PRESS OPERATOR TRAINEE

On The Job Training

Our Business is Growing. If you have experience operating commercial printing equipment or other precision industrial machinery, we have an opening for a Press Operator. On the job training is offered, but you will need to already have some factory or machinery experience. Pay is based on experience.

Attention to detail and focus are essential, as is a mechanical nature. Quality control is essential on every press run, with no such thing as 'good enough'.

We work in shifts, and they do change based on demand. Most shifts are in the evenings. Our work is deadline driven, and can be very fast paced at times. Therefore, Press Operators have to be in good physical condition. You also have to pass a pre-employment drug screening and random drug screenings.

Benefits include: competitive pay, on-the-job training, great benefits, plus working in an environment that encourages learning and demands quality.

Ability to follow directions and procedures is important. To apply: e-mail your resume and introduction letter to **jreeser@timesnews.net**. If you have questions, please only send them to this same e-mail, as we are not available to take calls or handle walk-in inquiries for this position. The Kingsport Times-News is an Equal Opportunity Employer.

Sally Wells Building at the Macon County Fairgrounds.

"I try to go to FCA groups and places like that, because I was 26 years old before I heard the gospel (of Jesus Christ)," Francis said. "I have a passion to go share the gospel."

Francis was one of 14 siblings, consisting of 11 boys and three girls. Nine of the Francis siblings received college scholarships, including Wallace. He followed one of his older brothers to the University of Arkansas at Pine Bluff before he was drafted by the Buffalo Bills in the 1973 NFL Draft.

After spending two seasons with the Bills (leading the NFL in kickoff returns and touchdowns as rookie), he was traded to the Atlanta Falcons. The wide receiver led the team in receiving in both 1978 and 1979 and was selected as the team's most valuable player in 1979.

"My receiving took off in Atlanta with Steve Bartkowski (the team's quarterback)," Francis said. "Steve Bartkowski was just an excellent quarterback. I played behind J.D. Hill and Ahmad Rashad in Buffalo. They were two first-round draft choices. I had learned how to play wide receiver from two first-round draft choices.

"(Former Miami Dolphins and Cleveland Browns wide receiver) Paul Warfield was influential. I had a chance to talk with people like him. I was introduced to (former NFL player and coach) Raymond Berry's film series called 'There's a Catch to It.' I learned from his film series."

Francis caught 74 passes (third best in the NFL) for 1,013 yards (tied for ninth) and eight touchdowns (tied for eighth) in 1979, his career-best year.

"I was the Falcons' most valuable player, and (teammates) Greg Brezina (a linebacker) and Steve Bartkowski invited me to a PAO (Pro Athletes Outreach)," Francis said. "At the end of every season, after the Pro Bowl, players would go to a certain city, and they'd invite their teammates to go. I only went because these guys said with plan for our life. Larry Burkett talked about the Bible and finance, and Gary Smalley talked about the Bible and family."

However, Francis admits to needing to be there for other reasons.

"Bill Bright said we should know God," Francis said. "He said, 'but we can't know him because of sin.' If we want to come to know God, we have to receive God as our Lord and savior. For the first time in life, I heard he was our only way.

"I stayed there for the whole week. I saw the Bible had answers. I went back to Atlanta and started going to the Tuesday night Bible study that the players were having. A.W. Tozer ... he says you're either right for God, or you're right for hell. It brought me under conviction."

That conviction prompted action from Francis.

"Tozer said if you haven't received Christ, you're going to go to your own place," Francis said. "For the first time in my life, I saw I had never received Jesus Christ. I had a 13-room house, five bathrooms and two kitchens, but I didn't have a purpose three years still remaining on his contract with the Falcons. He retired after compiling 244 receptions for 3,695 yards and 27 touchdowns.

"I played football for one more year," Francis said. "The week before the season in 1982, I walked away from football and went to Bible school.

"It was nothing wrong with football. It was a call on my life specific to me. It was undeniable. God gave me grace to drop my idol (football)."

While Francis felt that the decision was necessary, it wasn't easy.

"I was at the top," Francis said. "God had made me come to a point to realize ... the verse that came to mind 'what profit a man who would gain the whole world and lose his soul' (found in Mark 8:36 in the Bible). That had a radical impact in my life.

"I had no desire to leave football, but God gave me a strong passion to go to Bible school. It wasn't an easy decision. My family thought I was crazy. My father told me I was crazy, but I left and went. If I had to go back and do it all over again, I would sell my Mercedes. I sold my house. We stayed with some friends.

"Churches started taking me off as a missionary. We had four kids. All four of them went to college. God provided. How can you teach live by faith if you aren't living by faith?"

More than 30 years later, he's still teaching it. Francis — a Douglasville, Ga., resident who is the national director of Ambassadors for Christ International USA — speaks at events an average of three times per week.

"I want people to realize they are created for a purpose," Francis — who has written two books, "Ironman Christianity" (a 2014

It is therefore, **ORDERED** that said Respondent be served by publication of the following Notice for four (4) consecutive weeks in the Lafollette Press, a newspaper published in Campbell County, Tennessee.

It is further **ORDERED** that if the Respondent Patricia Marie Dummett does not enter an appearance or otherwise Answer the Petition, further personal service or service by further publication shall be dispensed with and service of any future notices, motions, orders or other legal documents in this matter may be served upon the Respondent by filing same with the Campbell County Juvenile Court to the aforementioned listed above. You may view and obtain a copy of the Petition and any other subsequently filed legal documents at the Juvenile Court Clerk's Office, 580 Main Street, Jacksboro, Tennessee 37757.

ENTERED this 19th day of March, 2018.

Amanda Sammons
Juvenile Court Judge

NOTICE

Any parent wishing to appeal an order of termination of parental rights must meet the notice of appeal and signature requirements of Tenn. Code Ann. § 36-1-124(d). The timely notice of appeal should be signed either by the appellant directly or by the appellant's attorney with specific authorization from his or her client. An appeal may be dismissed for failure to comply with this requirement.

