilization data.

The pharmacy is operational and ready to provide infusion services; patient services have not yet commenced. The proposed home nursing service will begin after the required approvals. OneAxis anticipates a ramp-up in referrals and patient services by January 2027, subject to those approvals and operational readiness.

1 Determination of need

OneAxis applies the 1.5% population guideline as a general home-health comparison. The supplied 2025–2028 population and utilization schedule reports a 2028 statewide population of 7,410,264 and estimated general home-health need of 111,154 patients. The same schedule reports projected capacity of 170,072, indicating a modeled surplus of 58,918. These figures describe general home-health utilization and do not establish an unmet home-infusion need by themselves.

The proposed project addresses coordinated infusion care for OneAxis pharmacy patients. The applicant requests consideration of its specialty service model, developing physician relationships, phased staffing, and the ability to deliver prescribed treatment in patients' homes. Home treatment can reduce travel to infusion locations for patients whose clinical circumstances support care at home. County-specific referral evidence will supplement the population comparison as relationships develop.

2 Three-year projection horizon

The supporting schedule uses 2025 final Joint Annual Report (JAR) data and a three-year projection to 2028. Appendix 1N-A presents all 95 counties, including population, patients served, calculated use rates, projected general home-health need, and projected capacity. The applicant's operating projections cover 2027 and 2028; these are distinct from the statewide need methodology.

Sources: submitted OneAxis application, Items 2N, 6N and 6C; supplied 2025–2028 population and utilization schedule. Supporting data are identified at the end of this attachment.

3 Existing use rates

The county use rate is calculated as reported 2025 home-health patients divided by estimated 2025 population. The rate is then applied to the projected 2028 population to estimate future utilization at the same use rate. Appendix 1N-A reproduces the source's projected capacity and need values and displays calculated use rates as percentages.

Measure	Tennessee	Madison County
2025 population	7,242,733	99,089
2025 reported home-health patients	166,227	2,709
2025 use rate	2.2951%	2.7339%
2028 population	7,410,264	98,555
2028 need at 1.5%	111,154	1,478
2028 projected capacity	170,072	2,694
Reported 2028 need / (surplus)	(58,918)	(1,216)

The historical general-home-health table reports 19 agencies serving Madison in 2025. That count is not a current count of infusion-capable providers. General home-health utilization, infusion visits, and OneAxis's proposed patients are separate measures.

4 County need and phased statewide implementation

OneAxis requests approval for all 95 Tennessee counties. The 33 counties with projected Year One utilization represent the initial phase of implementation. They do not define the full geographic reach of the planned service. OneAxis will expand service delivery through its own nursing staff, supported by coordinated medication delivery and clinical oversight, as provider relationships develop and referrals increase.

OneAxis has established relationships with Skyline Gastro (One GI), Jackson Clinic, and West Tennessee Medical Group. Skyline Gastro (One GI) has multiple facilities across Tennessee. OneAxis is also working with Vanderbilt and other specialty clinics to develop additional relationships. Specialty physicians practicing in regional hubs and satellite locations serve patients from counties throughout the state. Statewide authorization will support coordination of home infusion care in those patients' counties of residence.

OneAxis does not currently have documented patient referrals from other regions of Tennessee and has not documented referrals it was unable to fulfill because of a lack of suitable existing providers. The applicant is preparing for anticipated volume using its filed projections and Vital Care's operational support. Provider relationships and forecasts are presented as the basis for planning; they are not presented as documented unmet referrals.

Projected utilization	2027	2028
Patients	132	165
Average home nursing visits per patient	6	6
Total home nursing visits	792	990

The total forecast increases by 25% in Year Two. Referral development and a ramp-up in patient services are anticipated by January 2027. Services in additional counties will be activated when OneAxis has qualified employed or contracted nursing coverage, backup arrangements, medication delivery, and clinical oversight in place.

5 Current service area utilization

The historical provider utilization schedule included as Exhibit 1N-B presents provider patient volumes for 2023–2025 and a separate table of infusion visits and hours for 2025. It reports provider-level total patient counts of 164,990 in 2023, 165,681 in 2024, and 168,139 in 2025. These provider totals are not substituted for the resident-based population schedule's 166,227 patients for 2025.

The infusion table identifies 13 reporting agencies and reports 10,234 pain-management infusion visits and 4,300 other infusion visits in 2025, with 34,238 and 4,602 reported hours, respectively. These historical figures show reported activity; they do not establish current availability or each provider's ability to accept OneAxis patients.

The publicly available provider data reproduced in the schedule identify agencies by home county. They do not provide a complete county-by-county inventory or each agency's patient counts within every county. Consequently, these data do not support a separate three-year count of all agencies serving five or fewer patients in each county. Missing or unreported utilization is not treated as zero.

Recently approved projects in available public data

Project	CON and approval date	Base and service area	Reported scope
OPTIV Infusion LLC	CN2602-006A April 22, 2026	Knoxville 29 East TN counties	Own OPTIV RX patients; reported area excludes Madison
River City Infusion LLC	CN2511-042A February 25, 2026	Chattanooga All 95 counties	RCIV d/b/a Vital Care of Chattanooga pharmacy patients; includes Madison
Naven Health Inc	CN2604-009 June 24, 2026	Knoxville All 95 counties	Home infusion; reported area includes Madison

Based on the available published 2026 project information, these projects were described as not yet licensed in the source schedule. Approval dates, service areas and status are reported as stated in that source; subsequent licensing or implementation is not established by those historical records.

6 Adequate staffing

OneAxis LLC intends to maximize the use of employed FTEs during Years One and Two. Its planned staffing complement is 4.0 RN FTEs and 0.5 administrative FTE, with the remaining positions identified as to be hired in the staffing table below. OneAxis will use contract nursing from Medlife and Naven Health for interim home infusion services or additional coverage when needed. Until OneAxis has the CON and licensure required to operate its own home nursing service, those services will be furnished under the participating provider's applicable authority and clinical responsibilities. Following approval, OneAxis will expand its own nursing staff and use contract support for additional workload or coverage as needed.

Christy Davis will coordinate nursing assignments and verify that the appropriate competencies, supervision, and patient-care handoffs are in place.

Team member	Role and responsibility
John Paul Palelil	Owner and pharmacy technician; organizational oversight and resources.
Kelli Anne Gerth	Pharmacist-in-Charge; pharmacy operations and medication oversight; prior sterile compounding experience.
Christy Davis	Head of Nursing; nursing oversight, supervision and coordination; extensive home infusion experience.
Melissa John	Intake and administration; patient intake, scheduling, billing coordination and day-to-day agency administration; specialty medication experience.
Aditya Paul	Account Executive; physician relationships and referral development; prior home infusion experience.

Before assignment, OneAxis will verify nursing licensure and competencies relevant to the ordered therapy. Orientation and ongoing training will address assessment, vascular access, infection prevention, medication administration, patient education, adverse reactions, emergency response, documentation, and escalation. Christy Davis will oversee nursing assignments and competency review; Kelli Anne Gerth will oversee pharmacy functions.

The initial employed nursing staff will be based in Jackson. After approval, OneAxis will reassess local hiring in other areas as demand develops. Medlife and Naven Health will provide interim or additional nursing support under appropriate agreements. Primary and backup assignments will be established before patient acceptance.

The complete planning allocation below totals 4.0 RN FTEs and 0.5 administrative FTE. Christy Davis leads nursing within the planned complement; the three additional RN positions are designated to be hired.

Team member	Project role	Status	2027 FTE	2028 FTE
Christy Davis	Head of Nursing / RN	Hired; planned project allocation	1.0	1.0
Registered nurse 2	Direct care RN	To be hired	1.0	1.0
Registered nurse 3	Direct care RN	To be hired	1.0	1.0
Registered nurse 4	Direct care RN	To be hired	1.0	1.0
Melissa John	Intake / administration	Hired; planned project allocation	0.5	0.5
Total project FTEs			4.5	4.5

The planned project allocation is 4.0 RN FTEs + 0.5 administrative FTE = 4.5 total FTEs. At 2,080 paid hours per FTE annually, this represents 8,320 RN hours and 1,040 administrative hours, or 9,360 total paid project hours. The allocation supports patient care, leadership, leave, travel, coordination and documentation.

Christy Davis and Melissa John are hired team members, allocated at 1.0 RN FTE and 0.5 administrative FTE, respectively, in the project plan. The three additional RN positions are to be hired. John Paul, Kelli Anne Gerth and Aditya Paul are existing leadership, pharmacy and outreach resources outside the 4.5-FTE nursing-project total. Contract nursing provides additional coverage and is not counted as employed FTE.

7 Community linkage and coordinated care

OneAxis leads and coordinates the complete patient care process, from referral intake and clinical review through prior authorization, medication dispensing, infusion scheduling, administration, and ongoing monitoring. OneAxis staff receive and manage referrals, communicate with prescribing providers and patients, and coordinate pharmacy and nursing services.

Provider relationships and continuity of care

OneAxis has established relationships with Skyline Gastro (One GI), Jackson Clinic, and West Tennessee Medical Group. OneAxis is developing relationships with Vanderbilt and other specialty clinics. Aditya Paul will support provider outreach, while Melissa John will coordinate intake. These relationships support future referrals and continuity of treatment for patients living across Tennessee. No exclusive referral commitment or guaranteed volume is represented.

The proposed community linkage plan includes communication with prescribing specialists, hospital discharge teams, other treating practitioners, and community services involved in each patient’s care. OneAxis will obtain treatment orders and relevant records, clarify the care plan, confirm the patient’s choice of provider, and communicate acceptance and the planned start of care. When OneAxis cannot accept a patient, staff will coordinate an appropriate referral handoff and document the disposition.

Franchisor support and insurance authorization

OneAxis LLC is responsible for submitting and renewing authorizations, using Vital Care's systems and working with its RCM team for processing and payer coordination. OneAxis tracks authorization requirements, expiration dates, and renewal deadlines and coordinates with prescribing providers to obtain necessary clinical documentation.
If approval is delayed, OneAxis takes responsibility for follow-up and resolution, working with Vital Care's RCM team, the payer, and the prescribing provider to address outstanding requirements. Kelli Anne Gerth oversees medication-related clinical documentation and issues, while Christy Davis coordinates nursing availability and scheduling adjustments. OneAxis maintains direct communication with the patient at every stage, including referral receipt, authorization progress, delays, additional information requests, approval, and treatment scheduling.

Medication dispensing and infusion

OneAxis remains the primary point of contact for patients and referring providers and retains responsibility for clinical decisions, dispensing coordination, nursing services, and patient care. The PIC verifies the prescription, medication source, storage requirements and dispensing arrangements. The Head of Nursing coordinates employed and contracted nurses, confirms therapy competencies, and aligns visits with medication delivery and the care plan.

OneAxis has contracts with major manufacturers and has contracted with McKesson and Cardinal Health for cold-chain logistics supporting delivery to the pharmacy or the patient’s home, as required. Until sterile compounding authorization is obtained, medications requiring sterile preparation will be coordinated through appropriately licensed Vital Care franchise pharmacies, with the dispensing, preparation, delivery, and monitoring responsibilities documented for each patient.

OneAxis plans to submit its sterile compounding license application to the Tennessee Board of Pharmacy in November 2026. OneAxis will apply to ACHC in December 2026 for accreditation covering USP <797> sterile compounding and DMEPOS. These are planned applications; sterile compounding is not represented as currently authorized.

During care, OneAxis nurses will document treatment, patient response, education, and changes requiring follow-up. Pharmacy and nursing staff will communicate significant findings to the prescriber and coordinate transitions, interruptions, or completion of therapy. OneAxis will serve its own pharmacy patients exclusively and does not intend to provide nursing services for other pharmacies’ patient populations.

8 TennCare and financial viability

The filed financial plan projects Medicare/Medicare Managed Care at 22.5% of gross operating revenue, commercial/other managed care at 76.5%, and self-pay at 1.0%. No TennCare/Medicaid revenue is included in either projected year. The plan therefore does not depend on TennCare reimbursement during initial operations.

Projected revenue source	2027	2028
Medicare / Medicare Managed Care	$18,414.00	$23,017.50
Commercial / Other Managed Care	$62,607.60	$78,259.50
Self-pay	$818.40	$1,023.00
TennCare / Medicaid	$0.00	$0.00
Gross operating revenue	$81,840.00	$102,300.00
Total deductions	$5,401.00	$6,633.00
Net operating revenue	$76,439.00	$95,667.00

OneAxis LLC plans to apply for Medicaid and TennCare enrollment. OneAxis will not serve TennCare patients until the required enrollment approvals and payer participation are effective.
If a TennCare referral is received before participation is effective, OneAxis will inform the referring provider and patient that it cannot accept the patient for service and will coordinate referral to an appropriately participating provider.
After the required enrollment, payer participation, and service approvals are effective, OneAxis will coordinate pharmacy and nursing benefits, obtain required authorizations, and provide services within its approved scope through its own staff and appropriate contract support. It will verify eligibility, coverage, and responsibility for each service before accepting the patient.

The filed project cost is $192,000. OneAxis has a Medicare contract and intends to enroll as a Qualified Home Infusion Therapy Supplier. Medicaid and TennCare enrollment applications are planned, and OneAxis will not serve TennCare patients until the required approvals and payer participation are effective. The financial and staffing figures reflect the applicant's submitted forecasts and phased service plan.

9 Proposed charges

The submitted application projects an average gross charge of $620 per patient in each year. At six home nursing visits per patient, this equals a blended average gross charge of $103.33 per visit. Multiplying the patient forecast by $620 produces $81,840 in 2027 and $102,300 in 2028. These are projected gross nursing-service charges, not guaranteed payer reimbursement or a medication cost.

Charge comparison	Reported amount	Basis
OneAxis proposed nursing service	$103.33 per visit	$620 per patient ÷ 6 visits
Coram, Williamson and Knox	$200 per visit	2025 other infusion charge
Implanted Pump Management	$150 per visit	2025 pain / other infusion charge
Hemophilia Preferred Care	$200 per visit	2025 other infusion charge

Exhibit 1N-C contains the historical charge comparison. Differences in therapy, visit length, payer terms, and services included limit direct comparison. OneAxis's blended projected visit charge is below the selected reported gross charges; that comparison does not establish equivalent services or payer allowances. Applicable Medicare payment comparisons remain part of the separate charge response.

The updated Medicare comparison is included in Attachment 9C and E7. CY 2026 Tennessee HIT rates range from $178.62 to $365.17 by service category and initial/subsequent visit. Use the applicable code and date-of-service schedule; these amounts are per eligible administration calendar day, not per 15-minute billing unit.

The financial plan includes charity-care provisions of $2,498 in 2027 and $3,069 in 2028. The adopted Jackson hardship policy (P3), supported by the signed attestation (P4), provides a 100% discount on eligible out-of-pocket costs for approved applicants at or below 200% of Federal Poverty Guidelines and a 25% discount for approved applicants above 200% but below 400%. Applications require documented financial need, management review, written notification and annual renewal, with reconsideration and appeal procedures.

10 Access

OneAxis seeks to improve access to clinically appropriate home infusion for its pharmacy patients throughout Tennessee. The service model links specialist care delivered through regional hubs and satellite offices to treatment in the patient's home county. Providing care at home can reduce repeated travel and help patients coordinate treatment with daily responsibilities.

Each referral will be assessed for clinical suitability, home conditions, caregiver support, communication needs, medication handling, and emergency planning. OneAxis will establish qualified nursing coverage and medication delivery before accepting a patient. Patient choice and applicable nondiscrimination requirements will guide referral and admission decisions.

There is no age restriction and oncology is not excluded. Christy Davis, the nursing leader, is an experienced pediatric nurse. Pediatric, oncology, and other specialized referrals will be accepted when the required competencies, protocols, equipment, medication access, and prescriber-directed care plan are in place. Services remain limited to OneAxis pharmacy patients.

11 Quality control and monitoring

OneAxis will use the Vital Care network quality measures in the October 2026 Vital Outcomes Table (E8) to benchmark its own performance. The source includes monthly results from August 2024 through October 2026, averages and upper/lower monitoring limits. The network results are not presented as OneAxis patient outcomes.

Measures cover adverse drug reactions, catheter infections, dispensing errors, grievances, pump malfunctions, therapy goals, unscheduled hospitalizations, patient satisfaction, survey response rates and DMEPOS claim denials. Kelli Anne Gerth and Christy Davis will oversee the respective pharmacy and nursing measures, investigate concerns and document corrective action and follow-up.

OneAxis has established competency-assessment and quality-monitoring processes supporting its pharmacy operations. MTA has assessed staff competency in maintaining the clean room, and Vital Care's clinical team has assessed the PIC's compounding competency. These assessments will be repeated periodically and documented.
OneAxis also conducts and documents performance and quality assessments as part of its ACHC accreditation activities. Kelli Anne Gerth oversees pharmacy competency and supervision, and Christy Davis leads nursing competency, supervision, and quality monitoring. Assessment findings will be used to identify training needs, assign corrective actions, and document follow-up.
OneAxis LLC manages these activities through Vital Systems, VC Care Start, CareTend, and Vital Books. These systems support documentation and coordination between OneAxis personnel and Vital Care's corporate teams.
Periodic audits are conducted at both the franchise and corporate levels to review the completeness of handoffs and assigned responsibilities; appropriate record access; consistency among authorizations, documented services, and billing; and the documentation, escalation, follow-up, and resolution of complaints.
OneAxis's local leadership works with the appropriate corporate teams to address findings, document corrective actions, and track outstanding issues through resolution. This provides shared oversight while maintaining OneAxis's accountability for its operations and patient experience.

OneAxis LLC will utilize Vital Systems, VC Care Start, CareTend, and Vital Books for records supporting referral intake, authorizations, pharmacy and clinical services, billing and financial operations. OneAxis will report OASIS and HHCAHPS to CMS and will ensure the accuracy, completeness and timely submission of required reports. Christy Davis will lead nursing assessment and quality oversight, Melissa John will support administrative coordination, and corporate support will assist as needed.

OneAxis holds ACHC Pharmacy accreditation, Certificate No. 100049, for Ambulatory Infusion Center and Infusion Pharmacy Services without sterile compounding, effective May 22, 2026, through May 21, 2029. OneAxis will apply to ACHC in December 2026 for accreditation covering USP <797> sterile compounding and DMEPOS. Accreditation and enrollment applicable to the proposed home nursing service will be addressed separately before services or billing requiring them begin.

12 Data requirements

OneAxis agrees to provide the Tennessee Department of Health, the Health Facilities Commission, and other agencies with jurisdiction all reasonably requested information and statistical data relating to its operations and services, within the requested time and format. OneAxis will maintain supporting records for utilization, staffing, payer mix, service area, and quality reporting, with appropriate protection of patient information.

OneAxis will distinguish actual patients and completed visits from projections, referrals, and pending admissions. It will report unavailable data as unavailable rather than converting unknown counts to zero. Required annual reporting will be coordinated by the applicant's designated responsible staff.

Supporting schedules and source records

Supporting schedules

Appendix 1N-A: All-county population, reported utilization, use rates and 2028 projected general home-health need and capacity. The figures come from the supplied 2025–2028 population and utilization schedule; use percentages are recalculated from patients and population.

Exhibit 1N-B: Historical Provider Utilization 2023–2025, three pages, appended to the PDF. Includes provider patient totals and 2025 infusion visits and hours.

Exhibit 1N-C: Historical Infusion Charges, one page, appended to the PDF. This is the historical comparison supporting Criterion 9.

Exhibits E8, P3 and P4: Vital Care network quality benchmarks through October 2026; Jackson location hardship policy; signed attestation dated September 29, 2026. These original documents are appended to the stand-alone Attachment 1N PDF and the response packet.

Dyer	36,105	1,172	3.2461%	35,690	535	1,159
Fayette	44,948	676	1.5040%	45,972	690	691

Use rate = reported 2025 patients ÷ estimated 2025 population. The source's rounded 2028 need and capacity values are reproduced unchanged. Capacity reflects projected utilization at the historical rate; it is not verified staffed infusion capacity. County values and statewide totals may differ because of source rounding.

Source: supplied 1N Population Need and Utilization 2025–2028 schedule. General home-health data cover all 95 proposed counties; OneAxis's own forecast remains 132 patients in 2027 and 165 in 2028.

Source: Tennessee Department of Health, Joint Annual Reports (JARs), 2025-2023, accessed at https://apps.health.tn.gov/publicjars/default.aspx.

Note: Includes home health utilization for Grundy and Lake counties. As noted by the Tennessee HFC, Grundy County and Lake County are the two economically distressed counties that does not require a CON in fiscal year 2026.

Note: "N/A" indicates that the listed HHA did not report utilization for that year.

* All agency names are listed as they appear in the 2025 JARs, which may be different than the name(s) displayed for the corresponding State ID for 2024 and/or 2023.

*The calculations for "upper limit" and "lower limit" are based on 3 standard deviations from the mean (average). Exceptions include a set lower limit of 4.50 for Patient Overall Satisfaction and a set lower limit of 15% for Survey Response Rate per Vital Care's acceptable standards.

Exhibit B - Sample Policy Template for Franchisee Use

Patient Financial Assistance/Hardship Policy

Scope

This policy applies uniformly to all patients served by Vital Care of Jackson, TN (0496) ("Vital Care").

This policy outlines guidelines for financial assistance for patients who incur significant out-of-pocket obligations for medications, supplies, and services. Employees may not induce patients or referrals based on waiving out-of-pocket costs, and this policy or the availability of financial assistance may not be advertised to patients or referral sources (e.g., prescribers).

Policy

1. Definitions
    1.1. **"Eligibility Guidelines"** means the federal poverty guidelines updated annually by the United States Department of Health and Human Services in the Federal Register.
    1.2. **"Family Size"** means the number of individuals living in the patient's household operating under combined resources or in the case of a minor patient, the patient and the number of individuals living in the Responsible Party's home or individuals for whom the patient or Responsible Party is otherwise financially responsible. Examples of individuals making up a Family Size include: 1) the patient and, if married, his/her spouse; 2) any natural, or adopted minor child of the patient, or spouse who has not been emancipated by a court and who is not, or has never been, married; 3) any person designated as "dependent" on the patient's latest tax return; 4) any adult child who is a student and who is dependent on the patient's income for over 50 percent of his or her living expenses; and 5) any other person within the patient or Responsible Party's household who is dependent on the patient's family income for over 50 percent of his or her living expenses.
    1.3. **"Financial Application to Waive or Reduce Copay"** means the form used to determine eligibility (Exhibit C).
    1.4. **"Pending Application"** means an application fully completed, received by a qualified employee appointed by the location's manager, and under review.
    1.5. **"Responsible Party"** means the patient (if an adult) or, in a minor, the financially responsible parent.

2. Income Eligibility
    2.1. A patient is eligible for financial assistance consideration if they meet the income eligibility criteria set forth herein, based on the Eligibility Guidelines and other criteria in this policy.
    2.2. Vital Care uses current annual gross income and Family Size in determining eligibility.

State and Federal laws, as well as Vital Care's contracts with PBMs and insurance companies, require franchised locations to bill patients for their cost-sharing amounts. Franchised locations may waive all or a portion of these payments only if the patient meets established eligibility criteria.

2.3. Reference the current Federal Poverty Guidelines using the table below or at: ASPE – Office for the Assistant Secretary for Planning and Evaluation

2026 FEDERAL POVERTY GUIDELINES (FPG) FOR THE 48 CONTIGUOUS STATES AND THE DISTRICT OF COLUMBIA					
Household Size	**FPG**	**200% of FPG**	**300% of FPG**	**400% of FPG**	**500% of FPG**
1	$15,960	$31,920	$47,880	$63,840	$79,800
2	$21,640	$43,280	$64,920	$86,560	$108,200
3	$27,320	$54,640	$81,960	$109,280	$136,600
4	$33,000	$66,000	$99,000	$132,000	$165,000
5	$38,680	$77,360	$116,040	$154,720	$193,400
6	$44,360	$88,720	$133,080	$177,440	$221,800
7	$50,040	$100,080	$150,120	$200,160	$250,200
8	$55,720	$111,440	$167,160	$222,880	$278,600
For families/households with more than 8 persons, add $5,680 for each additional person					

2.4. Evaluate patient income against the approved thresholds in the chart below to determine whether a full or partial discount is appropriate, consistent with this policy.

2.4.1. To establish percentage thresholds that reflect local standards, our location considers how hospitals within our community structure their financial assistance programs. An internet search using our city and state followed by the phrase "hospital financial assistance policy" (e.g., "*Meridian, MS hospital financial assistance policy*") can provide insight into the ranges commonly applied by nearby hospitals. This information helps ensure our hardship criteria are aligned with local practices.

2.4.2. When reviewing external hospital policies, our location identifies percentage ranges that are consistent with or more conservative than those used by local health systems. This approach supports defensible, needs-based determination and promotes alignment with established industry practice.

ADJUSTED INCOME AS PERCENTAGE OF FEDERAL POVERTY GUIDELINES (FPG)	PERCENTAGE DISCOUNT OF OUT-OF-POCKET COSTS
Less than or equal to 200**%** of the FPG	**100%** Discount
Greater than 200**%** but less than 400**%** of the FPG	25**%** Discount

3. The Application Process

3.1. **Patient Intake** - A patient who indicates an inability to pay out-of-pocket expenses for medically necessary services may be evaluated for assistance per this policy. Employees may not initiate this discussion absent patient indication of need. Upon such statement, the Manager may initiate a conversation relating to Vital Care's financial assistance program and agree to provide an Application to Waive or Reduce Copay.

3.2. **Verification of Financial Status** - Each requesting patient must complete the current Application to Waive or Reduce Copay and provide income verification (e.g., pay stubs, tax returns, Social Security benefits, child support). The patient or Responsible Party must sign the application attesting to truthfulness.

3.3. **Evaluation of Application** - Upon receipt of a completed application, the Manager or designee performs initial review. If preliminary eligible, the Manager or designee grants final approval/denial or requests additional information.

3.4. **Turnaround Time** - A determination on a Pending Application is typically completed within five (5) days of receipt. Written notification is provided to the applicant.

3.5. **Limitations** – Financial assistance under this policy is intended only for patients with a documented inability to pay for medically necessary care and is considered a last resort. Assistance is not available for services that are not approved or authorized by an insurance carrier (if applicable).

Before granting financial assistance, all other funding options must be evaluated and exhausted, including government programs, insurance coverage, manufacturer assistance programs, and other third-party resources. Patients must fully cooperate by providing requested information to determine eligibility for these alternatives. Failure to provide such information may result in disqualification from the hardship program.

3.6. **Denial of Financial Assistance** - All denials include written reasons. If denial is due to missing information, the applicant may submit the specified information for reconsideration. Denied applications may be escalated for further review by the Manager, who may grant assistance as a documented exception (exceptions should be rare).

3.7. **Appeal Process** - Upon request, a patient may appeal a denial. At least two individuals appointed by the Manager and not involved in the initial denial will review the appeal. If the Manager did not deny the original application, the Manager may solely decide the appeal.

3.8. **Renewal of Application** - Annual renewal is required. Patients receiving assistance must submit an updated application annually. patients will be notified at least thirty (30) days in advance of the renewal deadline. Patients should submit earlier if financial circumstances change.

4. Responsibilities and Exchange with VCIS

4.1. **Annually and upon policy revision, the Franchisee will email a copy of the executed Attestation (unless completed electronically) and Financial Assistance Policy to compliance@vitalcare.com.**

4.1.1. As the Federal Poverty Guidelines are updated each January, it is recommended to review and update this policy in February to ensure all eligibility thresholds reflect the most current guidelines.

4.2. **The Franchisee will upload approved Applications in Vital Systems to "Hardship Documents". Franchisees may contact spt@vitalcare.com with questions related to the execution of approved applications.**

4.3. VCIS (RCM) will create and maintain a Financial Assistance Policy Patient List per franchisee.

4.4. VCIS (RCM) will maintain patient accounts for those granted assistance.

4.5. Annual renewal of previously approved Applications is recommended, ensuring alignment with the current Financial Assistance Policy.

5. Compliance Monitoring and Audit

5.1. Ongoing auditing and monitoring of adherence to the Franchisee's Financial Assistance Policy will occur for listed patients.

5.2. Annually, the Compliance Officer is recommended to audit hardship program utilization to determine whether the 10% threshold has been exceeded.

5.2.1. Calculate the percentage of hardship program patients relative to the total active patient population and document the findings in the annual compliance report. The audit should include:

- Total number of active patients served during the year
- Total number of patients approved for the hardship program during the same period

5.2.2. If the percentage exceeds 10%, the franchised location is recommended to review program controls to avoid unnecessary waivers. The Compliance Officer is further recommended to propose corrective actions or enhanced monitoring to ensure compliance with federal and state regulations and payer contract requirements.

6. Collection Efforts

Patients remain responsible for out-of-pocket expenses or other fees until a complete Application and all required documentation are received and approved by Vital Care. If the patient is deemed eligible, VCIS (RCM) applies the discount to eligible expenses incurred from the date a complete Application and required documentation were received. Assistance is not retroactively applied to sums incurred before receipt of a complete Application. Vital Care collects all sums due from patients receiving assistance per its collection policies and standard business practices and in accordance with applicable state debt collection laws.

7. Accounting Treatment of Financial Assistance

Amounts formally waived under an approved Financial Assistance Policy are not recognized as patient service revenue and will be treated as a bad debt adjustment. Accounting treatment follows applicable Generally Accepted Accounting Principles (GAAP) and internal accounting policies.

State and Federal laws, as well as Vital Care's contracts with PBMs and insurance companies, require franchised locations to bill patients for their cost-sharing amounts. Franchised locations may waive all or a portion of these payments only if the patient meets established eligibility criteria.

Exhibit A - Attestation

Patient Financial Assistance/Hardship Policy Attestation

NOTE: You may elect to complete this attestation electronically by using the link below or by scanning the QR code to the right. You only need to complete the attestation one way – either electronically or by submitting a printed and emailed version.

- Patient Financial Assistance/Hardship Policy Attestation – Fill out form

The franchised location ("Franchisee") requests that Vital Care Infusion Services, LLC as Manager to Franchisor ("VCIS"), acting in its role as third-party billing administrator pursuant to a Special Power of Attorney granted by Franchisee, administer certain reductions in patient financial obligations on Franchisee's behalf pursuant to Franchisee's Financial Assistance Policy. The Franchisee understands and acknowledges that it is solely responsible for the establishment and maintenance of its financial assistance to patients. The Franchisee shall be solely responsible for the determination of whether a patient qualifies for assistance and the extent of such assistance. The Franchisee shall be solely responsible for the maintenance of all documentation related to the patient's financial need eligibility determination.

In addition to any other indemnification obligations of Franchisee, Franchisee agrees to indemnify and hold harmless VCIS, and its subsidiaries, affiliates, members, directors, officers, employees, and representatives, for any claims, liabilities, losses, suits, causes of action, damages, costs, and expenses (including reasonable attorneys' fees) to the extent arising out of Franchisee's Financial Assistance Policy or VCIS's administration thereof.

Franchisee may request that VCIS administer patient financial obligation reductions pursuant to its Financial Assistance Policy by inputting patient information and approved reductions in the Financial Assistance Policy Patient List. Franchisee represents and warrants that it shall only include patients who meet all criteria for assistance under the Franchisee's policy, that the Franchisee has documentation to support such determination (including income evidence), and that the Franchisee has no reason to believe patients are not entitled to assistance. Franchisee shall immediately remove patients from the Financial Assistance Policy Patient List if any of the foregoing cease to be accurate.

Franchisee represents and warrants that:

1. Its Financial Assistance Policy complies with all applicable laws, including the Anti-Kickback Statute (42 U.S.C. § 1320a–7b(b)) and the Beneficiary Inducement CMP law, and satisfies the waiver elements described in 42 C.F.R. § 1001.952(k) and 42 U.S.C. § 1320a-7a(i)(6)(A), together with associated OIG guidance.

2. Its financial assistance policy is in written form, implemented according to its written terms, and reviewed at least annually by Franchisee.

3. It makes a good faith determination of financial need based on patient-provided documentation of income for each patient granted assistance.

4. It has adopted and maintains objective criteria for determining financial need.

5. It requires each patient granted assistance to attest to the truth and completeness of the application and to promptly notify of any changes.

6. It does not advertise its Financial Assistance Policy, and employees/contractors are trained on the prohibition of advertising the financial assistance program.

7. It maintains documentation of the patient's application and supporting determination of financial need for no less than six (6) years from when the patient last receives assistance under the program.

8. Franchisees are further expected to comply with applicable state laws governing charitable assistance, consumer protection, and debt collection practices, and to align with payer contract terms.

The Franchisee will immediately notify VCIS if any representations in this Attestation become untrue or if it fails to meet obligations under this Attestation. Franchisee will immediately remove patients from the Financial Assistance Policy Patient List if the patient is no longer entitled to assistance under the Franchisee's program.

6A. Name of Owner of the Facility, Agency, or Institution

John Paul Palelil

Name

729 Glen Oaks Dr | 614-556-2036

Street or Route | **Phone Number**

Franklin | Tennessee | 37067

City | **State** | **Zip**

7A. Type of Ownership of Control *(Check One)*

- ☐ Sole Proprietorship
- ☐ Partnership
- ☐ Limited Partnership
- ☐ Corporation (For Profit)
- ☐ Corporation (Not-for-Profit)
- ☐ Government (State of TN or Political Subdivision)
- ☐ Joint Venture
- ☑ Limited Liability Company
- ☐ Other (Specify)

Attach a copy of the partnership agreement, or corporate charter and certificate of corporate existence. Please provide documentation of the active status of the entity from the Tennessee Secretary of State's website at https://tnbear.tn.gov/ECommerce/FilingSearch.aspx If the proposed owner of the facility is government owned must attach the relevant enabling legislation that established the facility. (Attachment 7A)

Describe the existing or proposed ownership structure of the applicant, including an ownership structure organizational chart. Explain the corporate structure and the manner in which all entities of the ownership structure relate to the applicant. As applicable, identify the members of the ownership entity and each member's percentage of ownership, for those members with 5% ownership (direct or indirect) interest.

RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson, the applicant, is a single-member limited liability company wholly owned by John Paul Palelil. Mr. Palelil holds a 100% direct ownership interest in OneAxis LLC and is its sole member. There are no other members or indirect owners. Vital Care of Jackson is the name under which OneAxis LLC conducts business; it is not a separate legal entity and does not hold an ownership interest in the applicant. The ownership structure consists of Mr. Palelil's direct ownership of OneAxis LLC, with no intermediary ownership entities. Owner/member Relationship to applicant Ownership interest John Paul Palelil Sole member and direct owner 100%

8A. Name of Management/Operating Entity *(If Applicable)*

Name

Street or Route		County
City	**State**	**Zip**

Website Address

For new facilities or existing facilities without a current management agreement, attach a copy of a draft management agreement that at least includes the anticipated scope of management services to be provided, the anticipated term of the agreement, and the anticipated management fee payment schedule. For facilities with existing management agreements, attach a copy of the fully executed final contract. (Attachment 8A)

9A. Legal Interest in the Site

Check the appropriate box and submit the following documentation. (Attachment 9A)

The legal interest described below must be valid on the date of the Agency consideration of the Certificate of Need application.

- ☐ Ownership (Applicant or applicant's parent company/owner) – Attach a copy of the title/deed.
- ☑ Lease (Applicant or applicant's parent company/owner) – Attach a fully executed lease that includes the terms of the lease and the actual lease expense.
- ☐ Option to Purchase - Attach a fully executed Option that includes the anticipated purchase price.
- ☐ Option to Lease - Attach a fully executed Option that includes the anticipated terms of the Option and anticipated lease expense.
- ☐ Letter of Intent, or other document showing a commitment to lease the property - attach reference document
- ☐ Other

RESPONSE: This CON project will use approximately 300 sqft of the pharmacy leased by Oneaxis LLC. This is marked in the attached plan.

10A. Floor Plan

If the facility has multiple floors, submit one page per floor. If more than one page is needed, label each page. (Attachment 10A)

- Patient care rooms (Private or Semi-private)
- Ancillary areas
- Other (Specify)

RESPONSE: The CoN project will utilize approximately 300 sq ft of the pharmacy leased by Oneaxis LLC as marked on the plan attached

11A. Public Transportation Route

Describe the relationship of the site to public transportation routes, if any, and to any highway or major road developments in the area. Describe the accessibility of the proposed site to patients/clients. (Attachment 11A)

RESPONSE: The proposed site at 15 Old Humboldt Road, Suite A, Jackson, Tennessee 38305 is located near the intersection of Old Humboldt Road and North Highland Avenue (U.S. Highway 45), providing road access for patients, caregivers, and staff. The premises include shared paved parking and vehicular access. Jackson Transit Authority provides public bus

transportation within Jackson; the nearest suitable stop is at the intersection of Old Humboldt rd and N Highland Ave with hourly frequency between 6:30 AM to 9:30 PM. As the proposed home health services are limited to home infusion, care will be provided in patients' homes, reducing the need for patients to travel to the site.

12A. Plot Plan

Unless relating to home care organization, briefly describe the following and attach the requested documentation on a letter size sheet of white paper, legibly labeling all requested information. It **must** include:

- Size of site (in acres);
- Location of structure on the site;
- Location of the proposed construction/renovation; and
- Names of streets, roads, or highways that cross or border the site.

(Attachment 12A)

RESPONSE: Not Applicable

13A. Notification Requirements

- TCA §68-11-1607(c)(9)(B) states that "... If an application involves a healthcare facility in which a county or municipality is the lessor of the facility or real property on which it sits, then within ten (10) days of filing the application, the applicant shall notify the chief executive officer of the county or municipality of the filing, by certified mail, return receipt requested." Failure to provide the notifications described above within the required statutory timeframe will result in the voiding of the CON application.
  - ☐ Notification Attached (Provide signed USPS green-certified mail receipt card for each official notified.)
  - ☐ Notification in process, attached at a later date
  - ☐ Notification not in process, contact HFC Staff
  - ☑ Not Applicable

- TCA §68-11-1607(c)(9)(A) states that "... Within ten (10) days of the filing of an application for a nonresidential substitution based treatment center for opiate addiction with the agency, the applicant shall send a notice to the county mayor of the county in which the facility is proposed to be located, the state representative and senator representing the house district and senate district in which the facility is proposed to be located, and to the mayor of the municipality, if the facility is proposed to be located within the corporate boundaries of the municipality, by certified mail, return receipt requested, informing such officials that an application for a nonresidential substitution based treatment center for opiate addiction has been filed with the agency by the applicant.
  - ☐ Notification Attached (Provide signed USPS green-certified mail receipt card for each official notified.)
  - ☐ Notification in process, attached at a later date
  - ☐ Notification not in process, contact HFC Staff
  - ☐ Not Applicable

EXECUTIVE SUMMARY

1E. Overview

Please provide an overview not to exceed **ONE PAGE** (for 1E only) in total explaining each item point below.

- Description: Address the establishment of a health care institution, initiation of health services, and/or bed complement changes.

  RESPONSE:

  OneAxis LLC d/b/a Vital Care of Jackson seeks approval to establish a home care organization and initiate home health services limited to home infusion and related nursing services for patients receiving pharmacy services from Vital Care of Jackson. The organization will operate from 15 Old Humboldt Road, Suite A, Jackson, Madison County, Tennessee 38305, and will coordinate the delivery of prescribed infusion therapies and associated nursing care in patients' homes. The proposed service area encompasses all 95 Tennessee counties, including CON-exempt Lake and Pickett Counties. This project does not involve the establishment of inpatient beds or any change in bed complement.

- Ownership structure

  RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson, the applicant, is a single-member limited liability company wholly owned by John Paul Palelil. Mr. Palelil holds a 100% direct ownership interest in OneAxis LLC and is its sole member. There are no other members or indirect owners. Vital Care of Jackson is the name under which OneAxis LLC conducts business; it is not a separate legal entity and does not hold an ownership interest in the applicant. The ownership structure consists of Mr. Palelil's direct ownership of OneAxis LLC, with no intermediary ownership entities.

- Service Area

  RESPONSE: The proposed service area encompasses all 95 Tennessee counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson, together with Lake and Pickett Counties, which are identified as CON-exempt,

---

- Existing similar service providers

  RESPONSE: Existing similar service providers include home health agencies providing home infusion and related nursing services throughout Tennessee. Many of these providers operate under restrictions limiting their services to patients receiving pharmaceuticals from an affiliated pharmacy. OneAxis LLC d/b/a Vital Care of Jackson proposes to provide home infusion and related nursing services to its own pharmacy patients, coordinating prescribed infusion therapies with nursing care delivered in patients' homes. The proposed organization will provide an additional option for coordinated home infusion care within its service area.

- Project Cost

  RESPONSE: The estimated project cost is $192,000. OneAxis LLC is wholly owned by John Paul Palelil and will manage the proposed organization directly.

- Staffing

RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson anticipates staffing the proposed home care organization with two full-time equivalent registered nurses and two (2) additional PRN registered nurses by the end of the first full year of operation. The organization also anticipates one-half (0.5) full-time equivalent administrative position. Nursing and administrative personnel may be shared with the applicant's pharmacy operations, with staffing assignments coordinated to support home infusion services and related patient care. Staffing will be adjusted as patient volume and service needs change.

2E. Rationale for Approval

A Certificate of Need can only be granted when a project is necessary to provide needed health care in the area to be served, will provide health care that meets appropriate quality standards, and the effects attributed to competition or duplication would be positive for consumers

Provide a brief description not to exceed ONE PAGE (for 2E only) of how the project meets the criteria necessary for granting a CON using the data and information points provided in criteria sections that follow.

- Need

  RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson TN proposes to establish a home care organization providing home health services limited to home infusion and related nursing care for its pharmacy patients. General population-based home health need estimates do not fully capture the specialized demand for infusion therapy and its associated nursing services. The proposed project therefore addresses need through qualitative considerations, including coordination between pharmacy and nursing care, access to treatment at home, and reduced travel burdens. As a Vital Care franchisee, the applicant proposes a coordinated service model that enables patients whose prescribed therapies are appropriate for home administration to receive infusion services in their homes.

- Quality Standards

  RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson Tn will ensure that nursing personnel receive training and demonstrate competency in providing specialized home infusion services. The applicant will seek accreditation through the Accreditation Commission for Health Care (ACHC) for the proposed home care organization and implement policies addressing patient safety, infection prevention, medication administration, and care coordination. Quality will be measured and monitored through a performance improvement program incorporating patient outcomes, process monitoring, data reporting, and periodic audits. Findings will guide corrective actions and ongoing staff education to support safe, consistent patient care.

- Consumer Advantage
  - Choice

    RESPONSE: Approval of the proposed project will expand consumer choice by allowing OneAxis LLC d/b/a Vital Care of Jackson Tn’s pharmacy patients to receive home infusion and related nursing services through a coordinated provider. Some existing home infusion agencies are restricted to serving patients of their affiliated pharmacies, which may limit the options available to the applicant’s patients. The proposed organization will offer home-based treatment for patients whose prescribed therapies and clinical circumstances permit, providing an additional option alongside treatment in a hospital or outpatient infusion setting.

  - Improved access/availability to health care service(s)

    RESPONSE: The proposed project will improve access to home infusion and related nursing services for OneAxis LLC d/b/a Vital Care of Jackson Tn’s pharmacy patients by enabling clinically appropriate treatment in their homes. Home-based care will reduce travel burdens for patients and caregivers, particularly those with limited mobility, transportation barriers, or lengthy travel distances to infusion facilities. Coordination of pharmacy services and nursing care will support timely treatment and continuity of care within the proposed service area.

  - Affordability

    RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson Tn proposes to offer home infusion and related nursing services as a cost-effective treatment option for clinically appropriate patients. Providing care in the home may reduce costs associated with facility-based treatment, as well as transportation expenses and time away from work for patients and caregivers. Actual patient costs will depend on the prescribed therapy, insurance coverage, and applicable cost-sharing requirements.

3E. Consent Calendar Justification

- [x] Letter to Executive Director Requesting Consent Calendar (Attach Rationale that includes addressing the 3 criteria)

- [ ] Consent Calender NOT Requested

If Consent Calendar is requested, please attach the rationale for an expedited review in terms of Need, Quality Standards, and Consumer Advantage as a written communication to the Agency's Executive Director at the time the application is filed.

4E. PROJECT COST CHART

A. Construction and equipment acquired by purchase:	
1. Architectural and Engineering Fees	
2. Legal, Administrative (Excluding CON Filing Fee), Consultant Fees	$30,000
3. Acquisition of Site	
4. Preparation of Site	
5. Total Construction Costs	
6. Contingency Fund	$75,000
7. Fixed Equipment (Not included in Construction Contract)	
8. Moveable Equipment (List all equipment over $50,000 as separate attachments)	
9. Other (Specify): _____	
B. Acquisition by gift, donation, or lease:	
1. Facility (inclusive of building and land)	$84,000
2. Building only	
3. Land only	
4. Equipment (Specify): _____	
5. Other (Specify): _____	
C. Financing Costs and Fees:	
1. Interim Financing	
2. Underwriting Costs	
3. Reserve for One Year's Debt Service	
4. Other (Specify): _____	
D. Estimated Project Cost (A+B+C)	$189,000
E. CON Filing Fee	$3,000
F. Total Estimated Project Cost (D+E) **TOTAL**	$192,000

GENERAL CRITERIA FOR CERTIFICATE OF NEED

In accordance with TCA §68-11-1609(b), "no Certificate of Need shall be granted unless the action proposed in the application for such Certificate is necessary to provide needed health care in the area to be served, will provide health care that meets appropriate quality standards, and the effect attributed to completion or duplication would be positive for consumers." In making determinations, the Agency uses as guidelines the goals, objectives, criteria, and standards adopted to guide the agency in issuing certificates of need. Until the agency adopts its own criteria and standards by rule, those in the state health plan apply.