Any appeal of the trial court's final disposition of the complaint or petition for termination of parental rights will be governed by the provisions of Rule 8A, Tennessee Rules of Appellate Procedure, which imposes special time limitations for the filing of a transcript or statement of the evidence, the completion and transmission of the record on appeal, and the filing of briefs in the appellate court, as well as other special provisions for expediting the appeal. All parties must review Rule 8A, Tennessee Rules of Appellate Procedure, for information concerning the special provisions that apply to any appeal of this case.

Final Notice and Public Explanation of a Proposed Activity in a 100-Year Floodplain

To: All Interested Agencies, Including all Federal, State, and Local, Groups and Individuals

This is to give notice that the City of Jellico under CFR 24 Part 58 has conducted an evaluation as required by Executive Order 11988 and/or 11990, in accordance with HUD regulations at 24 CFR 55.20 Subpart C Procedures for Making Determinations on Floodplain Management, to determine the potential affect that its activity in a floodplain and/or wetland will have on the human environment for a Water System Improvement Project. The project will consist of rehabilitating the flow paths of well #1 and rehabilitating the existing package filtration unit at the existing water treatment plant, in the City of Jellico, Campbell County, Tennessee.

The City of Jellico has considered the following alternatives and mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values: the project as proposed may take place in a floodplain because the water well and water treatment plant are stationary utilities and can't be moved, (ii) the alternatives considered, but not selected were to take no action. This option was not selected because the current production wells would continue to decline in volume which would result in continued increase backwash cycles. All necessary mitigation measures to be taken to minimize adverse impacts and to restore and preserve natural and beneficial values.

The City of Jellico has reevaluated the alternatives that may impact wetlands and has determined that it has no practicable alternative. Environmental files that document compliance with steps 3 through 6 of Executive Order 11988 and/or 11990, are available for public inspection, review and copying upon request at the times and location delineated in the last paragraph of this notice for receipt of comments. PUBLIC AUCTION

SAT., APRIL 7th • 10:00 A.M.
HOUSE & FARM - 116.88 ACRES
(OFFERED IN 6 TRACTS)
3874 EAST BLUE CREEK RD, McEWEN, HUMPHREYS COUNTY, TN

DIRECTIONS: From Courthouse in Waverly take Hwy 13 South 2.1 miles. Turn left on Blue Creek Road & go 2.7 miles. Turn right on East Blue Creek Road & go 1 mile to sale on left. See signs & arrows.

REAL ESTATE

The Real Estate consists of a beautiful country farm on the banks of Blue Creek, a nice year round creek. This farm has approximately 20 acres of open hay fields in various locations with the balance being in woods land. The property also has multiple year round springs and many great building sites with electricity & natural gas available. The area has abundant wildlife with deer and turkey being plentiful.

The 5.71 acre tract is improved with a Traditional style 3 bedroom farm house having approx. 1,416 SF of living area. The home features large interior rooms, one bedroom and kitchen with refrigerator, stove & dishwasher. This country home has a small back porch and a large front porch overlooking the creek as it meanders along the edge of the front yard. Beautiful views!

Large shade trees, nice garden spot, 10x12 outbuilding and a 22x44 equipment shed are just a few of the amenities on this tract. The home is heated with propane gas wall heater & cooled with window air conditioning and is serviced by natural spring water and a septic system.

This property has it all! Year round creek, springs, both open and woods land, building sites, hunting, utilities and approx. 4,600 ft. of paved road frontage. The location is perfect, only 8 miles from town between Waverly & McEwen. New Survey!

The property will be offered in 6 tracts, combinations and as a whole! Don't miss this rare opportunity to own one or more beautiful tracts on Blue Creek! Contact Will O. Sanders, Auctioneer (931) 296-2766 for more details.

Terms: 10% down on sale day. Balance due within 30 days. This property is known as a part of the "S.J. Brazzle Farm" on Blue Creek. The property has been in the family and not offered for sale to the public for well over 150 years! The property belongs to Mr & Mrs. Alton Brazzle (Mr. S.J. & Mrs. Reva's Son) who now live in another town and have no further use for the property. For more details, a colored brochure or property plat contact Will O. Sanders, Auctioneer (931) 296-2766 or visit our website www.bcollier-realtyauction.com for additional information & photos.

Public Notice

NOTICE OF TRUSTEE'S SALE

WHEREAS, default has occurred in the performance of the covenants, terms, and conditions of a Deed of Trust Note dated June 11, 2015, and the Deed of Trust of even date securing the same, recorded June 15, 2015, in Book No. 149, at Page 240, in Office of the Register of Deeds for Overton County, Tennessee, executed by **Lisa Lynn Ashburn**, conveying certain property therein described to David P. Dempsey as Trustee for Mortgage Electronic Registration Systems, Inc., as nominee for NTFN, Inc. DBA Premier Nationwide Lending, its successors and assigns; and the undersigned, Wilson & Associates, P.L.L.C., having been appointed Successor Trustee by PennyMac Loan Services, LLC.

NOW, THEREFORE, notice is hereby given that the entire indebtedness has been declared due and payable; and that an agent of Wilson & Associates, P.L.L.C., as Successor Trustee, by virtue of the power, duty, and authority vested in and imposed upon said Successor Trustee, by PennyMac Loan Services, LLC, will, **on April 19, 2018 on or about 2:00 PM, at the Overton County Courthouse, Livingston, Tennessee,** offer for sale certain property hereinafter described to the highest bidder FOR certified funds paid at the conclusion of the sale, or credit bid from a bank or other lending entity pre-approved by the successor trustee. The sale is free from all exemptions, which are expressly waived in the Deed of Trust, said property being real estate situated in Overton County, Tennessee, and being more particularly described as follows:

LYING and being in the 6th Civil District of Overton County, Tennessee, being more particularly described as follows, to-wit: Being Lot No. 33 on a plat entitled Green Valley Estates Phase II.