Additional criteria for review are prescribed in Chapter 11 of the Agency Rules, Tennessee Rules and Regulations 01730-11.

The following questions are listed according to the three criteria: (1) Need, (2) the effects attributed to competition or duplication would be positive for consumers (Consumer Advantage), and (3) Quality Standards.

NEED

The responses to this section of the application will help determine whether the project will provide needed health care facilities or services in the area to be served.

1N. Provide responses as an attachment to the applicable criteria and standards for the type of institution or service requested. A word version and pdf version for each reviewable type of institution or service are located at the following website. https://www.tn.gov/hsda/hsda-criteria-and-standards.html (Attachment 1N)

RESPONSE:

Attached

2N. Identify the proposed service area and provide justification for its reasonable ness. Submit a county level map for the Tennessee portion and counties boarding the state of the service area using the supplemental map, clearly marked, and shaded to reflect the service area as it relates to meeting the requirements for CON criteria and standards that may apply to the project. Please include a discussion of the inclusion of counties in the border states, if applicable. (Attachment 2N)

RESPONSE:

OneAxis LLC d/b/a Vital Care of Jackson proposes a service area encompassing all 95 Tennessee counties, including Lake and Pickett Counties, identified as CON-exempt in the Letter of Intent. The organization's principal office will be located at 15 Old Humboldt Road, Suite A, Jackson, Madison County, Tennessee 38305.

The statewide service area is reasonable for the proposed specialized home infusion and related nursing services because care will be delivered in patients' homes rather than requiring travel to the Jackson office. Statewide authorization will allow the applicant to coordinate nursing care for its pharmacy patients residing throughout Tennessee. Service delivery will be based on patient need, suitability for home treatment, and the availability of qualified nursing personnel within an appropriate travel distance. The applicant will expand geographic coverage as staffing and referral demand support safe and timely care.

No counties in bordering states are included in the proposed service area. The accompanying county-level map will shade all 95 Tennessee counties, distinguish Lake and Pickett Counties as CON-exempt, and identify the principal office in Madison County. Counties bordering Tennessee will remain unshaded and outside the proposed service area.

Complete the following utilization tables for each county in the service area, if applicable.

PROJECTED UTILIZATION

Unit Type:

- ☐ Procedures
- ☐ Cases
- ☑ Patients
- ☐ Other

Service Area Counties	Projected Utilization Recent Year 1 (Year =)	% of Total

Macon	2	1.52%
Maury	2	1.52%
Total	132	100%

3N. A. Describe the demographics of the population to be served by the proposal.

RESPONSE:

OneAxis LLC d/b/a Vital Care of Jackson Tn proposes to serve pharmacy patients requiring home infusion and related nursing services within all 95 Tennessee counties. The proposed service area includes urban, suburban, and rural communities with populations representing a broad range of ages, racial and ethnic backgrounds, income levels, and insurance coverage. The population potentially requiring infusion therapy includes adults and older adults age 65 and above, as well as pediatric patients where appropriate staffing and clinical competencies are available. Actual eligibility for home treatment will depend on the prescribed therapy, clinical needs, and suitability of the home environment. Home-based services will provide an additional treatment option for patients facing mobility limitations, transportation barriers, or substantial travel distances to infusion facilities.

B. Provide the following data for each county in the service area:

- Using current and projected population data from the Department of Health. (www.tn.gov/health/health-program-areas/statistics/health-data/population.html);
- the most recent enrollee data from the Division of TennCare (https://www.tn.gov/tenncare/information-statistics/enrollment-data.html),
- and US Census Bureau demographic information (https://www.census.gov/quickfacts/fact/table/US/PST045219).

RESPONSE:

Detailed in attachment 3NB

4N. Describe the special needs of the service area population, including health disparities, the accessibility to consumers, particularly those who are uninsured or underinsured, the elderly, women, racial and ethnic minorities, TennCare or Medicaid recipients, and low income groups. Document how the business plans of the facility will take into consideration the special needs of the service area population.

RESPONSE:

The proposed 95-county service area includes urban and rural populations with varying clinical, financial, transportation, and communication needs. Patients requiring infusion therapy may face barriers associated with chronic illness, limited mobility, distance from treatment facilities, inadequate insurance coverage, and the expense of repeated travel. These barriers can particularly affect elderly patients, uninsured or underinsured individuals, TennCare or Medicaid recipients, and low-income households. Women with caregiving responsibilities may face additional scheduling difficulties, while racial and ethnic minorities and patients with limited English proficiency may encounter communication barriers that affect access to care.

OneAxis LLC d/b/a Vital Care of Jackson proposes to address these needs by coordinating pharmacy services with specialized infusion nursing delivered in patients' homes when clinically appropriate. The business plan will incorporate assessment of each patient's clinical condition, home environment, caregiver support, transportation limitations, and ability to understand and manage treatment. Nursing personnel will receive infusion-specific training, and patient education will be adapted to individual communication needs, with language assistance arranged when needed. Scheduling and care coordination will consider patients' treatment requirements and family responsibilities.

For uninsured, underinsured, low-income, and TennCare or Medicaid patients, the applicant proposes to verify benefits, explain anticipated patient expenses, and assist in identifying available coverage or eligible financial assistance resources. Pharmacy and nursing coverage will be evaluated separately because coverage of a medication does not necessarily include the associated nursing services. Payer participation will depend on credentialing and contracting arrangements. Where the applicant cannot meet a patient's clinical or financial needs, staff will coordinate with the referring provider to identify an appropriate alternative.

The applicant's staffing, geographic expansion, and financial plans will account for nursing travel time, treatment duration, reimbursement, and the resources needed to support safe home care. Services will expand as qualified staffing and operational capacity permit, with the goal of improving access for underserved patients while maintaining appropriate quality standards.

5N. Describe the existing and approved but unimplemented services of similar healthcare providers in the service area. Include utilization and/or occupancy trends for each of the most recent three years of data available for this type of project. List each provider and its utilization and/or occupancy individually. Inpatient bed projects must include the following data: Admissions or discharges, patient days. Average length of stay, and occupancy. Other projects should use the most appropriate measures, e.g. cases, procedures, visits, admissions, etc. This does not apply to projects that are solely relocating a service.

RESPONSE:

See Attachment 5N for an individual listing of existing home health agencies and providers with approved but unimplemented home infusion services within the proposed Tennessee service area. The attachment will present each existing provider's utilization for the three most recent years of available final Joint Annual Report data, identifying providers reporting home infusion services where the data permit. Appropriate measures include unduplicated patients served and nursing visits, when available.

Providers with approved but unimplemented services will be listed separately, including their Certificate of Need number, approved service area, service restrictions, and implementation status. Unavailable utilization will be identified as not available rather than reported as zero.

OneAxis LLC d/b/a Vital Care of Jackson proposes home health services limited to home infusion and related nursing care for its pharmacy patients. The analysis will distinguish these specialized services from general home health services and identify applicable affiliated-pharmacy restrictions among comparable providers. Inpatient occupancy, patient days, and average length of stay are not applicable because the project does not involve inpatient beds.

6N.

Provide applicable utilization and/or occupancy statistics for your institution services for each of the past three years and the project annual utilization for each of the two years following completion of the project. Additionally, provide the details regarding the methodology used to project utilization. The methodology must include detailed calculations or documentation from referral sources, and identification of all assumptions.

RESPONSE:

OneAxis LLC d/b/a Vital Care of Jackson proposes to establish a new home care organization providing home infusion and related nursing services. Accordingly, historical utilization for the proposed home health service is not applicable for the preceding three years. Utilization associated with any existing pharmacy or office-based infusion operations will be distinguished from utilization of the proposed home health service. Inpatient occupancy measures are not applicable because the project does not involve inpatient beds.

Attachment 6N will present projected unduplicated patients and nursing visits for each of the first two full years following project completion, including a county-level allocation. Year 1 patient estimates will be based on anticipated referrals, pharmacy patients clinically suitable for home infusion, and the availability of qualified nursing staff. Supporting referral documentation will identify estimated patient volumes and the geographic areas represented.

For this initial projection, the applicant assumes a 25% increase in patients in Year 2 and an average of six nursing visits per patient annually. Year 2 patients will be calculated by multiplying each county's Year 1 estimate by 1.25 and rounding to whole patients. Annual nursing visits will be calculated by multiplying projected patients by six. Statewide totals will equal the sum of county-level projections, with patients counted once according to their county of residence.

These assumptions will be reviewed against the anticipated therapy mix, treatment frequency and duration, referral evidence, nursing capacity, and travel requirements. The final attachment will identify all assumptions and supporting calculations.

Year	No of Patients
2027	132
2028	165

7N. Complete the chart below by entering information for each applicable outstanding CON by applicant or share common ownership; and describe the current progress and status of each applicable outstanding CON and how the project relates to the applicant, and the percentage of ownership that is shared with the applicant's owners.

RESPONSE:

Not applicable. Neither OneAxis LLC d/b/a Vital Care of Jackson nor any other entity sharing common ownership with its sole member, John Paul Palelil, holds an outstanding Certificate of Need. Accordingly, there are no applicable projects, implementation statuses, or shared ownership percentages to report.

CONSUMER ADVANTAGE ATTRIBUTED TO COMPETITION

The responses to this section of the application helps determine whether the effects attributed to competition or duplication would be positive for consumers within the service area.

1C. List all transfer agreements relevant to the proposed project.

RESPONSE: We do not have any transfer agreements

2C. List all commercial private insurance plans contracted or plan to be contracted by the applicant.

- [x] Aetna Health Insurance Company
- [x] Ambetter of Tennessee Ambetter
- [ ] Blue Cross Blue Shield of Tennessee
- [x] Blue Cross Blue Shield of Tennessee Network S

- [x] UnitedHealthcare Community Plan West Tennessee
- [x] WellCare Health Insurance of Tennessee, Inc.
- [x] Others

RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson anticipates participating in the pharmacy networks of Optum, Express Scripts, and CVS Caremark, consistent with other Vital Care franchisees and subject to applicable credentialing and contracting requirements.

3C. Describe the effects of competition and/or duplication of the proposal on the health care system, including the impact upon consumer charges and consumer choice of services.

RESPONSE:

Approval of OneAxis LLC d/b/a Vital Care of Jackson's proposed home infusion and related nursing services will expand consumer choice by offering its pharmacy patients an additional option for receiving clinically appropriate treatment at home. Some existing home infusion providers are restricted to serving patients of affiliated pharmacies, which may limit their availability to the applicant's patients. The proposed project will therefore add a coordinated pharmacy and nursing option within the service area.

The applicant anticipates that the effects of competition and duplication will be positive for consumers by encouraging responsive service, timely care coordination, and competitive pricing. Home treatment may reduce transportation expenses, time away from work, and other burdens associated with repeated visits to infusion facilities. Actual consumer charges will depend on the prescribed therapy, payer reimbursement, network participation, and applicable deductibles and cost-sharing requirements.

Services will expand in response to documented patient demand and qualified staffing capacity. The applicant will coordinate with referring providers and other healthcare organizations to support continuity of care and avoid unnecessary duplication of services.

4C. Discuss the availability of and accessibility to human resources required by the proposal, including clinical leadership and adequate professional staff, as per the State of Tennessee licensing requirements, CMS, and/or accrediting agencies requirements, such as the Joint Commission and Commission on Accreditation of Rehabilitation Facilities.

RESPONSE:

OneAxis LLC d/b/a Vital Care of Jackson proposes to recruit qualified nursing and administrative personnel to support home infusion and related nursing services. By the end of the first full year of operation, the applicant anticipates 2 full-time equivalent registered nurses, two additional PRN registered nurses, and 0.5 full-time equivalent administrative personnel. Recruitment will focus on nurses with infusion experience, supported by local and regional recruitment and, where necessary, qualified contract personnel.

A designated nursing leader will oversee nursing practice, competency assessments, supervision, and quality monitoring. Pharmacy personnel will coordinate medication preparation and dispensing with prescribing practitioners and the nursing team. Personnel may be shared with the applicant's pharmacy operations, provided that assignments maintain adequate coverage and clear clinical accountability.

Before initiating services, the applicant will verify professional licensure, qualifications, and competencies and establish staffing and supervision arrangements consistent with applicable Tennessee licensing requirements, CMS requirements associated with its enrollment and services, and the requirements of its intended accrediting organization, the Accreditation Commission for Health Care. Orientation and continuing education will address infusion administration, vascular access care, infection prevention, patient assessment, adverse reaction management, and emergency procedures.

Staffing will account for patient volume, therapy complexity, visit duration, travel time, and on-call coverage. Geographic expansion will occur only when qualified personnel are available to provide safe and timely care. Recruitment, credential verification, and coverage plans will be documented before services begin.

5C. Document the category of license/certification that is applicable to the project and why. These include, without limitation, regulations concerning clinical leadership, physician supervision, quality assurance policies and programs, utilization review policies and programs, record keeping, clinical staffing requirements, and staff education.

RESPONSE:

OneAxis LLC d/b/a Vital Care of Jackson will seek Tennessee licensure as a home care organization providing home health services, with its authorized scope limited to home infusion and related nursing services. This category is applicable because the proposed organization will provide skilled nursing care in patients' homes. The home health license will be separate from the pharmacy license governing medication preparation and dispensing.

The applicant will establish administrative and clinical leadership, written lines of authority, and qualified nursing supervision. Services will be provided pursuant to orders and an individualized plan of care established and reviewed by the treating physician or other authorized practitioner, as permitted by applicable requirements. Licensed registered nurses will receive orientation, competency assessments, and continuing education appropriate to the infusion therapies provided.

Written policies will address quality assurance and performance improvement, utilization review, infection prevention, medication administration, emergency response, patient rights, and care coordination. Clinical records will document assessments, treatment orders, plans of care, nursing visits, patient education, response to treatment, and communications with other providers. Record confidentiality, retention, and reporting will comply with applicable requirements.

The applicant intends to seek appropriate accreditation through the Accreditation Commission for Health Care. Any Medicare participation will require the enrollment, accreditation, and certification applicable to the benefit billed. Medicare home infusion therapy supplier enrollment is distinct from Medicare certification as a home health agency, and the applicant will satisfy the requirements applicable to its selected participation category before billing.

PROJECTED DATA CHART

☑ Project Only
☐ Total Facility

Give information for the *two (2)* years following the completion of this proposal.

		Year 1	Year 2
		2027	2028
A. Utilization Data			
Specify Unit of Measure Patients		132	165
B. Revenue from Services to Patients			
1. Inpatient Services		$0.00	$0.00
2. Outpatient Services		$81,840.00	$102,300.00
3. Emergency Services		$0.00	$0.00
4. Other Operating Revenue (Specify) _____		$0.00	$0.00
	Gross Operating Revenue	$81,840.00	$102,300.00
C. Deductions from Gross Operating Revenue			
1. Contractual Adjustments		$405.00	$495.00
2. Provision for Charity Care		$2,498.00	$3,069.00
3. Provisions for Bad Debt		$2,498.00	$3,069.00
	Total Deductions	$5,401.00	$6,633.00
NET OPERATING REVENUE		$76,439.00	$95,667.00

7C. Please identify the project's average gross charge, average deduction from operating revenue, and average net charge using information from the Historical and Projected Data Charts of the proposed project.

Project Only Chart

	Previous Year to Most Recent Year	Most Recent Year	Year One	Year Two	% Change (Current Year to Year 2)
Gross Charge *(Gross Operating Revenue/Utilization Data)*	$0.00	$0.00	$620.00	$620.00	0.00
Deduction from Revenue *(Total Deductions/Utilization Data)*	$0.00	$0.00	$40.92	$40.20	0.00
Average Net Charge *(Net Operating Revenue/Utilization Data)*	$0.00	$0.00	$579.08	$579.80	0.00

8C. Provide the proposed charges for the project and discuss any adjustment to current charges that will result from the implementation of the proposal. Additionally, describe the anticipated revenue from the project and the impact on existing patient charges.

RESPONSE:

Because this is a new project, there are no existing charges to adjust as a result of implementing the proposal.

9C. Compare the proposed project charges to those of similar facilities/services in the service area/adjoining services areas, or to proposed charges of recently approved Certificates of Need.

If applicable, compare the proposed charges of the project to the current Medicare allowable fee schedule by common procedure terminology (CPT) code(s).

RESPONSE:

See Attachment 9C for a comparison of OneAxis LLC d/b/a Vital Care of Jackson's proposed home infusion nursing charges with those of similar providers in the proposed service area or adjoining areas and, where available, comparable recently approved Certificate of Need projects. The comparison will identify the service provided, billing unit, visit duration, and applicable procedure code to ensure that charges are evaluated on a consistent basis.

Where applicable, the attachment will also compare proposed charges with the Medicare allowable payment for the corresponding service and billing code. Gross charges will be distinguished from Medicare allowances and negotiated payer reimbursement. Differences will be explained based on treatment duration, therapy complexity, monitoring requirements, and other services included in the charge.

10C. Report the estimated gross operating revenue dollar amount and percentage of project gross operating revenue anticipated by payor classification for the first and second year of the project by completing the table below.

If applicable, compare the proposed charges of the project to the current Medicare allowable fee schedule by common procedure terminology (CPT) code(s).

Applicant's Projected Payor Mix

Project Only Chart

Payor Source	Year-2027		Year-2028	
	Gross Operating Revenue	**% of Total**	**Gross Operating Revenue**	**% of Total**
Medicare/Medicare Managed Care	$18,414.00	22.50	$23,017.50	22.50
TennCare/Medicaid	$0.00	0	$0.00	0
Commercial/Other Managed Care	$62,607.60	76.50	$78,259.50	76.50
Self-Pay	$818.40	1.00	$1,023.00	1.00
Other(Specify)	$0.00	0	$0.00	0
Total	$81,840.00	100%	$102,300.00	100%
Charity Care	$2,498.00		$3,069.00	

**Needs to match Gross Operating Revenue Year One and Year Two on Projected Data Chart*

Discuss the project's participation in state and federal revenue programs, including a description of the extent to which Medicare, TennCare/Medicaid, and medically indigent patients will be served by the project.

RESPONSE: OneAxis LLC d/b/a Vital Care of Jackson anticipates serving Medicare and Medicare Managed Care beneficiaries, subject to the enrollment, credentialing, accreditation, and contracting requirements applicable to the services provided. Medicare and Medicare Managed Care are projected to account for 22.5% of gross operating revenue in each of the first two full years, approximately $18,414 in 2027 and $23,017.50 in 2028.

The initial financial projections do not include TennCare/Medicaid revenue. The applicant intends to evaluate participation opportunities with TennCare managed care organizations and verify coverage for eligible patients. Coverage of pharmacy products and related nursing services will be assessed separately, and any participation will depend on applicable payer requirements and contracting arrangements.

The project's financial plan includes charity-care provisions of $2,498 in 2027 and $3,069 in 2028 to support medically indigent patients.

QUALITY STANDARDS

1Q. Per PC 1043, Acts of 2016, any receiving a CON after July 1, 2016, must report annually using forms prescribed by the Agency concerning appropriate quality measures. Please attest that the applicant will submit an annual Quality Measure report when due.

- [x] Yes
- [ ] No

2Q. The proposal shall provide health care that meets appropriate quality standards. Please address each of the following

questions.

- Does the applicant commit to maintaining the staffing comparable to the staffing chart presented in its CON application?

  - [x] Yes
  - [ ] No

- Does the applicant commit to obtaining and maintaining all applicable state licenses in good 3tanding?

  - [x] Yes
  - [ ] No

- Does the applicant commit to obtaining and maintaining TennCare and Medicare certification(s), if participation in such programs are indicated in the application?

  - [x] Yes
  - [ ] No

3Q. Please complete the chart below on accreditation, certification, and licensure plans. Note: if the applicant does not plan to participate in these type of assessments, explain why since quality healthcare must be demonstrated.

Credential	Agency	Status (Active or Will Apply)	Provider Number or Certification Type
Licensure	☑ Health Facilities Commission/Licensure Division ☐ Intellectual & Developmental Disabilities ☐ Mental Health & Substance Abuse Services	Will Apply	
Certification	☑ Medicare ☐ TennCare/Medicaid ☐ Other _____	Will Apply	
Accreditation(s)	ACHC – Accreditation Commission for Health Care	Will Apply	

4Q. If checked "TennCare/Medicaid" box, please list all Managed Care Organization's currently or will be contracted.

- ☐ AMERIGROUP COMMUNITY CARE- East Tennessee
- ☐ AMERIGROUP COMMUNITY CARE - Middle Tennessee
- ☐ AMERIGROUP COMMUNITY CARE - West Tennessee
- ☐ BLUECARE - East Tennessee
- ☐ BLUECARE - Middle Tennessee
- ☐ BLUECARE - West Tennessee
- ☐ UnitedHealthcare Community Plan - East Tennessee
- ☐ UnitedHealthcare Community Plan - Middle Tennessee
- ☐ UnitedHealthcare Community Plan - West Tennessee
- ☐ TENNCARE SELECT HIGH - All
- ☐ TENNCARE SELECT LOW - All
- ☐ PACE
- ☐ KBB under DIDD waiver
- ☑ Others

Please Explain
RESPONSE: We do not intent to participate in Tenncare/Medicaid as most infusion therapies are not covered under Tenncare

5Q. Do you attest that you will submit a Quality Measure Report annually to verify the license, certification, and/or accreditation status of the applicant, if approved?

- ☑ Yes
- ☐ No

6Q. For an existing healthcare institution applying for a CON:

- Has it maintained substantial compliance with applicable federal and state regulation for the three years prior to the CON application. In the event of non-compliance, the nature of non-compliance and corrective action should be discussed to include any of the following: suspension of admissions, civil monetary penalties, notice of 23-day or 90-day termination proceedings from Medicare/Medicaid/TennCare, revocation/denial of accreditation, or other similar actions and what measures the applicant has or will put into place to avoid similar findings in the future.

  ☐ Yes

☐ No
☑ N/A

- Has the entity been decertified within the prior three years? If yes, please explain in detail. (This provision shall not apply if a new, unrelated owner applies for a CON related to a previously decertified facility.)

☐ Yes
☐ No
☑ N/A

7Q. Respond to all of the following and for such occurrences, identify, explain, and provide documentation if occurred in last five (5) years.

Has any of the following:

- Any person(s) or entity with more than 5% ownership (direct or indirect) in the applicant (to include any entity in the chain of ownership for applicant);
- Any entity in which any person(s) or entity with more than 5% ownership (direct or indirect) in the applicant (to include any entity in the chain of ownership for applicant) has an ownership interest of more than 5%; and/or.

Been subject to any of the following:

- Final Order or Judgement in a state licensure action;

☐ Yes
☑ No

- Criminal fines in cases involving a Federal or State health care offense;

☐ Yes
☑ No

- Civil monetary penalties in cases involving a Federal or State health care offense;

☐ Yes
☑ No

- Administrative monetary penalties in cases involving a Federal or State health care offense;

☐ Yes
☑ No

- Agreement to pay civil or administrative monetary penalties to the federal government or any state in cases involving claims related to the provision of health care items and services;

☐ Yes
☑ No

- Suspension or termination of participation in Medicare or TennCare/Medicaid programs; and/or

☐ Yes
☑ No

- Is presently subject of/to an investigation, or party in any regulatory or criminal action of which you are aware.

☐ Yes
☑ No

8Q. Provide the project staffing for the project in Year 1 and compare to the current staffing for the most recent 12-month period, as appropriate. This can be reported using full-time equivalent (FTEs) positions for these positions.

☐ Existing FTE not applicable (Enter year)

Position Classification	Existing FTEs(enter year)	Projected FTEs Year 1
A. Direct Patient Care Positions		
Infusion Nurse(RN)	0.00	4.00
Total Direct Patient Care Positions	N/A	4

B. Non-Patient Care Positions		
Office Administration	0.00	0.50
Total Non-Patient Care Positions	N/A	0.5
Total Employees *(A+B)*	0	4.5

C. Contractual Staff		
Contractual Staff Position	0.00	0.00
Total Staff *(A+B+C)*	0	4.5

DEVELOPMENT SCHEDULE

TCA §68-11-1609(c) provides that activity authorized by a Certificate of Need is valid for a period not to exceed three (3) years (for hospital and nursing home projects) or two (2) years (for all other projects) from the date of its issuance and after such time authorization expires; provided, that the Agency may, in granting the Certificate of Need, allow longer periods of validity for Certificate of Need for good cause shown. Subsequent to granting the Certificate of Need, the Agency may extend a Certificate of Need for a period upon application and good cause shown, accompanied by a non-refundable reasonable filing fee, as prescribed by rule. A Certificate of Need authorization which has been extended shall expire at the end of the extended time period. The decision whether to grant an extension is within the sole discretion of the Commission, and is not subject to review, reconsideration, or appeal.

- Complete the Project Completion Forecast Chart below. If the project will be completed in multiple phases, please identify the anticipated completion date for each phase.
- If the CON is granted and the project cannot be completed within the standard completion time period (3 years for hospital and nursing home projects and 2 years for all others), please document why an extended period should be approved and document the "good cause" for such an extension.

PROJECT COMPLETION FORECAST CHART

Assuming the Certificate of Need (CON) approval becomes the final HFC action on the date listed in Item 1 below, indicate the number of days from the HFC decision date to each phase of the completion forecast.

Phase	**Days Required**	**Anticipated Date (Month/Year)**
1. Initial HFC Decision Date		12/09/26
2. Building Construction Commenced	1	12/09/26
3. Construction 100% Complete (Approval for Occupancy)	10	12/18/26
4. Issuance of License	60	02/06/27
5. Issuance of Service	90	03/08/27
6. Final Project Report Form Submitted (Form HR0055)	110	03/28/27

Note: If litigation occurs, the completion forecast will be adjusted at the time of the final determination to reflect the actual issue date.

This is to provide public notice that Bull Market No. 2 at 1505 West Market Street, Bolivar, TN has experienced a release of fuel. The Tennessee Department of Environment and Conservation (TDEC) has directed an investigation and has requested the submission of a Corrective Action Plan (CAP) for remediating the fuel release. The CAP was approved by TDEC on May 1, 2026. If anyone has questions or comments regarding the Corrective Action Plan, please call 662-841-0995.

The Editor's Inbox... Letters to the Editor

Marsha Blackburn wants to be Tennessee's next governor. Lord. Have. Mercy. She's applied for the job, but she hasn't shown up for the interviews. Why?? I'd say she has a sketchy resume.

She is and has been a very polarizing figure in her past 20-some-odd years of "public service". Marsha is hyper-partisan, always taking the us vs. them road to governance. She prioritizes party loyalty to solving Tennessee's problems. She encouraged the carving up of Congressional District 9 into 3 districts with conservative advantage so that Tennessee would be "100% conservative". Focusing on the culture wars, she spends far too much time attacking immigrants, our gay neighbors and friends, and women's rights. She spends more time trying to scare us into believing the Communists are coming and that Democrats are going to take away your guns than she does addressing policy issues that affect everyone like public education, healthcare, jobs, and the price of gas, groceries, housing, and child care. Tennesseans have one of the highest uninsured rates in the country and the most rural hospital closures per capita of any state, but Marsha has fought against Medicaid expansion and backed efforts to dismantle the Affordable Care Act. She certainly doesn't mind taking millions from special interest groups like BIG Pharma and the gun lobby. Remember when she cut the legs out from the Drug Enforcement Agency's opioid restrictions because "old people need their medicine"? There's a reason she is called "Pharma Mama".

What has she done for us in all her years? Absolutely NOTHING! (Nothing of substance, that is. She did get five post offices renamed.) Her legacy is showing up on CREW's TOP 25 Most Corrupt Members of Congress list, denying climate change, saying women didn't want equal pay for equal work, and voting against the Violence Against Women Act. She seldom, if ever has a live town hall. Her last one was in Fairview in 2017! Jerri Green, Marsha's Democratic opponent, has invited her to four debates—she declined them all. Ms. Green even told her if she couldn't make it to any of the four, that she would debate with her at a time and place of Marsha's choosing. My experience says it's a waste of time making an appointment with her in DC because surely, she will find a way to weasel out of it. When you write to her about any issue, you get back a canned response which doesn't address your concern at all. She is out of touch with her constituents because she will not talk to us or answer our questions.

We need a governor who works for everybody and addresses real issues regardless of political affiliation and Marsha Blackburn is not the one.

Meryl Rice
Whiteville

JOB OPPORTUNITY: PART-TIME CITY ADMINISTRATOR
City of Grand Junction, Tennessee
The City of Grand Junction is seeking a qualified, civic-minded individual to fill the position of **Part-Time City Administrator**.

For inquiries, call City Hall at (731) 764-2871.
The City of Grand Junction is an EOE.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED
This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

The Family Conversation your Estate Plan is Waiting For

You may have created an estate plan, signed the documents and stored them safely away. But have you shared the plan with your family?

The events that put an estate plan into action, such as an accident, serious illness or hospitalization, rarely come with a warning. If you can't make medical or financial decisions, loved ones may need to step in quickly.

Powers of attorney and advance directives can help, but they work best when the people you've chosen know they exist, understand your wishes and know where to find them.

Without access to these documents, family members may face delays, confusion and even court involvement.

A family conversation doesn't have to cover everything at once. Start by sharing your values, key decisions and who has important roles. If you need support, a financial advisor can serve as a helpful third-party to assist or facilitate the conversation.

A little preparation today can provide clarity and confidence when your family may need it most.

This content was provided by Edward Jones for use by (FA's NAME), your Edward Jones financial advisor at (Branch address or phone#). Member SIPC

Pickett County Time Travelers

Letters from boys.... Tennessee solider's experience

JUDY MARTIN-URBAN

Soldiers in WWI were called Doughboys. Several interpretations of name. General John Pershing's American Expeditionary Forces birthed the Modern American Army. The first time American soldiers were on foreign soil.

I left my home in dear old Tennessee on June 24, 1913. I traveled over several different states and happened to be in the Lone Star State when the United States entered the war. I had always wanted to be a soldier, so, I got exactly what I had been looking for. I did not wait for the draft, because I could not possibly claim exemption.

I came home in May 1917, stayed two weeks with my father and mother, then went to Nashville, Tennessee and enlisted in Company M, First Tennessee Infantry. I was there until Sept. 8, 1917. Then, we went to Greenville, SC and was there until we left for "over there."

While at Greenville, the regiment was changed from infantry to artillery. Thus, we became known as the 115th F.A. or Fifty-fifth Artillery Brigade, Thirtieth Division. While at Greenville, we did some work cleaning off drill grounds. It was nothing but a pine wilderness when we arrived there. As artillery men, our course of training was new to all of us, as most of the boys were good infantrymen.

We made some wooden cannons and used them as if they were real guns. Our first real firing was at Cleveland Mills, S.C. with the 1902 model, three-inch guns. We got ten days on the range and did some good firing. The first gun fired from Battery F demolished the target, three miles away. I was No 1 on the second gun squad and at the third shot, we got our target. So, we were inspected and found ready for Foreign Service.

We entrained for Long Island, NY May 18, 1918, arriving there May 21. We sailed from Hoboken, NJ on June 4, 1918, on the H.M.S. Mauretania with no convoy. We landed at Liverpool, England June 11, and went to Rumsey, Winchester, Birmingham and Southhampton.

We crossed the English Channel on the night of June 16, one of the worst kinds of nights. Oh boy! We could neither stand up or lie down. I would almost have fought a submarine single handed. We landed at LaHarve, France the next morning and went up to a rest camp. It was a "rest camp" in name only. There we were introduced to the box-car route. (I remember Daddy saying they were crammed so tight in the box car. He said "Daddy's hogs were treated better than this.")

We were ordered from Camp Coequidan on August 20 to the Toul sector, where we relieved a battalion of the Fifty-Eighth Field Artillery Brigade on August 27. We were there until the St. Mihiel drive. The Fifty-fifth Artillery Brigade was supporting the Eighty-Ninth Division on the Fourth American Corps during the St. Mihiel drive.

At one o'clock on the morning of Sept 12, we fired for four hours and then began our advance. It had been raining for ten days and our progress was slow. The horses were not fit for services, having nothing to eat. We were in position again by 10 o'clock Sept 13 near Bovillionville. On Sept 14 the Fifth-Fifth Field Artillery Brigade received orders to move at once to another front.

We pushed through Essey and were shelled all the time. We fired 26,000 rounds during the St Mihiel drive and advanced twelve kilometers through Limey, Filray, Essey, Euvezin, Bovillionville, Thiaucort, Beny, and Xammes. We moved from the St. Mihiel to the Argonne Forest. We reached Viecourt, northwest of Verdun on Sept 23.

At first, we were under the First American Corps, attached to the Ninety-First American Division, but on Sept 23 we went into position near Avocourt in support of the Thirty-Seventh American Division while the Fifty-Fifth Field Artillery Brigade was part of the Thirtieth (Old Hickory) Division.

After we reached France, we never saw our infantry. They were up on Belgium fighting with the British. We met them at LaMans after the armistice.

The Fifty-Fifth Field Artillery Brigade was attached to the Eighty-Ninth, Ninety First, Thirty-Seventh, Thirty-Second, Seventy-Ninth, and Thirty-Third Divisions, in succession, while in France and was credited with the following defensive and offensive operations: Toul sector, Aug 27 to Sept 11, 1918; St Mihiel offensive, Sept 12 to Sept 16; Mause-Argonne offensive, Sept 26 to Oct 8; Woevre sector Oct 11 to Nov 8; Second Army offensive Nov 9 to 11.

Will ask a letter party anytime. Will answer all if possible. Best wishes to The Farm. News.
"Redie" Wooten, Chanute, TN
"Redie" (so called for his red hair) was Floyd Arnold Wooten, son of Thomas Wooten and Delilah Craig Davidson Wooten; husband of Nancy Loucinda Bilbrey; father of Judy Martin-Urban.

Tennessee Tech's Office of Financial Aid to host free Oct. 22 event to guide students through FAFSA process

COOKEVILLE – The 2027-2028 Free Application for Federal Student Aid (FAFSA) is now available to students nationwide, and Tennessee Tech University is putting students first with a free event to answer common FAFSA questions and take the guesswork out of the financial aid process.

Tech's Office of Financial Aid will host its annual "Early Bird Tour" on Thursday, Oct. 22, from 5:30-8:30 p.m. in the Roaden University Center's Multipurpose Room located at 1000 N. Dixie Ave. on Tech's campus.

The drop-in event will allow current and prospective Tech students and their families to meet the Financial Aid team, complete the FAFSA, set up student accounts and get questions answered by university experts.

Students can even complete an on-the-spot application for admission to Tech and learn more about scholarship opportunities available through the university. The event is open to all students and family members, and attendees will have opportunities to win Tech gear and other prizes.

"Preparing for college comes with a lot of important decisions, and the FAFSA process can sometimes feel overwhelming," said Mary McCaskey, Tech's associate vice president for enrollment and student success. "We want students and families to know they don't have to navigate it alone. Our staff is here to answer questions, provide guidance and help make financial aid as straightforward as possible. We want students and parents to leave confident that they've completed every step necessary to maximize the federal, state and institutional aid available to them."

Tech has also launched new in-demand academic programs, including a bachelor's degree program in nuclear engineering in 2024 and one in artificial intelligence earlier this year. Next fall, the university will debut a new Bachelor of Architecture degree. Altogether, the university offers more than 265 programs of study.

In addition, Tech offers guaranteed scholarships ranging in value from $3,000 to $10,000 per year through its Presidential Scholars program to students who meet minimum GPA and standardized test score requirements and apply for fall 2027 admission before Dec. 15.

More information and the online application are available at www.tntech.edu/apply. Interested students can register for the Early Bird Tour at www.tntech.edu/financialaid/events.php. Questions about the event may be directed to the Office of Financial Aid at financialaid@tntech.edu.

Teacher pay matters, so does everything around it

JC BOWMAN

Tennessee has made significant progress on teacher pay. We should acknowledge it. The state has steadily raised the minimum teacher salary to $50,000 for the 2026–27 school year, which is especially impactful for rural and smaller school systems that cannot simply draw more from their local tax base. This focus highlights the importance of targeted investments.

Tennessee has directed $1.54 billion in recurring teacher-pay investments from 2007–08 through 2026–27. After three recession years with $0, annual investments rose sharply in the mid-2010s and have been held at a $125 million restricted TISA set-aside each year since 2022–23. The figure excludes the separate $198.4 million one-time bonuses in 2025–26. Have we kept up with neighboring states or with the rate of inflation? Historically, the answer is no.

However, there is no dispute that Tennessee has made a concerted effort to increase teacher salaries.

The Tennessee Department of Education reports that the average classroom teacher salary reached $60,784 in 2024–25. These are meaningful gains. But raising the floor cannot be the end of Tennessee's teacher compensation strategy. The next question is harder: Are we directing compensation dollars to where they have the greatest impact on recruiting and retaining good teachers?

Different communities face different problems. A rural district struggling with starting salaries does not face the same challenge as Nashville, where housing costs affect young professionals. Neither faces the same problem as a district struggling to find special education, ESL, math, or science teachers.

One salary schedule cannot solve every workforce problem. Tennessee teachers are also telling us something important: while compensation matters, it alone does not determine whether they stay. Nearly 42,000 educators participated in the 2025 Tennessee Educator Survey, and more than 80 percent said they planned to continue teaching at their schools the following year. Strong leadership and staff culture are key factors influencing retention, underscoring the need for comprehensive strategies.

Among teachers planning to leave, personal reasons were cited most frequently, followed by school leadership and school culture. This should influence public policy. Pay may help get teachers through the door. Working conditions help determine whether they stay.

Tennessee needs a more strategic compensation system. Start with shortage areas. Staffing special education positions remains particularly difficult. Similar challenges exist in ESL and certain math, science, and other positions. Using existing laws effectively can demonstrate a clear, purposeful approach that inspires confidence in addressing workforce needs.

A small stipend attached to a difficult assignment may look good on paper without changing anyone's career decision. Incentives for genuine shortage positions should be large enough to matter. We should also pay closer attention to the beginning of a teacher's career.

Rather than back-loading every financial reward, put more resources into the first five years. Give new teachers meaningful salary growth. Pay experienced educators to mentor them early. And stop routinely giving inexperienced teachers some of the most difficult assignments simply because they have the least seniority.

There is encouraging news. The Tennessee State Board of Education reports that two-year retention among new teachers from Tennessee educator preparation programs rose to 94.2 percent. Three-year retention reached 85.1 percent. The number of teacher candidates increased for the second consecutive year, and 39 percent earned an endorsement in at least one high-demand area. We should build on what is working.

Emergency permits and temporary staffing mechanisms may occasionally be necessary. But filling a classroom today is not the same as building a teaching workforce for tomorrow. Our goal should not simply be to have a person in every classroom in August. It should be a qualified educator who still wants to be there three, five, and ten years later.

Tennessee should also examine how we reward advanced education and professional expertise. Current teachers made career and financial decisions based on current salary structures, and we must honor those commitments. In the future, additional compensation should increasingly reflect credentials, expertise, and responsibilities that enhance instruction or address genuine workforce needs. Consider advanced credentials in a teacher's field, mentoring responsibilities, and specialized expertise.

That is not an argument for paying teachers less. It is an argument for using compensation dollars more effectively. Keep the $50,000 minimum and fund it adequately so communities with weaker local tax bases are not disproportionately burdened. Strengthen early-career compensation. Provide meaningful incentives for special education and other shortage areas. Pay mentors for professional work. Maintain competitive compensation for experienced educators.

Then give working conditions equal attention. Support effective school leadership. Address student discipline. Protect planning time. Reduce unnecessary paperwork. Provide manageable workloads and treat teachers as professionals. There is no single teacher-shortage problem. There will be no single solution.

A teacher may enter the profession because the salary finally makes financial sense. A teacher may stay because the principal supports the faculty, discipline is managed, colleagues collaborate, planning time is protected, and the work still matters. Tennessee needs to address all these issues.

We have raised the floor. Now we need to build a profession that people want to enter—and schools where good teachers want to stay.

JC Bowman is the Executive Director of Professional Educators of Tennessee.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

Two-Day Estate Auction
Saturday, October 17, 2026 and Saturday, October 24, 2026
starting at 9 a.m. on both days

Jenkins Hill Road, Alexandria, TN (Smith County)
Estate of Deona Lee Thomas, executors Jackie Smith and Hillary Miller

105.45± Acres in 10 Tracts along with Historic 4BR Home and 3BR Manufactured Home both on 5-Acre Tracts plus a large collection of Antique, Vintage & Household Items

This property offers 105.45± acres in 10 tracts that are absolutely beautiful building sites.

Real estate will sell on Saturday, October 24 at 10:30 a.m.

216 Jenkins Hill Rd.

Historic 4-bedroom, 1-bath 1,934 sq. ft. home on about 5 acres with barn, sunroom, attached carport, fireplace and public water. Additional soil sites available. Dating to the 1700's Gwaltney settlement, it offers strong restoration potential and holds notable historical ties to a Declaration signer, the Civil War and over two centuries of family ownership.

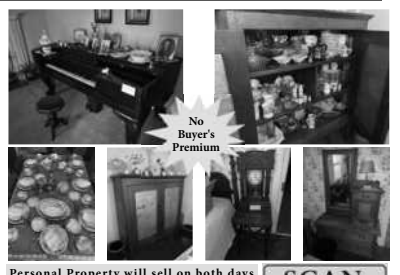
220 Jenkins Hill Rd.

3-bedroom, 2-bath 1998 manufactured home offering 1,568 sq. ft. on about 5 acres with a concrete drive, central heat and air, public water, fenced yard, covered front porch, back carport and storage building. Additional soil sites available. Home is in good condition but would benefit from some simple improvements.

Land is mostly open and spotted with trees. All tracts will be moderately restricted to 1,400 sq. ft. constructed homes and no singlewide or doublewide mobile homes. All tracts will have public water availability. Soils evaluation information will be available on auction day. Tracts are in close proximity to Lebanon and Nashville and just five miles to I-40.

Personal property: Hundreds of items including a rare 1859 Steinway & Sons square grand piano, vintage table with white enamel top and 4 red chairs, Victorian furniture, cedar chests, antique trunks, punched-tin pie safe, cherry drop-leaf dining table with chairs, antique clocks, cast iron pieces, vintage toys, 2011 Chevy Impala, antique rocking chairs, vintage hurricane-style lamps, antique wash stands, flour and meal chests, dough bowls, milk cans, glass insulators, Jefferson glass, Carnival glass, yellow and pink depression glass, Pyrex and FireKing dishes, quilts and quilt pieces, vintage framed artwork, claw-foot tables, antique hall trees, cast iron cookware, crocks in multiple sizes, costume jewelry, antique dresser with mirror and hat box, antique school desk, pitcher bowls, cookie jars, antique canister set and bread box, vintage multi-drawer chest, grandfather clock, large selection vintage salt and pepper shakers, crocheted doilies, several items for personal protection and hunting, and many more unique estate treasures.

Auctioneer's note: This auction is packed wall-to-wall with thousands of items — tools, antiques, furniture, collectibles, household goods, and more than we can list. There is so much inventory that it will take two full days of steady selling to move it all. See more of the list on our website at www.closeandpaschalauction.com.



Personal Property will sell on both days

Real Estate Sale Day Terms: 20% nonrefundable deposit day of sale. Balance due in full day of closing.

Announcements made the day of the sale take precedence over all printed material and advertising.

ADVERTISEMENT FOR BIDS SMITH UTILITY DISTRICT GORDONSVILLE, TENNESSEE

General Notice

Smith Utility District (Owner) is requesting Bids for the construction of the following Project:

HICKMAN HIGHWAY WATERLINE REPLACEMENT PROJECT – PHASE II

Bids for the construction of the Project will be received at the **Manager's Office** located **193 Gordonsville Hwy., Gordonsville, TN 38563**, until, **October 30th** at **10:00 a.m.** local time. At that time the Bids received will be "**publicly**" opened and read.

The Project includes the following Work:

Furnishing and installing approximately 6,500 L.F. of 8" diameter water lines.

Bids are requested for the following Contract: **804401**

The Project has an expected duration of **120** days.

Obtaining the Bidding Documents
The Issuing Office for the Bidding Documents is:
Mid-Tenn Engineering Company
648 Highway 52 Bypass W., Lafayette, TN 37083

Prospective Bidders may obtain or examine the Bidding Documents at the Issuing Office on Monday through Friday between the hours of **8:00 a.m. – 5:00 p.m.**, and may obtain copies of the Bidding Documents from the Issuing Office as described below. Partial sets of Bidding Documents will not be available from the Issuing Office. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the Issuing Office.

Printed copies of the Bidding Documents may be obtained from the Issuing Office by paying a deposit of $ **250.00** for each set. Bidders who return full sets of the Bidding Documents in good condition within 10 days after receipt of Bids will receive a full refund. Make deposit checks for Bidding Documents payable to **Mid-Tenn Engineering Company.**

Bidding Documents may be purchased from the Issuing Office during the hours indicated above. Cost does not include shipping charges. Upon Issuing Office's receipt of payment, printed Bidding Documents or electronic documents on compact disk will be sent via the prospective Bidder's delivery service. The shipping charge amount will depend on the shipping method chosen. Bidding Documents are available for purchase in the following formats:

Format	Cost
Bidding Documents (including Full-Size Drawings)	$250.00
Bidding Documents (including Half-Size Drawings)	$100.00
Electronic download of Bidding Documents	$50.00

Pre-bid Conference
There will be no pre-bid conference for this Project. Contractors are encouraged to make a site visit. Contact the Engineer to schedule for the Utility District personnel to assist the bidder to access.

Instructions to Bidders
For all further requirements regarding bid submittal, qualifications, procedures, and contract award, refer to the Instructions to Bidders that are included in the Bidding Documents.

American Iron and Steel
Section 746 of Title VII of the Consolidated Appropriations Act of 2017 (Division A - Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2017) and subsequent statutes mandating domestic preference applies an American Iron and Steel requirement to this project. All iron and steel products used in this project must be produced in the United States. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and Construction Materials.

The following waivers apply to this Contract:
De Minimis,
Minor Components,
Pig iron and direct reduced iron

The District has the right to accept any or reject all bids, and to waive all informalities. Smith Utility District does not discriminate on the basis of race, color, national origin, sex, age or disability.

Continued from PAGE 1

ments, nor the rescue squad, had a pay increase in 23 years," Young said. "That's way too long, and I am making a motion here for a $1,000 increase from $2,500 to $3,500 for each department and for the rescue squad.

"Not just the fire departments, but the rescue squad too, and I would appreciate it if everybody would vote for that."

Young's fellow commissioners joined him in supporting the increase, as the budget amendment unanimously passed.

"We originally was going to try to double that, but we are kinda just gonna make little increments and try to get to at least double what it was before, okay, until we see what our budget looks like after we do that," Brannon said after the increase passed.

Commissioners also unanimously approved Cassie Haney as the county's judicial commissioner, appointed members to the E-911 Board, and voted to transfer a piece of surplus property from Clay County EMS to the sanitation department.

A couple of other budget amendments were also passed, along with a resolution requesting the Tennessee General Assembly "to authorize the investment of the state's reserve for revenue fluctuations through the state pooled investment fund and to distribute 25% of positive net investment earnings to Tennessee's economically distressed counties."

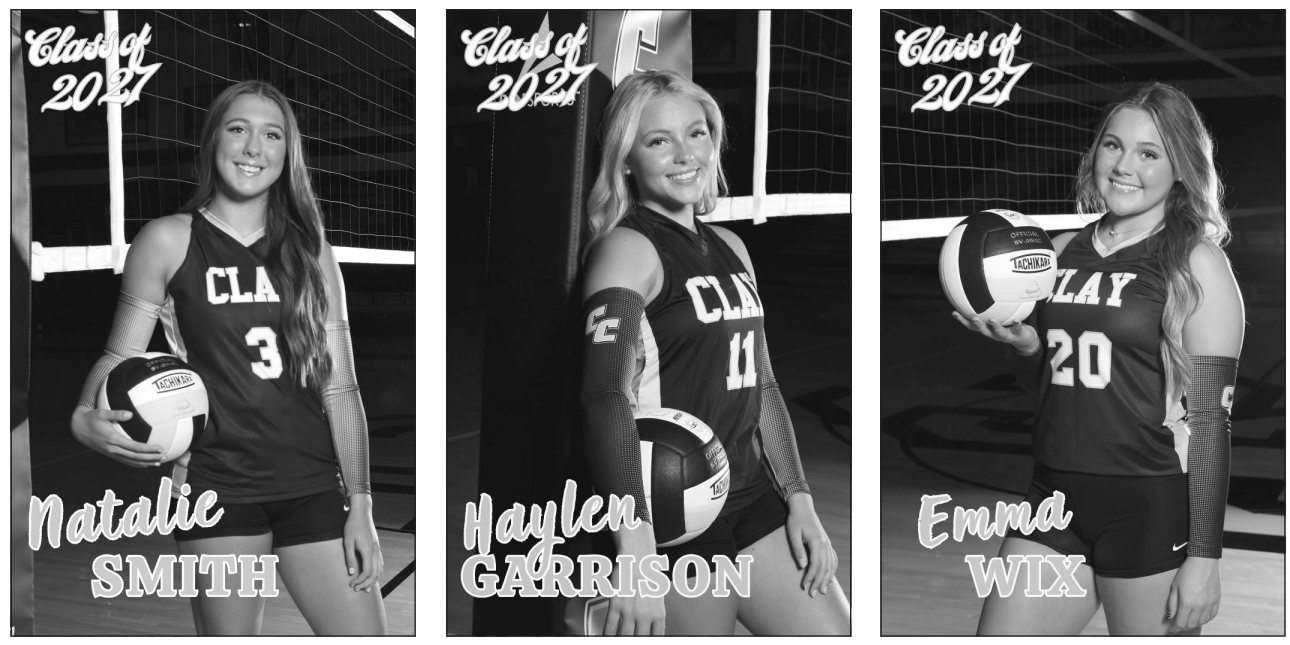
In addition, commissioners voted to transfer surplus property from the Clay County Sheriff's Department to the Celina K-8 Jr. High football team.

"This was an enclosed trailer that we received on a grant back in 2004 when meth labs was really spiking and we had to carry around a lot of equipment to work with meth labs," sheriff Brandon Boone said. "Basically the school came to me and asked if we were using it—it's not been utilized in a number of years now.

"It actually is in need of some small repairs. Marty Maxfeild, the coach, is willing to do that and asked if we could, and I told them I would come to the commission and see if it was okay."

To view the full meeting, follow the Dale Hollow Horizon Facebook page, where a video of the proceeding is posted.

The next county commission meeting will be held here at the Clay County Government Complex Monday, November 2 at 6:30 p.m. and will be broadcast by the Horizon LIVE Network.



AWARD WINNERS-Lady Bulldog volleyball seniors Natalie Smith and Haylen Garrison were named to the All-District 7-A Team and Emma Wix was named to the District 7-A All-Tournament Team. (Facebook.com/cchsdawgs photos)

V-ball

Continued from PAGE 1

Wix was named to the all-tournament team, while Garrison and Smith were named all-district.

Clay County beat York 3-0 in their quarterfinal game in Celina, before battling the Lady Blue Devils throughout.

They evened their final match at one set apiece by following up 25-18 opening-set loss with a 25-20 win in the second set.

Then in the third set, Jackson County dominated by a score of 25-9, before the Lady Blue Devils went on to advance to the district title game with a 25-20 fourth-set victory.

CLEVELAND UTILITIES AUTHORITY, A MUNICIPAL UTILITY PROVIDING ELECTRIC, WATER, WASTEWATER AND FIBER SERVICES TO THE CLEVELAND, TENNESSEE/BRADLEY COUNTY AREA, IS SEEKING A JOURNEYMAN LINEMAN TO CONSTRUCT AND MAINTAIN OUR ELECTRICAL TRANSMISSION AND DISTRIBUTION FACILITIES.

ESSENTIAL FUNCTIONS:

- Perform all maintenance, construction and repair of electrical distribution and transmission systems, both overhead and underground, in an accepted manner concurrent with industry and Cleveland Utilities' standards.
- Carry out the performance of the job utilizing all required safety procedures and equipment.
- Perform energized and de-energized line work utilizing ladders, climbing tools and/or aerial lift trucks.
- Train and instruct apprentice linemen in duties they are to perform.
- Ensure tools and equipment are in safe working condition and well maintained.
- Ability to perform call duty after designated training period and must live within 15 miles of the main campus or 30-minute commute via Google Maps.
- Perform other duties as assigned by Working Line Foreman/Supervisor.

JOB REQUIREMENTS:

- High school diploma or GED equivalency.
- Experience as a Journeyman Lineman preferred.
- Basic computer skills with a working knowledge of Microsoft Office.
- Completion of a certified lineman apprenticeship program with copies of completion certificates.
- Valid Class "A" Commercial Driver's License.
- Physical ability to climb and do heavy manual work.

Qualified applicants should submit a resume by Friday, October 23, 2026, to:

CLEVELAND UTILITIES AUTHORITY
ATTN: HUMAN RESOURCES
P.O. BOX 2730
CLEVELAND, TN 37320
Or email to jobs@clevelandutilities.com

La Junta tomará medidas sobre los siguientes puntos:

- Aprobación de las minutas de la reunión de la Junta Ejecutiva de la MPO del 22 de abril de 2026.
- Aviso Oficial de Vigencia del Programa de Mejora del Transporte (TIP) para el año fiscal 2026-2029; Aprobar mediante resolución de una enmienda al Programa de Mejora del Transporte (TIP) para los años fiscales 2026-2029.
- Eliminación del proyecto de agrupación SMADA Signal Mountain ADA
- Proyecto COMPASS de CARTA
- Adquisición por parte de CARTA de vehículos de transporte adaptado para su reemplazo y ampliación
- Mantenimiento preventivo del Condado de Catoosa
- Asistencia operativa del Condado de Catoosa
- Incorporación del STIP de GA 27-30

30

Esta reunión de la Junta Ejecutiva de la MPO constituirá la audiencia pública formal para esta enmienda.

- Aprobar mediante resolución la Enmienda Bienal del Plan Regional de Transporte (RTP) 2050
- Cambio en los límites del MPA del censo
- Servicio de transporte urbano del Condado de Catoosa
- Actualizaciones del servicio de CARTA
- Cláusula de reserva para resiliencia
- Cambios administrativos para reflejar las órdenes ejecutivas federales

El período de revisión y comentarios públicos de 14 días para la Enmienda Bienal del Plan Regional de Transporte 2050 se llevará a cabo del 14 al 28 de octubre. Para consultar el Memorándum de la Enmienda, visite https://chcrpa.org/project/2050-rtp/. Por favor, envíe cualquier pregunta o comentario a Betsy Evans a bevans@chattanooga.gov.
Esta reunión de la Junta Ejecutiva de la MPO constituirá la audiencia pública formal sobre la Enmienda.

- Aprobar mediante resolución una Enmienda a los Estatutos de la Junta Ejecutiva: Cambiar el nombre de la agencia anfitriona a "Agencia de Planificación Regional".

El período de revisión y comentarios públicos para los borradores de planes y programas se utilizará para satisfacer los requisitos de participación pública de la Ley Federal de Tránsito (49 USC Sección 5307/5310/5339). El aviso público de las actividades de participación pública y el tiempo establecido para la revisión y los comentarios del público cumplirán los requisitos del Programa de Proyectos.

Los materiales de la reunión están disponibles para su revisión en la Agencia de Planificación Regional (RPA), 1250 Market Street, Suite 2000, Centro de Recursos para el Desarrollo, Chattanooga, TN 37402, o en el sitio web en www.chcrpa.org/tcc-board-meeting-information/. Para solicitar una adaptación razonable o si requiere asistencia con el idioma, por favor informe a la RPA tres días hábiles antes de la reunión y el personal estará encantado de trabajar con usted para atender cualquier solicitud razonable. Si requiere la agenda completa o información adicional, llame a RPA al 423-643-5900 o envíe un correo electrónico a CHCNGAMPO@chattanooga.gov.

Parcel number(s): 065-027.03-000

In the event of a discrepancy between the legal description, the street address, and/or the parcel number(s), the legal description shall control.

The sale is subject to the following: tenant(s)/occupant(s) rights in possession, if any; all matters shown on any applicable recorded plat; any unpaid taxes; any restrictive covenants, easements, or setback lines that may be applicable; any statutory rights of redemption of any state or federal governmental agency; any prior liens or encumbrances; any priority created by a fixture filing; and any matter that an accurate survey of the property might disclose. Additionally, the following parties might claim an interest in the property: **ROSE ANN CROCKET HOLCOMB; AMERICAN GENERAL FINANCIAL SERVICES, INC..**

If the United States, the State of Tennessee, or any agency thereof have any liens on the property and are named herein as interested parties, timely notice has been given to them in accordance with applicable law, and the sale will be subject to any applicable rights of redemption held by such entities, as required by 26 U.S.C. § 7425 and/or T.C.A. § 67-1-1433.

The property will be sold AS IS, WHERE IS, WITH ALL FAULTS, and without warranty of any kind, express or implied, as to the condition of the property or any improvements thereon, including but not limited to merchantability or fitness for a particular purpose. The Substitute Trustee makes no covenant of seisin or warranty of title, express or implied, and will only convey the property by Substitute Trustee's Deed. Except as noted above, all right and equity of redemption, statutory or otherwise, homestead, and exemption are expressly waived in the Deed of Trust.

The sale held pursuant to this notice is subject to the express reservation that it may be rescinded by the Substitute Trustee at any time. If the sale is rescinded for any reason, the purchaser shall only be entitled to a refund of funds tendered to purchase the subject property, and shall have no further or other recourse against Creditor, the Substitute Trustee, or their successor(s), assign(s), agent(s), and attorney(s). The right is reserved to adjourn the sale to another day, time, and place certain, without further publication, upon announcement at the time and place for the sale set forth above. Notice of such adjournment will also be mailed to interested parties when required by applicable law.

THE JUVENILE COURT OF MEMPHIS AND SHELBY COUNTY, TENNESSEE

State of Tennessee Department of Children Services,
Petitioner,

vs.
DOCKET NO. GG7118

Christian Nicole Holt, Robert Eugene Garcia, and Paris Hatchel,
Respondent.

IN THE MATTER OF: Zane Garcia Holt, DOB: 6/22/2023
Child Under Eighteen (18) Years of Age

ORDER OF PUBLICATION

Special Judge W. Ray Glasgow's Court Order from a hearing on September 17, 2026, is incorporated in part, as follows:

In this cause, it appearing to the court from the allegations of the Petition filed, and the affidavit of the Petitioner that the residences of Respondents Robert Eugene Garcia (hereinafter "Mr. Garcia") and Paris Hatchel (hereinafter "Mr. Hatchel") are unknown and cannot be ascertained by diligent search and inquiry; and that the whereabouts of Respondents Mr. Garcia and Mr. Hatchel cannot be found or the post office address of Respondents Mr. Garcia and Mr. Hatchel cannot be ascertained, and therefore, the ordinary process of law cannot be served upon Respondents Mr. Garcia and Mr. Hatchel.
IT IS THEREFORE ORDERED that the Motion for Order of Publication shall be granted.
Clerk's Notice to Respondent:

DCS has filed a Petition against you seeking to terminate forever your parental rights on the ground of abandonment and/or for other reasons. It appears that ordinary process of law cannot be served upon you because your whereabouts are unknown. In order to avoid a judgement by Default against you, you must appear in Court on January 11, 2027 at 9:00 a.m. or file an answer to the Petition filed against you. All future hearings/or documents filed in this cause shall be filed with the Clerk and shall be considered as service upon you. You may request all pleadings filed in this cause from the Clerk of Court. Service of notice of these proceedings shall occur for four (4) consecutive weeks in a printed copy of the State Gazette of Dyer County, Tennessee as to Respondents Mr. Garcia and Mr. Hatchel.

Submitted by and approved for entry,
JANEEN R. GORDON,
Clerk of Court

TS#: 2025-20045-TN
Notice Of Substitute Trustee's Sale
Whereas, Kayla Haynes, A Single Woman, And Cheyanne Clark, A Single Woman by Deed of Trust (the "Deed of Trust"), dated 6/30/2022 and of record in Deed Book 1014, Page(s) 616-629, and/or as Instrument Number 20223442, in Register's Office of Dyer County, Tennessee, conveyed to Sherrell Armstrong, Trustee , the hereinafter described real property to secure the payment of a certain Promissory Note (the "Note") described in the Deed of Trust, which Note was payable to First Citizens National Bank, and subsequently assigned to Freedom Mortgage Corporation, and Whereas, Nestor Solutions of Tennessee, LLC has been duly appointed Substitute Trustee by the owner and holder of the Note by instrument recorded in Deed Book 1058, Page(s) 2981-2983 and/or as Instrument Number 20260184 in Register's Office of Dyer County, Tennessee; and Whereas, default has been made in the payment of the Note; and Whereas, the owner and holder of the Note has demanded that the hereinafter described real property be advertised and sold in satisfaction of the indebtedness and costs of foreclosure in accordance with the terms and provisions of the Note and Deed of Trust. The notice requirements of T.C.A. §35-5-101 and 35-5-104 have been satisfied. Now, Therefore, notice is hereby given that an agent of Nestor Solutions of Tennessee, LLC, Substitute Trustee, pursuant to the power, duty, and authority vested in and conferred by the Deed of Trust, will proceed to sell the below-mentioned property on 10/28/2026, at 11:00 AM at the North Door of the Dyer County Courthouse, 101 W Court Street, Dyersburg, TN 38024, to the highest call bidder for cash free from all legal, equitable and statutory rights of redemption, exemptions of homestead, rights by virtue of marriage, and all other exemptions of every kind, all of which have been waived in the Deed of Trust, certain real property located in Dyer County, Tennessee, described as follows: Lying And Being Situated In The 4th Civil District Of Dyer County, Tennessee And Described As Follows: Starting At The Southeast Corner Of Lot 2 Of The Lemon Subdivision Section I And A Point In The West Right-Of-Way Line Of Wilson Circle And Grogan's Northeast Corner; Thence North 42 Degrees 21 Minutes 45 Seconds East Along The West Right-Of-Way Line Of Wilson Circle A Distance Of 51.00 Feet To The Point Of Beginning For Said Parcel; Thence North 44 Degrees 00 Minutes 00 Seconds West A Distance Of 100.00 Feet, This Being The Southwest Corner Of Said Parcel And A Point In The East Line Of Grogan; Thence North 42 Degrees 21 Minutes 45 Seconds East Along Grogan's East Line A Distance Of 51.00 Feet, This Being The Northwest Corner Of Said Parcel And Lemon's Southwest Corner; Thence South 44 Degrees 00 Minutes 00 Seconds East Along Lemons South Line A Distance 100.00 Feet, This Being The Northeast Corner Of Said Parcel And Lemon's Southeast Corner And A Point In The West Right-Of-Way Line Of Wilson Circle, Thence South 42 Degrees 21 Minutes 45 Seconds West Along The West Right-Of-Way Line Of Wilson Circle A Distance Of 51.00 Feet To The Point Of Beginning, Containing 0.117 Acres More Or Less. This Being The Same Property Conveyed Unto Kayla Haynes, By Warranty Deed From Belinda Mosley, Recorded In Book 1014, Page 612, In The Register's Office For Dyer County, Tennessee. The street address of the above-described property is believed to be 410 Wilson Drive, Dyersburg, TN 38024, but if such address is not part of the legal description of the property sold herein and in the event of any discrepancy, the legal description herein shall control. This sale is subject to all matters shown on any applicable recorded plat; any unpaid taxes; any restrictive covenants, easements or setback lines that may be applicable; any statutory rights of redemption of any governmental agency, state or federal; any prior liens or encumbrances as well as any priority created by a fixture filing; and to any matter that an accurate survey of the premises might disclose. In addition, the following parties may claim an interest in the above-referenced property. Owner of Property: Kayla Haynes, And Cheyanne Clark The sale is subject to occupant(s) rights in possession of the premises. All right of equity of redemption, statutory and otherwise, and homestead are expressly waived in said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee. The right is reserved to adjourn the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above. If the sale is set aside for any reason, the purchaser at the sale shall be entitled only to a return of the purchase price. The purchaser shall have no further record against the grantor, the grantee or the trustee. Notice To Bidders: Please be advised that the highest bidder ("purchaser") at this trustee's sale may be required to provide information, documentation and/or certification as mandated by applicable federal law, and entity and trust pur-

NOTICE TO CREDITORS
As Required by TCA §30-2-306

Case Number 52CH1-2026-PR- 5179

Estate of Sue Cantrell Priest, Deceased

Notice is hereby given that on September 30 of 2026 Letters Testamentary in respect of the estate of Sue Cantrell Priest, who died 9/13/2026, were issued to the undersigned by the Lincoln County Chancery Court of Lincoln County, Tennessee. All persons, resident and non-resident, having claims, matured or unmatured, against the estate are required to file the same with the Clerk of the above-named Court on or before the earlier of the dates prescribed in (1) or (2) otherwise their claims will be forever barred:
(1) (A) Four (4) months from the date of the first publication (or posting, as the case may be) of this notice if the creditor received an actual copy of this notice to creditors at least sixty (60) days before date that is four (4) months from the date of the first publication (or posting); or
(B) Sixty (60) days from the date the creditor received an actual copy of the notice to creditors, if the creditor received the copy of the notice less than sixty (60) days prior to the date that is four (4) months from the date of the first publication (or posting) as described in (1)(A); or
(2) Twelve (12) months from the decedent's date of death.

TO: ALL UNKNOWN CLAIMANTS AGAINST AUTO-OWNERS SURETY BOND NO. 66366321
In the Chancery Court of Lincoln County, Tennessee
AUTO-OWNERS INSURANCE COMPANY,
PLAINTIFF,
VS
DANA M. BROWN, individually and d/b/a
CARS INK, ET AL
NO. 16173

In this cause, it appearing from the sworn complaint, that all unknown claimants against bond number 66366321, defendants in this cause, are persons or entities who are presently unknown and therefore, whose whereabouts are also unknown and cannot be ascertained upon diligent inquiry; they are required to appear and answer or otherwise defend against the complaint of Auto-Owners Insurance Company, whose attorney is Dustin E. Sharp, whose address is 920 Volunteer Landing Lane, Suite 100, Knoxville, Tennessee, 37915, within 30 days after the last publication of this notice; otherwise, default judgment may be entered against them for the relief demanded in the complaint. If an answer is not filed, a motion for default judgment is expected to be heard on January 19, 2027, at 9:00 a.m., in the Chancery Courtroom of Lincoln County, Tennessee.
It is further ordered that this Notice shall be published in the Elk Valley Times for four (4) consecutive weeks.

SUBSTITUTE TRUSTEE'S NOTICE OF SALE

Sale at public auction will be on **November 23, 2026 at 10:00AM local time,** at the east door, Jackson County Courthouse, 101 Main Street, Gainesboro, Tennessee pursuant to Deed of Trust executed by James D. Stewart, to William E. Hilton III, Trustee, as trustee for Mortgage Electronic Registration Systems, Inc., as beneficiary, as nominee for Loandepot.com, LLC, its successors and assigns on February 8, 2024 at Book 116, Page 755; conducted by LLG Trustee TN LLC, having been appointed Substitute or Successor Trustee, all of record in the Jackson County Register's Office. Default has occurred in the performance of the covenants, terms, and conditions of said Deed of Trust and the entire indebtedness has been declared due and payable.

Party Entitled to Enforce the Debt: MidFirst Bank, its successors and assigns.

The real estate located in Jackson County, Tennessee, and described in the said Deed of Trust will be sold to the highest call bidder. The terms of the said Deed of Trust may be modified by other instruments appearing in the public record. Additional identifying information regarding the collateral property is below and is believed to be accurate, but no representation or warrant is intended.

Street Address: 320 E Hill Road, Gainesboro, Tennessee 38562

Parcel Number: 051 034.00

Current Owner(s) of Property: James D. Stewart

This sale is subject to all matters shown on any applicable recorded Plat or Plan; any unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of Trust, including rights of redemption of any government agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, including those created by a fixture filing or any applicable homeowners' association dues or assessments; any defects, adverse claims and other matters that may take priority over the Deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this Foreclosure Sale; all claims or other matters, whether recorded or not, which may encumber the purchaser's title and any matter that an accurate survey of the premises might disclose.

The following parties may claim an interest in the above-referenced property to be affected by the foreclosure: any judgment creditor or lien holder with an interest subordinate to the said Deed of Trust or any party claiming by, though, or under any of the foregoing. Such parties known to the Substitute Trustee may include: None.

Terms of Sale will be public auction, for cash, free and clear of rights of homestead, redemption and dower to the extent disclaimed or inapplicable, and the rights of James D. Stewart, and those claiming through him/her/it/them.

Any right of equity of redemption, statutory and otherwise, and homestead are waived in accord with the terms of said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

The right is reserved to postpone or adjourn the sale to another time certain or to another specified date, time, and location certain, without further newspaper publication upon announcement by posting with the third-party internet posting company and announcing on the date, time, and location of each sale set forth above or any subsequent postpone or adjourned date, time, and location of sale; provided, however if the sale is postponed or adjourned for less than five (5) days after the original sale, announcement by internet posting is not required.

If you purchase a property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified/bank check made payable to or endorsed to LOGS Legal Group LLP. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the lender and any other bidders. Insufficient funds will not be accepted. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be rescinded only by the Substitute Trustee at any time. If the Substitute Trustee rescinds the sale, the purchaser shall only be entitled to a return of any money paid towards the purchase price and shall have no other recourse. Once the purchaser tenders the purchase price, the Substitute Trustee may deem the sale final in which case the purchaser shall have no remedy. The real property will be sold AS IS, WHERE IS, with no warranties or representations of any kind, express or implied, including without limitation, warranties regarding condition of the property or marketability of title.

THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

TRUSTEE'S NOTICE OF SALE
OF REAL ESTATE AND AFFIXED MANUFACTURED HOME

ANTHONY R. STEELE, Trustee of a Deed of Trust executed on April 17, 2008, by CRYSTAL PIERSON. The Deed of Trust appears of record in the Register's Office of Greene County, Tennessee, at Book 447A, Page 114 ("Deed of Trust"). The Trustee will sell for cash the property described below at a foreclosure sale requested by the current holder of the Deed of Trust and underlying indebtedness, Vanderbilt Mortgage and Finance, Inc. Pursuant to T.C.A. §47-9-604 this sale shall also include the affixed manufactured home described as one (1) 2008 Giles Manufactured Home bearing Serial Number GM8262AB.

Sale Date and Location: NOVEMBER 6, 2026, at 12:00 p.m. at the Greene County Courthouse, 101 South Main Street, Greeneville, TN 37743. The terms of sale shall be payment by cashier's check or certified funds immediately upon conclusion of the sale.
Third-party internet posting website: foreclosuretennessee.com

Property Description: Abbreviated description per TCA 35-5-104(a)(2) is the property referenced and described fully at Book 444A, Page 1547, and commonly known as 768 Henard Rd., Greeneville, TN 37743.
Property Address: 768 Henard Rd., Greeneville, TN 37743.
Tax Map Identification No.: 072-034.00 (However, the property description shall control in the event of any inconsistencies between the description and address or tax identification number).

Parties Interested: None known.

All sales of Property, both real and personal, are "AS IS" and "WHERE IS" without representation or warranty as to merchantability or fitness for a particular purpose or of any kind, except as to title and authority to convey.
The sale of the described property is subject to all matters shown on any recorded plan; any unpaid taxes, any restrictive covenants, easements, set-back lines, prior liens, encumbrances, if any, and any other priority as may appear in the public records. Title to the manufactured home may be transferred by Bill of Sale or Certificate of Title, as the case may require.
The right is preserved to adjourn the day of the sale to another day, time and place certain without further publication, upon announcement at the time and place for the sale set forth above.

The Greeneville Sun

Trousdale County announces meal assistance policy

Trousdale County Schools today announced its policy for free and reduced-price meals for children served in schools under the National School Lunch Program and/or School Breakfast Program. For School Year 2026-2027 Trousdale County Schools will continue participation in the Community Eligibility Provision (CEP). No further action is required of you. This USDA provision allows your child(ren) to participate in the school meal programs without having to pay a fee or submit a meal application.

CEP is a key provision of the Healthy, Hunger Free Kids Act of 2010, which allows schools and school districts in low-income areas to eliminate school meal applications and serve breakfast and lunch at no charge to all enrolled students. CEP gives food service professionals more time to focus on preparing nutritious meals that their students will enjoy and gives students more time to eat those meals by cutting down on time spent in the lunch line. More importantly, by offering all students a nutritious breakfast and lunch at no cost, CEP helps ensure more students come to class well-nourished and ready to learn.

Children need healthy meals to learn. Trousdale County Schools offers healthy meals every school day. Breakfast and lunch meals will follow the United States Department of Agriculture (USDA) guidelines for healthy school meals, so please encourage students to participate.

"In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age or disability."

Parents or guardians who need further information may contact Kathryn Atwood, Child Nutrition Program Director at kathyatwood@tcschools.org, 103 Lock Six Road, Hartsville, TN 37074, (615)374-2193.

USDA NONDISCRIMINATION STATEMENT

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: https://www.usda.gov/oascr/how-to-file-a-program-discrimination-complaint, and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

Mail: U.S. Department of Agriculture Office of the Assistant Secretary for Civil Rights 1400 Independence Avenue, SW Washington, D.C. 20250-9410 or Fax: (202) 690-7442; or Email: program.intake@usda.gov

Meals are served Monday-Friday at 11AM for a small cost of **$2.00** for Seniors 60+.
(Must call two days in advance).

We can always use volunteers to deliver Meals on Wheels.

COLLAGEN PROTEIN BENEFITS

Mattie Sears,
Certified Herbalist

Collagen is the most abundant structural protein in the body, providing strength and support to skin, bones, muscles, tendons, and cartilage. As natural production declines with age, people often turn to supplements or dietary sources to support overall wellness.

Key Potential Benefits:

Skin Health: Oral collagen peptides can improve skin hydration, elasticity, and reduce the appearance of wrinkles.

Joint and Cartilage Support: Daily supplementation (typically 5 to 15 grams per day) may help reduce activity-related joint pain and improve function in conditions like osteoarthritis.

Bone Density: Studies suggest collagen powder may help slow bone breakdown and support bone mineral density as you age.

Muscle and Exercise Recovery: Combined with resistance training, collagen peptides can support fat-free mass growth and help reduce muscle soreness after exercise.

Hair and Nails: Some users experience stronger, faster-growing nails and improved hair thickness.

How the Body Uses Collagen:

When you eat collagen or take a supplement, your digestive system breaks the protein down into individual amino acids (primarily glycine, proline, and hydroxyproline). Your body then uses these building blocks wherever it needs them most.

To naturally build and protect collagen, your body also requires key nutrients like vitamin C, zinc, and copper, which can be found in balanced diets.

UNIVERSITY OF TENNESSEE STUDENTS SPEND FALL BREAK SERVING AT THE ELEPHANT SANCTUARY

While many college students use fall break as an opportunity to rest or travel, a group from the University of Tennessee, Knoxville, chose to spend theirs making a difference in Lewis County.

Ten students and an education leader recently traveled to Hohenwald to volunteer with The Elephant Sanctuary in Tennessee as part of the university's VOLbreaks program, an initiative that connects students with service opportunities while encouraging leadership, community involvement and a deeper understanding of environmental issues.

Throughout their visit, the students worked alongside The Sanctuary's Outreach Team on projects supporting the organization's mission of providing lifelong care for elephants and promoting wildlife conservation. Their work included collecting litter, trimming trees, creating enrichment materials for the elephants and preparing educational activities for Hohenwald's Oktober Heritage Festival.

The experience offered students a firsthand look at the work involved in maintaining a sanctuary that provides protected habitats for Asian and African elephants. While tasks such as clearing debris or maintaining the grounds may appear relatively simple, they are part of a much larger effort requiring ongoing dedication, careful planning and attention to the animals' well-being. The visit illustrated how even the smallest contributions can support the greater mission of protecting animals that depend on human care.

Beyond their hands-on contributions, the group learned about challenges facing elephant populations worldwide, the importance of conservation and the many career paths associated with animal care and wildlife management. According to The Elephant Sanctuary, several students expressed an interest in careers involving veterinary medicine and wildlife conservation, and the organization hopes their experience will help inspire the next generation of conservationists.

The visit also demonstrated the connection between conservation and community service. By helping prepare educational activities for Hohenwald's Oktober Heritage Festival, the university volunteers contributed not only to The Sanctuary's outreach efforts but also to a local celebration of the community's heritage. Their involvement illustrated that meaningful service does not always require extraordinary gestures, but often begins with showing up, working together and lending a hand wherever it is needed.

The Elephant Sanctuary's Outreach Team publicly thanked the students for their time and effort, recognizing their willingness to spend their fall break supporting an organization dedicated to elephant welfare.

For the visiting Volunteers, the trip provided an opportunity to turn classroom interests into practical experience while contributing to conservation efforts and the Hohenwald community.

THE TRUTH ABOUT YOUTH

A sextortion pre-talk:

Predators use sextortion against children, relying on them being too scared to tell their parents that someone has explicit photos of them. Many kids meet predators' demands for money, sex, more photos, videos, and other things out of fear.

Parents, it's crucial to have this serious conversation with your kids before it happens. While you might believe you've instilled strong values in your children, the reality is that even the best kids with the best parents can make mistakes. The prevalence of social media can desensitize children, increasing the likelihood they'll send a compromising photo at some point. It's essential to let your kids know that while there will be consequences for their actions, there will also be understanding and opportunities to learn.

If your child knows a friend who has sent a photo or is being extorted, they should know what to do. In our home, we use tabletop scenarios to discuss actions, reactions, and possible consequences, both short-term and long-term. Talking about these situations as a family helps kids understand that you're on their side, especially when they've made a mistake.

As a school resource officer, I emphasize to kids that the bigger the mistake, the more they need their parents or me to help them. It's vital for them to know that we're on their team, no matter what. The legal consequences of online mistakes often pale in comparison to the real-world consequences of being controlled by dangerous individuals.

Parents, please understand that law enforcement, especially school resource officers, are here to help your children. We prefer that parents handle these issues rather than a judge, but we're here to support families and involve the court system if necessary to benefit the family.

Happy Parenting!
Officer Gomez

SRO OFFICER Gomez THE TRUTH ABOUT YOUTH

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. LEWIS COUNTY HEALTH DEPARTMENT OFFERS FREE FLU SHOTS

The Lewis County Health Department of the Tennessee Department of Health will be providing free flu shots, from 8:30 a.m. to 11:30 a.m., on Tues., Oct. 20, 2026, at Lewis County Health Department, 51 Smith Avenue, Hohenwald, participating in the statewide 2026 Fight Flu prevention effort.

All Tennesseans, ages six months and older, are encouraged to get an annual flu shot. The flu virus can move easily from one person to another and spreads through respiratory droplets in coughs and sneezes. The virus can be present on surfaces, such as doorknobs and countertops, and tissue paper for up to two days.

Pregnant women, infants, the elderly, and those with chronic medical conditions are at the highest risk of getting the flu and facing its severe complications. Flu symptoms can include mild to severe cough, fatigue, fever, headache, muscle aches, sore throat, and stuffy or runny noses.

Precautions to prevent the spread of the flu virus include proper handwashing with soap and water, covering coughs and sneezes with a tissue or the bend of an elbow, and staying home if you are sick.

The Weekly Bite

WEEKLY RECIPES. BIG FLAVOR. | SIMPLE INGREDIENTS. MODERN KITCHEN. | MADE TO SHARE.

Wassail

INGREDIENTS

- 1 gal. apple cider
- 1 c. brown sugar
- 1 can lemonade concentrate
- 1 can orange juice concentrate
- 1 T. whole cloves
- 1 t. nutmeg
- 24 cinnamon sticks
- 1 T. whole allspice
- 2 c. brandy

DIRECTIONS

1. In a large pot, combine apple cider, brown sugar, lemonade, and orange juice.
2. Tie cloves, nutmeg, cinnamon sticks, and allspice in a small spice bag. Add spices to the cider mixture.
3. Simmer for 20 minutes.
4. Remove from heat. Place in a metal punch bowl.
5. Remove spice bag from mixture and add brandy.
6. Serve hot in a mug with a cinnamon stick.

THE JUVENILE COURT OF MEMPHIS AND SHELBY COUNTY, TENNESSEE
State of Tennessee
Department of Children Services,
Petitioner,
vs. **DOCKET NO. GG7110**
Courtney Deerie Berry,
Respondent.
IN THE MATTER OF:
Jacob Finesse Berry aka Jacob Finesse Wakefield,
DOB: 6/13/2012
Child Under Eighteen (18) Years of Age
ORDER OF PUBLICATION

Special Judge W. Ray Glasgow's Court Order from a hearing on September 10, 2026, is incorporated in part, as follows:
In this cause, it appearing to the court from the allegations of the Petition filed, and the affidavit of the Petitioner that the residences of Respondent Courtney Deerie Berry (hereinafter "Mr. Berry") are unknown and cannot be ascertained by diligent search and inquiry; and that the whereabouts of Respondent Mr. Berry cannot be found or the post office address of Respondent Mr. Berry cannot be ascertained, and therefore, the ordinary process of law cannot be served upon Respondent Mr. Berry.
IT IS THEREFORE ORDERED that the Motion for Order of Publication shall be granted.
Clerk's Notice to Respondent:
DCS has filed a Petition against you seeking to terminate forever your parental rights on the ground of abandonment and/or for other reasons. It appears that ordinary process of law cannot be served upon you because your whereabouts are unknown. In order to avoid a judgement by Default against you, you must appear in Court on November 30, 2026 at 9:00 a.m. or file an answer to the Petition filed against you. All future hearings/or documents filed in this cause shall be filed with the Clerk and shall be considered as service upon you. You may request all pleadings filed in this cause from the Clerk of Court.
Service of notice of these proceedings shall occur for four (4) consecutive weeks in a printed copy of the Daily News of Madison County, Tennessee and on the online news website for The Jackson Sun as to Respondent Mr. Berry.
Submitted by and approved for entry,
JANEEN R. GORDON, Clerk of Court

Trump speaks to 4,500 during campaign stop in Clarksville

Richard Spears
Fentress Courier Today

President Donald Trump visited Clarksville on Saturday, Oct. 10, as part of his campaign tour ahead of the November midterm elections, addressing an estimated 4,500 people at F&M Bank Arena.

During the rally, Trump spoke about U.S. Sen. Marsha Blackburn, the Republican candidate for Tennessee governor, and U.S. Sen. Bill Hagerty. Both senators joined the president onstage.

Trump also addressed the upcoming congressional elections, saying that if Republicans lose their current majority in Congress, "the blame would most likely be on" him.

The president promised that if Republicans maintain control of both the House and Senate, every adult U.S. citizen would receive a $5,000 payment. The proposal would carry an estimated total cost of $1.2 trillion.

The Clarksville appearance marked Trump's second visit to Tennessee in recent weeks. He previously visited the state Saturday, Sept. 26, to attend the University of Tennessee football game against Texas at Neyland Stadium in Knoxville.

Rosenbaum appointed to food bank advisory committee

Fentress County Executive Jacob Rosenbaum has been appointed to represent Fentress County on the Advisory Committee of Second Harvest Food Bank of East Tennessee.

The committee brings together representatives from across Second Harvest's 18-county service area to provide local insight, expertise and community connections. Members help the organization better understand the needs of the communities it serves and contribute to discussions about improving access to nutritious food throughout East Tennessee.

"I am grateful for the opportunity to represent Fentress County and to make sure the needs and perspectives of our community have a voice in this important work," Rosenbaum said. "Food insecurity affects our neighbors of every age, from children and working families to senior citizens. Second Harvest and its local partners provide an important service to people when they need a helping hand, and I look forward to working with representatives from across East Tennessee to strengthen those efforts."

Second Harvest Food Bank of East Tennessee serves Fentress County as part of an 18-county service area and works with local food pantries, schools, churches, community organizations and other partners to provide food assistance to East Tennesseans experiencing hunger.

Rosenbaum's appointment is for a one-year term.

"This appointment provides another opportunity to advocate for Fentress County and strengthen our connections with organizations serving our people," Rosenbaum said. "I appreciate Second Harvest for inviting me to serve, and I look forward to listening, learning, and contributing wherever I can."

Judy Massey Celebrates 80th Birthday!

Family and Friends gathered at Tusculum Church of Christ in Nashville, Tennessee, on August 14th, 2026, to honor Judy. Everyone had a wonderful time at this Grand Celebration! Judy Ivy Massey is married to Randell Massey, who is a native of Macon County. Judy wants to say "Thank YOU to Everyone for making her 80th Birthday SO SPECIAL!

Macon County Recovery Court Celebrates Two New Graduates

By Misty Gammons-Green

MACON COUNTY, Tenn. — Two Macon County Recovery Court participants are celebrating an important milestone after successfully completing the program.

Julia Aldridge and Gracie Kittrell recently graduated from Macon County Recovery Court, becoming the sixth and seventh graduates of the local program.

The Recovery Court recognized Aldridge and Kittrell for the dedication, hard work, accountability and commitment they demonstrated throughout their time in the program.

Their graduation marks more than the completion of a court program. It represents the progress they have made as they work toward building healthier and more stable lives.

"Recovery is possible when individuals are willing to put in the work," the Macon County Recovery Court stated in announcing the graduates.

Recovery courts provide participants with treatment, supervision and support while emphasizing accountability and rehabilitation. Tennessee's 15th Judicial District Recovery Court serves Macon County, along with Wilson, Jackson and Smith counties.

The local program has also received additional state support. In June, state Rep. Kelly Keisling announced $100,000 in state funding for the Macon County Recovery Court to support and enhance its programs, services and operations.

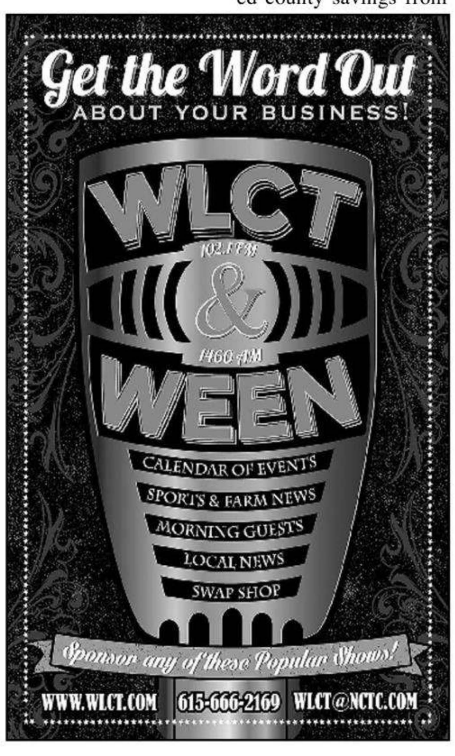
For Aldridge and Kittrell, however, the focus is now on what comes next.

Their graduation is a reminder that recovery takes commitment, perseverance and accountability... and that reaching the finish line is worth celebrating.

Congratulations to Julia Aldridge and Gracie Kittrell on this important achievement.

Since the inception of the Recovery Court the following stats have been released: Estimated county savings from reduced incarceration: $268,700.00 • Support group meetings attended: 1,714 • Therapy Sessions Completed: 290 • Evidence-Based Programs completed: 62 • Negative drug screens: 495 • Driver Licenses restored: 6 • Community service hours completed: 66 • Fees and fines paid: $14,805.00 • Current participants: 9 • Graduates: 5 • Current participants and graduates employed: 14 • Participants who have re-established relationship with their children: 9 • Estimated total income earned by participants during the program: $254,350.00

Judge Greg Traylor



NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

NOTICE

KNOW ALL MEN BY THESE PRESENTS: THAT, WHEREAS, by that modification of deed of trust, security agreement and financing statement dated the 17th day of June, 2024, of record in Book 748, Page 341, Register's Office of Lawrence County, Tennessee, AJ Granite and Tile, LLC, did convey in trust to Jim B. Robinson, Trustee, the tracts of land hereinafter described to secure the payment of the principal sum of Four Hundred Thousand and 00/100 Dollars ($400,000.00), evidenced by a promissory note payable to the order of Heritage Bank & Trust, incorporated by reference in said deed of trust; and

WHEREAS, said deed of trust was subsequently amended by instrument dated July 25, 2025, and recorded at Book 792, Page 677, Register's Office of Lawrence County, Tennessee; and

WHEREAS, default has been made in the payment of said indebtedness, and the holder and owner of said note has instructed the undersigned Successor Trustee to foreclose said deed of trust; and

WHEREAS, the Trustee named in said deed of trust being unable to act, and the owner and holder of said note has appointed the undersigned as Successor Trustee by instrument recorded in Book 840, Page 802-804, Register's Office of Lawrence County, Tennessee; and

WHEREAS, pursuant to T.C.A. §35-5-104, other parties interested in the tract of land herein described are the following:

NONE

NOW, THEREFORE, by virtue of the authority vested in me, as Successor Trustee under said instrument, I will, on **Thursday, November 5, 2026**, offer for sale and sell, at the main entrance of the Lawrence County Courthouse, 240 West Gaines Street, Lawrenceburg, TN, at the hour of **10:00 a.m.**, to the last, highest and best bidder, for cash in hand and in bar of the equity of redemption, homestead, and all other exemptions of every kind, the following described tract of land:

TRACT 1:

Land in Lawrence County, State of Tennessee, as follows: Situated, lying and being in the 8th Civil District of Lawrence County, Tennessee, about ½ mile east of the city limits of Lawrenceburg, Tennessee. Being adjacent to and north of US Highway 64. This is a portion of a 6.0 acre tract of land conveyed to Terry L. Evans as recorded in Deed Book 188, Page 331, of the Register's Office of Lawrence County, Tennessee.

BEGINNING on an iron pin (set) on the north margin of US Highway 64 200 feet west of an iron pin and chain link fence corner North American Container's SW corner and Terry Evans SE corner; thence N77° W 125 feet along the north margin of Hwy 64 to an iron pin (set); thence N8° 15' E 414 feet crossing a pipe line easement to an iron pin set in a fence line; thence S 77° E 125 ft. along a barbwire fence to an iron pin set on the west side of a pipe line easement; thence S8° 15' W 414 feet crossing said pipeline easement to an iron pin (set) on the north margin of Highway 64 and the place of beginning containing 1.19 acres more or less.

Description according to survey by Lawrence County Surveyors, Inc.

Being the same property conveyed to AJ Granite and Tile, LLC a Tennessee Limited Liability Company by Warranty Deed from Robert H. Dwiggins and wife, Linda Dwiggins, dated 3-16-2022, of record in Book 669, Page 880, as Affected by Warranty Deed of Correction of record in Book 730, Page 330, Register's Office for Lawrence County, Tennessee.

Being also known as 2170 East Gaines Street, Lawrenceburg, Tennessee 38464.