ALSO KNOWN AS: 415 Okalona Road, Livingston, TN 38570

This sale is subject to all matters shown on any applicable recorded plat; any unpaid taxes; any restrictive covenants, easements, or setback lines that may be applicable; any statutory rights of redemption of any governmental agency, state or federal; any prior liens or encumbrances as well as any priority created by a fixture filing; and to any matter that an accurate survey of the premises might disclose. In addition, the following parties may claim an interest in the above-referenced property:

LISA LYNN ASHBURN

The sale held pursuant to this Notice may be rescinded at the Successor Trustee's option at any time. The right is reserved to adjourn the day of the sale to another day, time, and place certain without further publication, upon announcement at the time and place for the sale set forth above. In the event of inclement weather, the trustee hereby announces that the sale will be postponed for a period of two weeks. In such situations, notices will be mailed to interested parties of record. Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

This year is all about change. Consider what you have done in the past and how you measure up to the current economic trends. Update your skills and consider the best way to ease your stress and enjoy life more. Say no to those expecting too much from you.

ARIES (March 21-April 19) – You need a change. Taking a trip or signing up for a weekend retreat or event that will spark your imagination and inspire you should be on your agenda.

TAURUS (April 20-May 20) – Change is coming your way. Look over your personal finances or pending legal matters to find a way to bring in extra cash or negotiate a better deal.

GEMINI (May 21-June 20) – Don't let boredom set in when it comes to your relationships. Keep the conversation lively and make plans to work alongside your peers or loved ones to build closer bonds.

CANCER (June 21-July 22) – Change may not be welcome, but if you are willing to be open to what others are suggesting, you'll discover there is something in it for you. Don't fight progress.

LEO (July 23-Aug. 22) – A change will do you good. Sign up for something that will give you a chance to see firsthand how you can improve your life or income.

VIRGO (Aug. 23-Sept. 22) – Spend time with people you find interesting and informative. Taking part in open discussions and sharing your opinion will lead to new friendships and close allies. Love is highlighted.

LIBRA (Sept. 23-Oct. 23) – Recognizing and dealing with problems before

SUBSTITUTE TRUSTEE'S NOTICE OF FORECLOSURE SALE

Default having been made in the terms, conditions, and payments provided in a certain Deed of Trust dated March 4, 2010, executed by Sarah E. Sims agent, designee or servicer of the holder/owner of said indebtedness, has requested foreclosure proceedings to be instituted; and as provided in said Deed of Trust, I, J. Phillip Jones/ Jessica D. Binkley, will by virtue of the power and authority vested in me as Substitute Trustee, on **Tuesday, May 1 , 2018 at 10:00 A.M., local time at the front door of the Henry County Courthouse in Paris, Henry County, Tennessee,** sell to the highest bidder for cash, free from the equity of redemption, homestead, and dower, and all other exemptions which are expressly waived, and subject to any unpaid taxes, if any, the following described property in Henry County, Tennessee, to wit:
Property located in the county of Henry, Tennessee:
A certain tract or parcel of land lying and being in the 4th civil district of Henry County, state of Tennessee, and more particularly described as follows:
BEGINNING AT A STAKE IN THE WEST MARGIN OF THE COMO ROAD, SAID STAKE BEING SOUTH 18° 30' EAST AND 210 FEET FROM CRUCHFIELD'S SOUTHEAST CORNER AND RUNS THENCE NORTH 89° WEST ALONG REGGIE
The said Sarah Elizabeth Sims died on or about November 26, 2012 being survived by her two children, Michele Parker and Chris Sims. see affidavits of heirship of record in Record Book 475, page 380, and Record Book 475, page 382.

Christian, Landry lead Volunteer 2018 track teams

BY JIM BELLER
SPORTS EDITOR

CHURCH HILL – Returning state meet performer Whitney Christian leads Volunteer's 2018 track team.

"Whitney Christian is a senior and is our top returning track athlete," Volunteer track coach Jim Ailshie said. "She qualified for the state track meet last year in the long jump and is the reigning Big 7 conference champion in the 100 and 300 meter hurdles.

"This year, Whitney will also participate on one of our sprint relay teams. The Sectional track meet is at Science Hill, which is much better for us versus traveling to Knoxville (last year's sectional location).

"Our plan is for Whitney to qualify for the state track meet in multiple events and cap off her high school career with a podium finish," Ailshie said.

"I would say the strength of our Volunteer girls track team this year is our depth in the sprints, hurdles and jump events," he added.

"Gracie Manis is a junior and will run the 100 and 200 meter dashes and the sprint relays. Gracie won the 100 meter dash and anchored our 4x100 meter relay team to victory at the recent Cherokee track meet," Ailshie said.

"We plan on doing more quality sprint training when the weather warms up, which will translate into faster times for Gracie and the others, so I am very encouraged with the start of the season considering where we are training-wise," he said.

Volunteer's girls track team includes: (front) McKinley Eaton, Katie Christian, Lora Cardenas, Jessica Allison, Whitney Christian, Megan Christian, Atlee Dean, Taylor McCarty, Maddie Jennings and Savanna Hamilton; (back) Celine McNally, Bailey Ferguson, Chloe Salyer, Ashley Salyers, Gracie Manis, Tinsley Whalen, Lauren Ross, Ashley Roberts, Samantha Walters and Emma Ragle.

is a strong competitor who will compete in the sprints, relays and possibly the triple jump. Her sister Morgan was an all-state triple jumper for three years."

Volunteer is fortunate to have multiple sisters from another Church Hill family circling the track, the Christians, Salyers and Whalens.

"Katie Christian is a junior sprinter who has come out of cheerleading the last two years with a high ankle sprain. She can really help us if she can stay healthy. Katie was a member of the sprint relay teams last year and was a point scorer for us in the sprint events,"

"Meagan Christian is a sophomore who won the 400 at the last track meet and is part of our 4x400 meter relay. Meagan was also our best 400 meter runner last year," said Ailshie, who is counting on multiple-sport athletes to also contribute to the track team.

Chloe Salyer, whose sister Josie graduated last year after a stellar basketball and track career at Volunteer, is a junior basketball/soccer player who also will run track for the first time.

"Chloe has had several top three finishes already in the triple jump, 400 and the 4x400 in just her first

Another new track member is Tinsley Whalen, who along with sister Tieran Whalen are state swim meet performers.

"Tinsley Whalen is a sophomore state qualifier swimmer who is out for track for the first time," Ailshie said. "She finished third in the 200 in a seven-team track meet at Cherokee, which is pretty significant for our team."

Another multi-sport athlete has already scored points for the Lady Falcons track team. "Lora Cardenas is a junior travel cheerleader who came out for track for the first time," Ailshie said.

"She can jump, sprint

She has contributed noteworthy points the last two track meets with several runner-up finishes in the long jump, 4x400 and 4x800 relays," he said.

"Mckinley Eaton, Jessica Allison and Samantha Walters are third-year track athletes who will provide leadership and will compete in the sprint and relay events for us," Ailshie said.

Other girl track athletes who will contribute are:

Freshmen Savannah Hamilton and Atlee Dean in the sprints and relay events;

Freshman Maddie Jennings in the sprints and distance races; Freshman

1600 and 800 meter runs; Senior Bailey Ferguson in the 1600 and 3200 meter runs; Freshman Lauren Ross in the 100 and 300 hurdles.

Juniors Ashley Roberts and Alexis Mauk and Sophomore Emma Ragal in the Discus and Shot Put events; in the Discus and Shot Put events; and Sophomore Taylor McCarty in the sprint events.

Ailshie expects some strong performances from his girls track team this season.

"We have pretty good balance in most event areas. From a team standpoint, we have won a seven-team track meet March 22, which included Morristown West, which is a traditional track power in Northeast Tennessee," he said.

"Our first meet we also beat Greeneville and

always had pretty strong track teams. We are getting better," Ailshie said.

"Later in the year, we are hosting Dobyns-Bennett in Church Hill for maybe the first time so that will be pretty exciting. It should be a great year with the end goal of doing well in our conference meet and sending as many folks to the state meet in Murfreesboro as possible," he said.

"It is not how you start, it is how you finish and we want to finish strongly this 2018 track season," Ailshie said.

The coach said his boys team has good balance in all event areas this season, beginning with some upper classmen.

"Richard Landry is our top returning track athlete from last year. He is a junior who finished two

China: Tariff fight ahead

WASHINGTON (AP) — China's government vowed Friday to "counterattack with great strength" if President Donald Trump goes ahead with plans to raise U.S. tariffs on an additional $100 billion worth of Chinese goods and said negotiations were impossible under current conditions.

Trump's surprise move Thursday to instruct the U.S. trade representative to consider the additional tariffs came a day after Beijing announced plans to tax $50 billion in American products, including soybeans and small aircraft, in response to a U.S. move this week to slap tariffs on $50 billion in Chinese imports.

In Beijing, a Commerce Ministry spokesman said China doesn't want a trade

PUBLIC NOTICE
TENNESSEE DEPARTMENT OF ENVIRONMENT AND CONSERVATION
Division of Water Resources
William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Avenue, 11th Floor
Nashville, Tennessee 37243

TO WHOM IT MAY CONCERN: The application described below has been submitted for an Aquatic Resource Alteration Permit under The Tennessee Water Quality Control Act of 1977, T.C.A. §69-3-108. In addition, federal permits may be required from the U. S. Army Corps of Engineers and the Tennessee Valley Authority under §404 of the Clean Water Act and §26a of the Tennessee Valley Authority Act, respectively. Section 401 of the Clean Water Act requires that an applicant obtain a water quality certification from the state when a federal permit is required. This notice may cover applications subject to §401. No decision has been made whether to issue or deny this application. The purpose of this notice is to inform interested parties of this permit application and to ask for comments and information necessary to determine possible impacts to water quality. Persons wishing to comment on the proposal are invited to submit written comments to the Division. Written comments must be received within **thirty days of the date that this notice is posted**. Comments will become part of the record and will be considered in the final decision. The applicant's name and permit number should be referenced. Send all written comments to the Division's address listed above and to the attention of the permit coordinator (indicated below). You may also comment via email to water.permits@tn.gov. After the Division makes a final permit decision, a permit appeal may be filed by the applicant or by any person who participated in the public comment period whose appeal is based on comments given to the Division in writing during the public comment period or in testimony at a formal public hearing. The permit application, supporting documentation including detailed plans and maps, and related comments are available at the Division's address (listed above) for review and/or copying or by visiting the TDEC website at https://www.tn.gov/environment/topic/ppo-water and searching on the Application Number listed below. Interested persons may also request in writing that the Division hold a public hearing on this application. The request must be filed within the comment period, indicate the interest of the person requesting it, the reason(s) that the hearing is warranted, and the water quality issues being raised. When there is sufficient public interest in water quality issues, the Division shall hold a public hearing in accordance with 0400-40-07-.04(4)(f). In deciding whether to issue or deny a permit, the Division will consider all comments of record and the requirements of applicable federal and state laws. In making this decision, a determination will be made regarding the lost value of the resource compared to the value of any proposed mitigation. The Division shall consider practicable alternatives to the alteration, loss of waters or habitat, diminishment in biological diversity, cumulative or secondary impacts to the water resource, and adverse impacts to unique, high quality, or impaired waters. **APPLICATION NUMBER:** NRS 18.090 **PERMIT COORDINATOR:** Adam Kelly, 615-253-5348, Adam.T.Kelly@tn.gov **APPLICANT:** Department of Transportation, 505 Deaderick Street, Nashville, TN 37243; 615-741-3655 **LOCATION:** Reelfoot Lake, Lake County, Latitude: 36.3522 Longitude: -89.4052 **PROJECT DESCRIPTION / PURPOSE:** The applicant proposes to backfill 3,640 cubic yards of material on 0.45 acres on the lakeside of the old spillway on Reelfoot Lake in Lake and Obion Counties. This activity was originally permitted by NRS06.050 in 2008. Prior to completing this activity, the new spillway will be operational and will be used as the primary spillway. Impact offset has taken place by constructing the new spillway channel.

A Special Happy Birthday wishes this Monday to my sister Carolyn Marable, Dr. Derrek Collier, Jack Bonner of Piney Flat, Paul Jarrett, and Connie Marable, congratulations and celebrate.

Estell and Kelly Cook are celebrating a wedding anniversary this Thursday, congratulations.

I was so glad to see Thomasine Hill and her nephew Denato Spight of Nashville. He is driving and it seem only yesterday he was a little lad, spending summer vacation in Waverly with Auntie Sine.