Tax/Map ID: 090-012.03

TRACT 2:

A certain tract of land lying in the 10th Civil District of Lawrence County, Tennessee, on the south side of US Highway 64, State Route 15, being the lands of Everett R. Shirar and Wilma J. Shirar as shown in the Register's Office of Lawernce County in Record Book 69 at Page 458, and being more fully described as follows:

Parcel 1:

Beginning at an existing iron pin at the northwest corner of this tract being the northwest corner of Tract 1 of the lands of Everett R. Shirar as shown in Record Book 69 at Page 458; thence running with the south margin of US Highway 64 South 69 degrees 54 minutes 23 seconds East 295.51 feet to an iron pin set; thence running with the west boundary of the lands of Oit Qualls as show in Deed Book 231 at Page 24 South 9 degrees 04 minutes 40 seconds West 279.93 feet to a pin set; thence running with the north boundary of proposed US Highway 64, being the lands of the State of Tennessee as shown in Record Book 180 at Page 724 North 71 degrees 54 minutes 04 seconds West 290.48 feet to an iron pin set; thence running with the east boundary of the lands of Kenneth Michael Brazier as shown in Deed Book 275 at Page 734 North 8 degrees 27 minutes 04 seconds East 290.87 feet to the point of beginning. Containing 1.888 acres of land more or less.

Parcel 2:

Beginning at an existing channel iron at the southeast corner of Tract 2 of the lands of Everett R. Shirar as shown in Record Book 69 at Page 458; thence running with the lands of Kenneth Michael Brazier as shown in Deed Book 275 at Page 734 North 8 degrees 27 minutes 04 seconds East 32.94 feet to an iron pin set; thence running with the south boundary of the proposed US Highway 64, being the lands of the State of Tennessee as shown in Record Book 180 at Page 724, South 71 degrees 55 minutes 12 seconds East 38.34 feet to an iron pin set; thence running with the lands of Oit Qualls as shown in Deed Book 231 at Page 24, South 63 degrees 23 minutes 05 seconds West 46.18 feet to the point of beginning. Containing 0.14 acres (622.607 sq ft) of land more or less.

This being the same property conveyed to AJ Granite and Tile, LLC, a Tennessee Limited Liability Company from James William Cross, Executor of the Estate of Randy T. Stovall by Warranty Deed dated January 12, 2024, of record in Record Book 734, Page 143, Register's Office of Lawrence County, Tennessee.

Being also known as 3735 Waynesboro Highway, Lawrenceburg, TN 38464.

Tax/Map ID: 062-056.00

The Property sold pursuant to this Notice shall be sold "AS IS," "WHERE IS," without representations or warranties of any kind whatsoever, whether express or implied. The Successor Trustee will warrant title to the Property only against those claiming by, through or under the Successor Trustee, and will make no further warranty of title. Accordingly, the sale of the Property shall be subject to any and all prior liens, encumbrances, deeds of trust, easements, restrictions, building lines, unpaid taxes and assessments (plus penalty and interest, if any), and any applicable redemptive rights, (including any redemptive rights of any taxing authority by reason of any tax liens) plus any and all other matters and encumbrances superior in right to the lien of the Deed of Trust.

The right is reserved, at Successor Trustee's sole discretion, to adjourn the day of the sale to another day and time certain, without further publication and in accordance with law, upon announcement of said adjournment on the day, time and place of sale set forth above, so long as no potential purchaser is thereby precluded from placing a bid.

The failure of any high bidder to pay the purchase price and close the sale shall, at the option of the Trustee, or his agent, be cause for rejection of the bid, and, if the bid is rejected, the Trustee, or his agent, shall have the option of making the sale to the next highest bidder who is ready, willing and able to comply with the terms thereof. The proceeds derived from the sale of the property will be applied as provided for in the deed of trust which is made a part hereof as if copied verbatim herein.

Current owner(s) of the property: Brooke Smith and Houston Smith

This sale is subject to all matters shown on any applicable recorded Plat or Plan; and unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of trust, including right of redemption of any governmental agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, defects, adverse claims and other matters that may take priority over the deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this foreclosure sale.

THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Trustee.

The right is reserved to adjourn the sale to another time certain or to another day, time, and place certain, without further publication upon announcement on the day, time, and place of sale set forth above or any subsequent adjourned day, time, and place of sale.

If you purchase the property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified check made payable to or endorsed to Albertelli Law Trust Account. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the Lender and any other bidders. Insufficient funds will not be accepted. Amounts received, in excess of the winning bid, will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the Lender or Trustee. This sale may be rescinded by the Trustee at any time.

THIS IS AN ATTEMPT TO COLLECT A DEBT, AND ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE.

TERMS OF SALE: The above real estate will be sold for cash with 10% down day of sale with the remaining balance due upon confirmation by the Court. The sale will be held open for ten (10) days until Tuesday, October 27, 2026, at 10:00 am, during which time a person may come to the office of the Clerk and Master at the Lawrence County Courthouse and raise the highest bid received at the auction by 10% and deposit 10% of that bid with the court. If the bid is advanced, then a second and final auction will be held at the Lawrence County Courthouse on Wednesday, October 28, 2026, at 10:00 am. The high bidder on this day will be the final buyer. Possession passes upon delivery of the deed. Taxes for 2026 are to be prorated between the buyer and the seller. All prior year's taxes are to be paid by the sellers. Announcements made day of sale take precedence over all printed material,

ALL PROPERTY WILL BE SOLD "AS IS" WITH NO WARRANTIES AS TO THE CONDITION OF THE PROPERTY OR ANY IMPROVEMENTS OR FIXTURES THEREON OR THEREIN, AND WITH NO REPRESENTATION BEING MADE AS TO THE STATE OF THE TITLE OR THE ACCURACY OF THE LEGAL DESCRIPTION OF THE REAL PROPERTY. (Said property will be sold subject to all rights-of-way and easements, applicable building/zoning regulation, any restrictive covenants, as well as any defects including structural defects and/or contamination, if any, which may exist.)

CLASSIFIEDS

Public Notice

IN THE CHANCERY COURT FOR OVERTON COUNTY, TENNESSEE

TONYA SINGH,
Petitioner,

vs. CASE NO. 25-CV-41

CHRISTOPHER HELMS
Respondent.

NOTICE OF LAND SALE

In obedience to a decree of the Chancery Court of Overton County, Tennessee, entered on the 20th day of May, 2026, by the Honorable Ronald Thurman, Chancellor, in the above-styled case, the Clerk & Master was appointed to serve as Special Commissioner to sell the said real estate, in conjunction with Conner Auctions and Real Estate, which will serve as the auction company for the sale of the property located in Overton County, Tennessee.

This sale will be conducted as an **Online Auction with online bidding being offered at the following website: https://tnbid.com.** The sale of this property will be conducted with the online bidding beginning on **Saturday, October 10, 2026, at 10:00 a.m., and closing on Saturday, October 31, 2026, at 10:00 a.m.,** or five (5) minutes after the last bid is received and selling to the highest and best bidder of the properties described in said decree and as follows:

The property being one (1) tract as surveyed by Christopher M. Vick R.L.S. #2164 on July 30, 2026, located in the 6th Civil District of Overton County, Tennessee, on **604 Hilham Hwy, Livingston, Overton County, Tennessee.** (Reference Tax Map 53, Parcel 42.00 and Reference Book 299, Page 198, in the Tax Assessor and Register of Deeds Offices for Overton County Tennessee.

TRACT NO. 1: 2.66 acres with house and mobile home

The property will be sold subject to all matters shown on plat, and subject to all easements, rights-of-way, and restrictions of record.

A legal description of the property may be had at the Office of the Clerk and Master, 100 Court Square, Livingston, Tennessee.

TERMS OF SALE: Twenty (20%) percent down on the day of the sale with the balance being due upon the confirmation of the sale by the Chancery Court.

BIDDING SHALL BE LEFT OPEN. The Clerk & Master will leave the bidding open for a period of ten (10) days after the online auction, which is on November 10, 2026, by 4:00 p.m. That during said ten (10) days, an additional bid is submitted on the tract, to the Clerk & Master, in a minimum amount of ten (10%) percent above the maximum bid submitted at the online auction, a second sale shall occur only on the tract that was raised. The highest bid obtained shall be presented to the Court for final confirmation.

Said property will be sold "as is, where is" both surface and subsurface, having invited bidder to inspect prior to bidding.

This notice is being published in the Overton County News and can be viewed online through a third-party internet posting at www.tnpublicnotice.com.

The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

Public Notice

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Dixie Home Health, LLC, a/an Home Health Agency owned by ALB Infusion Pharma Holdco, LLC with an ownership type of Limited Liability Company and to be managed by MNM Health Partners, LLC intends to file an application for a Certificate of Need for the establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Pickett, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson and Wilson Counties, as well as CON-exempt Lake and Perry Counties. The address of the project will be 2141 Old Ashland City Road, Clarksville, Montgomery County, Tennessee, 37043. The estimated project cost will be $121,571. The anticipated date of filing the application is 11/02/2026. The contact person for this project is Ms. Kim Harvey Looney who may be reached at Epstein Becker Green PC - 1222 Demonbreun Street, Suite 1400 Nashville, Tennessee, 37203 – Contact No. 615-565-6258. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

Public Notice

UC•DD Upper Cumberland Development District

NOTICE
OF INTENT TO REQUEST A RELEASE OF FUNDS

Date of Notice: October 13th, 2026
Name of Responsible Entity [RE]: Clay County, TN
Address: 145 Cordell Hull Dr.
City, State, Zip Code: Celina, TN 38551
Telephone Number of RE: (931)243-2436

On or about October 21st, 2026, Clay County will submit a request to the Tennessee Housing Development Agency for release of HOME funds under Title II of the Cranston-Gonzalez National Affordable Housing Act of 1990, as amended, to undertake a project known as 2025 HOME Grant for the purpose of rehabilitating up to eight (8) homes in the boundaries of Clay County, TN, with an estimated cost of $750,000.00.

The activities proposed are categorically excluded under HUD regulations at 24 CFR Part 58 from National Environmental Policy Act (NEPA) requirements. An Environmental Review Record (ERR) that documents the environmental determinations for this project is on file at Clay County Mayor's office at 145 Cordell Hull Dr., Celina, TN 38551, and may be examined or copied weekdays 8 a.m. to 4 p.m.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to Clay County Mayor's office. All comments received by October 20th, will be considered by Clay County prior to authorizing submission of a request for release of funds.

ENVIRONMENTAL CERTIFICATION

Clay County certifies to the Tennessee Housing Development Agency that Greg Brannon, in his capacity as Mayor, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. The Tennessee Housing Development Agency's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows Clay County to use Program funds.

OBJECTIONS TO RELEASE OF FUNDS

The Tennessee Housing Development Agency will accept objections to its release of funds and Clay County's certification for a period of fifteen (15) days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases:

a) the certification was not executed by the Certifying Officer of Clay County;
b) Clay County has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR Part 58;
c) the grant recipient or other participants in the development process have committed funds, incurred costs, or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by the Tennessee Housing Development Agency; or
d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Because the grant award year Project will involve activities at several scattered sites for which the exact location will not be known for some time, an environmental review strategy has been developed, including Site Specific Checklists to assure that the required environmental review is completed for each site. If environmental factors are identified as having an impact on the project or any of the specific project sites, they will be addressed on a case-by-case basis.

Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to the Tennessee Housing Development Agency, Andrew Jackson Building, Third Floor, 502 Deaderick Street, Nashville, TN 37243, Attention: Community Programs Division. Potential objectors should contact the Tennessee Housing Development Agency to verify the actual last day of the objection period.

Greg Brannon
Clay County Executive

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

We can fix youth sports in America. Here's how

DANIEL PRESTON
CHICAGO TRIBUNE
(TNS)

The bleachers were packed for the 1989 Little League championship game because every kid in my community played in the same league, and if they weren't in the game, they were there to watch. Also, it was inexpensive and required no travel. After the season, we switched to the next local sport. When we made it to high school, we weren't burned out or riddled with overuse injuries. It was common to play multiple varsity sports, and the quality of play would rival what you see today, if not better, in some sports.

Times have changed, and the 2026 World Cup helps highlight that. The early success of Team USA led many fans to believe men's soccer had finally arrived in America, but it was a mirage. The hype ignored the team's losses against top European opponents before the tournament. Folarin Balogun and Malik Tillman were breakout stars, but we soon learned they were developed in systems outside the U.S. The lopsided loss to Belgium clarified what many parents could have told fans: The youth system is holding us back.

Soccer is not alone. Most youth sports in America are broken — more commercialized, time-intensive, travel-oriented and cost-prohibitive than ever. To make matters worse, teams increasingly expect a year-round commitment, incentivizing specialization before puberty. This prohibits the physical and mental benefits that come from being a multisport athlete and dampens the joy kids should experience in sports.

No one should be surprised to see cases of youth injuries rising and kids quitting sports before they turn 13.

As a professor, I focus on what leads some societies to achieve higher levels of prosperity and others to decline or remain underdeveloped. Through my lens, the youth sports system in America resembles the institutions of many developing countries. The system has extractive elements, which blocks access for the benefit of more affluent or connected families. This has led to worse results since talent is spread widely throughout society. Reform is needed, and studying peer countries is a helpful exercise to see what's working for other societies.

Norway became an object of American fascination during the World Cup. It turns out that its institutions are designed for successful youth development. There is no travel or specialization before age 13. It's inexpensive, local and accessible to all kids. The government invests in community sports and implements protections for children. The system retains more kids playing sports and makes it fun and social, which in turn keeps the talent pool as deep as possible. The point is promoting a healthy life, not professional stardom.

the medal count at the Olympics is even more impressive for a small country.

I like to point to Portugal as another model to consider, which promotes access for kids and produces a disproportionate number of great soccer players per capita. My wife and I had front-row seats, since our boys participated in their system. To start, primary school has more recess time and after-school programs than in the U.S. Kids simply spend more time playing sports at school daily, which includes a lot of open-play soccer.

Beyond school, Portuguese youth sports are run through sporting clubs and neighborhood associations with national oversight of the system. Soccer is the dominant sport, and many clubs form "escolas de futebol," or soccer schools, run on a year-round basis. They prioritize player development over winning. Fees are much lower than in the U.S, and the kids are coached by former players. You train two to three times per week in your age cohort; for our kids, practices were highly productive with four coaches running different stations. If "called up" by the coaches Thursday, the kids play one game Saturday for a team at their skill level.

All games are within a reasonable travel distance, and there are no weekend tournaments. The system respects family time, so there are no practices or games Sundays, holidays and school breaks. This also prevents burnout and gives time for recovery to lower injury risks.

When I pivot back to the U.S, I arrive at five institutional changes informed by lessons learned from Norway, Portugal and other countries. First, elementary schools should meaningfully increase recess time by lengthening the school day; recess is where kids develop creative, athletic and social skills in kid-regulated games. Local government authorities need to increase their investment in youth facilities and leagues to ensure full access to a quality nontravel alternative through age 12. Next, middle schools require more resources to offer the same sports as high schools to guarantee equitable access for all teenagers. For youth travel teams, a state-level body should be established to set age-appropriate guidelines on games, practices, travel and tournaments. Lastly, the state should provide vouchers to subsidize fees at nonprofit sporting associations that follow their rules.

I was recently back in Portugal, and my kids were able to train with a local soccer coach. Casually, I asked him: "What would be an easy way to improve soccer in America?" He replied: "Prohibit parents from coaching competitive teams."

I laughed because I thought he was joking. He wasn't.

Daniel Preston is a clinical professor at Indiana University. He also serves as an executive board member of a nonprofit youth sports club in Bloomington, Indiana.

PUBLIC NOTICE

The **West Warren-Viola Utility District (WWVUD)** will be conducting a PUBLIC MEETING on October 26, 2026, at 6:05 P.M., local time, at WWVUD's Office, 141 Sunny Acres Road, Morrison, TN 37357 to provide information about WWVUD's application for a **Drinking Water State Revolving Fund Loan** with Partial Principal Forgiveness in the amount of $8,000,000 (Eight Million Dollars) to construct the proposed project titled Distribution System Improvements. The project will consist of the installation of a 1,000 gallon per minute pumping station, and replacement of approximately 50,000 linear feet of water lines and related system improvements, subject to compliance with all state and federal regulation. This meeting is being held to discuss the project, and the resulting impact on monthly water bills. It is noted that 30% of that amount ($2.4M) will be in the form of principal forgiveness and will not have to be repaid.

Any questions or comments should be directed to the West Warren-Viola Utility District Office located at 141 Sunny Acres Road, Morrison, TN 37357 or (931) 259-4060 during normal business hours 8:00-4:30, Monday thru Friday.

Public Notice:

The Tennessee Department of Safety & Homeland Security proposes the construction of a 180-ft above ground level (AGL) (199-ft AGL overall with appurtenances) self-support lattice communications tower to be located at 2512 Great Falls Road (State Route 287) in Rock Island, TN 38581 (Warren County Parcel ID: 018 003.00). The proposed communications tower will be located at latitude: N 35° 48' 27.1", longitude W 85° 38' 42.5" (NAD 83) and is not required to be marked or lit by the FAA for aviation safety. The proposed communications tower can be identified by FCC Form 854 File Number A1396894. Interested persons may comment or raise environmental impact concerns about the proposed action by filing a Request for Environmental Review with the FCC. The FCC strongly encourages all interested parties to make such filings online, following the instructions found at www.fcc.gov/asr/environmentalrequest. Paper filings of any Request for Environmental Review must be accompanied by a request for waiver of the electronic filing requirement and can be sent to: FCC Requests for Environmental Review, Attn: Ramon Williams, 445 12th Street SW, Washington, DC 20554.

According to the survey and description of Vonda Bozarth Harpole, TRLS No. 1948, dated March 9, 1999.
095 064.00 000
Title to the above described property conveyed to Robert V. McCullough from Calvin W. Coolidge and Rosanna R. Coolidge by Warranty Deed dated June 9, 2010 and recorded June 14, 2010 in Book 308, Page 385 or Instrument No. 91268.
Street Address: The street address of the property is believed to be 600 Guthrie Road, Paris, TN 38242, but such address is not part of the legal description of the property. In the event of any discrepancy, the legal description herein shall control.
Map/Parcel Number: 095-064.00-000
Current owner(s) of Record: Robert V. Mccullough
This sale is subject to all matters shown on any applicable recorded Plat or Plan; any unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of Trust, including rights of redemption of any government agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, defects, adverse claims and other matters that may take priority over the Deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this Foreclosure Sale.
THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.
The right is reserved to postpone or adjourn the sale to another specified time certain or to another date, time, and location certain, without further newspaper publication upon announcement by posting with the third-party internet posting company and announced on the date, time, and location of sale set forth above or any subsequent postponed or adjourned date, time, and location of sale; provided, however if the sale is postponed or adjourned for less than five (5) days after the original sale, announcement by internet posting is not required.
If you purchase a property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified check made payable to or endorsed to Padgett Law Group. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the lender and any other bidders. Insufficient funds will not be accepted. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.
This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be rescinded by the Substitute Trustee at any time.
This Notice of Sale has been posted by Capital City Posting and can be viewed online at CapitalCityPostings.com.

Substitute Trustee's Notice of Sale

Sale at public auction will be on November 17, 2026, at or about 2:00 PM, local time, at the front door of the Decatur County Courthouse, 22 West Main Street, Decaturville, TN 38329, pursuant to the Deed of Trust executed by KAYLA RENEE MAYS, UNMARRIED, to Craig R Allen of Hamilton County, Tennessee, as Trustee for Green Tree Servicing LLC dated January 28, 2015, and recorded in Book 299, Page 444, Instrument Number 15070017, in the Register's Office for Decatur County, Tennessee ("Deed of Trust"), conducted by Padgett Law Group, having been appointed Substitute Trustee, all of record in the Decatur County Register's Office. Default in the performance of the covenants, terms, and conditions of said Deed of Trust has been made; and the entire indebtedness has been declared due and payable.

Party entitled to enforce the debt: U.S. Bank National Association, not in its individual capacity but solely as Trustee of the NRZ Pass-Through Trust XI

Other interested parties: Decatur County General Hospital

The hereinafter described real property located in Decatur County will be sold to the highest call bidder subject to all unpaid taxes, prior liens and encumbrances of record:

Legal Description: BEING the Northern most portion of Lots No. Eleven (11) and Twelve (12) of Block 37 of the Henry Myracle Subdivision, the Town of Parsons, and being more particularly described as follows:

BEGINNING at a point located in the Western margin of Carolina Avenue, the same point being 100 feet North of the intersection of Carolina Avenue and 7th Street, runs thence West by severance line with the remaining portion of Lots No. Eleven (11), and Twelve (12) a distance of 100 feet to the Eastern margin of Lot Ten (10); thence North 50 feet with the Eastern margin of Lot Ten (10) to an alley; thence East with the Southern margin of said alley 100 feet to the Western margin of Carolina Avenue; thence South with the Western margin of Carolina Avenue 50 feet to the point of beginning,

This being the same property conveyed to Debra K. Jones from Sonny Austin Rice by deed dated 4/29/95 and recorded in DB 127 page 735 in the Register`s Office of Decatur County, TN.

Being the same property conveyed to Green Tree Servicing LLC by Substitute Trustee Deed recorded 4/24/2014 in Bk 292 pg 589-591

Being the same property conveyed by deed dated January 28th, 2015 from Green Tree Servicing LLC to Kayla Renee Mays which is being recorded simultaneously herewith.

Street Address: The street address of the property is believed to be 208 Carolina Avenue, Parsons, TN 38363, but such address is not part of the legal description of the property. In the event of any discrepancy, the legal description herein shall control.

Map/Parcel Number: 052D E 006.01 000

Current owner(s) of Record: Kayla Renee Mays

This sale is subject to all matters shown on any applicable recorded Plat or Plan; any unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of Trust, including rights of redemption of any government agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, defects, adverse claims and other matters that may take priority over the Deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this Foreclosure Sale.

THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

The right is reserved to postpone or adjourn the sale to another specified time certain or to another date, time, and location certain, without further newspaper publication upon announcement by posting with the third-party internet posting company and announced on the date, time, and location of sale set forth above or any subsequent postponed or adjourned date, time, and location of sale; provided, however if the sale is postponed or adjourned for less than five (5) days after the original sale, announcement by internet posting is not required.

If you purchase a property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified check made payable to or endorsed to Padgett Law Group. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the lender and any other bidders. Insufficient funds will not be accepted. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be rescinded by the Substitute Trustee at any time.

This Notice of Sale has been posted by Capital City Posting and can be viewed online at CapitalCityPostings.com.

NOTICE OF SUBSTITUTE TRUSTEE'S SALE

WHEREAS, default has occurred in the performance of the covenants, terms, and conditions of a Deed of Trust dated March 23, 2007, executed by HAROLD T. EDDINS AND BRANDY EDDINS, HUSBAND AND WIFE, to JAMES M. MARSHALL, ATTY., as Trustee for MORTGAGE ELECTRONIC REGISTRATION SYSTEMS, INC., AS BENEFICIARY, AS NOMINEE FOR FRANKLIN AMERICAN MORTGAGE COMPANY, its successors and assigns, recorded on March 28, 2007 in Book DT439, Page 736, in Instrument Number: 07064035, in the Register of Deeds Office for Giles County, Tennessee, to which reference is hereby made; and

WHEREAS, FEDERAL HOME LOAN MORTGAGE CORPORATION, AS TRUSTEE FOR THE BENEFIT OF THE FREDDIE MAC SEASONED LOANS STRUCTURED TRANSACTION TRUST, SERIES 2020-2, hereinafter "Creditor", the party entitled to enforce said security interest, having appointed Robertson, Anschutz, Schneid, Crane & Partners, PLLC, as Substitute Trustee.

NOW, THEREFORE, notice is hereby given that the entire indebtedness has been declared due and payable, and that Robertson, Anschutz, Schneid, Crane & Partners, PLLC, as Substitute Trustee, or its agent, by virtue of the power, duty, and authority vested in and imposed upon said Substitute Trustee, will, on November 13, 2026, at 11:00 AM local time, at the Giles County Courthouse, One Public Square, Pulaski, TN 38478, in Giles County, Tennessee, offer for sale certain property hereinafter described to the highest bidder for cash or certified funds paid at the conclusion of the sale, or credit bid from a bank or other lending entity pre-approved by the Substitute Trustee. The property to be sold is described as follows:

LAND IN GILES COUNTY, TENNESSEE, BEING LOT 4, CARVELL HILLS SUBDIVISION - BUES ADDITION, AS SHOWN ON PLAT OF RECORD IN PLAT CABINET 1, PAGE 1498, IN THE REGISTER'S OFFICE, GILES COUNTY, TENNESSEE, TO WHICH PLAT REFERENCE IS HEREBY MADE FOR A MORE PARTICULAR DESCRIPTION OF SAID PROPERTY.

BEING THE SAME PROPERTY CONVEYED BY SUCCESSOR TRUSTEE'S DEED FROM ROBERT S. COLEMAN, JR., AS SUCCESSOR TRUSTEE TO NOVASTAR MORTGAGE, INC, AS RECORDED ON THE 15TH DAY OF SEPTEMBER, 2006 IN BOOK D326, PAGE 691 AND DEED FROM WENDELL WILBURN AND WIFE, JANEY WILBURN TO CHRISTIE E. LEE AS RECORDED ON THE 5TH DAY OF NOVEMBER, 2004 IN BOOK D317, PAGE 270, IN THE REGISTER'S OFFICE OF GILES COUNTY, TENNESSEE.

Commonly known as: **203 ROBIN HOOD RD PULASKI, TN 38478**

Parcel number(s): 087 030.07 000

In the event of a discrepancy between the legal description, the street address, and/or the parcel number(s), the legal description shall control.

The sale is subject to the following: tenant(s)/occupant(s) rights in possession, if any; all matters shown on any applicable recorded plat; any unpaid taxes; any restrictive covenants, easements, or setback lines that may be applicable; any statutory rights of redemption of any state or federal governmental agency; any prior liens or encumbrances; any priority created by a fixture filing; and any matter that an accurate survey of the property might disclose. Additionally, the following parties might claim an interest in the property: **HAROLD T. EDDINS; BRANDY EDDINS; BEST CHOICE ROOFING TENNESSEE LLC.**

If the United States, the State of Tennessee, or any agency thereof have any liens on the property and are named herein as interested parties, timely notice has been given to them in accordance with applicable law, and the sale will be subject to any applicable rights of redemption held by such entities, as required by 26 U.S.C. § 7425 and/or T.C.A. § 67-1-1433.

The property will be sold AS IS, WHERE IS, WITH ALL FAULTS, and without warranty of any kind, express or implied, as to the condition of the property or any improvements thereon, including but not limited to merchantability or fitness for a particular purpose. The Substitute Trustee makes no covenant of seisin or warranty of title, express or implied, and will only convey the property by Substitute Trustee's Deed. Except as noted above, all right and equity of redemption, statutory or otherwise, homestead, and exemption are expressly waived in the Deed of Trust.

The sale held pursuant to this notice is subject to the express reservation that it may be rescinded by the Substitute Trustee at any time. If the sale is rescinded for any reason, the purchaser shall only be entitled to a refund of funds tendered to purchase the subject property, and shall have no further or other recourse against Creditor, the Substitute Trustee, or their successor(s), assign(s), agent(s), and attorney(s). The right is reserved to adjourn the sale to another day, time, and place certain, without further publication, upon announcement at the time and place for the sale set forth above. Notice of such adjournment will also be mailed to interested parties when required by applicable law.

NOTICE TO MICHAEL SHANE SPIRES

The State of Tennessee, Department of Children's Services, has filed a petition against you regarding the termination of your parental rights as to the minor child, C.K.S., DOB: 04/12/23. It appears that the ordinary process of law cannot be served upon you because your whereabouts are unknown. You are hereby ORDERED to appear in the Juvenile Court of Giles County, located at 127 N. 1st St., Pulaski, Tennessee 38478 for the final hearing on the Department of Children's Services' Petition for Termination of Parental Rights set to be heard on the 21st day of December 2026 at 9:00 a.m. to personally answer the Petition for Termination of Parental Rights, or serve upon Shaun Noblit, Associate General Counsel, Department of Children's Services, 631 E. Madison St., Pulaski, TN 38478 an answer to said petition within 30 days of the last date of publication of this notice. Failure to appear for the final hearing on this date and time, without good cause, pursuant to Rule 39(c)(3) of the Tennessee Rules of Juvenile Procedure and the Tennessee Rules of Civil Procedure will result in a loss of your right to contest the petition to terminate your parental rights to the above-mentioned child. You may view and obtain a copy of the Petition and any other subsequently filed legal documents at the Juvenile Court located at 127 N. 1st St., Pulaski, TN 38478.

ROBERT C. RICHARDSON
JUVENILE COURT JUDGE

APPROVED FOR ENTRY:
Shaun J. Noblit, BPR# 038448
Associate General Counsel

SUBSTITUTE TRUSTEE'S NOTICE OF SALE

Sale at public auction will be on November 9, 2026 at 11:00AM local time, at the front door, Hardin County Courthouse, 465 Main Street, Savannah, Tennessee pursuant to Deed of Trust executed by Darla Turner and Ray Turner, to Larry A. Weissman, Trustee, as trustee for Mortgage Electronic Registration Systems, Inc., as beneficiary, as nominee for SunTrust Mortgage, Inc., its successors and assigns on October 24, 2008 at Record Book 483, Page 48-63; conducted by LLG Trustee TN LLC, having been appointed Substitute or Successor Trustee, all of record in the Hardin County Register's Office. Default has occurred in the performance of the covenants, terms, and conditions of said Deed of Trust and the entire indebtedness has been declared due and payable.

Party Entitled to Enforce the Debt: Truist Bank, its successors and assigns.

The real estate located in Hardin County, Tennessee, and described in the said Deed of Trust will be sold to the highest call bidder. The terms of the said Deed of Trust may be modified by other instruments appearing in the public record. Additional identifying information regarding the collateral property is below and is believed to be accurate, but no representation or warrant is intended.

Street Address: 990 Yellow Creek Lane, Counce, Tennessee 38326

Parcel Number: 174K A 027.00

Current Owner(s) of Property: The Gregory Allen Fortune Trust, dated May 31, 2012

This sale is subject to all matters shown on any applicable recorded Plat or Plan; any unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of Trust, including rights of redemption of any government agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, including those created by a fixture filing or any applicable homeowners' association dues or assessments; any defects, adverse claims and other matters that may take priority over the Deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this Foreclosure Sale; all claims or other matters, whether recorded or not, which may encumber the purchaser's title and any matter that an accurate survey of the premises might disclose.

The following parties may claim an interest in the above-referenced property to be affected by the foreclosure: any judgment creditor or lien holder with an interest subordinate to the said Deed of Trust or any party claiming by, though, or under any of the foregoing. Such parties known to the Substitute Trustee may include: All parties claiming by, through or under Darla Turner.

Terms of Sale will be public auction, for cash, free and clear of rights of homestead, redemption and dower to the extent disclaimed or inapplicable, and the rights of Darla Turner and Ray Turner, and those claiming through him/her/it/them.

Any right of equity of redemption, statutory and otherwise, and homestead are waived in accord with the terms of said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

The right is reserved to postpone or adjourn the sale to another time certain or to another specified date, time, and location certain, without further newspaper publication upon announcement by posting with the third-party internet posting company and announcing on the date, time, and location of each sale set forth above or any subsequent postpone or adjourned date, time, and location of sale; provided, however if the sale is postponed or adjourned for less than five (5) days after the original sale, announcement by internet posting is not required.

If you purchase a property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified/bank check made payable to or endorsed to LOGS Legal Group LLP. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the lender and any other bidders. Insufficient funds will not be accepted. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be rescinded only by the Substitute Trustee at any time. If the Substitute Trustee rescinds the sale, the purchaser shall only be entitled to a return of any money paid towards the purchase price and shall have no other recourse. Once the purchaser tenders the purchase price, the Substitute Trustee may deem the sale final in which case the purchaser shall have no remedy. The real property will be sold AS IS, WHERE IS, with no warranties or representations of any kind, express or implied, including without limitation, warranties regarding condition of the property or marketability of title.

THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

NOTICE TO CREDITORS
THE ESTATE OF WILLIAM FOX

Notice is hereby given that on the 2nd day of October 2026, Letters of Administration, in respect to the estate of William Fox, deceased, who died on February 6, 2026, were issued to the undersigned, by the Clerk and Master of the Probate Division of the Chancery Court for Hardin County, Tennessee. All persons, resident, and nonresident, having claims, matured or unmatured, against the estate are required to file the same in triplicate with the Clerk of the above-named court on or before the earlier of the dates prescribed in (1) or (2); otherwise, their claims will be forever barred:

(1) (A) Four (4) months from the date of the first publication (or posting, as the case may be) of this notice if the creditor received an actual copy of this notice to creditors at least sixty (60) days before the date that is four (4) months from the date of the first publication (or posting); or

(B) Sixty (60) days from the date the creditor received an actual copy of the notice to creditors if the creditor received the copy of the notice less than sixty (60) days prior to the date that is four (4) months from the date of the first publication (or posting) as described in (1)(A); or

(2) Twelve (12) months from the decedent's date of death.

This the 2nd day of October 2026.

/s/ Alexandra B. Langsdon, Attorney for the Petitioner
/s/ Jennifer Fielder, Clerk and Master (1082tp)

NOTICE OF TRUSTEE'S SALE

WHEREAS, by deed of trust dated the 4th day of March, 2022, of record in the Register's Office for Hardin County, Tennessee, in Record Book 793, page 232, JEFFERY GARRARD and wife, WENDY GARRARD, did convey their interest in trust to J. Gilbert Parrish, Jr., Trustee, in and to certain realty hereinafter described to secure the payment of the promissory note payable to the order of WAYNE JERROLDS, and

WHEREAS, said deed of trust further provides that in the event of default in the payment of said note and interest when due the entire indebtedness shall, at the option of the holder and owner thereof, become due and payable, and

WHEREAS, default has been made in the payment of certain installments of said note now due, and the holder and owner of said note, WAYNE JERROLDS has declared the entire amount due and payable and has instructed the undersigned trustee to foreclose on said deed of trust.

NOW, THEREFORE, by the virtue of the authority vested in me as said Trustee under said instrument, I will on the 30th day of October, 2026, offer for sale and will sell in front of the East Door of the Courthouse in Savannah, Tennessee, at the hour of 10:00 o'clock a.m. to the last, highest and best bidder for cash in hand and in bar of the equity of redemption on the following described tract of land situated in Hardin County, Tennessee, and particularly described as follows:

Early voting begins in Hardin County

Voters encouraged to review proposed constitutional amendments before casting their ballot

Early voting for the November 3 election began on October 14, and continues through October 29, providing voters with a convenient opportunity to cast their ballot before Election Day.

Kim Melson, Administrator of Elections, encourages voters to take advantage of the early voting period and prepare in advance by reviewing their ballot, including the three proposed constitutional amendments that will appear on this year's ballot.

"Early voting provides voters with flexibility and convenience," said Melson. "Before heading to the polls, voters should review the proposed constitutional amendments so they can make informed decisions and help keep lines moving efficiently for everyone."

"Early voting provides Tennesseans with a convenient opportunity to cast their ballot on a schedule that works for them," added Tennessee Secretary of State Tre Hargett. "Before voting, I encourage all voters to review the three proposed constitutional amendments and visit GoVoteTN.gov for trusted election information."

Election officials note that constitutional amendment questions often contain language that may require additional time to review and consider. Voters who familiarize themselves with the amendments beforehand can spend more time making informed decisions and less time reading lengthy ballot language in the voting booth.

Early Voting Information

Early Voting Dates: October 14-29

Know Before You Go

Before visiting the polls, voters are encouraged to:

• Verify their voter registration status.

• Review a sample ballot.

• Read the proposed constitutional amendments.

• Those voting early or on Election Day must present a current or expired photo ID issued by the federal or Tennessee state government when you vote in person. College student IDs, non-U.S. Citizen ID's and IDs issued by local governments or other states are not accepted. To learn more about exemptions and how to get a free photo ID, along with more information about early voting, visit your trusted source for election information, GoVoteTN.gov.

SUBSTITUTE TRUSTEE'S NOTICE OF SALE

Sale at public auction will be on November 19, 2026 at 11:00AM local time, at the south door, Bedford County Courthouse, 1 Public Square, Shelbyville, Tennessee pursuant to Deed of Trust executed by Amber Stemple, to Yale Riley, Trustee, as trustee for Mortgage Electronic Registration Systems, Inc. ("MERS") as nominee for Quicken Loans, Inc., its successors and assigns on November 1, 2018 at Book TD917, Page 831, Instrument No. 18007454; conducted by LLG Trustee TN LLC, having been appointed Substitute or Successor Trustee, all of record in the Bedford County Register's Office. Default has occurred in the performance of the covenants, terms, and conditions of said Deed of Trust and the entire indebtedness has been declared due and payable.

Party Entitled to Enforce the Debt: Rocket Mortgage, LLC, its successors and assigns.

The real estate located in Bedford County, Tennessee, and described in the said Deed of Trust will be sold to the highest call bidder. The terms of the said Deed of Trust may be modified by other instruments appearing in the public record. Additional identifying information regarding the collateral property is below and is believed to be accurate, but no representation or warrant is intended.

Street Address: 203 Taylor Creek Lane, Chapel Hill, Tennessee 37034

Parcel Number: 025P A 010.00

Current Owner(s) of Property: Amber Stemple

This sale is subject to all matters shown on any applicable recorded Plat or Plan; any unpaid taxes and assessments; any restrictive covenants, easements or setback lines that may be applicable; rights of redemption, equity, statutory or otherwise, not otherwise waived in the Deed of Trust, including rights of redemption of any government agency, state or federal; and any and all prior deeds of trust, liens, dues, assessments, encumbrances, including those created by a fixture filing or any applicable homeowners' association dues or assessments; any defects, adverse claims and other matters that may take priority over the Deed of Trust upon which this foreclosure sale is conducted or are not extinguished by this Foreclosure Sale; all claims or other matters, whether recorded or not, which may encumber the purchaser's title and any matter that an accurate survey of the premises might disclose.

The following parties may claim an interest in the above-referenced property to be affected by the foreclosure: any judgment creditor or lien holder with an interest subordinate to the said Deed of Trust or any party claiming by, though, or under any of the foregoing. Such parties known to the Substitute Trustee may include: Bank of America.

Terms of Sale will be public auction, for cash, free and clear of rights of homestead, redemption and dower to the extent disclaimed or inapplicable, and the rights of Amber Stemple, and those claiming through him/her/it/them.

Any right of equity of redemption, statutory and otherwise, and homestead are waived in accord with the terms of said Deed of Trust, and the title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

The right is reserved to postpone or adjourn the sale to another time certain or to another specified date, time, and location certain, without further newspaper publication upon announcement by posting with the third-party internet posting company and announcing on the date, time, and location of each sale set forth above or any subsequent postpone or adjourned date, time, and location of sale; provided, however if the sale is postponed or adjourned for less than five (5) days after the original sale, announcement by internet posting is not required.

If you purchase a property at the foreclosure sale, the entire purchase price is due and payable at the conclusion of the auction in the form of a certified/bank check made payable to or endorsed to LOGS Legal Group LLP. No personal checks will be accepted. To this end, you must bring sufficient funds to outbid the lender and any other bidders. Insufficient funds will not be accepted. Amounts received in excess of the winning bid will be refunded to the successful purchaser at the time the foreclosure deed is delivered.

This property is being sold with the express reservation that the sale is subject to confirmation by the lender or trustee. This sale may be rescinded only by the Substitute Trustee at any time. If the Substitute Trustee rescinds the sale, the purchaser shall only be entitled to a return of any money paid towards the purchase price and shall have no other recourse. Once the purchaser tenders the purchase price, the Substitute Trustee may deem the sale final in which case the purchaser shall have no remedy. The real property will be sold AS IS, WHERE IS, with no warranties or representations of any kind, express or implied, including without limitation, warranties regarding condition of the property or marketability of title.

THE PROPERTY IS SOLD WITHOUT ANY REPRESENTATIONS OR WARRANTIES, EXPRESSED OR IMPLIED, RELATING TO TITLE, MARKETABILITY OF TITLE, POSSESSION, QUIET ENJOYMENT OR THE LIKE AND FITNESS FOR A GENERAL OR PARTICULAR USE OR PURPOSE. The title is believed to be good, but the undersigned will sell and convey only as Substitute Trustee.

NOTICE OF TRUSTEE'S SALE

WHEREAS, default has occurred in the performance of the covenants, terms, and conditions of a Deed of Trust Note dated June 17, 2021, and the Deed of Trust of even date securing the same, recorded June 21, 2021, in Book No. TD1011, at Page 878, in Office of the Register of Deeds for Bedford County, Tennessee, executed by Frank A Koski and Barbara A Henke Koski, conveying certain property therein described to Foundation Title & Escrow Series, LLC as Trustee for Mortgage Electronic Registration Systems, Inc., as beneficiary, as nominee for Guaranteed Rate, Inc., its successors and assigns; and the undersigned, Foundation Legal Group, LLP fka Wilson & Associates, P.L.L.C., having been appointed Successor Trustee by Lakeview Loan Servicing, LLC.

NOW, THEREFORE, notice is hereby given that the entire indebtedness has been declared due and payable; and that an agent of Foundation Legal Group, LLP fka Wilson & Associates, P.L.L.C., as Successor Trustee, by virtue of the power, duty, and authority vested in and imposed upon said Successor Trustee, by Lakeview Loan Servicing, LLC, will, on December 1, 2026 on or about 12:00 PM, at the At the main entrance to the Bedford County Courthouse 1 Public Square, Shelbyville, TN 37160, offer for sale certain property hereinafter described to the highest bidder FOR certified funds paid at the conclusion of the sale, or credit bid from a bank or other lending entity pre-approved by the successor trustee. The sale is free from all redemptions, which are expressly waived in the Deed of Trust, said property being real estate situated in Bedford County, Tennessee, and being more particularly described as follows:

The Land referred to herein below is situated in the County of BEDFORD, State of TENNESSEE, and is described as follows: Being Lot 97, MCKEESPORT, Phase 2, Section 1, as shown on plat of record in Plat Book PLE2, Page 325 (a/k/a Plat Cabinet E, Slide 325), in the Register's Office, Bedford County, Tennessee, to which plat reference is hereby made for a more particular description of said property.

ALSO KNOWN AS: 619 Tines Dr, Shelbyville, TN 37160

This sale is subject to all matters shown on any applicable recorded plat; any unpaid taxes; any restrictive covenants, easements, or setback lines that may be applicable; any statutory rights of redemption of any governmental agency, state or federal; any prior liens or encumbrances as well as any priority created by a fixture filing; and to any matter that an accurate survey of the premises might disclose. In addition, the following parties may claim an interest in the above-referenced property:

FRANK A KOSKI
BARBARA A HENKE KOSKI
HARPETH FINANCIAL SERVICES, LLC D/B/A ADVANCE FINANCIAL

The sale held pursuant to this Notice may be rescinded at the Successor Trustee's option at any time. The right is reserved to adjourn the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above. In the event of inclement weather, the trustee hereby announces that the sale will be postponed and that notices of said postponement for inclement weather will be mailed to interested parties of record. As of July 1, 2025, notices pursuant to Tennessee Code Annotated §35-5-101 et seq. are posted online at www.internetpostings.com by a third-party internet posting company. FLG No. 367705

In this cause it appears to the court that the whereabouts of Respondents, Eric Stoglin, Allen Stoglin, and the Unknown Heirs of Bonnie D. Summers, are unknown, and the ordinary process of law cannot be served upon them. It is therefore ordered that publication be made for four (4) consecutive weeks in the Smithville Review, a newspaper published in DeKalb County, Tennessee, notifying and requiring the said Respondents, Eric Stoglin, Allen Stoglin, and the Unknown Heirs of Bonnie D. Summers, to serve upon Scott A. Hodge, Attorney and Administrator, whose address is 610 E. 1st North Street, Morristown, TN 37814, an defense to said Petition to Sell Real Property, served upon the Respondent by this publication within thirty (30) days from the last date of publication of this notice, exclusive of said publication, or a judgment by default will be taken against Eric Stoglin, Allen Stoglin, and the Unknown Heirs of Bonnie D. Summers for the relief demanded in the Petition to Sell Real Property.
This 25th day of September, 2026.

The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

DEKALB COUNTY, TENNESSEE
NOTICE TO BIDDERS
PRESSURE WASHING SERVICES

DeKalb County is accepting sealed bids from qualified contractors for pressure washing services at the following DeKalb County properties:

1. DeKalb County Courthouse
Pressure washing services shall include:
- Exterior surfaces of the Courthouse building
- All porches
- Steps
- Sidewalks surrounding the building
- Removal of dirt, grime, stains, mildew, algae, and other buildup from applicable surfaces

2. DeKalb County Complex Building
Pressure washing services shall include:
- Exterior surfaces of the Complex building
- All porches
- Steps and walkways associated with the building
- Removal of dirt, grime, stains, mildew, algae, and other buildup from applicable surfaces

3. DeKalb County Farmers Market
Pressure washing services shall include:
- Entire Farmers Market floor and building
- Removal of dirt, stains, food residue, mildew, algae, and other buildup
- Cleaning of applicable surrounding areas as directed by the County Mayor

BID REQUIREMENTS
Contractors submitting a bid shall provide a total lump-sum price for the pressure washing services described above. The bid price should include all labor, equipment, cleaning solutions, supplies, transportation, insurance, and any other costs necessary to complete the work.
The successful bidder shall be responsible for providing all necessary equipment and shall perform the work in a professional and workmanlike manner.
The contractor shall take reasonable precautions to protect buildings, landscaping, fixtures, vehicles, and other County property from damage during the cleaning process.
All work shall be coordinated with DeKalb County Mayor Patrick Ray prior to beginning.
BID SUBMISSION
Sealed bids should be clearly marked and submitted to:

DEKALB COUNTY, TENNESSEE
REQUEST FOR SEALED BIDS
PORTABLE TOILETS AND ENCLOSED HAND-WASHING STATIONS

DeKalb County, Tennessee, is requesting sealed bids from qualified and responsible vendors for the furnishing, delivery, placement, servicing, maintenance, and removal of portable toilet units and enclosed hand-washing stations at designated locations throughout DeKalb County.
Portable toilet units may include an integrated hand-washing station incorporated into the toilet unit, or the vendor may provide separate enclosed hand-washing stations. Separate enclosed hand-washing stations will be considered as an acceptable substitute for an integrated hand-washing station.

SCOPE OF SERVICES
The successful bidder shall furnish, deliver, place, service, maintain, and remove portable toilet units and enclosed hand-washing stations as requested by DeKalb County.
Each portable toilet unit shall include, at a minimum:
- Standard portable toilet compartment
- Toilet paper and necessary restroom supplies
- Waste holding tank
- Fresh water for hand washing, where applicable
- Soap dispenser and soap
- Paper towels or an approved hand-drying system
- Enclosed hand-washing station, when bid as a separate unit
- Delivery and placement of units
- Routine cleaning and sanitizing
- Pumping and waste removal
- Replenishment of fresh water and restroom supplies
- Maintenance and repairs as needed
- Pickup and removal of units upon request

All units and hand-washing stations shall be maintained in a clean, sanitary, safe, and serviceable condition throughout the rental period.

BID REQUIREMENT
DeKalb County is requesting pricing for eight (8) portable toilet units, with or without integrated hand-washing stations.
Hand-washing stations, whether incorporated into the portable toilet unit or provided separately, must be enclosed.
Vendors may submit pricing for:
1. Portable toilets with integrated enclosed hand-washing stations;
2. Portable toilets without integrated hand-washing stations, with separate enclosed hand-washing stations; or
3. Both options.

BID PRICING
The bidder shall provide a monthly price per unit and shall clearly identify all costs associated with the services requested in this bid.

SERVICE REQUIREMENTS
The vendor shall provide regular servicing and cleaning of each portable toilet and hand-washing station at a frequency agreed upon by DeKalb County.
Additional servicing may be requested by the County, when necessary, due to increased usage, special events, weather conditions, sanitary concerns, or other circumstances.
The vendor shall respond to service, maintenance, or emergency requests from the County within twenty-four (24) hours of notification.
The vendor shall be responsible for maintaining all units in compliance with applicable health, sanitation, safety, and environmental requirements.

UNIT LOCATIONS
Portable toilet units and hand-washing stations shall be delivered and serviced at the following locations within DeKalb County, Tennessee:
1. **3061 Blue Springs Road, Smithville, TN 37166**
2. **16310 Smithville Highway, Silver Point, TN 38582**
3. **105 Preston Vickers Road, Liberty, TN 37095**
4. **3563 Keltonburg Road, Smithville, TN 37166**
5. **483 Wright Bend Road, Smithville, TN 37166**
6. **3339 Allen Ferry Road, Smithville, TN 37166**
7. **4201 McMinnville Highway, Smithville, TN 37166**
8. **2760 Temperance Hall Road, Liberty, TN 37095**

MONTHLY BID PRICE
NOTE: The bid price shall be based upon the **monthly cost for each of the eight (8) portable toilet units,** with or without integrated enclosed hand-washing stations, and shall clearly identify the cost of cleaning, servicing, pumping, waste removal, fresh water, restroom supplies, and any separate enclosed hand-washing stations. Separate enclosed hand-washing stations will be considered as a substitute for an integrated hand-washing station.
Any additional fees or charges not specifically identified in the bid shall be clearly disclosed by the bidder.
BID SUBMISSION
Sealed bids shall be submitted to:
DeKalb County Mayor's Office
County Mayor Patrick R. Ray
"PORTABLE TOILETS SEALED BID"
1 Public Square, Room 204
Smithville, TN 37166
BID OPENING
Bid Opening Date: October 21, 2026
Bid Opening Time: 12:00 P.M. (Noon)
Bids must be received by the date and time specified above. Late bids will not be considered.
The outside of the sealed bid envelope shall clearly identify:
"PORTABLE TOILETS SEALED BID"

COUNTY RIGHTS
DeKalb County reserves the right to accept or reject any or all bids, to waive minor irregularities in the bidding process, and to make the award in accordance with applicable DeKalb County purchasing requirements and applicable Tennessee law.
DeKalb County reserves the right to request clarification from any bidder regarding information contained in a submitted bid.

NON-DISCRIMINATION / EQUAL OPPORTUNITY
DeKalb County, Tennessee Government prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, sex, marital status, religion, sexual orientation, genetic information, or political beliefs.
DeKalb County, Tennessee Government is an Equal Employment Opportunity (EEO) Employer, is committed to fair and open procurement practices, and complies with applicable Title VI provisions.

DEKALB COUNTY, TENNESSEE
INVITATION TO BID
AGRICULTURAL LEASE – SMITH ROAD PROPERTY

DeKalb County, Tennessee Government is accepting sealed bids for the agricultural lease of approximately 33 acres of county-owned property commonly known as the Smith Road Property, identified as Parcel Number 065 030.10.

PROPERTY DESCRIPTION
The property consists of approximately 33 acres owned by DeKalb County, Tennessee Government and located at the Smith Road Property.

TERM OF AGREEMENT
The lease agreement shall be for a period of one (1) year from the date of execution, or until the annual row crop has been harvested, whichever occurs first.

PERMITTED USE
The property shall be used solely for agricultural purposes and shall be limited to annual row crops.

BID REQUIREMENT
Bidders shall submit a total bid price for the approximately 33 acres.

The successful bidder shall be responsible for complying with all terms and conditions of the lease agreement.

RESTRICTIONS REGARDING NEW DEKALB COUNTY JAIL CONSTRUCTION
1. Farming operations shall not occur within any area designated for construction of the new DeKalb County Jail.
2. The Lessee shall not interfere with, obstruct, or hinder construction activities or operations related to the new jail project.
3. The Lessee shall not block or impede access to any designated construction or operational areas associated with the jail project.

BID SUBMISSION
All sealed bids should clearly identify the bid as:
"SMITH ROAD PROPERTY AGRICULTURAL LEASE BID"

Bids should include the bidder's name, address, telephone number, and total bid amount.

DeKalb County reserves the right to reject any or all bids and to waive any informalities in the bidding process.

Bid Deadline: October 21, 2026, at 12:00pm (NOON)

Location for Bid Submission:

PUBLIC NOTICES / RECORDS / NEWS

PUBLIC NOTICES

IN THE CHANCERY COURT FOR LAKE COUNTY, TENNESSEE

IN RE: ESTATE OF JAMES ALFRED HEARN, JR., DECEASED

No. 26-CV-122

ORDER FOR PUBLICATION

This cause came to be heard this 7 day of October 2026 on the Petition to Quiet Title filed by the Executor and the specific request therein to serve any and all other interested parties in the four (4) properties located in Lake County, Tennessee known as follows:

a. Tract 1: Map 030H D Parcel 14.00 — Approximately 3.6 Acres

b. Tract 2: Map 030 Parcel 48.00 — Approximately 13.4 Acres

c. Tract 3: Map 043 Parcel 53 — Approximately 221 Acres

d. Tract 4: Map 046 Parcel 14 — Approximately 150 Acres

Based upon the request made by the Petitioner, the Court finds good cause to serve the requested parties by running notice in the Lake County Banner, a newspaper of general circulation, for four consecutive weeks. Any interested persons in the property shall appear before the Chancery Court for Lake County Tennessee at 9:00 am on December 10, 2026 to be heard.

All of which is so ORDERED this 7 day of October, 2026.

Chancellor Tony Childress

Two Ridgely establishments inspected; daycare kitchen scores 100

RIDGELY — Two Lake County establishments were inspected during the week of September 29 through October 5, both in Ridgely.

Bright Beginnings Daycare, 122 S. Main St., scored a perfect 100 in a routine Tennessee Department of Health food service inspection October 1, with no violations noted.

Big Daddy's Meat Wagon, 205 Owl Hoot Rd., scored 98 in a routine inspection October 2. Two items were marked out of compliance without accompanying detail, covering contamination prevention during food preparation, storage and display, and wiping cloth use and storage.

The Big Daddy's record carries an inspector note stating the inspection did not get uploaded or synced to the state system, and that it was entered afterward based on the inspection report that had been emailed to the operator. An emailed copy of the October 2 report was uploaded to the establishment's permit page.

This report replaces the version issued October 5, which covered only the Bright Beginnings inspection because the second record had not yet appeared in the state database.

Inspection reports are public record. Complete reports for all Tennessee establishments are available at inspections.myhealthdepartment.com/tennessee.

This Week's Inspections at a Glance

Lake County health inspections, September 29-October 5, 2026. Source: Tennessee Department of Health.

Big Daddy's Meat Wagon — 205 Owl Hoot Rd., Ridgely

Food service, routine, October 2 — Score: 98

Items marked out of compliance, no detail given: contamination prevented during food preparation, storage and display; wiping cloths properly used and stored.

Comment: inspection did not get uploaded or synced. Entered based on the inspection report that was emailed to the operator. Emailed copy of the 10/2/26 inspection report uploaded to the permit page.

Bright Beginnings Daycare Food — 122 S. Main St., Ridgely

Food service, routine, October 1 — Score: 100

No violations noted.

The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

Coalition urges action during Domestic Violence Awareness Month

The Tennessee Coalition to End Domestic & Sexual Violence is urging residents to support prevention efforts during October's Domestic Violence Awareness Month, citing a report that found 97 Tennessee women were killed by men in single-victim, single-offender homicides in 2024.

According to the coalition's account of the Violence Policy Center report, the state's rate of women killed by men reached its highest point in nearly 30 years. In cases where the relationship was known, 75 of 87 women were killed by a man they knew, including current or former intimate partners.

Firearms were used in 73.3% of cases in which the weapon was known. Black women accounted for 46% of the women killed while making up about 17% of Tennessee's female population, the coalition said.

"These numbers are a reminder that domestic violence prevention cannot begin after a crisis," said Jennifer Escue, the coalition's CEO. "Domestic Violence Awareness Month gives us a chance to look at what is happening in our communities and ask what we can do earlier to stop abuse from escalating."

The coalition encourages residents to learn about warning signs of abuse, discuss healthy relationships and connect with local domestic violence programs. Its website, tncoalition.org, includes information about programs serving Tennessee communities.

10 years after wildfires hit Gatlinburg, the generosity of 'saint' Dolly Parton is not forgotten

Bridget Cullen
MTSU Seigenthaler News Service

SEVIER COUNTY, Tenn. – When her hometown faced devastation, Dolly Parton stepped up.

In November 2016, wildfire spread across Gatlinburg, Tennessee, a community in Sevier County known for attracting tourists in droves due in part to its proximity to the Great Smoky Mountains National Park and Dollywood, Parton's popular theme park in nearby Pigeon Forge, Tennessee. The fires caused 14 deaths and left over 200 injured in Gatlinburg, a city of roughly 14,000 residents at the time. The flames burned more than 15 square miles of land inside the national park and destroyed more than 2,000 buildings in the area.

In response, Parton's nonprofit organization The Dollywood Foundation launched the "My People Fund," providing immediate financial assistance to affected families. More than $12 million was distributed, according to the foundation. The move was one in a legacy of giving for Parton, a Sevier County native who took care of her hometown by creating accessible health care, increasing literacy through her global Imagination Library initiative and – in 2016 – giving back to those facing a time of need.

"This is where I drew my first breath," Parton told Knox News in 2023. "So, of course, this would be where I would want to do something wonderful, to be part of something great. And just stay part of these mountains forever."

Losing everything

Andrea Ludden, a 22-year Gatlinburg resident and owner of the Salt and Pepper Shaker Museum, lives her life in two parts: Before and after the fires.

She described the fear she felt on that day, Nov. 28, 2016 – the sirens, heavy smoke and ash with an "eerie orange filter" to it that fell from the sky.

Ludden lives down the street from the museum, which was opened by her mother. For the five days after the fire, when Gatlinburg was evacuated and search and rescue efforts were conducted, Ludden and her family did not know if their home still stood.

REBUILT - The Alamo Steakhouse in Gatlinburg, photographed Sept. 15, was rebuilt after the 2016 wildfires. *Photo by Ephraim Rodenbach, MTSU Seigenthaler News Service.*

After the fifth day, business owners were allowed to visit establishments. Though the museum survived the fire, her home burned to the ground; the skeleton of her brother's 1981 DeLorean sat melted in the garage. The fire took her mother's memories and collectibles. The stone house built in part by local wood whittlers looked like a three-and-a-half-foot pile of ash, Ludden said.

"We had lost everything," Ludden said. "We came out with nothing – just the clothes that we had, our dog and our cars."

The family received $500 from insurance to buy essentials. A duffel bag held everything Ludden owned.

Soon after, Ludden heard that Parton created a fundraiser for those affected by the fires. Applicants would verify an address and be eligible to receive a check of $1,000 each month for six months. At first, the promise of help from a public figure seemed "hopeless," but after being encouraged by her friends to apply, Ludden reached out.

Every month, the family picked up a check from the Pigeon Forge Convention Center. In the sixth and final month, Ludden remembers people walking out of the convention center with a "weird expression" – crying, but with a smile. It was bizarre, she said, but once she walked in and spoke with the volunteers, it became clear why.

"They said [that] Miss Parton has decided that she's going to give a $5,000 check as the last check," Ludden said, choked up. "It still gets me emotional because she really stuck to her promise. She promised she was going to help and she really did, and went above and beyond… So she's been 'Saint Dolly' to us ever since."

Rebuilding

Down the road from the museum sits Alamo Steakhouse, which burned to the ground in the fires after being open for 18 years.

Kelly Johnson, co-owner of the Johnson Family of Restaurants, which owns the Alamo, was in Pigeon Forge when the smoke began to show from miles away. Managers at the steakhouse shared concerns, and with the smoke outside making it difficult to breathe, they decided to close up by 2 p.m.

When the security alarm system indicated that the restaurant lost power, Johnson said they assumed it burned down. By 3 a.m., the loss was confirmed. While fires burned the Alamo, an ice cream shop located in the parking lot was untouched.

"We were actually in the process of building a new restaurant from the ground up when the Alamo burned down, which makes it very tricky," Johnson said.

Insurance and Parton's generosity supported many from the Alamo staff in the months after the fire. Some moved to the Pigeon Forge location of the Alamo for work.

"When the fires hit Gatlinburg and my job, the Alamo Steakhouse, burned down, I and many others received $3,000 from Dolly's charity," said former Alamo employee Jacob Thigpen in a post to Facebook. "Few people on Earth were as universally beloved as Dolly."

The restaurant was rebuilt and reopened less than a year later.

"The thing that [Parton] did for the community, and not just for Gatlinburg, but for Sevier County in general, was the unrestricted gifts she gave people," Johnson said. "I think that was really amazing for people… all you had to do was say you needed it, and there it was."

Legacy

About 900 families affected by the Sevier County wildfires each received $10,000 of aid in 2016.

The Dollywood Foundation then launched the "My People Fund," providing immediate financial assistance to affected families. More than $12 million was ultimately distributed, according to the Dollywood Foundation. Additional assistance also provides scholarships for graduating seniors whose homes were destroyed, continuing her commitment to supporting education.

Today, her hometown, Sevierville, Tennessee, is decorated with countless murals, flowers and a smiling bronze statue in her honor. Nearly every business across the surrounding Gatlinburg and Pigeon Forge areas features a dedication to Parton. Shoppers and tourists sang her praises, sporting vibrant shirts with the blonde singer's face surrounded by butterflies.

"I've never met a soul that hasn't loved Dolly," said Sevier County native Candace Bradshaw from behind the counter of the Salt and Pepper Shaker Museum in Gatlinburg. With teary eyes, she shared that her favorite thing about Dolly was her generosity. Bradshaw said, "Dolly has done so much work for this county."

Nearly ten years later, the Alamo is rebuilt – a mix of the familiar and the new.

A historic mural was saved from the fire and is housed in a glass display case in the new building. The Gatlinburg Salt and Pepper Shaker Museum stands just the way it did through the 2016 fires. The most precious item in the museum is a butterfly set signed by Parton.

"People need to know… she was an angel," Ludden said.

Bridget Cullen is a student journalist at Middle Tennessee State University. This story was reported in partnership with the MTSU Seigenthaler News Service.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Dixie Home Health, LLC, a/an Home Health Agency owned by ALB Infusion Pharma Holdco, LLC with an ownership type of Limited Liability Company and to be managed by MNM Health Partners, LLC intends to file an application for a Certificate of Need for the establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Pickett, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson and Wilson Counties, as well as CON-exempt Lake and Perry Counties. The address of the project will be 2141 Old Ashland City Road, Clarksville, Montgomery County, Tennessee, 37043. The estimated project cost will be $121,571. The anticipated date of filing the application is 11/02/2026. The contact person for this project is Ms. Kim Harvey Looney who may be reached at Epstein Becker Green PC - 1222 Demonbreun Street, Suite 1400 Nashville, Tennessee, 37203 – Contact No. 615-565-6258. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

NOTICE TO CREDITORS ESTATE OF JEAN LOFTIN THOMPSON (Deceased) 2026-PR-44

Notice is hereby given that on the 29th day of September, 2026 Letters Co-Testamentary in respect to the Estate of JEAN LOFTIN THOMPSON, deceased, who died on December 28, 2025, were issued to the Co-Executrices by the Chancery Court of Humphreys County, Tennessee.

All persons, resident and non-resident, having claims, matured or un-matured, against the estate are required to file the same with the Clerk of the above named Court on or before the earlier of the dates prescribed in (1) or (2). Otherwise their claims will forever be barred:

(1) (A) Four (4) months from the date of the first publication (or posting, as the case may be) of this Notice if the creditor received an actual copy of this Notice to Creditors at least sixty (60) days before date that is four (4) months from the date of the first publication (or posting); or

(B) Sixty (60) days from the date of the creditor received an actual copy of the Notice to Creditors, if the creditor received a copy of the Notice less than sixty (60) days prior to the date that is four (4) months from the date of the first publication (or posting) as described in (1)(A); or

(2) Twelve (12) months from the decedent's date of death.

This 29th day of September, 2026.

BID NOTICE
Bid Announcement for Bridge Replacement Project Bold Springs Road over Blue Creek

Sealed bids for the construction of the project described herein will be received by the Humphreys County Highway Department (Owner), Randy Woods, Road Supervisor, 1500 East Railroad Street, Waverly, TN, 37185 until 10:00 AM, Thursday, October 22, 2026, when bid packages will be publicly opened and read aloud at said office. The work for which bids are to be submitted consists of furnishing all labor and materials and performing all work necessary for the replacement of one bridge. This project consists of the replacement of one (1) bridge. The one (1) bridge included in this single letting contract is: Bold Springs Road over Blue Creek which consists of one (1) 18'x12' triple-barrel box bridge, two lanes, 30' O" out-to-out, 90° skew in Humphreys County. The project includes the replacement of an existing two-span steel I-beam with concrete deck bridge on Bold Springs Road over Blue Creek. The proposed structure will be a triple-barrel box bridge with concrete riding surface. All bidders must be licensed general contractors to perform the type of construction herein described. The Information for Bidders, Form of Bid, Plans, and other contract documents may be examined at the Humphreys County Highway Dept. and at Alfred Benesch & Company, 574 Franklin Road, STE 300, Franklin, TN 37069, phone (615) 370-6079. Electronic copies of these documents may be obtained by emailing jwilliams@benesch.com. Physical copies may be obtained at the office of Alfred Benesch & Company upon payment of $25.00 for each set (nonrefundable). The Owner reserves the right to waive any informalities and to reject any or all bids.

Publication Dates: October 7 and 14, 2026.

PUBLIC NOTICE

The City of McEwen BZA will meet October 19, 2026 @ 5:00 for a variance request to combine 336 Long Street, East and 360 Long Street, East.

Publication dates: October 7 and 14, 2026.

Public Meeting

TVA Invites Community to Public Meeting on the Johnsonville Fossil Plant Corrective Measures Assessment

The Tennessee Valley Authority (TVA) invites the community to a public meeting to discuss the corrective measures assessment for the coal combustion residuals (CCR)site at the Johnsonville Fossil Plant.

On **October 20, 2026**, from 5:30 – 7:00 pm CT at the Johnsonville State Park Visitor Center, 90 Nell Beard Rd., New Johnsonville, TN 37134

Staff will be available to answer questions and discuss TVA's groundwater monitoring, and the options TVA has examined to address groundwater protection standard exceedances in limited and localized areas on the site, in keeping with federal rule 40 CFR § 257.96(e) pertaining to CCR.

TVA TENNESSEE VALLEY AUTHORITY

HOOD CONTAINER COPORATION APPLIES FOR NEW CLASS II LANDFILL

Hood Container Corporation has applied to the Tennessee Department of Environment and Conservation (TDEC), Division of Land Protection (DLP), Waste Management Branch (WMB), to allow them to construct and operate a new Class II landfill (IDL430000225) adjacent to the existing Hood Container Class II landfill (IDL430000034). The facility is located in Humphreys County near 2877 Scepter Road, Waverly, Tennessee (latitude 36.077 N/longitude 87.935 W). The waste materials to be accepted are waste materials generated on-site at the Hood Container Corporation plant, and/or certain wastes having similar characteristics and approved in writing by TDEC. Under State law, the applicant must obtain a permit before constructing or operating the proposed facility. The WMB has received a Part I Permit Application indicating Hood Container Corporation's desire to obtain the required major permit modification. A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 0400-11-01-.02(3)(c). When the facility submits the complete Part II application, the WMB will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Tennessee Rule 0400-11-01-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, the WMB will make a tentative decision to either grant or to deny the permit and will issue a public notice. This second notice will provide the public at least 45 days to submit written comments on the proposed action. If there is a significant degree of public interest, WMB will schedule a public hearing and give at least 15 days' notice. (A public hearing may be announced in the second notice if WMB is already aware of significant public interest.) After considering all comments received, the DLP Director shall issue a final permit decision and a response to comments. For further information on this matter, contact the WMB at the TDEC Nashville Environmental Field Office, 711 R.S. Gass Blvd, TN 37216, (615) 687-7000, or Jordan Moore, 2877 Scepter Road, Waverly, 37185, (931) 535-4264. Individuals with disabilities who wish to participate in these proceedings should contact the DLP Human Resource (HR) liaison Rachel Meredith at (615) 532-0780 or Rachel.E.Meredith@tn.gov to discuss any auxiliary aids or services needed to facilitate such participation. Contact may be in person, by writing, telephone, or other means, and should be made no less than 10 working days to allow time to provide such aid or services. Contact the state's Americans with Disabilities Act (ADA) Coordinator (1-866-253-5827) for further information. Hearing-impaired callers may use the Tennessee Relay Service (1-800-848-0298). If it is hard for you to read, speak, or understand English, TDEC may be able to provide translation or interpretation services free of charge. Please contact (615) 532-0780 for more information. If you would like to receive notices like this directly, contact the Public Participation Officer in the DLP's Central Office for a Mailing List Request Form. Email Solid.Waste@tn.gov or call (615) 552-8002. NOTICE ISSUED: October 14, 2026

(Continued From Page 1)

ter place. Professionally, I bring more than 20 years of experience in leadership, operations, marketing, and organizational development. I hold a Bachelor's degree in Marketing Management and a Master's degree in Organizational Psychology and Development. I am also a Certified Senior Advisor with a Green Belt in Six Sigma. What I believe best qualifies me for the commission is the combination of professional leadership experience, organizational and business knowledge, community involvement, and a willingness to listen and learn. I understand that serving on the commission is a responsibility to the entire community, and I would approach that responsibility with the utmost respect, preparation, transparency, and a commitment to service. I don't have the longest history in Clifton, but I bring a lifetime of experience and a genuine commitment to becoming part of the community I now call home. I hope residents will look beyond who they know and consider the knowledge and perspective necessary to get the job done.

Christopher Huntingford

#1) You have announced your candidacy for a seat on the Clifton City Commission. What factors helped you decide to run for a seat on the commission?

Clifton has a lot going on with projects and new developments/businesses incoming. A lot of positive input can be made here at the local level, while increasing transparency and accountability. The biggest factor though is to provide steps to unity between the established community, and the newcomers that have arrived the last decade. Diversity of thought, experience, and opinion.

#2) A seat on the City Commission carries a great deal of responsibility, such as dealing with the operations of each department in the city, and perhaps most importantly, making decisions regarding the city's budget. What is your vision for the future of the City of Clifton, and how do you plan to implement your goals and ideas if elected?

Local governments need shared revenue and property tax to survive. Clifton has been hit multiple times with utility and property increases while the cost of living continues to rise. The local government needs to be active for a planned community that brings in either more taxpayers or legitimate businesses that will pay sales tax to release the burden on the community. I believe in zoning ordinances, otherwise we run the risk of this beautiful community being overrun by developers that would care more about returns than the community. I want to revitalize Main Street by working with building owners and encouraging shops. I also own a building on Main Street. I want to work with the new city manager and Main Street Director to encourage the community to flourish. I will also move forward a resolution to have monthly sessions to discuss updates on the water plant. I will look to continue to build amenities for families.

#3) Please share some things about yourself in order to introduce yourself to our readers. Things you might include are how long you have lived in Clifton, details about your family you wish to share, your work experience, and what you believe best qualifies you for a seat on the Clifton City Commission.

I worked twenty years for Verizon and Frontier Communications, finishing as a call center manager for both companies. My family and I own the Clifton Marina, one of the largest contributors to the Clifton community in terms of taxes and charitable contributions. I served as Commissioner for Spring Valley Lake, California. I was publicly elected and helped guide one of the largest Homeowner Associations (5000 homes) in California. I helped push through a million-dollar park renovation for the community's children. My wife is everything to me. I have a special needs son who still resides out of state. I would treasure the opportunity to serve this community.

Layton Packwood

#1) You have announced your candidacy for a seat on the Clifton City Commission. Having been a Clifton City Commissioner before, what factors helped you decide to run again?

I previously served on the Clifton City Commission for eight years. During that time, I was fortunate to serve with a group of commissioners who worked well together, respected one another, and were able to get things accomplished for the City. I decided to run again because I believe my previous experience on the Commission can be an asset to the City. I would like to help restore that spirit of cooperation, work through the challenges currently facing Clifton, and help move our city forward in a positive direction.

#2) As you already know, a seat on the City Commission carries a great deal of responsibility, such as dealing with the operations of each department in the city and making decisions regarding the city's budget. What is your vision for the future of the City of Clifton, and what challenges do you feel need to be addressed? How do you plan to implement your goals and ideas if re-elected?

I believe one of the most important tasks facing the City is finding a strong, qualified, and trustworthy city manager who can effectively manage the day-to-day operations of the City. The commissioners only meet once a month, so we need a city manager who can handle issues as they arise, properly manage City employees and departments, and keep the Commission informed so that we can make sound decisions. If elected, one of my first priorities would be to work with the Commission to establish clear expectations for the city manager and ensure there is accountability for the City's daily operations. One of the largest challenges we currently face is funding the water treatment plant. This project has the potential to place a significant financial burden on our citizens. Before asking our residents to carry that burden, I believe the City should pursue every reasonable funding option available. This includes looking internally by adopting a more conservative budget, carefully reviewing City spending, and identifying areas where funds can be redirected toward the project. At the same time, we should aggressively pursue external funding opportunities, including grants, low-interest financing, and other available state and federal programs. Our goal should be to minimize the financial impact on Clifton's residents while still making the necessary investment in our water infrastructure. My approach is straightforward: hire strong leadership, establish accountability, carefully manage the City's finances, aggressively pursue outside funding for major projects, communicate openly with our citizens, and work cooperatively with the other commissioners. My goal is to help put Clifton in a stronger financial and operational position for the future while keeping the impact on our citizens as low as reasonably possible.

#3) Please share some things about yourself in order to introduce yourself to any of our readers who may not be familiar with you. Things you might include are how long you have lived in Clifton, details about your family you wish to share, your work experience, prior experience on the Commission, etc.

I have lived in Clifton since I was seven years old. I am a 2006 graduate of Frank Hughes School. I earned my undergraduate degree in Business Administration from the University of North Alabama and my Master's degree in Accounting from Northern Kentucky University. I have worked for Wayne County Rock, Inc. since 2014. I also previously served eight years on the Clifton City Commission, where I gained valuable experience with the City's finances, operations, and the challenges that come with making decisions that affect our community. I am married to Jessica Packwood, and Clifton has been my home for most of my life. I have a strong connection to this community and want to see it continue to be a good place to live, work, and raise a family. I would be honored to have the opportunity to once again serve the citizens of Clifton and use my education, work experience, and previous experience on the Commission to help move our city forward.

SUBSTITUTE TRUSTEE'S SALE

Default having been made in the payment of the debts and obligations secured to be paid by a certain Deed of Trust executed May 17, 2021, by Jeremy Risner and Kacey Risner, Husband and Wife, to Assure Title & Escrow, LLC, as Trustee, as same appears of record in the office of the Register of Wayne County, Tennessee, in Record Book 238, Pages 440-451, and the undersigned having been appointed Substitute Trustee by instrument recorded in Record Book 307, Pages 8-9, in the said Register's Office, and the owner of the debt secured, Tennessee Housing Development Agency, having requested the undersigned to advertise and sell the property described in and conveyed by said Deed of Trust, all of said indebtedness having matured by default in the payment of a part thereof, at the option of the owner, this is to give notice that the undersigned will, on Thursday, October 29, 2026, commencing at 02:00 PM, at the Front Door of the Wayne County Courthouse, Waynesboro, Wayne County, Tennessee proceed to sell at public outcry to the highest and best bidder for cash, the following described property, to wit:
Situated in the County of Wayne, State of Tennessee.

TRACT NO. 1:

A certain parcel of land lying in the First (1st) Civil District of Wayne County, Tennessee, at the end of Mink Branch Acres Road, and being more fully described as follows:

Beginning at a point on the south boundary of the lands of John F. Reed as shown in Record Book 90 at Page 252, at the end of Mink Branch Acres Road, thence running with the north boundary of the lands of Regina S. Patterson as shown in Record Book 60 at Page 735 North 85 degrees, 08 minutes, 54 seconds West 25.00 feet to an existing iron pin, thence North 85 degrees, 08 minutes, 54 seconds West 185.40 feet to an existing post, thence running with a line of division North 2 degrees, 53 minutes, 30 seconds East 133.51 feet to an iron pin set, thence North 2 degrees, 53 minutes, 30 seconds East 30.78 feet to a point in the center of a gravel road, thence running with the center of said road and a fifty-foot Ingress, Egress and Utility Easement South 51 degrees, 25 minutes, 46 seconds East 196.89 feet, thence South 42 degrees, 16 minutes, 09 seconds East 64.62 feet, thence South 19 degrees, 18 minutes, 36 seconds East 11.96 feet to the point of beginning. Containing 0.437 acres of land more or less. According to a survey by David H. Parsons, T.R.L.S. No. 1693, dated October 31, 2010. File No. 2006-52.

Subject to easement for exiting roads and utilities.

Subject to and together with a fifty-foot ingress, egress, and utility easement centered on the north and east boundary of the above described tract.

TRACT NO. 2:

A certain lot or parcel of land lying and being situated on the waters of Mink Branch, in the First (1st) Civil District of Wayne County, Tennessee, and more particularly bounded and described as follows:

BEGINNING at an iron stake in the North boundary line of the tract of which this is a part, said stake stands North 85 degrees West 50 feet from the Northwest corner of the tract conveyed by Joe H. Sevier, Jr., et al, to A. C. Walker and wife, Dorothy Walker, by deed dated November 16, 1974, and recorded in Deed Book No. 62, page 294, Register's Office of Wayne County, Tennessee; thence with said North boundary line North 85 degrees West 31 feet to center of old road, in all 200 feet to iron stake in said North boundary line with white oak and dogwood pointers; thence South 3 degrees West 150 feet to an iron stake with oak and pine pointers; thence South 85 degrees East 200 feet to iron stake on West margin of road, or street; thence with said West margin North 3 degrees East 118 feet to center of old road, in all 150 feet to beginning, containing by estimation 30,000 square feet be the same more or less, according to the survey of J.N. Hurst, Surveyor.

The above described real property is conveyed subject to certain conditions of record in Deed Book 85, Page 354, Register's Office of Wayne County, Tennessee. A description of the same is hereby incorporated herein by reference the same as if copied in full herein.

Tax Parcel ID: 058.051.00 and 058.062.01

Property Address: 617 Mink Branch Acres Dr., Waynesboro, TN 38485.

NOTICE TO FURNISHERS OF LABOR AND MATERIALS TO:
Lu, Inc.
PROJECT NO.:
R2BVAR-M3-047
CONTRACT NO.: CNZ134
COUNTY: Franklin

The Tennessee Department of Transportation is about to make final settlement with the contractor for construction of the above numbered project. All persons wishing to file claims pursuant to Section 54-5-122, T.C.A. must file same with the Director of Construction, Tennessee Department of Transportation, Suite 700 James K. Polk Bldg., Nashville, Tennessee 37243-0326, on or before 11/20/2026.

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Facilities Commission and all interested parties, in accordance with T.C.A. §68-11-1601 et seq., and the Rules of the Health Facilities Commission, that Oneaxis LLC dba Vital Care of Jackson, TN, a/an Home Health Agency owned by John Paul Palelil with an ownership type of Limited Liability Company and to be managed by itself intends to file an application for a Certificate of Need for establishment of a home care organization and the initiation of home health services limited to home infusion services. The project will serve a proposed service area of 95 counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, and Wilson Counties, as well as CON-exempt Pickett and Lake Counties. The address of the project will be 15 Old Humboldt Rd, Suite A, Jackson, Madison County, Tennessee, 38305. The estimated project cost will be $192,000. The anticipated date of filing the application is 11/02/2026. The contact person for this project is John Paul Palelil who may be reached at Oneaxis LLC dba Vital Care of Jackson - 15 Old Humboldt Rd, Suite A, Jackson, (Madison County) Tennessee, 38305 – Contact No. 614-556-2036. The published Letter of Intent must contain the following statement pursuant to T.C.A. §68-11-1607 (c)(1). (A) Any healthcare institution wishing to oppose a Certificate of Need application must file a written notice with the Health Facilities Commission no later than fifteen (15) days before the regularly scheduled Health Facilities Commission meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application may file a written objection with the Health Facilities Commission at or prior to the consideration of the application by the Commission, or may appear in person to express opposition. Written notice of opposition may be sent to: Health Facilities Commission, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, TN 37243 or email at hsda.staff@tn.gov.

APPENDIX I
TO THE
FRANCHISE AGREEMENT
LEASE RIDER

THIS LEASE RIDER (the "Rider") is made by and between Oneaxis LLC dba Vital Care of Jackson, TN a Tennessee [LLC, Inc., limited partnership] (the **"Tenant"**), and Fountainhead Capital Partners, a [State] [LLC, Inc., limited partnership] (the **"Landlord"**) (each a "Party" respectively and collectively the "Parties") and dated as of April 17, 20 26 (the "Effective Date")

WHEREAS, Vital Care Franchisor, LLC (the "Franchisor") and the Tenant are parties to that certain Franchise Agreement dated March 11, 20 26 (the **"Franchise Agreement"**); and

WHEREAS, the Tenant and the Landlord have entered into a lease (the "Lease") pursuant to which the Tenant will occupy the premises located at or described as shown on Exhibit A of the Lease (the "Premises") for the purpose of operating a Vital Care® Business (**"VC Business"**) franchised under the Franchise Agreement; and

WHEREAS, a condition of the Franchise Agreement requires that certain provisions be included in any lease for space in which Tenant intends to operate a VC Business;

NOW, THERFORE, In consideration of the mutual undertakings and commitments set forth herein and in the Franchise Agreement, the receipt and sufficiency of which the parties acknowledged, the Parties agree as follows:

1. **Rider Controls if Conflict (Rider Supremacy)**. If any provision of the Lease conflicts with this Rider, this Rider controls (but only to the extent of such conflict).

2. **Applicability to All Centers and Affiliated Entities**

   a) **Scope of Premises Covered.** This Rider applies to any leased premises used for the operation of all or any portion of the VC Business, including, without limitation, the Primary Center, any Remote Infusion Suite, Remote Infusion Clinic, or any other "Remote Center" as that term is defined in the Franchise Agreement (collectively, the "Centers"). For purposes of this Rider, each such leased location is deemed a "Premise" and is subject to the terms of this Rider.

   b) **Lease Held by Affiliated Entity or Clinic Operator**. If any Center is leased or operated by an entity other than the Tenant including, without limitation, a Clinic Operator, an entity owned or controlled by Tenant's owners, or any other affiliate approved by the Franchisor, Tenant shall ensure that such entity obtains the Landlord's execution of this Rider (or a Rider form approved by Franchisor) as a condition to the Franchisor's authorization of that Center.

   c) **Tenant Responsibility for Compliance**. Tenant remains responsible for causing any affiliated entity, Clinic Operator, or other approved operator of a Center to comply with this Rider and ensuring that the Landlord's

Doc ID: bf532c89a310e503d3e67727ccf7f862839babc0

obligations and Franchisor's rights herein apply fully to each Premises used as a Center.

d) **No Authorization Without Rider**. Franchisor shall have no obligation to approve, continue, or renew authorization for any Center unless and until the lease for the Premises of such Center includes this Rider executed by the applicable Landlord.

3. Permitted Use: Brand Elements.

a) **Use.** Throughout the term of the Franchise Agreement, Tenant will be permitted to use the Premises only operate the VC Business and for no other purpose without Franchisor's prior written consent.

b) **Branding/Signage**. Subject to applicable laws, building standards, and reasonable aesthetic criteria of the project, Landlord shall reasonably cooperate with Tenant's installation and maintenance of Vital Care ® trademarks, trade dress, signage, décor, and color schemes consistent with Franchisor's brand standards. Landlord's consent (if required by the Lease) shall not be unreasonably withheld, conditioned, or delayed.

4. Notices to Franchisor.

a) **Copy of Notices**. Simultaneously with delivery to Tenant, Landlord agrees to furnish Franchisor with copies of all default, termination, or material Lease notices (including any notices that could permit Landlord to exercise remedies).

b) **Where to Send**. Notices to Franchisor shall be sent to as provided in the Lease (or to such other address Franchisor designates by notice) to:

Vital Care Franchisor, LLC
12 Cadillac Drive, Unit 230
Brentwood, Tennessee 37027
Attn: General Counsel
Email: legalnotices@vitalcareinc.com

5. **Franchisor Cure & Temporary Forbearance**.

a) **Cure Right**. After Landlord sends a default notice to Franchisor under Section 3, Franchisor shall have 30 days (or, or for non-monetary defaults that cannot reasonably be cured within such period, such additional time as is reasonably necessary so long as Franchisor commences cure within the initial period and diligently pursues completion) to cure Tenant's default.

b) **Forbearance**. During Franchisor's cure periods, Landlord shall forbear from terminating the lease or exercising remedies on account of the notice default.

6. **Optional Step-In: Conditional Assignment to Franchisor.**

a) **Election**. Upon Tenant's Event of Default under the Franchise Agreement or Lease, Franchisor may elect, by written notice to Landlord within [10] days after

Docusign Envelope ID: FD095955-D9AF-8BD0-81B6-8375F0245009

receiving Landlord's default/termination notice, to assume Tenant's interest in the Lease (a Step-In").

b) **Conditions to Step-In**. As conditions precedent, Franchisor shall: (i) deliver a written assumption agreement in favor of Landlord; (ii) cure (or commence and diligently pursue cure of) then-existing Lease monetary defaults; (iii) take possession within [30] days after its assumption; and (iv) thereafter perform the Tenant obligations under the Lease during the Step-In.

c) **No Release from Tenant**. Tenant (and its guarantors, if any) remain liable for obligations accruing before and during Franchisor's Step-In unless otherwise agreed in writing by Landlord.

d) **Scope**. A Step-In does not expand any Landlord obligations and does not waive prior defaults except as actually cured.

7. Entry Rights: Franchisor Access to the Premises. Franchisor and its representatives shall have the right, without being deemed to trespass, to enter the Premises at reasonable times, upon reasonable notice to Tenant (except in emergencies), for the purpose of inspection, confirming brand-standard compliance, or exercising its rights under this Rider. Nothing in this Section 7 or this Rider grants Franchisor operational control over the Premises or Tenant's business, or creates any agency, partnership, or joint venture relationship among Franchisor, Tenant, or Landlord.

8. Assignment to Franchisor and Reassignment to Approved Franchisee.

a) **Tenant to Franchisor**. Notwithstanding anything in the Lease to the contrary. Tenant may assign the Lease to Franchisor without Landlord's consent, provided (i) no uncured monetary default exists (subject to applicable cure rights), (ii) the Permitted Use remains the VC Business, and (iii) Franchisor executes an assumption of Tenant obligations from and after the effective date.

b) **Franchisor to Approved Franchisee** (Backfill). Franchisor may thereafter assign the Lease without Landlord's consent to a replacement, Bonafide Vital Care ® franchisee (an "Approved Franchisee") if, on or before the assignment, Franchisor delivers to Landlord:

1. The name and address of the Approved Franchisee.

2. A certificate that a current Franchise Agreement between Franchisor and Approved Franchisee has been executed.

3. A written assumption of the Approved Franchisee of all tenant obligations under the Lease.

4. Confirmation that the permitted Use stays the same; and

5. Evidence the Approved Franchise (or its direct/indirect owners and guarantors) satisfies Franchisor's financial criteria of [net worth and liquidity] provided that rent and other economics under thee lease remain unchanged.

Doc ID: bf532c89a310e503d3e67727ccf7f862839babc0

Docusign Envelope ID: FD095955-D9AF-8BD0-81B6-8375F0245009

c) **Release of Franchisor after Backfill**. Upon assignment by Franchisor to an Approved Franchisee in compliance with this Section, Franchisor is released from obligations under the Lease from and after the effective date of such assignment (Tenant and its guarantors remain liable for obligations accruing prior to the assignment unless Landlord agrees otherwise in writing).

9. No Change to Landlord's Economics; Landlord Protections.

a) **No rent Increase or Fee**. No assignment under this Rider shall increase Rent or impose transfer fees.

b) **Estoppel;** Evidence. Landlord shall, upon request, sign a short estoppel confirming the Lease status for the benefit of Franchisor or an Approved Franchisee.

c) **Insurance/Indemnity**. The Lease's insurance, waiver of subrogation, and indemnity provisions continue to apply; any additional insured certificates will be furnished upon request [and may name Franchisor an additional insured].

10. Operating Details. Tenant shall comply with all laws, including ADA and healthcare-specific regulations applicable to infusion services; Landlord shall comply with laws applicable to the building/common areas.

11. Default Under Franchise Agreement. A termination or non-renewal of the Franchise Agreement (following applicable notice and cure periods) is a default under the Lease unless Franchisor has timely exercised a Step-In right or assigned to an Approved Franchisee per Sections 5-6.

12. No Modification of Specified Sections Without Franchisor Consent. Landlord and Tenant will not amend or modify the Lease in any manner that could materially affect any of the provisions or requirements of this Lease Rider without Company's prior written consent.

13. Intended Third-Party Beneficiary, No Other Beneficiaries. Franchisor is an intended third-party beneficiary of this Rider with the right to enforce its provisions; but is not a party to this Rider or the Lease and shall have no obligations hereunder unless and until it expressly assumes such obligations pursuant to this Rider.

14. Miscellaneous.

a) Counterparts; Electronic Signatures are permitted.

b) No Waiver by any party unless in writing.

c) Severability. If any provision is invalid, the remainer remains effective.

d) Governing Law / Notices / Definitions are as stated in the Lease unless expressly modified herein.

Provide the following data for each county in the service area: Using current and projected population data from the Department of Health. (www.tn.gov/health/health-program-areas/statistics/health-data/population.html); the most recent enrollee data from the Division of TennCare (https://www.tn.gov/tenncare/information-statistics/enrollment-data.html), and US Census Bureau demographic information (https://www.census.gov/quickfacts/fact/table/US/PST045219).

Attachment 5N

Providers and recently approved CON projects

The following tables present publicly available data reproduced in the cited source schedules. Provider records reflect 2025 reported utilization; project descriptions retain their reported 2026 approval dates and status. The tables are not a real-time licensing or implementation census.

2025 statewide infusion provider records

Provider	Home county	State ID
Amedisys Home Health	Davidson	19674
Coram CVS Speciality Infusion Services	Williamson	19734
Advanced Nursing Solutions	Blount	19754
KabaFusion TN LLC	Davidson	19914
Vanderbilt HC Option Care IV Services	Davidson	19994
Coram CVS Specialty Infusion Services	Knox	47442
Implanted Pump Management LLC	Knox	47452
Twelvestone Infusion Support	Rutherford	75084
Accredo Health Group Inc	Shelby	79456
Coram CVS Speciality Infusion Service	Shelby	79556
Hemophilia Preferred Care of Memphis Inc	Shelby	79566
Optum Infusion Services LLC	Williamson	79856
Tristate Infusion LLC	Shelby	79926

Source: E3 historical utilization schedule, Tennessee Department of Health Joint Annual Reports. These 13 statewide infusion records are separate from the 19 general-home-health agencies reported as serving Madison County in E2.

Recently approved projects

Project	CON and approval date	Base and area	Reported scope
OPTIV Infusion LLC	CN2602-006A April 22, 2026	Knoxville 29 East TN counties	Own OPTIV RX patients; reported area excludes Madison
River City Infusion LLC	CN2511-042A February 25, 2026	Chattanooga All 95 counties	RCIV d/b/a Vital Care of Chattanooga pharmacy patients; includes Madison
Naven Health Inc	CN2604-009 June 24, 2026	Knoxville All 95 counties	Home infusion; reported area includes Madison

Based on the available published project information, these projects were described as not yet licensed in the source schedule. Subsequent licensing or implementation is not established by those historical records.