Good Friday's Service at Salter's Chapel AME Church was "Seven Last Words of Christ" with opening prayer by WUMC Pastor Thad Collier and musical selection by The Ministry of Song. The seven ministers speaking were Bro. Joshua Collier of WUMC, Rev. Betty Eason of Salter's Chapel AME Church, Rev. Mark Beecham of Water Valley on and mustard/turnip greens. The best part was just getting to spend time with the boys. They are all well adjusted now.... fun and funny little rascal! All this ground had to be worked by hand but we managed...would be really nice to have tiller here!"

The Dogwood Tree: When Christ was on earth, the dogwood grew to a towering size with a lovely hue. It's braches were strong and interwoven and for Christ's cross its timbers were chosen. Being distressed at the use of the wood, Christ made a promise which still holds good: "Not ever again shall the dogwood grow to be large enough for a tree and so slender and twisted it shall always be with cross-shaped blossoms for all to see. The petals shall have bloodstains marked brown and in the blossom's center a thorny crown. All who see it will think of me, nailed to a cross from a dogwood tree. Protected and cherished this tree shall be a reflection of all my agony."

Shelia Coleman entertained her family Friday evening at her home.

TFWC Votes To Begin Setting Hunting, Fishing Regulations Every Other Year Begins 2019

The Tennessee Fish and Wildlife Commission voted to establish hunting and fishing regulations every two years, rather than on an annual basis. The decision for the change came at the TFWC's March meeting, which ended Wednesday , March 21 at the Tennessee Wildlife Resources Agency's Region II Ray Bell Building.

Beginning in 2018, the hunting regulations will be set on the even years. The hunting regulations will be set in May. Fishing regulations will be set for two years on odd years beginning in 2019.

The commission also directed the TWRA to hold public meetings twice a year in each of the four TWRA regions. The meetings will offer a time for sportsmen to offer input and ask questions of TWRA personnel.

Brad Miller, TWRA's Elk Program Leader, made a presentation on the TWRA's strategic elk plan for the next 10 years. The plan has an emphasis on healthy populations, habitats, and public involvement.

Dr. David Buehler from the University of Tennessee gave a first-year update on a turkey research project in southern Middle Tennessee counties, where the turkey population is a concern. The TWRA, UT, and Na- is currently undergoing testing. The commission received a preview at the meeting.

ect is well into its second year, Dr. Buehler said. The turkey population dynamic being learned will prove very useful in making future turkey management decisions.

Roaring River Dam in Jackson County was removed last year. The low head dam built in 1976 was 220 feet across and 15 feet tall. TWRA Region III fisheries biologist, Mark Thurman, gave a report on the eroding dam's removal. He said the dam's removal helps make the river safer for recreation and opens the river to benefit several species of fish including white bass, sauger, smallmouth bass and redhorse suckers. It will also benefit other species.

Law Enforcement's Lt. Col. Cape Taylor gave an update in regard to the cost of equipment to help with law enforcement issues surrounding chronic wasting disease (CWD). He gave cost estimates of freezers in case there is ever a need to store CWD positive deer or elk. Information on incinerators will be presented at the April TFWC meeting.

The commission was also informed that a new live elk cam, located at Hatfield Knob viewing area on North Cumberland Wildlife Management Area, will soon be available. The elk cam

NOTIFICATION OF INTENT TO APPLY FOR A CERTIFICATE OF NEED

This is to provide official notice to the Health Services and Development Agency and all interested parties, in accordance with T.C.A. § 68-11-1601 *et seq.*, and the Rules of the Health Services and Development Agency, that: Intrathecal Care Solutions, LLC dba Advanced Nursing Solutions ("ANS"), N/A (Facility Type-Existing), owned by: Advanced Vascular Solutions, LLC with an ownership type of LLC and to be managed by: ANS intends to file an application for a Certificate of Need for: This project establishes a new home care organization healthcare institution. ANS is a specialty nursing provider intending to offer intrathecal and immunological infusion nursing services in patients' homes in the State of Tennessee. The home care organization will be located at 555 Marriott Drive, Suite 315 - Office #347, Nashville, TN 37214.The projected cost of the project is $48,936.00. ANS proposes entering into the following Tennessee counties: Anderson, Bedford, Benton, Bledsoe, Blount, Bradley, Campbell, Cannon, Carroll, Carter, Cheatham, Chester, Claiborne, Clay, Cocke, Coffee, Crockett, Cumberland, Davidson, Decatur, DeKalb, Dickson, Dyer, Fayette, Fentress, Franklin, Gibson, Giles, Grainger, Greene, Grundy, Hamblen, Hamilton, Hancock, Hardeman, Hardin, Hawkins, Haywood, Henderson, Henry, Hickman, Houston, Humphreys, Jackson, Jefferson, Johnson, Knox, Lake, Lauderdale, Lawrence, Lewis, Lincoln, Loudon, Macon, Madison, Marion, Marshall, Maury, McMinn, McNairy, Meigs, Monroe, Montgomery, Moore, Morgan, Obion, Overton, Perry, Pickett, Polk, Putnam, Rhea, Roane, Robertson, Rutherford, Scott, Sequatchie, Sevier, Shelby, Smith, Stewart, Sullivan, Sumner, Tipton, Trousdale, Unicoi, Union, Van Buren, Warren, Washington, Wayne, Weakley, White, Williamson, Wilson. The anticipated date of filing the application is: April 6, 2018. The contact person for this project is Pam Carter, Chief Nursing Officer, who may be reached at: Advanced Nursing Solutions, 623 Highland Colony Parkway, Suite 100, Ridgeland, MS 39157, 877-443-4006. **Upon written request by interested parties, a local Fact-Finding public hearing shall be conducted. Written requests for hearing should be sent to: Health Services and Development Agency, Andrew Jackson Building, 9th Floor, 502 Deaderick Street, Nashville, Tennessee 37243. The published Letter of Intent must contain the following statement pursuant to T.C.A. § 68-11-1607(c)(1). (A) Any health care institution wishing to oppose a Certificate of Need application must file a written notice with the Health Services and Development Agency no later than fifteen (15) days before the regularly scheduled Health Services and Development Agency meeting at which the application is originally scheduled; and (B) Any other person wishing to oppose the application must file written objection with the Health Services and Development Agency at or prior to the consideration of the application by the Agency.**

SUPPLEMENTAL #2

1. **Section A, Project Details, Item 6.B.1 (Plot Plan) and 6.B.2**

   As required for all projects, a Plot Plan must provide the size of the site (in acres), location of the structure on the site, the location of the proposed construction, and the names of streets, roads, highways that cross or border the site. Please provide a Plot Plan with all the required information.