Projected utilization comparison

Project	2027 patients	2028 patients	2027 visits	2028 visits
OneAxis LLC	132	165	792	990
OPTIV Infusion	Not reported in source	Not reported in source	Not reported in source	Not reported in source
River City Infusion	Not reported in source	Not reported in source	Not reported in source	Not reported in source
Naven Health	Not reported in source	Not reported in source	Not reported in source	Not reported in source

OneAxis requests all 95 counties and limits services to its own pharmacy patients. Its 792/990 projected nursing visits use six annual visits per patient. Comparable approved patient and visit forecasts are not reported in the available comparator schedules; no numerical equivalence with OneAxis utilization is assumed.

Attachment 9C

OneAxis nursing charges and provider comparison

OneAxis projects $620 gross revenue per patient across six annual nursing visits, or approximately $103.33 per visit. Gross revenue is projected at $81,840 for 132 patients in 2027 and $102,300 for 165 patients in 2028.

Comparator	Gross charge	Reported basis
OneAxis LLC	$103.33 per visit	$620 per patient / six visits
Coram Williamson and Knox	$200 per visit	2025 other-infusion charge
Implanted Pump Management	$150 per visit	2025 pain/other-infusion charge
Hemophilia Preferred Care of Memphis	$200 per visit	2025 other-infusion charge

Source: submitted OneAxis application and publicly available 2025 infusion charge data reproduced in E4. The complete E4 table is included. Reported provider case mix and services may differ.

CY 2026 Medicare HIT allowances

HCPCS	Service category	National	Tennessee
G0068	Category 1 subsequent	$190.22	$178.62
G0088	Category 1 initial	$231.36	$217.25
G0069	Category 2 subsequent	$257.04	$241.36
G0089	Category 2 initial	$312.60	$293.53
G0070	Category 3 subsequent	$319.76	$300.25
G0090	Category 3 initial	$388.89	$365.17

Tennessee locality 35; carrier 10312; geographic adjustment factor 0.939. These publicly available CMS allowances are bundled per eligible infusion drug administration calendar day, not multiplied by the number of 15-minute reported units. OneAxis will apply the schedule and coverage rules effective on the date of service.

Sources: CMS CY 2026 Home Infusion Therapy Locality Adjusted Rates; CY 2026 National HIT Rates; CMS HIT Frequently Asked Questions. Original rate files and the Tennessee extract are included in E7.

https://www.cms.gov/medicare/payment/fee-for-service-providers/home-infusion-therapy/billing-and-rates

E6 Payer arrangements

OneAxis LLC d/b/a Vital Care of Jackson

This schedule identifies the contracting routes in the applicant-supplied payer workbook and the service scope confirmed by OneAxis. The original workbook is included as E6_Payor_contracts.xlsx.

Contracting route	Payer workbook entries and service scope
OneAxis / Vital Care of Jackson	CVS; Express Scripts; Medicare
Meridian / Vital Care Corporate	Aetna; eviCore (Cigna); Humana/Argus; Humana Military; Multiplan; Optum VA CCN; TriWest VA CCN; UHC 1; UHC Optum VA CCN
Vital Care of Chattanooga	BCBS TN; Wellpoint TN (Amerivantage), subject to the applicable agreement. Earlier workbook Medicaid/TennCare entries—BlueCare TN, UHC Community Plan, and Wellpoint TN (Amerigroup/TennCare)—are excluded from OneAxis's current service offering.

OneAxis plans to apply for Medicaid and TennCare enrollment. It will not serve TennCare patients until the required enrollment approvals and payer participation are effective. Earlier Medicaid/TennCare workbook entries are retained as source history.

OneAxis will confirm the covered service, participating entity, authorization and billing responsibility at referral intake. Medicare pharmacy contracting, Qualified HIT Supplier enrollment and DMEPOS supplier enrollment are distinct arrangements.

Unmarked workbook rows are not represented as contracts. The workbook and applicant confirmations are the sources of this schedule; the schedule is not public competitor participation data.

Table 1

HCPCS	Description	CY 2025 National Unadjusted Payment Rates	GAF Standardization Factor	CPI-U less MFP	Final CY 2026 HIT Payment Amount
G0068	Adm iv infusion drug in home	$186.16	X 1.0018	X 1.0200	$190.22
G0069	Adm sq infusion drug in home	$251.55	X 1.0018	X 1.0200	$257.04
G0070	Adm of chemo drug in home	$312.93	X 1.0018	X 1.0200	$319.76
G0088	Adm iv drug 1st home visit	$226.42	X 1.0018	X 1.0200	$231.36

G0090	Adm iv chemo 1st home visit	$380.58	X 1.0018	X 1.0200	$388.89

Table 2

HCPCS	Descriptor	Final CY 2026 HIT National Rate
G0068	Professional services for the administration of anti-infective, pain management, chelation, pulmonary hypertension, and/or inotropic infusion drug(s) for each infusion drug administration calendar day in the individual's home, each 15 minutes	$190.22
G0069	Professional services for the administration of subcutaneous immunotherapy for each infusion drug administration calendar day in the individual's home, each 15 minutes	$257.04
G0070	Professional services for the administration of chemotherapy for each infusion drug administration calendar day in the individual's home, each 15 minutes	$319.76
G0088	Professional services, initial visit, for the administration of anti-infective, pain management, chelation, pulmonary hypertension, inotropic, or other intravenous infusion drug or biological (excluding chemotherapy or other highly complex drug or biological) for each infusion drug administration calendar day in the individual's home, each 15 minutes	$231.36
G0089	Professional services, initial visit, for the administration of subcutaneous immunotherapy or other subcutaneous infusion drug or biological for each infusion drug administration calendar day in the individual's home, each 15 minutes	$312.60
G0090	Professional services, initial visit, for the administration of intravenous chemotherapy or other highly complex infusion drug or biological for each infusion drug administration calendar day in the individual's home, each 15 minutes	$388.89

E7 Medicare HIT payment rates

CY 2026 Tennessee locality 35

The six Tennessee amounts below are from the publicly available CMS CY 2026 locality-adjusted rate CSV included in the original CMS ZIP. Carrier 10312; geographic adjustment factor 0.939.

HCPCS	Service category	National	Tennessee
G0068	Category 1 subsequent	$190.22	$178.62
G0088	Category 1 initial	$231.36	$217.25
G0069	Category 2 subsequent	$257.04	$241.36
G0089	Category 2 initial	$312.60	$293.53
G0070	Category 3 subsequent	$319.76	$300.25
G0090	Category 3 initial	$388.89	$365.17

Category 1 covers qualifying intravenous infusion services; Category 2 covers qualifying subcutaneous infusion services; Category 3 covers qualifying intravenous chemotherapy and other highly complex infusion services. Eligibility depends on the drug, delivery arrangement and applicable coverage criteria.

These calendar-year 2026 comparison amounts are bundled per eligible infusion drug administration calendar day. The number of 15-minute reporting units does not multiply the payment. The schedule effective on the service date governs reimbursement.

*The calculations for "upper limit" and "lower limit" are based on 3 standard deviations from the mean (average). Exceptions include a set lower limit of 4.50 for Patient Overall Satisfaction and a set lower limit of 15% for Survey Response Rate per Vital Care's acceptable standards.

OPERATING AGREEMENT

OF

ONEAXIS LLC

A TENNESSEE SINGLE-MEMBER LIMITED LIABILITY COMPANY

This Operating Agreement ("Agreement") is made and entered into effective as of March 9, 2026, by and between Oneaxis LLC (the "Company") and its Member.

ARTICLE 1: COMPANY FORMATION

1.01 Formation

The Member has formed a Limited Liability Company ("Company") subject to the laws of the State of Tennessee, including the Tennessee Revised Limited Liability Company Act (T.C.A. § 48-249-101 et seq.) (the "Act"). This Operating Agreement is adopted and effective upon adoption by the Member.

1.02 Name

The name of the Company is **Oneaxis LLC**.

1.03 Principal Place of Business

The principal place of business of the Company shall be:

729 Glen Oaks Dr
Franklin, Tennessee 37067

The Member may change the principal place of business as necessary, and such change shall not require amendment of this Agreement.

1.04 Registered Agent and Registered Office

The Company's registered agent and registered office in Tennessee are as stated in the Company's Articles of Organization filed with the Tennessee Secretary of State. The Member may change the registered agent and registered office as permitted by law.

1.05 Purpose

The purpose of the Company is to engage in any lawful business, including but not limited to:

- Healthcare services, Pharmacy, and consultation

- Management consulting services
- Information Technology management and consulting
- Any other lawful business activity permitted under Tennessee law

1.06 Term

The Company will continue in perpetual existence until:

1. The Member elects dissolution of the Company;
2. An event occurs which causes the Company's business to become unlawful; or
3. Any other event causes the Company's dissolution under the Act.

1.07 Filing of Articles of Organization

The Articles of Organization were filed with the Tennessee Secretary of State in 2025, and the Company's existence commenced upon filing and appears as an active entity in the Tennessee Secretary of State business records.

ARTICLE 2: MEMBER

2.01 Identity of Member

The sole member of the Company is:

Name: John Paul Palelil

Address: 729 Glen Oaks Dr, Franklin, Tennessee 37067

Membership Interest: 100%

2.02 Liability of Member

The Member shall not be personally liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort, or otherwise, except as otherwise provided by law.

2.03 Additional Members

The Member may admit additional members to the Company upon such terms and conditions as the Member deems appropriate. Upon admission of additional members, this Agreement shall be amended accordingly.

ARTICLE 3: MANAGEMENT

3.01 Management by Member

The Company shall be member-managed. The Member shall have full and complete authority, power, and discretion to manage and control the business and affairs of the

Company, to make all decisions regarding those matters, and to perform any and all acts customary or incident to the management of the Company's business.

3.02 Powers of Member

The Member shall have all powers necessary or convenient to carry out the business and affairs of the Company, including but not limited to:

- Opening and maintaining bank accounts
- Entering into contracts and agreements
- Acquiring, leasing, or disposing of property
- Borrowing money and securing obligations
- Hiring employees, contractors, and consultants
- Filing tax returns and maintaining books and records
- Prosecuting and defending legal actions
- Making all business decisions regarding operations

3.03 Fiduciary Duties

The Member owes fiduciary duties of loyalty and care to the Company as provided under Tennessee law.

ARTICLE 4: CAPITAL CONTRIBUTIONS

4.01 Initial Capital Contribution

The Member has made or agrees to make the following initial capital contribution to the Company:

Type of Contribution: Cash

Value: $1000

Date: 03/09/2026

4.02 Additional Capital Contributions

The Member may, but shall not be obligated to, make additional capital contributions to the Company at any time in such amounts as the Member determines.

4.03 No Interest on Capital Contributions

No interest shall be paid on any capital contributions made by the Member.

4.04 Return of Capital Contributions

The Member shall have no right to demand the return of capital contributions except as provided in this Agreement or upon dissolution of the Company.

ARTICLE 5: ALLOCATIONS AND DISTRIBUTIONS

5.01 Allocations

All profits, losses, credits, deductions, and other tax items of the Company shall be allocated 100% to the Member.

5.02 Distributions

The Member may authorize distributions from the Company at such times and in such amounts as the Member deems appropriate, subject to applicable law and the requirement that the Company maintain sufficient assets to pay its debts and obligations.

5.03 Timing of Distributions

Distributions may be made at any time and in any amount as determined by the Member, provided that such distributions do not violate the Act or render the Company insolvent.

ARTICLE 6: BOOKS AND RECORDS

6.01 Books and Records

The Company shall maintain complete and accurate books and records of the Company's business and affairs as required by the Act, including:

- A current list of the full name and last known business or residence address of each Member
- A copy of the Articles of Organization and all amendments thereto
- Copies of federal, state, and local tax returns
- Copies of financial statements for the past three (3) years
- A copy of this Operating Agreement and any amendments
- Records of all proceedings of Members

6.02 Fiscal Year

The fiscal year of the Company shall be the calendar year ending December 31, or such other fiscal year as may be determined by the Member.

6.03 Bank Accounts

The Member shall maintain one or more bank accounts in the Company's name. All funds of the Company shall be deposited in such accounts. Withdrawals shall be made only in the regular course of Company business.

6.04 Accounting Method

The Company shall use the cash method (or accrual method if required) of accounting for both tax and financial reporting purposes.

ARTICLE 7: TAXATION

7.01 Tax Treatment

For federal income tax purposes, the Company shall be treated as a disregarded entity, with all income, deductions, gains, losses, and credits passing through to the Member. The Member shall report such items on the Member's individual income tax return.

7.02 Tax Elections

The Member may elect to have the Company taxed as a corporation under Subchapter C or S of the Internal Revenue Code if the Member determines such election is in the best interest of the Company and the Member.

7.03 Tax Matters Partner

The Member shall serve as the "Tax Matters Partner" (or equivalent under current tax law) for purposes of IRS audits and tax proceedings.

ARTICLE 8: TRANSFER OF MEMBERSHIP INTEREST

8.01 Restriction on Transfer

The Member may not transfer, assign, sell, pledge, or otherwise dispose of all or any portion of the Member's membership interest except in compliance with applicable securities laws and with proper amendment of this Agreement.

8.02 Admission of Transferee

No transferee of a membership interest shall become a substitute member unless and until the transferee is admitted as a member pursuant to the Act and this Agreement is amended accordingly.

ARTICLE 9: DISSOLUTION AND WINDING UP

9.01 Events of Dissolution

The Company shall be dissolved upon the occurrence of any of the following events:

1. The determination of the Member to dissolve the Company;
2. The entry of a decree of judicial dissolution under the Act;
3. The occurrence of any event that makes it unlawful for the business of the Company to be carried on; or
4. Any other event causing dissolution under the Act.

9.02 Winding Up

Upon dissolution, the Member (or a court-appointed liquidator) shall wind up the Company's affairs, liquidate the Company's assets, and apply and distribute the proceeds in the following order of priority:

1. To creditors, including the Member if the Member is a creditor, in satisfaction of liabilities of the Company (whether by payment or reasonable provision for payment);
2. To the establishment of reserves for contingent liabilities;
3. To the Member in accordance with the Member's capital account balance.

9.03 Certificate of Dissolution

Upon completion of the winding up, the Member shall file a Certificate of Dissolution with the Tennessee Secretary of State in accordance with the Act.

ARTICLE 10: INDEMNIFICATION

10.01 Indemnification

The Company shall indemnify and hold harmless the Member from and against any and all claims, liabilities, losses, damages, and expenses (including reasonable attorneys' fees) arising out of or related to the Member's service as a member or manager of the Company, except to the extent such claims arise from the Member's willful misconduct, gross negligence, or breach of fiduciary duty.

ARTICLE 11: GENERAL PROVISIONS

11.01 Governing Law

This Agreement and the rights and obligations of the parties hereunder shall be governed by and construed in accordance with the laws of the State of Tennessee, including the Tennessee Revised Limited Liability Company Act.

11.02 Amendments

This Agreement may be amended or modified only by a written instrument executed by the Member.

11.03 Severability

If any provision of this Agreement is held to be invalid, illegal, or unenforceable, the remaining provisions shall continue in full force and effect.

11.04 Binding Effect

This Agreement shall be binding upon and inure to the benefit of the Member and the Member's successors, assigns, heirs, executors, and legal representatives.

11.05 Entire Agreement

This Agreement constitutes the entire agreement of the Member with respect to the subject matter hereof and supersedes all prior agreements and understandings, whether written or oral.

11.06 Waiver

No waiver of any provision of this Agreement shall be effective unless in writing and signed by the Member. No waiver shall be deemed a continuing waiver or a waiver of any other provision.

11.07 Counterparts

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

11.08 Notices

Any notice required or permitted under this Agreement shall be in writing and shall be delivered personally, sent by certified mail, return receipt requested, or sent by reputable overnight courier service to the Member at the address set forth in Article 2 or such other address as the Member may designate in writing.

SIGNATURE

The undersigned Member hereby executes this Operating Agreement as of the date first written above.

ACCREDITATION COMMISSION FOR HEALTH CARE
ACHC

Exhibit B - Sample Policy Template for Franchisee Use

Patient Financial Assistance/Hardship Policy

Scope

This policy applies uniformly to all patients served by Vital Care of Jackson, TN (0496) ("Vital Care").

This policy outlines guidelines for financial assistance for patients who incur significant out-of-pocket obligations for medications, supplies, and services. Employees may not induce patients or referrals based on waiving out-of-pocket costs, and this policy or the availability of financial assistance may not be advertised to patients or referral sources (e.g., prescribers).

Policy

1. Definitions
    1.1. **"Eligibility Guidelines"** means the federal poverty guidelines updated annually by the United States Department of Health and Human Services in the Federal Register.
    1.2. **"Family Size"** means the number of individuals living in the patient's household operating under combined resources or in the case of a minor patient, the patient and the number of individuals living in the Responsible Party's home or individuals for whom the patient or Responsible Party is otherwise financially responsible. Examples of individuals making up a Family Size include: 1) the patient and, if married, his/her spouse; 2) any natural, or adopted minor child of the patient, or spouse who has not been emancipated by a court and who is not, or has never been, married; 3) any person designated as "dependent" on the patient's latest tax return; 4) any adult child who is a student and who is dependent on the patient's income for over 50 percent of his or her living expenses; and 5) any other person within the patient or Responsible Party's household who is dependent on the patient's family income for over 50 percent of his or her living expenses.
    1.3. **"Financial Application to Waive or Reduce Copay"** means the form used to determine eligibility (Exhibit C).
    1.4. **"Pending Application"** means an application fully completed, received by a qualified employee appointed by the location's manager, and under review.
    1.5. **"Responsible Party"** means the patient (if an adult) or, in a minor, the financially responsible parent.

2. Income Eligibility
    2.1. A patient is eligible for financial assistance consideration if they meet the income eligibility criteria set forth herein, based on the Eligibility Guidelines and other criteria in this policy.
    2.2. Vital Care uses current annual gross income and Family Size in determining eligibility.

State and Federal laws, as well as Vital Care's contracts with PBMs and insurance companies, require franchised locations to bill patients for their cost-sharing amounts. Franchised locations may waive all or a portion of these payments only if the patient meets established eligibility criteria.

2.3. Reference the current Federal Poverty Guidelines using the table below or at: ASPE – Office for the Assistant Secretary for Planning and Evaluation

2026 FEDERAL POVERTY GUIDELINES (FPG) FOR THE 48 CONTIGUOUS STATES AND THE DISTRICT OF COLUMBIA					
Household Size	**FPG**	**200% of FPG**	**300% of FPG**	**400% of FPG**	**500% of FPG**
1	$15,960	$31,920	$47,880	$63,840	$79,800
2	$21,640	$43,280	$64,920	$86,560	$108,200
3	$27,320	$54,640	$81,960	$109,280	$136,600
4	$33,000	$66,000	$99,000	$132,000	$165,000
5	$38,680	$77,360	$116,040	$154,720	$193,400
6	$44,360	$88,720	$133,080	$177,440	$221,800
7	$50,040	$100,080	$150,120	$200,160	$250,200
8	$55,720	$111,440	$167,160	$222,880	$278,600
For families/households with more than 8 persons, add $5,680 for each additional person					

2.4. Evaluate patient income against the approved thresholds in the chart below to determine whether a full or partial discount is appropriate, consistent with this policy.

2.4.1. To establish percentage thresholds that reflect local standards, our location considers how hospitals within our community structure their financial assistance programs. An internet search using our city and state followed by the phrase "hospital financial assistance policy" (e.g., "*Meridian, MS hospital financial assistance policy*") can provide insight into the ranges commonly applied by nearby hospitals. This information helps ensure our hardship criteria are aligned with local practices.

2.4.2. When reviewing external hospital policies, our location identifies percentage ranges that are consistent with or more conservative than those used by local health systems. This approach supports defensible, needs-based determination and promotes alignment with established industry practice.

ADJUSTED INCOME AS PERCENTAGE OF FEDERAL POVERTY GUIDELINES (FPG)	PERCENTAGE DISCOUNT OF OUT-OF-POCKET COSTS
Less than or equal to 200 **%** of the FPG	**100%** Discount
Greater than 200 **%** but less than 400 **%** of the FPG	25 **%** Discount

3. The Application Process

3.1. **Patient Intake** - A patient who indicates an inability to pay out-of-pocket expenses for medically necessary services may be evaluated for assistance per this policy. Employees may not initiate this discussion absent patient indication of need. Upon such statement, the Manager may initiate a conversation relating to Vital Care's financial assistance program and agree to provide an Application to Waive or Reduce Copay.

3.2. **Verification of Financial Status** - Each requesting patient must complete the current Application to Waive or Reduce Copay and provide income verification (e.g., pay stubs, tax returns, Social Security benefits, child support). The patient or Responsible Party must sign the application attesting to truthfulness.

3.3. **Evaluation of Application** - Upon receipt of a completed application, the Manager or designee performs initial review. If preliminary eligible, the Manager or designee grants final approval/denial or requests additional information.

3.4. **Turnaround Time** - A determination on a Pending Application is typically completed within five (5) days of receipt. Written notification is provided to the applicant.

3.5. **Limitations** – Financial assistance under this policy is intended only for patients with a documented inability to pay for medically necessary care and is considered a last resort. Assistance is not available for services that are not approved or authorized by an insurance carrier (if applicable).

Before granting financial assistance, all other funding options must be evaluated and exhausted, including government programs, insurance coverage, manufacturer assistance programs, and other third-party resources. Patients must fully cooperate by providing requested information to determine eligibility for these alternatives. Failure to provide such information may result in disqualification from the hardship program.

3.6. **Denial of Financial Assistance** - All denials include written reasons. If denial is due to missing information, the applicant may submit the specified information for reconsideration. Denied applications may be escalated for further review by the Manager, who may grant assistance as a documented exception (exceptions should be rare).

3.7. **Appeal Process** - Upon request, a patient may appeal a denial. At least two individuals appointed by the Manager and not involved in the initial denial will review the appeal. If the Manager did not deny the original application, the Manager may solely decide the appeal.

3.8. **Renewal of Application** - Annual renewal is required. Patients receiving assistance must submit an updated application annually. patients will be notified at least thirty (30) days in advance of the renewal deadline. Patients should submit earlier if financial circumstances change.

4. Responsibilities and Exchange with VCIS

4.1. **Annually and upon policy revision, the Franchisee will email a copy of the executed Attestation (unless completed electronically) and Financial Assistance Policy to compliance@vitalcare.com.**

4.1.1. As the Federal Poverty Guidelines are updated each January, it is recommended to review and update this policy in February to ensure all eligibility thresholds reflect the most current guidelines.

4.2. **The Franchisee will upload approved Applications in Vital Systems to "Hardship Documents". Franchisees may contact spt@vitalcare.com with questions related to the execution of approved applications.**

4.3. VCIS (RCM) will create and maintain a Financial Assistance Policy Patient List per franchisee.

4.4. VCIS (RCM) will maintain patient accounts for those granted assistance.

4.5. Annual renewal of previously approved Applications is recommended, ensuring alignment with the current Financial Assistance Policy.

5. Compliance Monitoring and Audit

5.1. Ongoing auditing and monitoring of adherence to the Franchisee's Financial Assistance Policy will occur for listed patients.

5.2. Annually, the Compliance Officer is recommended to audit hardship program utilization to determine whether the 10% threshold has been exceeded.

5.2.1. Calculate the percentage of hardship program patients relative to the total active patient population and document the findings in the annual compliance report. The audit should include:

- Total number of active patients served during the year
- Total number of patients approved for the hardship program during the same period

5.2.2. If the percentage exceeds 10%, the franchised location is recommended to review program controls to avoid unnecessary waivers. The Compliance Officer is further recommended to propose corrective actions or enhanced monitoring to ensure compliance with federal and state regulations and payer contract requirements.

6. Collection Efforts

Patients remain responsible for out-of-pocket expenses or other fees until a complete Application and all required documentation are received and approved by Vital Care. If the patient is deemed eligible, VCIS (RCM) applies the discount to eligible expenses incurred from the date a complete Application and required documentation were received. Assistance is not retroactively applied to sums incurred before receipt of a complete Application. Vital Care collects all sums due from patients receiving assistance per its collection policies and standard business practices and in accordance with applicable state debt collection laws.

7. Accounting Treatment of Financial Assistance

Amounts formally waived under an approved Financial Assistance Policy are not recognized as patient service revenue and will be treated as a bad debt adjustment. Accounting treatment follows applicable Generally Accepted Accounting Principles (GAAP) and internal accounting policies.

State and Federal laws, as well as Vital Care's contracts with PBMs and insurance companies, require franchised locations to bill patients for their cost-sharing amounts. Franchised locations may waive all or a portion of these payments only if the patient meets established eligibility criteria.

Exhibit A - Attestation

Patient Financial Assistance/Hardship Policy Attestation

NOTE: You may elect to complete this attestation electronically by using the link below or by scanning the QR code to the right. You only need to complete the attestation one way – either electronically or by submitting a printed and emailed version.

- Patient Financial Assistance/Hardship Policy Attestation – Fill out form

The franchised location ("Franchisee") requests that Vital Care Infusion Services, LLC as Manager to Franchisor ("VCIS"), acting in its role as third-party billing administrator pursuant to a Special Power of Attorney granted by Franchisee, administer certain reductions in patient financial obligations on Franchisee's behalf pursuant to Franchisee's Financial Assistance Policy. The Franchisee understands and acknowledges that it is solely responsible for the establishment and maintenance of its financial assistance to patients. The Franchisee shall be solely responsible for the determination of whether a patient qualifies for assistance and the extent of such assistance. The Franchisee shall be solely responsible for the maintenance of all documentation related to the patient's financial need eligibility determination.

In addition to any other indemnification obligations of Franchisee, Franchisee agrees to indemnify and hold harmless VCIS, and its subsidiaries, affiliates, members, directors, officers, employees, and representatives, for any claims, liabilities, losses, suits, causes of action, damages, costs, and expenses (including reasonable attorneys' fees) to the extent arising out of Franchisee's Financial Assistance Policy or VCIS's administration thereof.

Franchisee may request that VCIS administer patient financial obligation reductions pursuant to its Financial Assistance Policy by inputting patient information and approved reductions in the Financial Assistance Policy Patient List. Franchisee represents and warrants that it shall only include patients who meet all criteria for assistance under the Franchisee's policy, that the Franchisee has documentation to support such determination (including income evidence), and that the Franchisee has no reason to believe patients are not entitled to assistance. Franchisee shall immediately remove patients from the Financial Assistance Policy Patient List if any of the foregoing cease to be accurate.

Franchisee represents and warrants that:

1. Its Financial Assistance Policy complies with all applicable laws, including the Anti-Kickback Statute (42 U.S.C. § 1320a–7b(b)) and the Beneficiary Inducement CMP law, and satisfies the waiver elements described in 42 C.F.R. § 1001.952(k) and 42 U.S.C. § 1320a-7a(i)(6)(A), together with associated OIG guidance.

2. Its financial assistance policy is in written form, implemented according to its written terms, and reviewed at least annually by Franchisee.

3. It makes a good faith determination of financial need based on patient-provided documentation of income for each patient granted assistance.

4. It has adopted and maintains objective criteria for determining financial need.

5. It requires each patient granted assistance to attest to the truth and completeness of the application and to promptly notify of any changes.

6. It does not advertise its Financial Assistance Policy, and employees/contractors are trained on the prohibition of advertising the financial assistance program.

7. It maintains documentation of the patient's application and supporting determination of financial need for no less than six (6) years from when the patient last receives assistance under the program.

8. Franchisees are further expected to comply with applicable state laws governing charitable assistance, consumer protection, and debt collection practices, and to align with payer contract terms.

The Franchisee will immediately notify VCIS if any representations in this Attestation become untrue or if it fails to meet obligations under this Attestation. Franchisee will immediately remove patients from the Financial Assistance Policy Patient List if the patient is no longer entitled to assistance under the Franchisee's program.

Medication sourcing protocol - Requirements to use a participating specialty pharmacy for certain medications

UnitedHealthcare commercial plans

To support the provider/patient relationship, participating outpatient providers are required to obtain certain drugs from indicated specialty pharmacies unless otherwise authorized by UnitedHealthcare. The tables below include drugs that require sourcing for all outpatient places of service and/or drugs only requiring sourcing when administered in the outpatient hospital setting.

When one of these medications is appropriately obtained though the indicated specialty pharmacy, the specialty pharmacy will bill UnitedHealthcare directly for the drug under the member's medical benefit. Outpatient providers may only seek reimbursement for administering the medication. Outpatient providers may not bill the member for the medication.

Outpatient providers can contact their Network Contractor with any questions regarding the various contracts/fee schedules for each drug listed below.

This protocol works in conjunction with all UnitedHealthcare policies and protocols and does not replace or supersede them.

Please note: The specialty pharmacy protocol is subject to applicable state laws and regulations and does not apply to UnitedHealthcare West, UMR, Student Resources, UnitedHealthOne and Sierra plan members.

Medication sourcing protocol – all outpatient providers

Places of service: Outpatient hospital, physician office, home, ambulatory infusion
The protocol for the drugs listed in the table below does not apply to providers in Maryland. The protocol is subject to applicable state laws, which may exclude certain plans from the requirements.

Disclaimer: Inclusion in this list does not indicate a drug is covered by a particular plan. Any drug may be subject to other requirements, including but not limited to Review at Launch and/or Medical Benefit Therapeutic Equivalent Medications – Drug Exclusion.

United Healthcare®

Medication sourcing protocol – outpatient hospital only

The national ancillary network infusion provider column in the table below includes some, but not all, home and/or ambulatory infusion providers that may be used for alternate site of care treatment locations, if appropriate. Providers may use national and regional UnitedHealthcare contracted infusion providers not included in the provided list.

The specialty pharmacy list does not apply to providers in Kentucky, Maryland or Rhode Island. The protocol is subject to applicable state laws, which may exclude certain plans from the requirements.

Performance Improvement (PI): Adverse Drug Reactions (CareTend)

This performance measure has been selected because the organization provides compounded infusion medications that may be associated with potentially high risk adverse effects.

The measure full name is "The incidence of reported adverse drug reactions per 1000 active patient care days".

Performance Measure Elements

Description	The incidence of reported adverse drug reactions entered into the patient's record in CareTend, and calculated as a rate based ratio measured with a denominator of 1000 active patient care days.
Frequency	Monthly
Designation	Designated as the person to oversee entry of patient outcomes data within CareTend:
Designation	Designated as the person to obtain the monthly incidence from the Vital Outcomes database:
Method of Data Collection	Data is collected via a regularly scheduled follow up form which inquires as to the incidence of specific events including adverse drug reactions; Data is collected via regular communication with the patient, caregiver, and home care agency or other healthcare provider. Data is entered into the patient's record in CareTend upon occurrence, or at regular intervals for long term patients.
Acceptable Limits	The acceptable limit is 3 standard deviations from the mean. To determine the benchmark average and acceptable limit refer to the Outcomes Tracking Table on The Central Line. The Outcomes Tracking Table limits and averages are updated, at minimum, every three (3) months based on Vital Outcomes aggregate data. (The Outcomes Tracking Table can be found under the discuss board on The Central Line.)
Receipt of Reports	The reports on the ADR rate are presented at the quarterly PI meeting to the pharmacy owner/manager by:

© 07/16/2024

Re-Evaluation Plans	Failure to meet the threshold will result in the following re-evaluation and actions: • Identify if there is a pattern to types of adverse events, medications involved, or diagnosis group involved; • Determine if value is high due to small population size • Determine if patient pre-screening and monitoring is being completed appropriately • Communicate findings with the home care agency and/or physician • Discuss with or retrain staff on adverse event screening • Consult with prescriber(s) on formulary issues and possible causes • Re-measure the following quarter

ANNUAL PI PLAN REVIEW (CareTend)

This form must be completed by pharmacy ownership/management annually to comply with accreditation standards. Supplement this form with the Annual PI Plan Review for a complete review of the pharmacy's services. Please check all rows in which the statement is true. Describe any challenges at the end of each section.

Pharmacy Name:	Franchise No. (4 Digit):
Date of this Review:	For which year is this PI Plan Review?

Meetings	
☐	The pharmacy met at the frequency listed on the PI Plan.
☐	The pharmacy PI meetings were attended by all members and at least one manager or owner.
☐	Minutes of meetings were maintained.
If any of the rows above are not checked, please describe or elaborate:	

Outcome Data	
☐	The pharmacy staff consistently submitted patient information to the CareTend outcome tracking system throughout the year.
☐	Reports were generated by the pharmacy from the Vital Outcomes system and were reviewed at least quarterly.
☐	Data was converted to charts by the pharmacy staff using Excel or other method.
☐	Charts are reviewed when received.
☐	Patient perception surveys are consistently given to patients, and a return rate of (minimum) 25% is achieved throughout the year.
☐	Unusual trends or variances are addressed on a PDSA form.
If any of the rows above are not checked, please describe or elaborate:	

© 05/17/2024

Financial Performance Measures	
☐	The pharmacy consistently collected data on billing and claim denials throughout the year.
☐	The data was converted to charts by either the pharmacy staff using Excel or other method.
☐	Charts were reviewed when received.
If any of the rows above are not checked, please describe or elaborate:	

Internal Pharmacy Audits	
☐	The pharmacy consistently collected data on the selected pharmacy process throughout the year.
☐	The data was converted to charts by either the pharmacy staff using Excel or other method.
☐	Charts were reviewed when received.
If any of the rows above are not checked, please describe or elaborate:	

High Risk Focus Area	
☐	The pharmacy has a written QC/QA program for the selected high risk focus area.
☐	Pages that require completion by the manager were completed (tabbed pages).
☐	Data collection described in the QC/QA program was consistently collected and reviewed at PI meetings.
If any of the rows above are not checked, please describe or elaborate:

Annual Performance Improvement Report and Data Collection Tool

Specialty Pharmacy Services

If accredited for specialty pharmacy services, this report must be completed and reviewed annually by the performance improvement committee to comply with specialty related accreditation standards. It should be retained in the pharmacy records and attached to the meeting minutes form in which review of the report has been documented.

Reporting Period:
Number of specialty patients receiving prescriptions during reporting period:
What is the overall patient satisfaction survey rate specific to specialty pharmacy services as a percentage of specialty patients served?
Number of complaints received during reporting period and average resolution time: Were any trends or a high incidence rate in a particular area of service identified? ☐ Yes ☐ No If yes, explain:

Complete the chart below based on reporting period data:

Payer Name	Number Prescriptions Dispensed	Number Prescriptions Dispensed Incorrectly*	Average Delivery Time	Average Medication Possession Ratio (MPR)**
Total All Payers				

*Wrong patient, wrong drug, wrong address, or wrong quantity

**The medication possession ratio (MPR) is a formula used to determine compliance that is measured from the first to the last prescription. The denominator is the duration from the start period to the completion of the last prescription, and the numerator is the days supplied over that period from first to last prescription. MPR is the sum of the days' supply for all fills of a given drug in a particular time period, divided by the number of days in the time period.

© 9/19/2024

Call center metrics based on reporting period data supplied by IVR or answering service vendor (attach data report):

What is the average length of time patients were on hold?
What is the average call abandonment rate?
What is the average dropped call rate?
Were any trends or a high incidence rate identified? ☐ Yes ☐ No If yes, explain:

Review of contracted services data for reporting period:

Was a review of all contracted specialty pharmacy services performed in conjunction with this report? ☐ Yes ☐ No ☐ N/A If yes, were any contracted services identified that require more extensive review to minimize costs? ☐ Yes ☐ No If yes, which ones?

Improvement Studies (PDSA)	
☐	The pharmacy used the PDSA cycle and documentation form to document improvement activities.
☐	PDSA forms were completed correctly and demonstrate the "before and after picture" of the improvement cycle.
If any of the rows above are not checked, please describe or elaborate:	

Risk and Sentinel Events	
☐	The pharmacy staff used risk report forms and reviewed them at PI meetings.
☐	The pharmacy did not have any occurrences of sentinel events.
If the row above is not checked, please describe or elaborate:	

Projected Changes or Improvements Based on the information presented in previous sections, describe changes suggested for the PI committee or PI plan in the next year.

Performance Improvement (PI): Catheter Complication Requiring Removal (CareTend)

This performance measure has been selected because the organization provides compounded infusion medications and infusion clinical services to patients with complex medical needs via implanted venous access devices.

The measure full name is "The incidence of reported catheter related complications requiring removal per 1000 active patient catheter days."

Performance Measure Elements

Description	The incidence (rate based ratio with a denominator of 1000) of catheter complication requiring removal documented in the patient's record in CareTend per 1000 active patient catheter days.
Frequency	Monthly
Designation	Designated as the person to oversee entry of patient outcomes data within patient records on CareTend:
Designation	Designated as the person to obtain the monthly percentage rating from the Vital Outcomes database:
Method of Data Collection	Data is collected via a regularly scheduled follow up form which inquires as to the incidence of specific events including incidents with catheters; Data is collected via regular communication with the patient, caregiver, and home care agency or other healthcare provider. Data is entered into the patient's record in CareTend upon occurrence, or at regular intervals for long term patients.
Acceptable Limits	The acceptable limit is 3 standard deviations from the mean. To determine the benchmark average and acceptable limit refer to the Outcomes Tracking Table on The Central Line. The Outcomes Tracking Table limits and averages are updated, at minimum, every three (3) months based on Vital Outcomes aggregate data. (The Outcomes Tracking Table can be found under the discuss board on The Central Line.)
Receipt of Reports	The reports on the catheter complications requiring removal are presented at the quarterly PI meeting to the pharmacy owner/manager by:

© 07/16/2024

Re-Evaluation Plans	Failure to meet the threshold will result in the following re-evaluation and actions: • Identify if the value is out of range due to a small patient population; • Review recent on call and risk reports and identify trends in incidence; • Discuss with staff if incidents are related to a particular catheter type, therapy type, or patient population; • Discuss, if applicable, with the home care agency or prescriber; • Develop a corrective action plan based on above findings to decrease grievances; • Re-measure in three months

accreditation outcomes measurement performance improvement pi plan quality assurance

Description

- The franchised pharmacy will maintain a performance improvement process that identifies potential areas of improvement improvement strategies taken, and evaluates the effectiveness of the improvements over time.
- The franchised pharmacy will monitor performance measures that indicate the effectiveness of the pharmacy.
- The owner and manager are responsible to assure that the performance improvement program is functioning and are requ present and active in the program.
- The organization leader will be present at PI meetings.
- The PI meetings will be held at regular predetermined intervals.
- The program will include the following components:
  - A review of current outcome and patient perception data and discussion of results
  - A review of any sentinel events that occurred since the previous meeting
  - A review of infection trends as noted on the infection control logs
  - A review of all serious adverse drug reactions (defined as a reaction that required cessation of the drug or hospita
  - A review of all medication errors identified after a drug was dispensed to the patient/caregiver or health care provi
  - A review of patient/customer grievances filed since the previous meeting
  - Patient perception/satisfaction data (ongoing)
  - Referral source and physician satisfaction data (annual survey results)
  - AIC customer satisfaction (ongoing; locations providing AIC services)
  - Nursing services satisfaction (ongoing; locations providing home skilled nursing)
  - A review of Risk Reports completed since the previous meeting
  - An opportunity for staff members to recommend areas of performance improvement (brainstorming)
  - (Annual) Staff self-assessments to identify employee learning needs
- Records (minutes) of all PI meetings and activities will be maintained in an organized manner. These records will be acce members and accreditation staff only.
- Any review or data elements that fall outside of the acceptable parameters should be responded to by a corrective action PDSA Form.
- Duplicating and dispensing copies of any of the PI records is not permit[illegible] ist be approved by the organization leader and/or legal counsel/representative
- All PI forms are available in the Apollo Forms Manual, keyword search "quality", or "performance". These include a templa the franchised pharmacy's PI program, the Risk Report, the Root Cause Analysis tool, the staff self-assessment form, a P documentation form, and a meeting minutes template.
- The franchised pharmacy will include a pediatric performance improvement indicator in its Performance Improvement Pro infusion therapy comprises more than 25% of its clinical program.

Live Chat

- Patient satisfaction information will be obtained from the parents if the child is unable to respond due to his/her developme cognitive impairment.
- The owner and manager will prepare an annual review of the pharmacy's PI program that lists:
  - The members of the PI committee, and how many meetings were held
  - The areas that were monitored by the committee by data collection
  - Areas identified by the committee that warranted investigation and/or improvement
  - The results of the improvement strategies
  - Any changes to the program for the following year

Procedure

1. Enroll your organization in an outcome-tracking program. (Note: franchised pharmacies seeking accreditation must be enro outcome tracking program in order to be accredited. Vital Care Infusion Services, LLC offers Vital Outcomes as an outcome reporting option to franchised pharmacies)
2. Open and view the form PI Plan.
3. Review Performance Improvement Overview module on The Central Line.
4. Complete the Performance Improvement Tools and Resources sections 1-17.
5. Hold your first PI meeting, using the resources on The Central Line.
6. Hold your first meeting, following the Meeting Minutes Form as a guide. (Note: this is a guide only. Your team can add to, re alter this guide. You can create an entirely different meeting design.)

[Customer Name]
[Customer Address]
[Customer City, State and Zip]

Dear Valued Pharmacy Customer,

The staff of _____ is proud to have serviced your home infusion pharmacy needs. We realize you and your prescriber have a choice of infusion pharmacies, and we appreciate that you selected ours.

We constantly strive to improve the services we provide to our customers, and to meet all of the quality requirements of Medicare and other payers. To do so we must gather customer satisfaction information from every patient.

We would appreciate it if you would spend a few moments answering the questions on the attached satisfaction survey. Additional comments regarding our services are always welcome. If you'd like to speak to our pharmacy manager about any aspect of our services, please indicate that on the survey. The survey should be mailed back to us using the prepaid envelope enclosed for your convenience. If you prefer to answer the survey online, please go to vitalcare.com/ptsurvey. Be sure to enter the information found at the top of the attached survey form, so your feedback will be attributed to our location.

If you have any questions about the survey, please don't hesitate to call us at the number at the top of this letter.

Best Regards,

Description

The franchised pharmacy will maintain a performance improvement process that identifies potential areas of improvemer improvement strategies taken, and evaluates the effectiveness of the improvements over time.

The franchised pharmacy will monitor performance measures that indicate the effectiveness of the pharmacy.

The owner and manager are responsible to assure that the performance improvement program is functioning and are req present and active in the program.

The organization leader will be present at PI meetings.

The PI meetings will be held at regular predetermined intervals.

The program will include the following components:

- A review of current outcome and patient perception data and discussion of results
- A review of any sentinel events that occurred since the previous meeting
- A review of infection trends as noted on the infection control logs
- A review of all serious adverse drug reactions (defined as a reaction that required cessation of the drug or hospit
- A review of all medication errors identified after a drug was dispensed to the patient/caregiver or health care prov
- A review of patient/customer grievances filed since the previous meeting
- Patient perception/satisfaction data (ongoing)
- Referral source and physician satisfaction data (annual survey results)
- AIC customer satisfaction (ongoing; locations providing AIC services)
- Nursing services satisfaction (ongoing; locations providing home skilled nursing)
- A review of Risk Reports completed since the previous meeting
- An opportunity for staff members to recommend areas of performance improvement (brainstorming)
- (Annual) Staff self-assessments to identify employee learning needs

Records (minutes) of all PI meetings and activities will be maintained in an organized manner. These records will be acce members and accreditation staff only.

Any review or data elements that fall outside of the acceptable parameters should be responded to by a corrective actior PDSA Form.

Duplicating and dispensing copies of any of the PI records is not permitted. Requests for copies of the PI records must b approved by the organization leader and/or legal counsel/representative.

All PI forms are available in the Apollo Forms Manual, keyword search "quality", or "performance". These include a templ the franchised pharmacy's PI program, the Risk Report, the Root Cause Analysis tool, the staff self-assessment form, a F documentation form, and a meeting minutes template.

The franchised pharmacy will include a pediatric performance improvement indicator in its Performance Improvement Pr infusion therapy comprises more than 25% of its clinical program.

Patient satisfaction information will be obtained from the parents if the child is unable to respond due to his/her developr cognitive impairment.

The owner and manager will prepare an annual review of the pharmacy's PI program that lists:

- The members of the PI committee, and how many meetings were held
- The areas that were monitored by the committee by data collection
- Areas identified by the committee that warranted investigation and/or improvement
- The results of the improvement strategies
- Any changes to the program for the following year

Procedure

1. Enroll your organization in an outcome-tracking program. (Note: franchised pharmacies seeking accreditation must be enr outcome tracking program in order to be accredited. Vital Care Infusion Services, LLC offers Vital Outcomes as an outcor reporting option to franchised pharmacies)
2. Open and view the form PI Plan.
3. Review Performance Improvement Overview module on The Central Line.
4. Complete the Performance Improvement Tools and Resources sections 1-17.
5. Hold your first PI meeting, using the resources on The Central Line.
6. Hold your first meeting, following the Meeting Minutes Form as a guide. (Note: this is a guide only. Your team can add to, alter this guide. You can create an entirely different meeting design.)

accreditation customer satisfaction rating outcome monitoring Performance Improvement PI Vital Outcomes

Description

In order to assess and improve the quality of services provided to customers, as well as the internal performance of staff, the fra pharmacy should collect outcome data.

Outcome data that is most valid is clinical outcome data (measures or describes the clinical outcomes of the care provided), and perception data (measures or describes the satisfaction and thoughts patients have about the care received).

There are several commercially available database services available in the infusion industry. Vital Care Infusion Services, LLC to franchised pharmacies its proprietary database system Vital Outcomes which has collected and reported individual and aggre Vital Care network since 1995.

Vital Outcomes, the currently available program on Vital Books, provides reporting on the measures listed in this document.

- The manager or owner will supervise the collection of data to assure that outcome data is collected, reviewed, and used i improvement of the franchised pharmacy.
- The franchised pharmacy will use a database to collect and report data that allows for benchmarking against aggregate d
- The collection of clinical and/or perception outcome data is required with a minimum of three measures to trend and revie recommended number of measures is four.
- The collection of financial or operational data is required by the DMEPOS standards. The franchised pharmacy will collect display data regarding DMEPOS related billing auditing and claims denials. Billing and coding errors for durable medical e supplies, as well as nutritional and parenteral nutrient will be reviewed as part of the performance improvement program.
- The collection of patient satisfaction and dissatisfaction data is required by the DMEPOS standards. The franchised pharn aggregate, and display this data.
- The outcome data will be reviewed at each PI committee meeting.
- The data will be used to evaluate the franchised pharmacy's performance and plan improvement activities.
- Staff members responsible for the data entry into and use of the outcome program will receive orientation training and cor assessment to assure data reliability.

Performance Improvement (PI): Patient Overall Satisfaction Rating (CareTend)

This performance measure has been selected because the organization provides clinical infusion services with a high customer contact service model. The pharmacy is accredited as a provider of DMEPOS Part B supplies/equipment.

The measure full name is "The average (mean) rating by customers of their overall satisfaction with the pharmacy's services".

Performance Measure Elements

Description	The statistical average (mean) rating of patients who completed a satisfaction survey when asked if they agreed that they were satisfied overall with the services provided by the pharmacy. A 1-5 Likert Scale on the survey was used with 1= Strongly disagree and 5=Strongly agree.
Frequency	Monthly
Designation	Designated as the person to enter Vital Outcomes data: Data is entered electronically from the survey link or the QR code on the patient satification survey postcard the patient or caregiver.
Designation	Designated as the person to obtain the monthly incidence from the Vital Outcomes database:
Method of Data Collection	Data is collected via a patient satisfaction survey given to the patient upon discharge from services, or every 6 months for active patients. Data is entered into the Vital Outcomes outcome tracking database upon the discharge of the patient, or every 6 months for active patients.
Acceptable Limits	The acceptable limit is 3 standard deviations from the mean. To determine the benchmark average and acceptable limit refer to the Outcomes Tracking Table on The Central Line. The Outcomes Tracking Table limits and averages are updated, at minimum, every three months based on Vital Outcomes aggregate data. (The Outcomes Tracking Table can be found under the discuss board on The Central Line.)
Receipt of Reports	The reports on the satisfaction rating are presented at the quarterly PI meeting to the pharmacy owner/manager by:

© 07/16/2024

Re-Evaluation Plans	Failure to meet the threshold will result in the following re-evaluation and actions: • Identify specific grievances, incidents, or complaints received from patients within the last time frame that could impact satisfaction; • Identify changes in services or service model, delivery methods, etc. that could impact satisfaction; • Interview patients who have returned negative ratings for feedback and suggestions for improvement; • Implement improvements; • Re-measure after three months.

© 07/16/2024

Performance Improvement (PI): Pump Malfunctions (CareTend)

This performance measure has been selected because the organization provides compounded infusion medications and infusion clinical services to patients with complex medical needs and utilizing durable medical equipment such as infusion pumps. The pharmacy is accredited as a provider of DMEPOS equipment and supplies reimbursed by Medicare Part B and uses this measure for compliance with the quality standards.

The measure full name is "The incidence of reported pump malfunctions per 1000 active patient pump therapy days".

Performance Measure Elements

Description	The incidence (rate based ratio with a denominator of 1000) of pump malfunctions documented in the patient's record in CareTend per 1000 active patient pump therapy days.
Frequency	Monthly
Designation	Designated as the person to oversee entry of patient outcomes data into the patient's record in CareTend:
Designation	Designated as the person to obtain the monthly percentage rating from the Vital Outcomes database:
Method of Data Collection	Data is collected via a regularly scheduled follow up form which inquires as to the incidence of specific events including incidents with pumps; Data is collected via regular communication with the patient, caregiver, and home care agency or other healthcare provider. Data is entered into the patient's record in CareTend upon occurrence, or at regular intervals for long term patients.
Acceptable Limits	The acceptable limit is 3 standard deviations from the mean. To determine the benchmark average and acceptable limit refer to the Outcomes Tracking Table on The Central Line. The Outcomes Tracking Table limits and averages are updated, at minimum, every three months based on Vital Outcomes aggregate data. (The Outcomes Tracking Table can be found under the discuss board on The Central Line.)
Receipt of Reports	The reports on the pump malfunctions are presented at the quarterly PI meeting to the pharmacy owner/manager by:

© 07/17/2024

Re-Evaluation Plans	Failure to meet the threshold will result in the following re-evaluation and actions: • Identify if the value is out of range due to a small patient population; • Review recent on call and risk reports and identify trends in incidence; • Discuss with staff if incidents are related to a particular pump type, therapy type, or patient population; • Discuss, if applicable, with the home care agency or prescriber; • Develop a corrective action plan based on above findings to decrease grievances; • Re-measure in three months

incident risk report

Description

In order to improve the quality of services and the safety of customers and staff members, a system should exist to easily report may represent risk. Risk Reports are valuable tools for the franchised pharmacy's quality assurance committee to evaluate proc policies, and seek ways to improve safety, and minimize legal exposure.

Risk Reports should not be used as a basis for employee evaluation or as a punitive tool.

Staff members should be encouraged to complete a Risk Report in all appropriate situations whether or not any injury has result potential for injury can be a reportable event. Examples are provided below.

- The franchised pharmacy shall maintain a supply of Risk Report forms in an accessible file or folder in the office area. The form is available on the Forms Manual, keyword search "risk", or "incident".
- Employees will be instructed on the use of a Risk Report during orientation. The owner and manager will inform employee procedure to report a risk event during non-working hours. The procedure will be explained during initial orientation and o annual risk reporting review meeting. Training will be completed on The Central Line, and documentation of completion wi under The Central Line Transcript and Merits Area.
- Incidents must be reported to a supervisor immediately. When the incident involves USP<797>, it must also be reported t person/trainer.
- The risk will be treated as a confidential internal quality tool. The original will be forwarded directly to the PI records. A cop the owner/manager.
- If deemed appropriate by the owner, one copy will be forwarded to legal counsel.
- All Risk Reports will be reviewed at a PI or quality assurance meeting unless it violates employee health information confi HIPAA regulations.
- The following occurrences should generate a Risk Report:
  - allergic or anaphylactic responses to a dispensed medication
  - adverse and toxic drug reactions (including transfusion reactions)
  - missed doses
  - administration or other medication error
  - incorrectly dispensed medications
  - when sterile compounding sterile preparations have been exposed to, but not limited to the following:
    - prepared with incorrect medication and/or base
    - prepared with incorrect volume of medication and/or base
    - prepared with unfiltered medication that has filter requirements
    - prepared with filtered medication but using wrong size/t
    - prepared to incorrect final strength or concentration
    - has precipitated
    - contains coring or foreign objects
    - is cloudy or discolored (against normal state per manufacturer)

Live Chat

- when room tempo stability reached temperatures below room temperature. (review USP <797> and manu guidelines)
- when refrigerated stability reached temperatures above and/or below refrigeration temperatures (review U manufacturer guidelines).
- when sterility has been compromised

- inability of a patient to reach on-call staff
- malfunctioning equipment resulting in injury or potential injury
- report by patient of damaged or possible theft of medications/supplies
- customer allegation of theft of personal property by an employee at a patient home
- patient endangerment
- acts of violence
- adverse patient care/service outcomes
- motor vehicle accident with staff member
- suspected abuse by a care partner or other
- unexpected patient death, including suicide or attempted suicide (See also Sentinel Events policy)
- patient's debilitation and inability to provide self-care and inadequate support from others
- unsafe home environment
- staff endangerment
- refusal of treatment or procedure by a patient against advice of professional staff
- patient injuries, both witnessed/un-witnessed, including falls (See also Sentinel Events policy)
- any exposure or injury to a staff member during the course of work including but not limited to needle stick injury, cytotoxic or hazardous drugs, unprotected exposure to TB or other contagious or infectious diseases by patient ca
- references to legal action by patient, patient caregiver, physician, or attorney; and/or
- any other undesirable outcome as defined by the organization.

- Clinical incidents involving the patient must be reported to the physician by the end of the next business day and should b soon as feasible.
- The franchised pharmacy will investigate any incident or injury in which equipment provided may have contributed to the i If the incident results in the patient's hospitalization or death, the incident or injury will be investigated within 24 hours afte pharmacy becomes aware. For all other incidents, the investigation will begin within 72 hours of the franchised pharmacy The investigation must include all necessary information, conclusions about what happened, and a determination of whet system, equipment, or processes is needed.

Performance Improvement (PI): Patient Meeting Therapy Goals (CareTend)

This performance measure has been selected because the organization provides compounded infusion medications and infusion clinical services with ongoing patient monitoring for therapy effectiveness.

The measure full name is "The percentage of patients completing therapy that met their therapy goals."

Performance Measure Elements

Description	The percentage (rate based proportion) of patients who, at the completion of their therapy, it was determined that the therapy course resulted in the patient meeting the intended goal of the therapy.
Frequency	Monthly
Designation	Designated as the person to oversee entry of patient outcomes data into the patient's record in CareTend: The decision of whether the goal was met or not is determined by the clinical staff at the pharmacy:
Designation	Designated as the person to obtain the monthly percentage rating from the Vital Outcomes database:
Method of Data Collection	Data is collected by a review of the patient's clinical record at the completion of therapy by a designated clinician who compares the original treatment goal with the patient's clinical outcome of care.
Acceptable Limits	The acceptable limit is 3 standard deviations from the mean. To determine the benchmark average and acceptable limit refer to the Outcomes Tracking Table on The Central Line. The Outcomes Tracking Table limits and averages are updated, at minimum, every three months based on Vital Outcomes aggregate data. (The Outcomes Tracking Table can be found under the discuss board on The Central Line.)
Receipt of Reports	The reports on the satisfaction rating are presented at the quarterly PI meeting to the pharmacy owner/manager by:

© 07/17/2024

Re-Evaluation Plans	Failure to meet the threshold will result in the following re-evaluation and actions: Identify specific therapy types that might be contributing factors to the failure to meet goals Identify specific diagnosis groups that might be contributing factors to the failure to meet goals Identify if equipment or supply issues might be contributing factors to the failure to meet goals Identify if adverse events, rehospitalizations, or other emergencies are contributing factors to the failure to meet goals Discuss, if applicable, with the home care agency or prescriber. Develop a corrective action plan based on above findings to increase the therapeutic effectiveness.

Gastroenterology | Referring physician

October 26, 2026

To Whom It May Concern:

I am writing in support of the Certificate of Need application for OneAxis LLC d/b/a Vital Care of Jackson to provide specialized infusion nursing services in the home. As a physician specializing in gastroenterology, I care for patients with inflammatory bowel disease and other complex gastrointestinal disorders. Our practice refers patients for infusion biologics for Crohn's disease and ulcerative colitis and other clinically appropriate therapies when clinically appropriate.

Patients who require recurring or extended infusion treatment benefit from timely, reliable access to care. For patients in rural communities, those with limited transportation or financial resources, or those whose symptom burden and disease activity make travel difficult, repeated visits to a hospital or outpatient infusion center may create meaningful barriers to adherence and continuity of care.

OneAxis LLC d/b/a Vital Care of Jackson proposes to provide specialized infusion nursing services in the home for appropriately selected patients, including skilled administration of prescribed therapies, monitoring, and coordination with treating clinicians. Home infusion would not replace hospital or outpatient infusion services; it would offer an additional physician-directed option when the therapy, patient circumstances, and applicable clinical and payer requirements permit.

Based on my clinical experience treating and referring patients for specialty infusion therapy, I believe greater access to skilled home infusion nursing services could reduce treatment barriers, support adherence to prescribed therapies, and lessen the logistical burden on patients and families.

For these reasons, I believe OneAxis LLC d/b/a Vital Care of Jackson could provide an important additional care option for appropriate patients in Tennessee, and I respectfully support approval of its Certificate of Need application.

I have no ownership, financial relationship, or other economic interest in OneAxis LLC d/b/a Vital Care of Jackson. My support is based solely on my clinical experience treating patients who require specialty infusion therapy and my recognition of the need for these services.

Respectfully,

OneAxis CON supplemental responses

OneAxis LLC d/b/a Vital Care of Jackson TN
15 Old Humboldt Rd, Suite A, Jackson, TN 38305

CN2610-022 | Final submission | November 11, 2026

OneAxis LLC submits these responses to the Tennessee Health Facilities Commission's November 4, 2026 request for supplemental information for application CN2610-022. All 66 questions are reproduced in full. The proposed service is home infusion and related nursing exclusively for OneAxis pharmacy patients across all 95 Tennessee counties.

Population, provider-utilization, competitor and charge statistics are presented from publicly available data reproduced in the identified source schedules, using their stated reporting periods. OneAxis patient, staffing and financial projections are applicant planning assumptions from the submitted application. Vital Care quality benchmarks are separately attributed to the supplied network report. Historical figures are not represented as a current census of operating providers.

1 Legal interest in the site

Item 9A. Legal Interest in the Site

Question 1.1

Please attach a copy of the lease rider signed by Vital Care representatives.

Response

OneAxis LLC d/b/a Vital Care of Jackson holds a lease for its premises at 15 Old Humboldt Road, Suite A, Jackson, Tennessee 38305. The updated Lease Rider, signed by the landlord's representative and John Paul Palelil on behalf of OneAxis LLC, is included as Attachment P1.

Section 13 of the updated rider identifies Vital Care Franchisor, LLC as an intended third-party beneficiary rather than a party to the rider. Accordingly, the updated form provides signature blocks for the landlord and tenant, both of which have been executed. The applicant respectfully submits this updated rider in response to the request for a signed Lease Rider.

Attachments: P1 updated Lease Rider.

2 Ambulatory infusion location

Item 10A., Floor Plan

Question 2.1

Where are ambulatory infusion services being provided onsite based on the floor plan?

Response

The ambulatory infusion area consists of all three rooms labeled "AIS" on the right side of the floor plan, adjacent to the nursing station. The designated area includes the three AIS rooms, the nursing station, and the connecting corridor. The corridor provides access to the treatment rooms and is not an additional treatment station.

Attachment E1 identifies all three AIS rooms, the nursing station, and the connecting corridor.

Attachments: E1 all-three-AIS floor plan.

3 Applicant background and pharmacy operations

Item 1E.., Executive Summary

Question 3.1

Please describe the background of the applicant and its owner in operation of pharmacy and home infusion care.

Response

OneAxis LLC d/b/a Vital Care of Jackson is owned by John Paul Palelil, a pharmacy technician with more than 25 years of experience in enterprise leadership, operational improvement, governance, and program delivery.

OneAxis has hired an experienced team to support its pharmacy and home infusion operations. Kelli Anne Gerth, Pharmacist-in-Charge (PIC), manages pharmacy operations and brings prior sterile compounding experience. Aditya Paul, Account Executive, brings prior home infusion experience to support provider relationships and referral coordination. Melissa John, Intake Specialist, brings experience with specialty medications to support patient intake and coordination. Christy Davis, Head of Nursing, brings extensive home infusion experience and leads nursing oversight and coordination.

These appointments provide pharmacy, nursing, intake, and referral expertise to support the proposed home infusion services.

Question 3.2

It is noted that the applicant's affiliated pharmacy is licensed as an ambulatory infusion center. Is it currently operating in that capacity?

Response

OneAxis LLC d/b/a Vital Care of Jackson holds ACHC accreditation, a DEA registration, and a Tennessee Board of Pharmacy license. The facility is operational and ready to provide infusions in its ambulatory infusion suites using medications that do not require sterile compounding. OneAxis is also prepared to coordinate home infusion therapy through appropriately licensed nursing providers while its own proposed home nursing service awaits the required approvals.

OneAxis plans to submit its sterile compounding license application to the Tennessee Board of Pharmacy in November 2026. OneAxis will apply to ACHC in December 2026 for accreditation covering USP <797> sterile compounding and DMEPOS. Until sterile compounding authorization is obtained, medications requiring sterile preparation will be coordinated through appropriately licensed Vital Care franchise pharmacies, with dispensing and delivery responsibilities established for each patient.

Question 3.3

It is noted that the applicant’s pharmacy license does not include sterile compounding. Please describe the medication supply chain for the applicant.

Response

OneAxis LLC has contracts with major manufacturers and has contracted with McKesson and Cardinal Health for cold-chain logistics to support medication deliveries to the pharmacy or directly to patients' homes, as required.

Until sterile compounding authorization is obtained, patient-specific sterile preparations will be coordinated through appropriately licensed dispensing and compounding pharmacies, including other Vital Care franchise pharmacies. The Tennessee Board of Pharmacy application is planned for November 2026.

Pharmacy staff will verify prescriptions, supplier authorization, dispensing responsibilities, product traceability, storage and delivery conditions, and labeled expiration or beyond-use dates.

Question 3.4

How many home health agencies are currently licensed or have an approved CON to serve home infusion patients in Madison County and the surrounding region?

Response

Based on the publicly available general-home-health data reproduced in Attachment E2, 19 agencies were reported as serving Madison County in 2025.

The publicly available 2025 statewide infusion-utilization data reproduced in Attachment E3 identify the following 13 provider records. Home county and state ID distinguish records with similar names. These statewide reporting records are separate from the 19 general-home-health agencies reported as serving Madison County.

Provider record	Home county	State ID
Amedisys Home Health	Davidson	19674
Coram CVS Speciality Infusion Services	Williamson	19734
Advanced Nursing Solutions	Blount	19754
KabaFusion TN LLC	Davidson	19914
Vanderbilt HC Option Care IV Services	Davidson	19994
Coram CVS Specialty Infusion Services	Knox	47442
Implanted Pump Management LLC	Knox	47452
Twelvestone Infusion Support	Rutherford	75084
Accredo Health Group Inc	Shelby	79456
Coram CVS Speciality Infusion Service	Shelby	79556
Hemophilia Preferred Care of Memphis Inc	Shelby	79566
Optum Infusion Services LLC	Williamson	79856
Tristate Infusion LLC	Shelby	79926

Question 3.5

It is noted the applicant pharmacy has a "controlled Substance" qualification. What type of schedule II-V drugs will the applicant be administering in the home?

Response

OneAxis LLC d/b/a Vital Care of Jackson does not anticipate or intend to dispense Schedule II, III, IV, or V controlled substances as part of its proposed home infusion services.

Question 3.6

Please clarify if the applicant will serve other pharmacies for home health infusion services since the application is not limited to patients of Oneaxis LLC dba Vital Care of Jackson.

Response

OneAxis LLC d/b/a Vital Care of Jackson will provide home infusion and related nursing services exclusively to its own pharmacy patients. It does not intend to provide these services to patients of other pharmacies. This scope is consistent with the submitted application. The request for all 95 Tennessee counties applies to this own-pharmacy patient population.

Attachments: E1, E2, P2; Appendix B and Attachment 5N.

4 Patient base and rationale for approval

Item 2E. Rationale for Approval

Question 4.1

What patient base exists for the applicant that requires home infusion services?

Response

OneAxis LLC d/b/a Vital Care of Jackson projects serving 132 patients in 2027 and 165 patients in 2028, with an average of six nursing visits per patient annually, resulting in 792 and 990 projected nursing visits, respectively. These projections apply exclusively to OneAxis's own pharmacy patients requiring home infusion and related nursing services.

The facility is operational and ready to receive patients; patient services have not yet commenced. The projected volumes therefore represent anticipated utilization during the first two full years of the proposed service.

Question 4.2

Please explain how the applicant has identified need across the whole of Tennessee with only a limited window of operation as a pharmacy.

Response

OneAxis LLC d/b/a Vital Care of Jackson requests authorization to provide home infusion and related nursing services to its own pharmacy patients across all 95 Tennessee counties. The requested service area reflects the geographic reach of specialty care and the need to coordinate treatment where patients live.

Many specialty physicians maintain satellite locations in regional hub cities and serve patients from counties across Tennessee. A patient receiving specialty care in one city may require ongoing infusion treatment at home in another county. Statewide authorization would allow OneAxis to coordinate prescribed medications and nursing services across these locations, supporting continuity of care and reducing travel burdens.

OneAxis will implement services progressively, accepting patients in each county when qualified nursing personnel, medication delivery, clinical oversight, and applicable payer arrangements are in place. This approach aligns service expansion with patient demand and the capacity to provide safe, timely care.

Question 4.3

Are pharmacy patients currently traveling to the office of the applicant for infusion services?

Response

Although OneAxis LLC's facility is operational and ready to provide ambulatory infusion services, OneAxis has not yet served a patient. Accordingly, no pharmacy patients are currently traveling to the facility for infusion treatment.

The submitted application projects 132 home infusion nursing patients in 2027 and 165 in 2028. At an average of six nursing visits per patient annually, these projections result in 792 and 990 nursing visits, respectively. These forecasts support the proposed phased development of OneAxis's services.

Question 4.4

Has the applicant received documented patient referrals in other regions of the state? Does the applicant have existing relationships with physicians in other regions of TN requesting its services?

Response

OneAxis LLC is actively building relationships with providers to support patient care throughout Tennessee. OneAxis has established relationships with Skyline Gastro (One GI), Jackson Clinic, and West Tennessee Medical Group. Skyline Gastro (One GI) has multiple facilities across Tennessee. OneAxis is also working with Vanderbilt and other specialty clinics to establish additional patient-care relationships.

OneAxis does not currently have documented patient referrals from other regions of Tennessee. The applicant anticipates a ramp-up in referrals and patient services by January 2027 as these relationships develop, subject to the approvals required for the services provided.

Question 4.5

Please detail the coordinated service model - the role of Vital Care as a franchisor, the scope of services provided under the applicant's contract with Vital Care - whether referrals are handled by franchisee or franchisor staff.

Response

OneAxis LLC leads the complete patient-care process, from referral intake and clinical review through prior authorization, medication dispensing, infusion scheduling, administration, and ongoing monitoring. OneAxis accepts referrals, coordinates with prescribing providers, and remains the patient's local point of contact throughout care.

Vital Care provides extensive training and the systems VC Care Start, Vital Systems, and CareTend for referral entry and workflow management. OneAxis submits and renews authorizations through these systems, working with Vital Care's Revenue Cycle Management (RCM) team for processing, payer communication, and required insurance authorizations. OneAxis supplies clinical documentation, follows up on delays, and keeps patients informed at every stage.

Kelli Anne Gerth leads pharmacy and medication-related clinical activities. Christy Davis leads nursing assessment, staffing, and infusion coordination. Melissa John supports intake, scheduling, and billing administration. OneAxis aligns medication availability, nursing coverage, patient readiness, and payer requirements before confirming treatment.

Question 4.6

Has the applicant already applied for ACHC accreditation as an infusion pharmacy?

Response

OneAxis LLC already holds ACHC Pharmacy accreditation for Ambulatory Infusion Center and Infusion Pharmacy Services without sterile compounding. Certificate No. 100049 is effective May 22, 2026, through May 21, 2029.

OneAxis plans to submit its sterile compounding license application to the Tennessee Board of Pharmacy in November 2026. OneAxis will apply to ACHC in December 2026 for accreditation covering USP <797> sterile compounding and DMEPOS.

Attachments: P2, E5; Appendices C and D.

5 Quality measurements and CMS reporting

Item 2E. Rationale for Approval

Question 5.1

The attached policies for Vital Care are noted. Is any quality measurement data available for franchisees of Vital Care in the state or nationally?

Response

Yes. OneAxis LLC submits Vital Care's Vital Outcomes Table dated October 2026 as Attachment E8. It contains monthly franchise-network quality results from August 2024 through October 2026, together with reported averages and upper or lower monitoring limits.

The measures cover adverse drug reactions, catheter infections, dispensing errors, patient grievances, pump malfunctions, therapy goals met, unscheduled hospitalizations, patient satisfaction and survey response rates, including a separate Press Ganey series, and DMEPOS claim denials.

The reported averages include 66% for therapy goals met, 4.91 for the original patient satisfaction measure, 86.7 for the separate Press Ganey satisfaction measure, and 10% for DMEPOS claim denials. These figures are presented as Vital Care network benchmarks, not as OneAxis outcomes or Tennessee-specific results.

Kelli Anne Gerth will oversee pharmacy measures and Christy Davis will oversee nursing measures. OneAxis will compare its own results with the corresponding Vital Care measures, review trends and variances, investigate concerns, and document corrective actions and follow-up. Local patient outcomes will be reported once OneAxis begins serving patients.

Question 5.2

Will the applicant report OASIS and HHCAHPS to CMS?

Response

Yes. OneAxis LLC will report OASIS and HHCAHPS data to CMS and will ensure the accuracy, completeness, and timely submission of the required reports. OneAxis will retain responsibility for reporting, with Christy Davis leading nursing assessment and quality oversight, Melissa John supporting administrative coordination, and corporate support used as needed.

Attachments: E8 Vital Outcomes Table October 2026.

6 Request for all 95 counties

Item 2N., Service Area

Question 6.1

It is noted that only 33 of 95 counties include projected utilization in Year One. Please provide additional information supporting the inclusion of all 95 counties in the proposed service area as a new provider.

Response

OneAxis LLC requests approval to serve all 95 Tennessee counties through phased implementation. The 33 counties with projected utilization in Year One represent the initial patient distribution, while the statewide service area supports the geographic reach of the providers and patients OneAxis intends to serve.

OneAxis is building relationships with specialty providers. OneAxis has established relationships with Skyline Gastro (One GI), Jackson Clinic, and West Tennessee Medical Group. Outreach to Vanderbilt and other specialty clinics is ongoing. Many specialty physicians maintain satellite locations in regional hub cities and care for patients from counties across Tennessee. Statewide authorization will allow OneAxis to coordinate prescribed infusion care where those patients live.

The application projects 132 patients and 792 nursing visits in 2027, increasing to 165 patients and 990 visits in 2028. OneAxis will expand service delivery with its own nursing staff, medication delivery arrangements, and clinical oversight as demand develops. Contract nursing will provide interim or additional support under the arrangements described in Questions 13.6 and 14.2.

The reported statewide service areas of recent infusion projects identified in Appendix B provide context for this delivery model. OneAxis's request remains supported by its own phased implementation plan, provider outreach, and utilization projections.

Question 6.2

Since the applicant can only demonstrate need in 33 of the 95 counties in Year One, will the applicant willing at accept a limitation of only those 33 counties?

Response

No. OneAxis LLC requests approval for all 95 Tennessee counties. The 33 counties with projected Year One utilization define the initial phase of service delivery, not the ultimate geographic scope of the proposed program.

OneAxis will implement services progressively as provider relationships, patient referrals, nursing capacity, and delivery arrangements develop. Each patient will be accepted only when the required clinical oversight, qualified nursing coverage, medication supply, and payer arrangements are in place. This phased approach supports responsible growth while allowing OneAxis to respond to referrals throughout Tennessee.

Question 6.3

To what extent can the applicant document referrals it has received for home infusion services that it has been unable to meet due to the lack of suitable existing providers?

Response

OneAxis LLC has not yet served any patients and does not have documented home infusion referrals that it has been unable to meet because suitable existing providers were unavailable.

OneAxis is preparing in advance for anticipated demand, using its submitted patient projections and guidance informed by Vital Care's national network of more than 200 franchises. The applicant is developing provider relationships, staffing, systems, and medication delivery arrangements to support the expected ramp-up in services. These planning assumptions are distinct from documented unmet referrals.

Attachments: Attachment 1N; Appendices B and C; E5.

7 Home health criteria and standards

Item 1N., Criteria and Standards

Question 7.1

Please respond the Item 1N. No attachment is included.

Response

Attachment 1N provides OneAxis LLC's response to all 12 home-health criteria and standards. It addresses the requested 95-county service area, population and utilization data, phased implementation, staffing, community relationships, TennCare, charges, access, quality monitoring, and reporting.

The attachment includes all 95 counties in its population and utilization schedule and uses the submitted projections of 132 patients in 2027 and 165 in 2028. It also includes the updated staffing plan, with remaining positions identified as to be hired, and the operational responsibilities described in these responses.

Attachments: Attachment 1N and supporting E2-E4.

8 TennCare patients and coordination

Item 4N., Special Needs of the Service Area

Question 8.1

How many patients are served by the applicant’s pharmacy as TennCare patients to date?

Response

OneAxis LLC has not yet served any patients; therefore, the number of TennCare patients served to date is zero.

The submitted application projects 132 total patients in 2027 and 165 in 2028, with 792 and 990 nursing visits, respectively. These are overall patient projections. The filed financial forecast includes no TennCare/Medicaid revenue in either year.

OneAxis LLC plans to apply for Medicaid and TennCare enrollment. OneAxis will not serve TennCare patients until the required enrollment approvals and payer participation are effective.

Question 8.2

How will TennCare patients be served by the applicant? Will pharmacy services be provided while referring to other home health agencies?

Response

OneAxis LLC plans to apply for Medicaid and TennCare enrollment. OneAxis will not serve TennCare patients until the required enrollment approvals and payer participation are effective.

If a TennCare referral is received before participation is effective, OneAxis will inform the referring provider and patient that it cannot accept the patient for service and will coordinate referral to an appropriately participating provider.

After the required enrollment, payer participation, and service approvals are effective, OneAxis will coordinate pharmacy and nursing benefits, obtain required authorizations, and provide services within its approved scope through its own staff and appropriate contract support. It will verify eligibility, coverage, and responsibility for each service before accepting the patient.

Attachments: E5 and E6; Medicaid and TennCare applications planned.

9 Existing and unimplemented services

Item 5N., Historical Utilization

Question 9.1

The referenced separate listing of unimplemented CONs does not appear to be included with Attachment 5N?

Response

The separate listing is now included in Attachment 5N and Appendix B. Based on the available published data, the listing identifies three recently approved home-infusion projects described as not yet licensed in the source schedule: OPTIV Infusion, LLC; River City Infusion, LLC; and Naven Health, Inc.

The listing provides the reported CON number, approval date, operating base, service area and scope. Status descriptions reflect the available source records and their reporting period; they do not establish whether a project subsequently commenced operations.

Question 9.2

Please include a breakdown of other licensed and outstanding recently approved but unimplemented CONs for home infusion services in TN.

Response

Attachment 5N and Appendix B provide a breakdown based on publicly available data: 13 infusion-provider records in the 2025 utilization schedule and a separate listing of three recently approved projects identified in the available records as not yet licensed.

The recently approved projects are OPTIV Infusion, LLC (CN2602-006A, April 22, 2026); River City Infusion, LLC (CN2511-042A, February 25, 2026); and Naven Health, Inc. (CN2604-009, June 24, 2026). River City Infusion and Naven Health have reported 95-county service areas; OPTIV Infusion has a reported 29-county East Tennessee service area.

The tables retain each source's reported service area, approval date and pharmacy-patient restriction where stated. They describe the providers and projects identified in the available data and are not represented as an exhaustive real-time licensing or implementation census.

Question 9.3

Please discuss the projections associated with other recently approved CONs for home infusion and whether there are any differences between the applicant's projected utilization and those other recently approved projects.

Response

OneAxis LLC projects 132 patients and 792 nursing visits in 2027 and 165 patients and 990 nursing visits in 2028, based on six nursing visits per patient annually. The project serves OneAxis's own pharmacy patients through phased implementation across all 95 Tennessee counties.

The comparison in Appendix B identifies similarities in service scope and geography with River City Infusion's reported statewide model and distinguishes OPTIV Infusion's 29-county service area. Naven Health's reported statewide service area is also identified separately. Similar geographic authority does not establish identical utilization or staffing assumptions.

Based on the publicly available data reproduced in the source schedules, the comparison identifies differences in service area and pharmacy-patient scope. Comparable approved patient, visit and nursing-hour forecasts are not reported in those schedules, so a supported numerical utilization comparison cannot be made from those data. OneAxis's projections are its own start-up assumptions and do not presume that another statewide project will have the same utilization or staffing.

Attachments: Attachment 5N; Appendix B; E3.

10 Referral support and planned therapies

Item 6N., Applicant's Historical and Projected Utilization

Question 10.1

The three letters of support included with the application are noted. However, they do not specifically identify regional referral needs. Does the applicant intend to submit letters with specific projections for its proposed service area?

Response

Yes. OneAxis LLC is actively seeking additional provider support letters with specific projections for its proposed service area. These letters will identify the counties in which patients reside, anticipated therapies, estimated annual referrals, and the access or coordination needs observed by the referring practice.

OneAxis will submit the letters with a county-based summary linking the estimates to its projected 132 patients in 2027 and 165 patients in 2028. The experienced Account Executive, Aditya Paul, is working with specialty providers to develop this supporting evidence. The letters will supplement the three general support letters already included and substantiate the planned phased expansion.

Question 10.2

Please clarify how the applicant will serve Middle and West Tennessee. Is the applicant planning to ramp up to those grand divisions? If so, please provide an overview of the future ramp up.

Response

Jackson is in West Tennessee and is the proposed operating base. Initial service will concentrate in the filed first-year counties where referral demand and staffing support admission. Expansion into Middle Tennessee will depend on nursing capacity, appropriate contract support, backup coverage, and documented referrals. East Tennessee remains part of the 95-county request and will use the same readiness requirements.

The employed nursing FTEs will initially be based in Jackson. OneAxis will reassess the need for additional local nursing staff as service demand develops after approval. Appendix C provides the staged implementation plan.

Question 10.3

Please identify the 10 most common therapies the applicant projects to deliver.

Response

OneAxis LLC projects services in the following ten specialty therapy categories:

1. Gastroenterology (GI)

2. Neurology

3. Rheumatology

4. Allergy & Immunology / Immune Deficiency

5. Pulmonology / Pulmonary

6. Infectious Disease / Anti-infective Therapy

7. Immunoglobulin Therapy (IVIG/SCIG)

8. Anti-inflammatory - GI/IBD Biologics

9. Anti-inflammatory - Rheumatology Biologics

10. Anti-inflammatory - Dermatology Biologics

Kelli Anne Gerth and Christy Davis will oversee the pharmacy and nursing requirements for each prescribed therapy, including suitability for home administration, staff competency, medication access, and payer coverage. Services will be delivered within the authorizations applicable to OneAxis and any participating providers.

Attachments: E5.

11 Utilization methodology and visit duration

Item 6N., Applicant’s Historical and Projected Utilization

Question 11.1

Please provide a detailed methodology for how the projected number of nursing visits and the number of visits by county were established, specifically given the applicant's status as a newly established provider of pharmacy and home health care services in Tennessee.

Response

The submitted application allocates 132 projected Year One patients across 33 counties and applies an average of six annual nursing visits per patient, producing 792 visits in 2027. The Year Two forecast assumes 25% patient growth to 165 patients, producing 990 nursing visits in 2028. County nursing visits are calculated by multiplying each county's projected patients by six.

These are start-up planning assumptions informed by guidance from Vital Care's experience supporting more than 200 franchises nationally and OneAxis's provider outreach. Aditya Paul, the experienced Account Executive, will work within the proposed service area to develop specialty-provider relationships, identify patient-care needs, and expand the reach of OneAxis's services. OneAxis has joined the Chamber of Commerce and is also developing marketing channels including radio advertising and billboards.

Referral development includes established relationships with Skyline Gastro (One GI), Jackson Clinic, and West Tennessee Medical Group, together with ongoing work with Vanderbilt and other specialty clinics. OneAxis anticipates a ramp-up by January 2027 and will expand service delivery in phases as referrals and nursing capacity develop. Appendix C presents the filed county calculations and operating assumptions.

Question 11.2

Please identify all assumptions including the information on historical demand for home infusion services across the 95-county service area.

Response

The projections assume 132 unique patients in 2027, 25% growth to 165 patients in 2028, and an average of six nursing visits per patient each year. Initial utilization is allocated to 33 counties, with the remaining counties included in the phased statewide service area. Patient services have not yet commenced, so these figures are forecasts.

The historical utilization schedule in E3 supplies provider patient data for 2023-2025 and a separate 2025 infusion table with 13 provider records, 10,234 pain-management infusion visits, and 4,300 other infusion visits. These data provide a statewide planning context; county-specific referral development will support the distribution of OneAxis's own patients.

The operating assumptions include active outreach by the experienced Account Executive, growing specialty-provider relationships, Vital Care's franchise guidance, coordinated medication delivery, and nursing assignments based on clinical needs and geographic reach. The forecast includes only OneAxis pharmacy patients requiring home infusion and related nursing services.

Question 11.3

Please identify the projected number of patients who will require home infusion visits greater than 2 hours vs. less than 2 hours in duration.

Response

OneAxis uses a planning assumption that approximately 65% of patients will require visits longer than two hours and 35% will require visits of two hours or less. Applying this distribution to the patient forecast results in the following counts:

2027: 86 patients with visits longer than two hours and 46 patients with visits of two hours or less, totaling 132 patients.

2028: 107 patients with visits longer than two hours and 58 patients with visits of two hours or less, totaling 165 patients.

Visits lasting exactly two hours are included in the two-hours-or-less group. This is a planning distribution based on typical visit duration; individual patients may have visits of different lengths depending on the prescribed therapy, infusion rate, monitoring requirements, and tolerance.

Question 11.4

How many total visits are projected to be required for patients on average?

Response

The submitted application assumes six nursing visits per patient annually. This produces 792 visits for 132 projected patients in 2027 and 990 visits for 165 projected patients in 2028. These are projected visits; actual visits completed to date are zero.

Question 11.5

Does the applicant intend to provide letters of unmet need for any specific counties in the state?

Response

Yes. OneAxis will submit the letters as supporting evidence for the proposed service area and phased utilization projections.

Question 11.6

Has the applicant's pharmacy referred any patients to an HHA for infusion nursing in-home to date?

Response

No. OneAxis LLC's pharmacy has not referred any patients to a home health agency for in-home infusion nursing services to date.

Attachments: Appendix C; E3 and E5.

12 Competition and service differences

Item 3C., Effects of Competition and/or Duplication

Question 12.1

The limitation is noted for all recently approved infusion providers. Is there anything differentiating the services of the applicant from existing or other recently approved CONs, pediatric services, specific therapies, oncology care, etc.?

Response

OneAxis LLC will provide a Jackson-based service with local coordination among the prescribing provider, pharmacy, nursing staff, patient, and payer. The experienced pharmacy, nursing, intake, and Account Executive team will manage the complete patient-care process and support timely access as provider relationships develop.

The proposed services have no age restriction, and oncology care is not excluded. Pediatric and oncology referrals will be accepted when the prescribed therapy is appropriate for the setting and the required staff competencies, clinical protocols, medication access, and authorizations are in place. Christy Davis brings pediatric nursing experience and will lead nursing oversight.

OneAxis's differentiation is its locally owned and operated model, responsive communication, and coordinated care for its own pharmacy patients. No exclusive therapy or measured superiority over other providers is claimed.

Question 12.2

Will the applicant accept any payor sources that are currently not accepted by existing providers?

Response

OneAxis LLC will accept patients for non-Medicaid/TennCare services through the applicable payer arrangements identified in the supplied payer-contract schedule, including direct OneAxis contracts, arrangements through Meridian/Vital Care Corporate, and eligible arrangements through Vital Care of Chattanooga. Appendix D and Attachment E6 identify the payer names and contracting routes.

These arrangements support commercial, Medicare, military, and veterans' programs, subject to the covered service and authorized entity. OneAxis will apply for Medicaid and TennCare enrollment and will not serve TennCare patients until the required approvals and payer participation are effective. Medicaid/TennCare entries in the earlier payer workbook do not represent OneAxis's current service availability.

OneAxis has not established that any listed payer is categorically unavailable through all existing providers. The applicant's contribution is additional local access and care coordination across its available payer arrangements.

Contracting route	Payer workbook entries and current scope
OneAxis / Vital Care of Jackson	CVS; Express Scripts; Medicare
Meridian / Vital Care Corporate	Aetna; eviCore (Cigna); Humana/Argus; Humana Military; Multiplan; Optum VA CCN; TriWest VA CCN; UHC 1; UHC Optum VA CCN
Vital Care of Chattanooga	BCBS TN; Wellpoint TN (Amerivantage), subject to the applicable agreement. Earlier workbook Medicaid/TennCare entries—BlueCare TN, UHC Community Plan, and Wellpoint TN (Amerigroup/TennCare)—are excluded from OneAxis's current service offering.

Question 12.3

What, if any, key differences are expected between the applicant's service model and the other Vital Care franchisees?

Response

Each Vital Care franchise is independently owned and operated. OneAxis LLC solely owns and operates Vital Care of Jackson, Tennessee, and is responsible for its own staffing, patient acceptance, scheduling, clinical oversight, and operational decisions.

OneAxis's principal expected distinction is the speed and responsiveness of locally coordinated care. Its Jackson-based pharmacy, nursing leadership, intake team, and Account Executive will communicate directly with patients and prescribing providers to move referrals through authorization, medication preparation or sourcing, delivery, and infusion scheduling.

Vital Care provides shared training, systems, clinical resources, and reimbursement support. OneAxis will apply those resources through its own local team and will serve only its own pharmacy patients. Faster care is an operating objective, rather than a comparative outcome already demonstrated by patient data.

Attachments: Appendix D; E6 payer schedule.

13 Training and human resources

Item 4C., Human Resources

Question 13.1

Please identify the infusion specific training that will be required or provided for direct care staff? Will any certifications be required for nursing staff?

Response

Direct care nurses will hold an active applicable nursing license, maintain current basic life-support certification, and demonstrate documented competency before independent assignment. Infusion-specific training will cover patient assessment, vascular access, aseptic technique, infusion devices, medication verification, adverse-reaction management, emergency escalation, patient and caregiver education, documentation, and therapy-specific monitoring.

Vital Care Corporate provides extensive computer-based and in-person training for the PIC and nursing staff. Competencies will be assessed and documented regularly, with additional training and reassessment when required by the therapy, equipment, performance findings, or changes in practice.

Question 13.2

Please identify the specific training that will be provided for pediatric infusion nursing.

Response

Christy Davis, the designated nursing leader, is a trained pediatric nurse with extensive relevant experience and will lead pediatric infusion nursing preparation and oversight.

Pediatric training will address age-appropriate assessment, weight-based medication verification, pediatric vascular access and infusion equipment, aseptic technique, infusion reactions, emergency response, family and caregiver education, and clinical documentation. Nurses will complete supervised preparation and demonstrate the competencies required for the assigned pediatric therapy before independent patient care. Competencies will be reassessed and documented on an ongoing basis.

Question 13.3

Will one of the two RNs listed in the staffing chart serve as the designated nurse leader?

Response

Yes. Christy Davis will serve as Head of Nursing and the designated nursing leader. She will oversee nursing assignments, competency assessment, supervision, patient-care coordination, and nursing quality monitoring. The staffing schedule in Appendix C includes her within the planned nursing complement and identifies the remaining nursing positions as to be hired.

Question 13.4

What infrastructure is already in place regarding competency assessments, supervision, and quality monitoring?

Response

OneAxis has established competency-assessment and quality-monitoring processes supporting its pharmacy operations. MTA has assessed staff competency in maintaining the clean room, and Vital Care's clinical team has assessed the PIC's compounding competency. These assessments will be repeated periodically and documented.

OneAxis also conducts and documents performance and quality assessments as part of its ACHC accreditation activities. Kelli Anne Gerth oversees pharmacy competency and supervision, and Christy Davis leads nursing competency, supervision, and quality monitoring. Assessment findings will be used to identify training needs, assign corrective actions, and document follow-up.

The Vital Care network quality measures in Attachment E8 provide the benchmarking framework for this review. Kelli and Christy will compare OneAxis results with the corresponding measures, document investigations and corrective actions, and assess follow-up results. Network figures will be identified separately from OneAxis outcomes.

Question 13.5

Does the applicant have any previous experience of staffing and providing clinical oversight of a comparable geographic area?

Response

OneAxis LLC is a newly established provider and has recruited staff with relevant experience in staffing and clinical oversight. Kelli Anne Gerth, PIC, brings pharmacy operations and sterile compounding experience, and Christy Davis brings extensive home infusion nursing experience, including work in the Jackson area.

These leaders will apply their experience to staffing, competency verification, supervision, and phased service expansion. OneAxis has not previously operated its own nursing service across all 95 Tennessee counties; its statewide implementation will build on the experience of its staff and Vital Care's operational support.

Question 13.6

Does the applicant intend to directly employ all staff or will contract staff be utilized?

Response

OneAxis LLC intends to maximize the use of employed FTEs during Years One and Two. Its planned staffing complement is 4.0 RN FTEs and 0.5 administrative FTE, with the remaining positions identified as to be hired in Appendix C.

OneAxis will use contract nursing from Medlife and Naven Health for interim home infusion services or additional coverage when needed. Until OneAxis has the CON and licensure required to operate its own home nursing service, those services will be furnished under the participating provider's applicable authority and clinical responsibilities. Following approval, OneAxis will expand its own nursing staff and use contract support for additional workload or coverage as needed.

Christy Davis will coordinate nursing assignments and verify that the appropriate competencies, supervision, and patient-care handoffs are in place.

Attachments: Appendices C and D.

14 Clinical leadership and statewide capacity

Item 4C., Human Resources

Question 14.1

Please describe the clinical leadership structure and governing body structure of the applicant’s proposed home health agency.

Response

John Paul heads OneAxis LLC and provides overall organizational and governing oversight. Kelli Anne Gerth, Pharmacist-in-Charge, reports to John Paul and manages pharmacy operations and medication-related clinical activities. Christy Davis reports to John Paul and leads nursing operations, nursing supervision, and nursing quality.