   See **Supplemental 2, Attachment 1: Plot Plan**. The property is on 6.63 acres. The location of the structure on the site is designated by the red marking in the attachment. There is no proposed construction for the project. Names of streets surrounding the location include Marriott Drive, Ermac Drive and Elm Hill Pike. The structure is easily accessible to Briley Parkway, Interstate 40 and Tennessee Highway 155.

2. **Section B. Need, Item 1 (Specific Criteria: Home Health Services)**

   It is noted the applicant the applicant did not list each question of the home health criteria and standards and a response directly underneath each question. Please list each question of the home health criteria and standards and provide a thorough response directly underneath each numbered question. For your convenience, the Project Specific Home Health Criteria is listed below.

SERVICE SPECIFIC CRITERIA AND STANDARD REVIEW

HOME HEALTH SERVICES

1. Determination of Need: In a given county, 1.5 percent of the total population will be considered as the need estimate for home health services in that county. This 1.5 percent formula will be applied as a general guideline, as a means of comparison within the proposed Service Area.

Response:

See **Joint Annual Report of Health Agencies – 2017 Final report (Supplemental 1, Attachment 9).**
(Also **Original Attachment: Section B- General Criteria for Certificate of Need -- A.)**
The attachment shows a comparison of the population-based need projection versus the actual utilization for a period of three years (2017-2020).

The JAR reports measure the need for home health agency services in Tennessee, but the

reports do not directly indicate the need for our services. The reports do not isolate limited and specialized intrathecal or immunoglobulin therapy services ANS offers. Therefore, it is difficult to determine gaps in service for Tennessee patients and whether current home health agencies provide intrathecal infusion services, which is a highly specialized and more complex infusion than most home health agencies provide.

Statistical data provided in the JAR reports may not accurately reflect patients' accessibility to intrathecal infusion services in their county. It is possible that the use rate of existing home health agencies related to intrathecal and immunologic services is significantly lower, thus necessitating the need for additional services in the market.

The absence of isolated data related to our specialty type as well as national growth trends in home infusion support the determination of need for our services in Tennessee. See **Original Attachment: Section B-General Criteria for Certificate of Need--A.1 (for a list of competitors and A.2 (JAR Reports).**

2. The need for home health services should be projected three years from the latest available year of final JAR data.

Response:

The latest available year of JAR report data is 2017. **Supplemental 1, Attachment 9: Joint Annual Report of Health Agencies – 2017 Final** report compares the population-based need versus the actual utilization to 2020. The JAR reports project a need for additional home health agency services in Tennessee counties with the exception of Madison and Moore counties. Again, the JAR reports measure the need for home health agency services in Tennessee, but the reports do not directly indicate the need for our services. The reports do not isolate limited and specialized intrathecal or immunoglobulin therapy services ANS offers. Therefore, it is difficult to determine gaps in service for Tennessee patients and whether current home health agencies provide intrathecal infusion services, which is a highly specialized and more complex infusion than most home health agencies provide.

3. The use rate of existing home health agencies in each county of the Service Area will be determined by examining the latest utilization rate as calculated from the JARs of existing home health agencies in the Service Area. Based on the number of patients served by home health agencies in the Service Area, estimation will be made as to how many patients could be served in the future.

Response:

JAR reports show only 13 home health agencies indicated that infusion services were provided in 2017 (shown as "Infusion Therapy – Pain Management" and "Infusion Therapy –

Other" JAR reporting categories). ANS is aware of two companies, Pentec Health and Implanted Pump Management, that offer the same services ANS is proposing to offer.

Statistical data provided in the JAR reports may not accurately reflect patients' accessibility to intrathecal infusion services in their county. It is possible that the use rate of existing home health agencies related to intrathecal and immunologic services is significantly lower, thus necessitating the need for additional services in the market.

4. County Need Standard: The applicant should demonstrate that there is a need for home health services in each county in the proposed Service Area by providing documentation (e.g., letters) where: a) health care providers had difficulty or were unable successfully to refer a patient to a home care organization and/or were dissatisfied with the quality of services provided by existing home care organizations based on Medicare's system Home Health Compare and/or similar data; b) potential patients or providers in the proposed Service Area attempted to find appropriate home health services but were not able to secure such services; c) providers supply an estimate of the potential number of patients that they might refer to the applicant.

Response:

For intrathecal infusion, referral sources may include anesthesiologists, pain management physicians, neurologists and oncologists in the state of Tennessee; Worker's Compensation companies and their case managers will also likely refer patients. Most of these physicians are located in metropolitan areas which provide a larger patient base. Patients travel to these areas for services that are not provided in their local area. Our services will eliminate patients' need to commute from more rural areas to physicians' metropolitan-based office areas in order to receive nursing services.

For infusion and specialty care, referrals sources may include physicians practicing the following specialties: immunology, gastroenterology, hematology/oncology, infectious disease, internal medicine, neurology and family practice.

The services would be available to all residents of the geographic area as requested by their physician. Services are provided per physician's orders in the patient's home, skilled nursing facility, rehabilitation centers, infusion suites and other outpatient settings.

The letters of support provided include all letters ANS received from Tennessee practitioners. While the letters show that several Tennessee practitioners support ANS receiving a home health license, ANS does not have letters of support from practitioners in all 95 counties.

A practitioner from Comprehensive Pain Specialists, one of the leading providers of pain management services in Tennessee, specifically advises that in her experience, "the

home care services which are prevalent in TN have been unable to accept these patients due to the training and skills required by the nursing staff." In the remaining support letters, the practitioners do not specifically advise that he/she attempted to find appropriate home health services in the support letters, but practitioners write to support an increased number of home care services for patients with implanted pain pumps or immunoglobulin infusion needs. Furthermore, Tennessee practitioners who wrote a letter of support advise that "*an important and necessary element for care of these chronic patients is the provision of highly-trained home nursing services for patients in the state of Tennessee.*"

The practitioners do not supply an estimate of the potential number of patients that they might refer to ANS in the letters, but practitioners agree that an important and necessary element for care of applicable patients is the provision of highly-trained home nursing services for patients in the state of Tennessee.

5. Current Service Area Utilization: The applicant should document by county: a) all existing providers of home health services within the proposed Service Area; and b) the number of patients served during the most recent 12-month period for which data are available. To characterize existing providers located within Tennessee, the applicant should use final data provided by the JARs maintained by the Tennessee Department of Health. In each county of the proposed Service Area, the applicant should identify home health agencies that have reported serving 5 or fewer patients for each of the last three years based on final and available JAR data. If an agency in the proposed Service Area who serves few or no patients is opposing the application, that opponent agency should provide evidence as to why it does not serve a larger number of patients.

Response:

See **Original Attachment: Section B-General Criteria for Certificate of Need--A.1 (List of Competitors)**

See **Original Attachment: Section B-General Criteria for Certificate of Need--A.2 (JAR Reports)**

The JAR Reports provide data on home health agencies that are currently providing infusion nursing services. The list of competitors provides a detailed list of the number of patients seen by HHAs for Infusion Therapy - Pain Management and Infusion Therapy – Other in the following categories:

- **Patients Served and Gross Revenue By Revenue Source**
  - **TRICARE**
  - **Commercial**
  - **Pay**
  - **Home and Community Based Waiver Programs**
  - **TN Commission on Aging and Disability**
  - **Charity Care**
  - **Federal Department of Labor (EEOICP)**
  - **Other**
  - **Total All Revenue Sources**

As previously mentioned, while the JAR reports show that some Tennessee home health agencies provide some infusion services, it is difficult to determine whether these HHAs provide intrathecal infusion services, which is a highly specialized and more complex infusion therapy type. Therefore, the statistical data provided in the JAR reports may not accurately reflect patients' accessibility to intrathecal infusion services in their county. It is possible that the use rate of existing HHAs is significantly lower, thus necessitating the need for more services in the market.

6. Adequate Staffing: Using TDH Licensure data, the applicant should document a plan demonstrating the intent and ability to recruit, hire, train, assess competencies of, supervise, and retain the appropriate numbers of qualified personnel to provide the services described in the application and document that such personnel are available to work in the proposed Service Area. The applicant should state the percentage of qualified personnel directly employed or employed through a third party staffing agency.

Response:

ANS uses a variety of methods to recruit employees. The human resources department actively recruits candidates throughout the healthcare spectrum by utilizing job board advertisements, employee referrals, direct calling methods, and newspapers advertisements. The interviews and traits profile testing are conducted to ensure candidates are a great match for the position. A background check is a condition precedent before a candidate can on-board with the company. The on-boarding process includes orientation to the company, review of all policies and procedures, on-line classes and nurse specific hands-on training with skill check validation. Ninety-percent (90%) of the qualified personnel will be direct employees for immunologic care and 100% will be direct employees for intrathecal care. The nursing division turn-over rate is six-percent (6%).

7. Community Linkage Plan: The applicant should provide a community linkage plan that demonstrates factors such as, but not limited to, referral arrangements with appropriate health care system providers/services (that comply with CMS patient

choice protections) and working agreements with other related community services assuring continuity of care focusing on coordinated, integrated systems. A new provider may submit a proposed community linkage plan.

Response:

ANS will be transfer or refer patients to alternative care entities when specifically, defined conditions exist. ANS will have agreements or arrangements with facilities to coordinate alternate care for patients as required. Agreements will meet the credentialing and training requirements of the entity.

Agreements and Arrangements will include the following:

a. Nursing services for in-patient or out-patient hospital, patient's home, long-term care facility, rehabilitation facility and hospice will be provided with written agreements

b. Specialized diagnostic services, such as an MRI facility, will be provided with written agreements.

c. Other home health agencies will be engaged to provide skilled or non-skilled patient care as required by patient need. Referral or transfer will be coordinated directly with agency and will be a patient specific referral or transfer of services.

d. Emergency medical services will be provided through 911 emergency system

e. Local health department arrangements will be instituted to report required infection or communicable diseases, as well as all state mandated reporting, such as abuse or neglect.

f. Pharmacy services for the intrathecal care will be provided by AIS. Alternate pharmacy services will be coordinated through the prescribing physician.

A written *Additional Services or Transfer Summary* detailing the services will be provided to the patient. This may include a summary of care, patient's current physical and psychosocial status, instructions provided to patient, current medication list, advance directives, any continuing symptom management needs, and reasons for transfer.

8. TennCare Managed Care Organizations (MCOs) and Financial Viability: Given the time frame required to obtain Medicare certification, an applicant proposing to contract with the Bureau of TennCare's MCOs should provide evidence of financial viability during the time period necessary to receive such certification. Applicants should be aware that MCOs are under no obligation to contract with home care

organizations, even if Medicare certification is obtained, and that Private Duty Services are not Medicare certifiable services. Applicants who believe there is a need to serve TennCare patients should contact the TennCare MCOs in the region of the proposed Service Area and inquire whether their panels are open for home health services, as advised in the notice posted on the HSDA website, to determine whether at any given point there is a need for a provider in a particular area of the state; letters from the TennCare MCOs should be provided to document such need. See Note 2 for additional information.

Response:

For business reasons, ANS has decided not to seek Medicare-certification in any jurisdiction. TennCare currently requires Medicare certification from all home health agencies in order to enroll, and thus, ANS is unable to enroll in the network.

ANS has financial viability and has enough cash reserve to fund this project. See **Supplemental 2, Attachment 8: Adequate Cash Reserve Funding Letter.**

Applicants should also provide information on projected revenue sources, including non-TennCare revenue sources.