Melissa John supports the day-to-day administration of the proposed home health agency, including intake, scheduling coordination, billing administration, and patient communications. She works with Kelli and Christy to coordinate pharmacy and nursing activities. Aditya Paul leads provider outreach and referral development as Account Executive.

The organization chart and responsibility assignments in Appendix D reflect this chain of command.

Question 14.2

Please discuss how the 4.0 FTE direct care staff will be adequate to provide 24/7 coverage of professional nursing services, remote monitoring and patient education across the 95-county service area.

Response

OneAxis's regular operating hours are 9:00 a.m. to 5:00 p.m. on weekdays, with weekend services by appointment. After-hours clinical support will be available on call through a rotation with primary and backup coverage. The proposed service is limited to home infusion and related nursing, rather than the full range of general home-health services.

The application projects 792 nursing visits in Year One and 990 in Year Two, averaging approximately 15 and 19 visits per week, respectively. The planned 4.0 RN FTEs will support scheduled infusion visits, patient and caregiver education, monitoring, documentation, coordination, and the on-call rotation. Christy Davis will manage assignments according to visit duration, patient acuity, travel, and coverage requirements.

Services across the 95-county area will be implemented in phases as patient needs and capacity develop. OneAxis will use appropriately licensed contract nursing providers for interim or additional coverage, including Medlife and Naven Health, while obtaining the required approvals and expanding its own nursing team. Each patient will be accepted only when qualified nursing coverage and clinical support are available.

Question 14.3

What regions will the nursing staff be based in?

Response

The initial employed nursing staff will be based at OneAxis's Jackson, Tennessee location. Nursing assignments and travel will be coordinated from that base according to patient location, therapy requirements, and available coverage.

After CON approval and as patient demand develops, OneAxis will reassess whether hiring additional nurses closer to patients in other areas is necessary. Contract nursing will provide interim or additional coverage when required under the arrangements described in Question 13.6.

Question 14.4

Will the FTEs be made up of multiple nurses in each region?

Response

No. The planned nursing FTEs will initially be based in Jackson, Tennessee. OneAxis is not proposing separate employed nursing teams in each region at launch. Future local staffing in other areas will be assessed as the service grows following approval.

Question 14.5

Please describe the steps of the infusion delivery process from the point the medication is delivered to being administered by a nurse.

Response

The proposed sequence is: pharmacy releases the verified patient-specific order; delivery is tracked under labeled storage conditions; the patient/caregiver receives storage instructions; the nurse verifies identity, order, product integrity, storage, expiration/beyond-use date and required supplies; pre-infusion assessment determines readiness; trained staff administer and monitor under the order and approved protocol; the nurse documents treatment, teaching and response; and any reaction, discrepancy or delivery failure is escalated to the pharmacist/prescriber with follow-up. Medication is held when safety cannot be verified.

Question 14.6

What is the typical shelf life of infusion medications that are delivered to a patient’s home?

Response

There is no single shelf life applicable to all infusion medications. OneAxis will use the manufacturer's labeled expiration date for intact products and the applicable product-specific in-use period or pharmacy-assigned beyond-use date after preparation.

The PIC will ensure that each dispensed medication includes the required storage and use instructions and that delivery maintains the specified conditions. Any temperature excursion, storage concern, or product-integrity issue will be assessed by a pharmacist before the medication is used.

Attachments: Appendices C and D; E1.

15 Franchisor support and operating responsibility

Item 5C. Licensure, Certification, and Accreditation

Question 15.1

Please discuss the full scope of operational support provided to the applicant by its franchisor - Vital Care.

Response

OneAxis LLC, doing business as Vital Care of Jackson, receives operational, clinical, technology, and reimbursement support from Vital Care. This support strengthens OneAxis's ability to coordinate infusion care while retaining local ownership, management, and responsibility for patient services.

Training and competency development: Vital Care provides extensive computer-based and in-person training for pharmacy and nursing personnel, including the PIC. Its clinical team has assessed the PIC's compounding competency. Ongoing training and periodic assessments support documented staff proficiency.

Clinical and patient-care resources: Vital Care makes available policies, procedures, screening and assessment materials, care-planning tools, infusion documentation, and patient and caregiver education materials for local adoption and use.

Technology and referral processing: VC Care Start, Vital Systems, and CareTend support referral entry, workflow coordination, documentation, and pharmacy operations. Vital Books supports financial record keeping.

Revenue cycle and payer support: Vital Care's RCM team assists with processing authorizations and payer communication. OneAxis submits and renews authorizations, provides clinical information, monitors progress, and coordinates treatment.

Purchasing and operational guidance: Vital Care provides access to group purchasing arrangements and operational resources informed by its national franchise network.

Quality and patient assistance resources: Performance improvement tools, quality-monitoring materials, and charity-care policy resources support OneAxis's quality program, accreditation activities, and assessment of financial assistance needs.

OneAxis remains responsible for local patient acceptance, staffing, scheduling, dispensing, care coordination, and clinical oversight. John Paul leads the organization, Kelli Anne Gerth oversees pharmacy operations, and Christy Davis leads nursing services.

Question 15.2

Who accepts referrals and schedules care (corporate or franchisee)?

Response

OneAxis LLC accepts and manages patient referrals locally, using Vital Care's RCM team and technology systems to support processing and insurance authorization. OneAxis enters and tracks referrals through VC Care Start, Vital Systems, and CareTend, provides required clinical documentation, and works with Vital Care's RCM team to obtain payer authorizations.

Scheduling of care is managed by OneAxis. Kelli Anne Gerth leads pharmacy and medication-related clinical review, dispensing, and coordination with prescribing providers. Christy Davis leads nursing assessment, nurse assignment, infusion scheduling, and nursing oversight. Melissa John supports intake, patient communication, and scheduling administration.

OneAxis coordinates medication availability, insurance authorization, nursing coverage, and patient readiness before confirming treatment, maintaining local responsibility from referral acceptance through ongoing follow-up.

Question 15.3

Who submits and renews authorizations, and who responds if approval is delayed (corporate or franchise)?

Response

OneAxis LLC is responsible for submitting and renewing authorizations, using Vital Care's systems and working with its RCM team for processing and payer coordination. OneAxis tracks authorization requirements, expiration dates, and renewal deadlines and coordinates with prescribing providers to obtain necessary clinical documentation.

If approval is delayed, OneAxis takes responsibility for follow-up and resolution, working with Vital Care's RCM team, the payer, and the prescribing provider to address outstanding requirements. Kelli Anne Gerth oversees medication-related clinical documentation and issues, while Christy Davis coordinates nursing availability and scheduling adjustments.

OneAxis maintains direct communication with the patient at every stage, including referral receipt, authorization progress, delays, additional information requests, approval, and treatment scheduling.

Question 15.4

Who supplies nurses and retains clinical responsibility?

Response

OneAxis proposes to employ or contract for nurses under its approved staffing plan. Its RN leader retains nursing supervision and competency accountability. Corporate advice or a staffing contract does not eliminate local clinical accountability. The dispensing pharmacy and ordering prescriber retain their respective responsibilities.

Question 15.5

How are corporate/local handoffs, record access, billing accuracy and unresolved complaints audited?

Response

OneAxis LLC manages these activities through Vital Systems, VC Care Start, CareTend, and Vital Books. These systems support documentation and coordination between OneAxis personnel and Vital Care's corporate teams.

Periodic audits are conducted at both the franchise and corporate levels to review the completeness of handoffs and assigned responsibilities; appropriate record access; consistency among authorizations, documented services, and billing; and the documentation, escalation, follow-up, and resolution of complaints.

OneAxis's local leadership works with the appropriate corporate teams to address findings, document corrective actions, and track outstanding issues through resolution. This provides shared oversight while maintaining OneAxis's accountability for its operations and patient experience.

The Vital Outcomes Table in Attachment E8 will complement these audits through review of patient grievances, dispensing errors, patient satisfaction, DMEPOS claim denials and other clinical outcomes. OneAxis will document the issue, responsible person, corrective action and follow-up; the benchmark table supports comparison and does not replace the underlying record audit.

Question 15.6

What record keeping system will be utilized? Who is responsible for reporting to CMS?

Response

OneAxis LLC will utilize Vital Systems, VC Care Start, CareTend, and Vital Books to support record keeping across referral intake, authorizations, pharmacy and clinical services, billing, and financial operations. Records will be maintained within these systems according to their respective functions and reviewed through periodic franchise-level and corporate audits.

OneAxis LLC will be responsible for preparing and submitting required reports to CMS, including OASIS and HHCAHPS. OneAxis will oversee the completeness, accuracy, and timely submission of these reports, with nursing quality oversight by Christy Davis, administrative coordination by Melissa John, and corporate support as needed.

Question 15.7

Are any of these policies unique to the applicant or are they directly supplied to all Vital Care franchisees?

Response

Vital Care supplies policy templates and shared resources to its franchisees. OneAxis reviews and adopts policies for its own licensed scope, staffing, premises, suppliers, payer arrangements, emergency contacts and service coverage. OneAxis retains responsibility for local implementation and document control.

The supplied Jackson location hardship policy and signed attestation provide evidence of local adoption for financial assistance (P3 and P4). The Vital Outcomes Table supplies network quality benchmarks (E8). OneAxis will maintain a local policy register identifying each policy's source, local changes, approver, version and effective date.

Attachments: Appendix D; E8 quality benchmarks; P3 hardship policy; P4 signed attestation.

16 Accreditation and Medicare HIT

Item 5C. Licensure, Certification, and Accreditation

Question 16.1

What category of ACHC accreditation will the applicant pursue?

Response

OneAxis LLC already holds ACHC accreditation for Ambulatory Infusion Services (AIS). OneAxis will apply to ACHC in December 2026 for accreditation covering USP <797> sterile compounding and DMEPOS.

Question 16.2

Does the applicant intend to enroll in Medicare Part B as a Qualified Home Infusion Therapy Supplier? If not, please explain.

Response

Yes. OneAxis LLC intends to enroll in Medicare Part B as a Qualified Home Infusion Therapy Supplier. OneAxis already has a Medicare contract in place.

Question 16.3

How will the applicant handle referrals for patients who are enrolled in regular Medicare Part B and wish to utilize their home infusion therapy (HIT) benefit which cover nursing visits, caregiver training and patient monitoring?

Response

OneAxis LLC will coordinate each referral through its pharmacy and nursing teams, with support from Vital Care's RCM team, to verify Medicare eligibility and determine whether the prescribed therapy and associated services qualify for the HIT benefit. This review will include the medication, infusion equipment, physician's orders, and required clinical documentation. Coverage and anticipated patient financial responsibility will be explained before services begin.

Kelli Anne Gerth will oversee pharmacy coordination, while Christy Davis will oversee nursing assessment, scheduling, patient and caregiver training, and monitoring. Services will follow the prescribing provider's plan of care, with OneAxis maintaining communication with the patient throughout the process.

Once OneAxis's Qualified Home Infusion Therapy Supplier enrollment and required approvals are effective, OneAxis will provide and bill for eligible HIT services. Until then, OneAxis will coordinate covered services through an appropriately enrolled and qualified HIT supplier. If a therapy does not qualify, OneAxis will work with the patient and prescribing provider to identify an appropriate alternative coverage or care arrangement.

Question 16.4

Is the applicant a supplier of infusion related DME for in-home use?

Response

OneAxis LLC will supply the infusion-related durable medical equipment (DME) and supplies needed for patients' in-home therapy. OneAxis will maintain the necessary inventory and deliver the required equipment and supplies with the infusion medication, based on the prescribed treatment and each patient's needs.

Question 16.5

Based upon the limitations of the Medicare Home Infusion Therapy benefit, what percentage of home infusion therapy visits would be eligible for coverage vs. those that would not be e.g. (anti-infectives).

Response

OneAxis LLC will determine Medicare HIT eligibility for each referral through a coordinated review by its clinical staff and Vital Care's RCM team. The review will address the prescribed medication, indication, delivery equipment, plan of care, and applicable Medicare coverage requirements.

A reliable percentage of Medicare HIT-eligible versus ineligible visits cannot be calculated from the aggregate application information or publicly available data. The application's allocation of 22.5% of gross revenue to Medicare and Medicare Managed Care is a payer revenue projection, not a percentage of qualifying visits. Eligibility will be determined from each patient's therapy, equipment and benefit requirements.

OneAxis will bill the HIT benefit only for qualifying services after the required enrollment and approvals are effective. Anti-infective therapies will be evaluated individually. For services outside the HIT benefit, OneAxis will identify applicable alternative coverage or coordinate an appropriate care arrangement, with coverage and patient financial responsibility explained before treatment.

Attachments: P2, E6 and E7.

17 Responsibility assignments

Item 5C. Licensure, Certification, and Accreditation

Question 17.1

Based on the applicants franchising agreement with Vital Care please confirm which agency staff or franchising agency staff are responsible for the following: referral intake, prior authorizations, patient scheduling, payer contracting and billing, clinical staffing and clinical staff arrangements, clinical oversight, quality monitoring, inspection or recall history (if an existing pharmacy is adding infusion services), corrective action.

Response

OneAxis LLC retains responsibility for local operations and patient-care coordination, with support from Vital Care's corporate teams and systems. The operational responsibilities described in the preceding responses are assigned in the table below.

OneAxis will document handoffs, outstanding issues, and corrective actions within the applicable Vital Care systems and track matters through resolution.

Function	OneAxis responsibility	Corporate or contracted support
Referral intake	Melissa John coordinates intake, documentation and patient communication. Kelli reviews pharmacy requirements; Christy assesses nursing needs. OneAxis accepts referrals.	Vital Care provides referral systems and RCM processing support.
Prior authorizations	OneAxis submits and renews authorizations, tracks requirements and communicates with patients/providers. Kelli oversees clinical documentation.	RCM supports processing, payer communications and resolution of authorization issues.
Patient scheduling	Christy leads nurse assignment and infusion scheduling; Kelli confirms medication readiness; Melissa provides administrative support.	System access and authorization-status support.
Payer contracting	John Paul oversees OneAxis payer relationships and direct contracts.	Non-Medicaid/TennCare arrangements through Meridian/Vital Care Corporate and Vital Care of Chattanooga, within each applicable agreement. Medicaid/TennCare participation is planned.
Billing	Melissa supports billing coordination and documentation. OneAxis oversees accuracy and reconciliation.	RCM reimbursement support; billing follows the applicable contract and authorized billing entity.
Staffing and arrangements	John Paul oversees employment/contracting. Kelli manages pharmacy staffing; Christy manages nursing assignments, competencies and coverage.	Medlife and Naven Health are planned interim/overflow nursing sources. Provider duties follow applicable licenses and agreements.
Clinical oversight	Kelli leads pharmacy and medication activities. Christy leads nursing supervision and competency review under the prescriber's orders and plan of care.	Vital Care clinical training, assessment support, policies and guidance.
Quality monitoring	Kelli and Christy oversee their disciplines, compare OneAxis outcomes with Vital Care benchmarks, and document follow-up. John Paul provides organizational oversight.	Vital Care network quality benchmarks (E8), clinical support and periodic corporate audits supplement franchise-level reviews.
Inspection and recall records	Kelli maintains pharmacy inspection and medication-recall records and coordinates responses. Christy maintains nursing compliance records.	Corporate clinical/operational guidance and escalation support.
Corrective action	John Paul ensures follow-through. Kelli and Christy document findings, assign corrective actions and assess follow-up results within their disciplines.	Support with audit findings, training, system issues and follow-up reviews.

Attachments: Appendix D.

18 Charges and Medicare comparison

Item 9C., Charge Comparison

Question 18.1

The projected $620 gross revenue per patient for infusion nursing services across an average of 6 visits per patient? Is this correct? How does this compare to other reported charges per visit by existing HHAs focused on home infusion services in TN?

Response

Yes. OneAxis LLC projects $620 in gross revenue per patient across an average of six nursing visits, equivalent to approximately $103.33 per visit. The projections include 132 patients and 792 visits in 2027, generating $81,840 in gross operating revenue, and 165 patients and 990 visits in 2028, generating $102,300.

The 2025 infusion charge data in Attachment E4 include reported charges of $150 per visit for Implanted Pump Management and $200 per visit for certain Coram locations. OneAxis's projected average of $103.33 per visit is below these reported charges.

Appendix E presents the supporting calculations and distinguishes OneAxis's projected average gross charge from other providers' reported charges and applicable payer reimbursement.

Question 18.2

The Medicare allowable amount is referenced but is not included in the Attachment.

Response

OneAxis LLC provides the CY 2026 Medicare Home Infusion Therapy allowances for Tennessee, locality 35, in the table below and Attachment 9C. The CMS source schedule is included with Attachment E7.

These geographically adjusted allowances provide the Medicare comparison for OneAxis's projected average gross charge of $103.33 per nursing visit. Each listed allowance exceeds that projected average.

Medicare HIT payment is bundled by eligible infusion drug administration calendar day; the listed amount is not multiplied by the number of 15-minute billing units. OneAxis will apply the appropriate service code, coverage requirements, and Medicare payment schedule effective on the date of service.

HCPCS	Service category	National 2026	Tennessee 2026
G0068	Category 1 subsequent	$190.22	$178.62
G0088	Category 1 initial	$231.36	$217.25
G0069	Category 2 subsequent	$257.04	$241.36
G0089	Category 2 initial	$312.60	$293.53
G0070	Category 3 subsequent	$319.76	$300.25
G0090	Category 3 initial	$388.89	$365.17

Source: CMS CY 2026 Home Infusion Therapy Locality Adjusted Rates, Tennessee locality 35, carrier 10312, GAF 0.939. Original source files are included in E7. Retrieved November 9, 2026.

Question 18.3

Please include the referenced comparison of applicants' proposed charges to other providers.

Response

The comparison of OneAxis's proposed charges with historical provider charges is included in Appendix E and Attachment E4. The filed $620 gross charge per patient corresponds to $103.33 per visit at the six-visit assumption. Historical provider charges and Medicare allowances are identified separately.

Attachments: Attachment 9C; Appendix E; E4 and E7.

19 Charity care

Item 10C., Payor Mix

Question 19.1

Under what circumstances will the applicant accept patients for Charity Care?

Response

OneAxis LLC has adopted a Patient Financial Assistance/Hardship Policy for its Jackson, Tennessee location (0496), supported by the executed attestation signed by John Paul Palelil on September 29, 2026. OneAxis will consider assistance for medically necessary medications, supplies and services when a patient indicates an inability to pay eligible out-of-pocket expenses and documents financial need under the policy.

Eligibility is based on household income and family size using the applicable Federal Poverty Guidelines. Approved applicants with income at or below 200% of the guidelines receive a 100% discount on eligible out-of-pocket costs. Approved applicants with income above 200% but below 400% receive a 25% discount. Assistance is determined individually and is not an automatic or routine waiver.

The patient must submit a completed, signed application and supporting income documentation. Other available government, insurance, manufacturer and third-party assistance is evaluated before hardship assistance is approved. Where insurer approval or authorization is required, the policy does not provide assistance for services that the insurer has not approved or authorized.

The manager or designee reviews the completed application and ordinarily issues a written decision within five days. The policy provides reconsideration and appeal procedures, requires annual renewal, and requires updated information when financial circumstances change. Approved discounts apply to eligible expenses incurred from the date the complete application and documentation are received; they do not apply to earlier expenses.

OneAxis retains responsibility for eligibility decisions, the assistance granted and supporting documentation. Approved applications are maintained in Vital Systems, with Vital Care's RCM team supporting account administration under the signed attestation. Attachments P3 and P4 provide the policy and attestation. The filed financial plan includes charity-care provisions of $2,498 for 2027 and $3,069 for 2028.

Attachments: E5 submitted financial projections; P3 Patient Financial Assistance/Hardship Policy; P4 signed hardship-policy attestation.

Appendix A Attachment 1N

The companion Attachment 1N is included in this response packet and the attachment bundle. It addresses all 12 home-health criteria and includes the 95-county population and utilization schedule. It incorporates the revised named leadership, staffing, contract nursing, payer, quality, and Medicare comparison information.

The hardship policy, signed attestation and Vital Care quality benchmark table are included in the packet and attachment bundle. Appendix F identifies the included attachments and their scope.

Appendix B Attachment 5N provider comparison

Historical 2025 infusion-provider records

Provider record	Home county	State ID
Amedisys Home Health	Davidson	19674
Coram CVS Speciality Infusion Services	Williamson	19734
Advanced Nursing Solutions	Blount	19754
KabaFusion TN LLC	Davidson	19914
Vanderbilt HC Option Care IV Services	Davidson	19994
Coram CVS Specialty Infusion Services	Knox	47442
Implanted Pump Management LLC	Knox	47452
Twelvestone Infusion Support	Rutherford	75084
Accredo Health Group Inc	Shelby	79456
Coram CVS Speciality Infusion Service	Shelby	79556
Hemophilia Preferred Care of Memphis Inc	Shelby	79566
Optum Infusion Services LLC	Williamson	79856
Tristate Infusion LLC	Shelby	79926

Source: E3 historical provider utilization, 2025 infusion table. The 13 records above are statewide reporting records, not the 19 general-home-health agencies reported as serving Madison County.

Recent approved infusion projects

Project	CON and approval date	Base and service area	Reported scope
OPTIV Infusion LLC	CN2602-006A April 22, 2026	Knoxville 29 East TN counties	Own OPTIV RX patients; reported area excludes Madison
River City Infusion LLC	CN2511-042A February 25, 2026	Chattanooga All 95 counties	RCIV d/b/a Vital Care of Chattanooga pharmacy patients; includes Madison
Naven Health Inc	CN2604-009 June 24, 2026	Knoxville All 95 counties	Home infusion; reported area includes Madison

Based on the available published 2026 project information, these projects were described as not yet licensed in the source schedule. Approval dates, service areas and status are reported as stated in that source; subsequent licensing or implementation is not established by those historical records.

Utilization comparison	2027 patients	2028 patients	2027 visits	2028 visits
OneAxis LLC	132	165	792	990
OPTIV Infusion LLC	Not reported in source	Not reported in source	Not reported in source	Not reported in source
River City Infusion LLC	Not reported in source	Not reported in source	Not reported in source	Not reported in source
Naven Health Inc	Not reported in source	Not reported in source	Not reported in source	Not reported in source

Source basis: publicly available provider and CON data reproduced in the referenced schedules. Comparator utilization is shown as not reported where comparable approved patient and visit forecasts are absent from the available source. The E2 count of 19 Madison-serving general-home-health agencies is separate from the 13 named statewide infusion-provider records.

Appendix C Utilization and staffing

Measure	2027	2028
Submitted application patients	132	165
Visits per patient assumption	6.0	6.0
Calculated nursing visits	792	990
Year-over-year patient growth	Not applicable	25.0%
Filed gross operating revenue at $620 per patient	$81,840	$102,300

Filed first year county allocation

These are the 33 counties allocated Year One patients in the submitted application. The remaining 62 counties stay within the requested service area with no first-year patients allocated in the filed schedule. The statewide Year Two forecast remains 165 patients; the filed county allocation is retained.

County	2027 patients	Visits at six per patient
Madison	20	120
Fayette	7	42
Franklin	4	24
Lake	2	12
Davidson	10	60
Gibson	6	36
Hancock	2	12
Marshall	2	12
Shelby	10	60
Lincoln	1	6
Smith	1	6
Bedford	2	12
Crockett	10	60
Campbell	1	6
Haywood	5	30
Rutherford	4	24
Union	2	12
Williamson	5	30
Carroll	8	48
Tipton	7	42
Johnson	1	6

County	2027 patients	Visits at six per patient
Jackson	2	12
Claiborne	2	12
Lewis	1	6
Hickman	3	18
Dickson	2	12
Benton	1	6
Lauderdale	2	12
Sequatchie	2	12
Cheatham	2	12
Jefferson	1	6
Macon	2	12
Maury	2	12
Total	132	792

Projected visit duration

Typical visit duration	2027 patients	2028 patients
More than 2 hours	86	107
2 hours or less	46	58
Total	132	165

The planning distribution is 65% of patients with visits longer than two hours and 35% with visits of two hours or less.

Staffing positions and FTE calculations

Team member	Project role	Status	2027 FTE	2028 FTE
Christy Davis	Head of Nursing / RN	Hired; planned project allocation	1.0	1.0
Registered nurse 2	Direct care RN	To be hired	1.0	1.0
Registered nurse 3	Direct care RN	To be hired	1.0	1.0
Registered nurse 4	Direct care RN	To be hired	1.0	1.0
Melissa John	Intake / administration	Hired; planned project allocation	0.5	0.5
Total project FTEs			4.5	4.5

The planned project allocation is 4.0 RN FTEs + 0.5 administrative FTE = 4.5 total FTEs. At 2,080 paid hours per FTE annually, this represents 8,320 RN hours and 1,040 administrative hours, or 9,360 total paid project hours. The allocation supports patient care, leadership, leave, travel, coordination and documentation.

Christy Davis and Melissa John are hired team members, allocated at 1.0 RN FTE and 0.5 administrative FTE, respectively, in the project plan. The three additional RN positions are to be hired. John Paul, Kelli Anne Gerth and Aditya Paul are existing leadership, pharmacy and outreach resources outside the 4.5-FTE nursing-project total. Contract nursing provides additional coverage and is not counted as employed FTE.

Phased service delivery and coverage

All employed nursing FTEs will initially be based in Jackson. OneAxis will maximize employed staffing in Years One and Two and use Medlife and Naven Health for interim or additional nursing coverage under appropriate agreements. After approval and as demand develops, OneAxis will reassess the need for additional nurses closer to patients in other areas.

Phase	Requirements before accepting patients
Initial counties	Required approvals; named clinical leaders; available qualified nurses; medication delivery; payer eligibility; primary and backup coverage.
Additional West and Middle Tennessee counties	Referral demand, nursing availability from Jackson or authorized contract support, realistic travel/response arrangements, and medication delivery readiness.
East Tennessee and remaining counties	The same clinical, staffing, delivery, payer and coverage requirements; local hiring reassessed as demand grows.

Regular hours: weekdays 9:00 a.m.-5:00 p.m.; weekends by appointment. After-hours support: primary/backup on-call rotation. Average nursing visits per week: 792 / 52 = 15.23 in 2027 and 990 / 52 = 19.04 in 2028.

Medicare HIT coverage calculation

HIT-eligible visit percentage = qualifying HIT visits divided by all home-infusion visits, multiplied by 100. The same calculation can be applied within the Original Medicare patient group. The qualifying numerator depends on the medication, indication, delivery equipment, eligible administration calendar day and supplier enrollment. Aggregate public data and the application's 22.5% Medicare revenue allocation do not establish this visit-level percentage; each referral will undergo the eligibility review described in Question 16.5.

Appendix D Leadership and payer arrangements

John Paul provides organizational and governing oversight. Kelli Anne Gerth leads pharmacy operations and Christy Davis leads nursing operations, both reporting to John Paul. Melissa John supports intake and day-to-day administration, scheduling and billing coordination; Aditya Paul leads Account Executive outreach.

The full function-by-function responsibility matrix is included with Question 17.1. OneAxis retains local accountability for patient acceptance, care coordination, authorization submission/renewal, staffing, and follow-through, with corporate or contracted support as described there.

Payer workbook and current service scope

Route	Payer workbook entries and current scope
OneAxis / Vital Care of Jackson	CVS; Express Scripts; Medicare
Meridian / Vital Care Corporate	Aetna; eviCore (Cigna); Humana/Argus; Humana Military; Multiplan; Optum VA CCN; TriWest VA CCN; UHC 1; UHC Optum VA CCN
Vital Care of Chattanooga	BCBS TN; Wellpoint TN (Amerivantage), subject to the applicable agreement. Earlier workbook Medicaid/TennCare entries—BlueCare TN, UHC Community Plan, and Wellpoint TN (Amerigroup/TennCare)—are excluded from OneAxis's current service offering.

Source: Payor contracts.xlsx, supplied by the owner, with current service scope updated by the owner's latest instructions. Medicaid and TennCare enrollment applications are planned; OneAxis will not serve TennCare patients until the required approvals and payer participation are effective. Earlier Medicaid/TennCare workbook entries are retained only as source history. Payer participation for other services is verified for the relevant entity, benefit, and service at referral intake.

Appendix E Attachment 9C charges and Medicare rates

The submitted nursing-service forecast uses $620 gross revenue per patient and six visits per patient, producing an average of $103.33 per visit. The provider comparison and Medicare schedule below support Questions 18.1-18.3.

Comparator	Reported charge	Basis
OneAxis LLC	$103.33 per visit	$620 gross per patient / six visits
Coram Williamson and Knox	$200 per visit	2025 other-infusion charge
Implanted Pump Management	$150 per visit	2025 pain/other-infusion charge
Hemophilia Preferred Care of Memphis	$200 per visit	2025 other-infusion charge

Source: E4 historical charge schedule. Provider case mix and reported charge units are retained as described in the source. The complete source table is included in the packet.

CY 2026 Medicare HIT payment schedule

HCPCS	Service category	National 2026	Tennessee 2026
G0068	Category 1 subsequent	$190.22	$178.62
G0088	Category 1 initial	$231.36	$217.25
G0069	Category 2 subsequent	$257.04	$241.36
G0089	Category 2 initial	$312.60	$293.53
G0070	Category 3 subsequent	$319.76	$300.25
G0090	Category 3 initial	$388.89	$365.17

Tennessee locality 35 (carrier 10312), geographic adjustment factor 0.939. These are published CY 2026 comparison amounts. Initial-visit codes are G0088-G0090; subsequent-visit codes are G0068-G0070. HIT payment is bundled by eligible infusion drug administration calendar day, rather than multiplied by the number of 15-minute reported units.

Source: CMS Billing and Rates and the original locality-adjusted rate CSV/XLSX in E7. The source national PDF and locality ZIP are included. OneAxis will use the schedule effective on the actual date of service; no unpublished 2027 or 2028 rate has been substituted.

Filed financial schedule

Measure	2027	2028
Gross operating revenue	$81,840	$102,300
Contractual adjustments	$405	$495
Charity care	$2,498	$3,069
Bad debt	$2,498	$3,069
Total deductions	$5,401	$6,633
Net operating revenue	$76,439	$95,667
Average gross charge per patient	$620.00	$620.00
Average net charge per patient	$579.08	$579.80

Filed gross revenue mix: Medicare/Medicare Managed Care 22.5%; commercial/other managed care 76.5%; self-pay 1%; TennCare/Medicaid 0%. The submitted project cost is $192,000. The filed schedules are reproduced without changing the patient totals or revenue calculations.

Appendix F Attachment index

Included attachments

Code	Attachment	Scope
Attachment 1N	Home health criteria and standards with all 95 counties	Home-health criteria, staffing and all-county population and utilization schedules.
Attachment 5N	Provider and recent CON comparison	Provider and approved-project comparison based on available public data and stated reporting periods.
Attachment 9C	Provider charges and Medicare comparison	Includes Tennessee locality 35 CY 2026 HIT rates and original CMS source files.
E1	All three AIS rooms and nursing station	Floor plan includes connecting corridor.
E2	Population need and utilization 2025 to 2028	General home-health figures; historical Madison count of 19.
E3	Provider utilization 2023 to 2025	Separate 2025 infusion visits/hours table.
E4	Historical infusion charges	Reported 2025 charges.
P1	Executed updated lease rider	Executed landlord/tenant rider identifying Vital Care Franchisor, LLC as an intended third-party beneficiary.
P2	Pharmacy license and ACHC certificate	License 8313; ACHC 100049 for AIS and infusion pharmacy without sterile compounding.
E5	Submitted OneAxis application	Filed projections and schedules retained unchanged.
E6	Payer contract schedule	Original workbook with current scope clarified: Medicaid/TennCare enrollment is planned and TennCare patients are not being served.
E7	CMS 2026 HIT rate sources	Tennessee extract, national schedule and original locality-rate ZIP.
E8	Vital Outcomes Table October 2026	Original Vital Care network quality table covering August 2024 through October 2026.
P3	Jackson location hardship policy	Completed location 0496 policy; 100%/25% discounts, application, approval, appeal and renewal procedures.
P4	Signed hardship-policy attestation	John Paul Palelil; September 29, 2026; supports adoption and responsibilities.

Certificate of Need Attestation

I am the applicant or his/her/its legal agent, duly swear that this project will be completed in accordance with the application, that the applicant has read the directions to this application, the Rules of the Health Facilities Commission, and TCA 68-11-1601, et seq., and the responses to this application or any other questions deemed appropriate by the Health Facilities Commission are true and complete.

Supplemental Response Package

OneAxis LLC d/b/a Vital Care of Jackson TN
CON Application CN2610-022

Submitted to the Tennessee Health Facilities Commission
November 13, 2026

OneAxis LLC submits its responses to HFC’s follow-up questions concerning TennCare participation, approved but unimplemented CONs, and nursing leadership licensure. This package includes the revised application entries, supporting enrollment data, and updated Attachment 5N.

Package contents

Section	Package pages
TennCare participation and revised Items 4N 3Q and 4Q	2
Revised Item 10C payer mix and utilization calculations	3
Responses to Items 5N and 4C	4

OneAxis HFC follow up responses

Items 4N 10C 3Q 4Q 5N and 4C | November 13, 2026

OneAxis LLC submits the following responses to HFC's follow-up questions. The revised entries replace the prior responses to Items 4N, 3Q, 4Q and 10C. The enclosed Attachment 5N adds SunRay's approved but unimplemented project, and the Item 4C response identifies Christy Davis's RN license number.

1 TennCare participation and special needs

The applicant's statement that it intends to apply for Medicaid and TennCare enrollment is noted. However, there is no projected revenue under Item 10C. for TennCare, no selection of TennCare certification in response to Item 3Q, and no identification of TennCare MCOs in response to Item 4Q. If the applicant intends to pursue TennCare enrollment, please revise each of these items and clarify whether any TennCare patients are projected to be served.

Revised response for Item 4N

OneAxis LLC d/b/a Vital Care of Jackson TN intends to participate in TennCare, Tennessee's Medicaid program, and its enrollment application is in process. The earlier application statements that participation was not intended are superseded by this response. OneAxis intends to serve eligible TennCare beneficiaries through the proposed home infusion and related nursing service once all applicable enrollment, licensure, credentialing and payer participation requirements are effective.

The revised projections include 13 TennCare patients in 2027 and 25 in 2028, within the previously filed totals of 132 and 165 patients. These volumes are planning estimates and are contingent on the approvals and payer arrangements needed to begin service during 2027.

TennCare participation addresses an established population need: TennCare reported approximately 1.414 million members, or 20% of Tennessee residents, in June 2025. Its FY2024 report recorded 27,462 Madison County enrollees, or 27.7% of county residents, on January 1, 2024. These enrollment figures support access planning; they do not measure infusion demand or establish guaranteed referrals. [1–2]

Item 3Q certification entry

Certification: TennCare/Medicaid (selected). Status: Application in process; approval pending. Provider number: Pending issuance. OneAxis commits to obtaining and maintaining the enrollment and certification requirements applicable to the services furnished.

Item 4Q planned managed care participation

OneAxis intends to pursue participation with BlueCare Tennessee, UnitedHealthcare Community Plan of Tennessee, and Wellpoint (formerly Amerigroup) for the East, Middle and West Tennessee regions. TennCareSelect participation will also be pursued where applicable to the patients and services offered. These are planned arrangements; this response does not represent that MCO contracts are already executed. [3]

For each referral, OneAxis will verify eligibility, covered benefits, network status and required authorizations for medication, supplies and nursing before initiating care. Enrollment in TennCare does not itself establish an MCO contract or a reimbursement rate. [3]

Revised Item 10C payer mix

Report the estimated gross operating revenue dollar amount and percentage of project gross operating revenue anticipated by payor classification for the first and second year of the project by completing the table below.

This revision reallocates part of the commercial category to TennCare/Medicaid. It retains the filed project totals of $81,840 in 2027 and $102,300 in 2028 and the existing gross charge assumption of $620 per patient. These figures cover the proposed home infusion nursing project; pharmacy medication sales are not added. [5]

Payer source	2027 gross	2027 share	2028 gross	2028 share
Medicare / Medicare Managed Care	$18,414.00	22.50%	$23,017.50	22.50%
TennCare / Medicaid	$8,060.00	9.85%	$15,500.00	15.15%
Commercial / Other Managed Care	$54,547.60	66.65%	$62,759.50	61.35%
Self pay	$818.40	1.00%	$1,023.00	1.00%
Other	$0.00	0.00%	$0.00	0.00%
Total	$81,840.00	100.00%	$102,300.00	100.00%

Patient and visit calculation

Measure	2027	2028
Total project patients	132	165
Projected TennCare patients	13	25
TennCare share of total patients	9.85%	15.15%
TennCare nursing visits at six per patient	78	150
TennCare gross revenue at $620 per patient	$8,060	$15,500

Method: 132 × 10% = 13.2, rounded to 13 patients; 165 × 15% = 24.75, rounded to 25 patients. The revenue calculations use these whole patient counts, so the final shares are 9.85% and 15.15%. The commercial reductions equal the TennCare additions. Percentages are rounded to two decimals.

The 10% and 15% starting assumptions allow for enrollment and contracting during start-up. They are management planning assumptions informed by enrollment data, not rates observed in OneAxis patients or validated referral commitments.

Gross charges and reimbursement

The $620 amount is the application's existing gross charge per patient, not a TennCare allowable rate or a promise of payment. MCOs set their own provider fee schedules. The revised Item 10C allocation reports gross charges; actual contractual deductions and net revenue will depend on the nursing reimbursement terms under the applicable payer arrangements. [3,5]

The projected patient counts assume enrollment and relevant payer participation become effective early enough in 2027 to serve 13 patients. If the effective dates move beyond the modeled service period, the TennCare patient and revenue forecasts must move with them.

2 Historical utilization and unimplemented CONs

Please add SunRay TN LLC – CN2607-015A to the list of approved but unimplemented CONs with projections.

Response for Item 5N

Attachment 5N is revised to add SunRay TN LLC – CN2607-015A as an approved but unimplemented project, consistent with HFC's follow-up. The underlying application is titled Sunray HHA TN, LLC, CN2607-015. The project proposes home infusion services from Franklin, Williamson County, across all 95 Tennessee counties, including Madison, for patients of its related pharmacy. [6]

SunRay project projection	2027	2028
Patients	150	187
Gross operating revenue	$93,060	$116,015
Net operating revenue	$87,010	$108,475

The figures are transcribed from SunRay's Item 6N and projected data chart in Item 6C. They are project forecasts, not actual utilization or independently verified current operating capacity. The revised Attachment 5N preserves the previously listed providers and projects and adds the SunRay comparison and supporting source extract. [6]

3 Nursing leadership license number

Please identify the RN license number for Christy Davis.

Response for Item 4C

Christy Davis, Head of Nursing for OneAxis LLC d/b/a Vital Care of Jackson TN, holds RN license number RN0000137627.

Staff member	Role	RN license number
Christy Davis	Head of Nursing	RN0000137627

Source: License number confirmed by OneAxis on November 13, 2026.

Evidence supporting the TennCare planning case

Public enrollment data shows a substantial Medicaid population in OneAxis's proposed service area. Historical enrollment declined between the statewide snapshots below; the planning case therefore relies on serving a modest share of an existing population, not on an assumption that TennCare enrollment is growing.

Geography and reporting date	Enrollees	Population share
Tennessee — January 1, 2024	1,619,357	About 22%
Tennessee — June 30, 2025	About 1,414,000	About 20%
Madison — January 1, 2024	27,462	27.7%
Gibson — January 1, 2024	14,047	27.4%
Carroll — January 1, 2024	7,880	27.6%
Crockett — January 1, 2024	3,882	28.0%
Henderson — January 1, 2024	7,952	28.4%

Sources [1–2]. These are historical enrollment snapshots, not a November 2026 census, infusion-specific utilization rates or projected OneAxis market shares. County dates differ from the FY2025 statewide snapshot.

What prior CON projections establish

SunRay's 2026 application and HFC's October 23, 2024 KabaFusion staff review show no projected TennCare nursing revenue because those projects did not intend TennCare participation. They do not provide a positive TennCare revenue benchmark for OneAxis. OneAxis's projected 13 and 25 patients are therefore separately identified assumptions, rather than figures attributed to those applications. [4,6]

Attachment 5N

Historical providers and approved projects | Revised November 13, 2026

OneAxis LLC d/b/a Vital Care of Jackson TN supplements its historical utilization disclosure to include SunRay TN LLC – CN2607-015A, as directed by HFC. Historical provider records remain separate from approved but unimplemented project projections.

2025 statewide infusion provider records

Provider	Home county	State ID
Amedisys Home Health	Davidson	19674
Coram CVS Speciality Infusion Services	Williamson	19734
Advanced Nursing Solutions	Blount	19754
KabaFusion TN LLC	Davidson	19914
Vanderbilt HC Option Care IV Services	Davidson	19994
Coram CVS Specialty Infusion Services	Knox	47442
Implanted Pump Management LLC	Knox	47452
Twelvestone Infusion Support	Rutherford	75084
Accredo Health Group Inc	Shelby	79456
Coram CVS Speciality Infusion Service	Shelby	79556
Hemophilia Preferred Care of Memphis Inc	Shelby	79566
Optum Infusion Services LLC	Williamson	79856
Tristate Infusion LLC	Shelby	79926

Source: E3 historical utilization schedule, Tennessee Department of Health Joint Annual Reports. The underlying 2023–2025 utilization schedule remains part of Attachment 5N. These 13 statewide infusion records are separate from the 19 general home health agencies reported as serving Madison County in E2. Historical listings are not a current licensing or implementation census.

Approved projects and implementation status

Project and CON	Base and service area	Reported scope and status
OPTIV Infusion LLC CN2602-006A	Knoxville 29 East TN counties	Own OPTIV RX pharmacy patients. April 22, 2026 approval; reported area excludes Madison.
River City Infusion LLC CN2511-042A	Chattanooga All 95 counties	RCIV d/b/a Vital Care of Chattanooga pharmacy patients. February 25, 2026 approval; includes Madison.
Naven Health Inc CN2604-009	Knoxville All 95 counties	Home infusion. June 24, 2026 approval; includes Madison.
SunRay TN LLC CN2607-015A	Franklin Williamson County All 95 counties	Approved but unimplemented per HFC follow-up. Home infusion for related pharmacy patients; includes Madison.

The three previously listed projects retain the dates and descriptions in the prior Attachment 5N source schedule. That schedule described them as not yet licensed; it does not establish their implementation status as of November 13, 2026. SunRay is added as approved but unimplemented based on HFC's express follow-up direction.

SunRay identification and scope

HFC identifies the added project as SunRay TN LLC – CN2607-015A. The underlying deemed-complete filing uses Sunray HHA TN, LLC and CN2607-015. The project site is 740 Cool Springs Boulevard, Suite 120, Office 1, Franklin, Tennessee 37067. The application proposes home infusion services across all 95 counties for patients of the affiliated pharmacy, Sunray RX NSHTN LLC d/b/a Vital Care of Franklin TN.

Source: Deemed_Complete-CN2607-015_Sunray_HHA_TN.pdf, letter of intent at PDF page 4 and affiliated pharmacy description at page 89; HFC follow-up supplied by OneAxis November 13, 2026. The approval suffix and approved/unimplemented classification follow HFC's identification.

Projected utilization and revenue comparison

Project measure	2027	2028
OneAxis patients	132	165
SunRay patients	150	187
OneAxis projected nursing visits	792	990
SunRay projected nursing visits	Not separately tabulated	Not separately tabulated
OneAxis gross operating revenue	$81,840	$102,300
SunRay gross operating revenue	$93,060	$116,015
OneAxis filed net operating revenue	$76,439	$95,667
SunRay net operating revenue	$87,010	$108,475

SunRay's project-wide Item 6N and Item 6C forecasts are 150 patients in 2027 and 187 in 2028. The comparison uses these aggregate forecasts. OneAxis projects 18 fewer patients in Year One and 22 fewer in Year Two. Both projects propose all 95 Tennessee counties and home infusion for their own or related pharmacy patients; OneAxis is based in Jackson, while SunRay is based in Franklin.

OneAxis's visit forecast uses six visits per patient. SunRay discusses a six-visit planning benchmark in its supplemental narrative, but an annual visit total is not separately tabulated in the cited project-wide forecast. No derived visit figure is represented here as an approved SunRay total.

OPTIV, River City Infusion and Naven utilization forecasts were not included in the comparator schedule supporting the prior Attachment 5N. Their forecasts remain unquantified in this update; missing values are not reported as zero. All figures above are forecasts or filed financial estimates, not actual patients served.

Source notes

OneAxis: filed application, Item 6C, PDF page 20; final supplemental responses, November 11, 2026. OneAxis net revenue above is the filed estimate, not a recalculation incorporating proposed TennCare reimbursement terms.

SunRay: Deemed_Complete-CN2607-015_Sunray_HHA_TN.pdf, Item 6N, PDF page 54 (printed application page 16), and Item 6C, PDF page 58 (printed application page 20). Visit methodology: PDF pages 270–271. Gross and net amounts are transcribed as filed. The PDF edition of this attachment includes the Item 6C source page immediately after this comparison.

Source: Tennessee Department of Health, Joint Annual Reports (JARs), 2025-2023, accessed at https://apps.health.tn.gov/publicjars/default.aspx.

Note: Includes home health utilization for Grundy and Lake counties. As noted by the Tennessee HFC, Grundy County and Lake County are the two economically distressed counties that does not require a CON in fiscal year 2026.

Note: "N/A" indicates that the listed HHA did not report utilization for that year.

* All agency names are listed as they appear in the 2025 JARs, which may be different than the name(s) displayed for the corresponding State ID for 2024 and/or 2023.