Response:

ANS projects receiving the majority of its revenue sources from patients' private insurance. The majority of revenue sources will be derived from employer group insurance plans, which may include Aetna, Blue Cross Blue Shield, Humana, United Healthcare, Cigna, etc. Revenue sources may also derive from Workers' Compensation plans. A small number of patients may opt to self-pay for services.

9. Proposed Charges: The applicant's proposed charges should be reasonable in comparison with those of other similar agencies in the Service Area or in adjoining service areas.

The average charge per skilled nursing visit is $175 for the first 2 hours and $100 for each subsequent hour.

a. The average charge per visit and/or episode of care by service category, if available in the JAR data.

Response:

Attachment **Supplemental 2, Attachment 2: Chart Per Visit, Per Episode Fee** shows what competitors reported as the average charge per visit for Infusion Therapy – Pain Management and Infusion Therapy – Other categories on the JAR reports. The attachment shows that the home health agencies' charges range from $138-$275. Our projected fee of $175 falls within

the range of services offered by home health agencies offering same or similar infusion services.

b. The average charge per patient based upon the projected number of visits and/or episodes of care and/or hours per patient, if available in the JAR data.

The average charge per patient is not available in the JAR data for categories Infusion Therapy – Pain Management and Infusion Therapy – Other. See **Supplemental 2, Attachment 2: Chart Per Visit, Per Episode Fee** for the average charge per hour for competitors reporting information Infusion Therapy – Pain Management and Infusion Therapy – Other categories on the JAR reports

Response:

10. Access: In concert with the factors set forth in HSDA Rule 0720-11-.01(1) (which lists those factors concerning need on which an application may be evaluated), the HSDA may choose to give special consideration to an applicant that is able to show that there is limited access in the proposed Service Area for groups with special medical needs such as, but not limited to, medically fragile children, newborns and their mothers, and HIV/AIDS patients. Pediatrics is a special medical needs population, and therefore any provider applying to provide these services should demonstrate documentation of adequately trained staff specific to this population's needs with a plan to provide ongoing best practice education. For purposes of this Standard, an applicant should document need using population, service, special needs, and/or disease incidence rates. If granted, the Certificate of Need should be restricted on condition, and thus in its licensure, to serving the special group or groups identified in the application. The restricting language should be as follows: CONDITION: Home health agency services are limited to (*identified specialty service group*); the expansion of service beyond (*identified specialty service group*) will require the filing of a new Certificate of Need application. Please see Note 3 regarding federal law prohibitions on discrimination in the provision of health care services.

Response:

Our services will improve access to care for patients who need intrathecal or immunological infusion therapy services. Providing quality care services offered in the home increases access to care for these patients. Additionally, this can greatly benefit patients who do not live in close proximity of their doctor's offices, who do not have their own source of transportation or who do not have access to public transportation. With our services, patients do not have to worry about the potential logistical challenges associated with receiving their infusion refill in the physician's office.

11. Quality Control and Monitoring: The applicant should identify and document its existing or proposed plan for data reporting (including data on patient re-admission to hospitals), quality improvement, and an outcome and process monitoring system (including continuum of care and transitions of care from acute care facilities). If applicable, the applicant should provide documentation that it is, or that it intends to be, fully accredited by the Joint Commission, the Community Health Accreditation Program, Inc., the Accreditation Commission for Health Care, and/or other accrediting body with deeming authority for home health services from CMS.

Response:

Quality control and monitoring is multi-faceted. The nursing Quality Performance Improvement (QPI) program includes patient safety, patient and HCP satisfaction, infection control and staff competencies.

See **Supplemental 2, Attachment 3: Quality Control and Monitoring.** (Also **Original Attachment: Section B-General Criteria for Certificate of Need—A.3 (Quality Control & Monitoring)**).

ANS is accredited in infusion nursing which means ACHC considers ANS a quality provider of infusion therapy services. The accreditation is an overall quality measure showing ANS's commitment to providing the highest level of service to its patients. Upon approval of this project, ANS will seek ACHC accreditation for the home health agency.

12. Data Requirements: Applicants should agree to provide the Department of Health and/or the Health Services and Development Agency with all reasonably requested information and statistical data related to the operation and provision of services and to report that data in the time and format requested. As a standard of practice, existing data reporting streams will be relied upon and adapted over time to collect all needed information.

Response:

ANS agrees to provide the Department of Health and/ or HSDA with all reasonably requested information and data related to our services offered under this certificate of need, in the time and format requested.

3. **Section B. Need, Item 1 (Specific Criteria: Home Health Services) (2) Determination of Need**

   The applicant notes the JAR reports project a need for additional home health agency services in Tennessee counties with the exception of Madison and Moore Counties. However, it appears the opposite is true. There is a surplus of home health services with the exception of need in two counties: Madison and Moore. Please clarify.

ANS is submitting the following revised response to Section B. Need, Item 1 (Specific Criteria: Home Health Services) (2) Determination of Need.

The JAR reports project a surplus of home health agency services in Tennessee counties with the exception of Madison and Moore counties. However, while JAR reports measure the need for home health agency services in Tennessee, the reports do not directly indicate the need for intrathecal and immunoglobulin infusion services. The reports do not isolate need for the limited and specialized intrathecal or immunoglobulin therapy services ANS offers. Therefore, it is difficult to determine gaps in service for Tennessee patients based on JAR data and whether current home health agencies provide intrathecal infusion services, which is a highly specialized and more complex infusion than most home health agencies provide.

Statistical data provided in the JAR reports may not accurately reflect patients' accessibility to intrathecal infusion services in their county. It is possible that the use rate of existing home health agencies related to intrathecal and immunologic services is significantly lower, thus necessitating the need for additional services in the market.

The absence of isolated data related to our specialty type as well as national growth trends in home infusion support the determination of need for our services in Tennessee. Please see **Original Attachment: Section B-General Criteria for Certificate of Need--A.1 (for a list of competitors and A.2 (JAR Reports).**

4. **Section B, Need, Item 1.a. (Project Specific Criteria-Home Health Services) Item #4 County Need Standard**

   The letters from providers supporting the need for an increased number of home care services for patients with implanted pain pumps or immunoglobin infusion needs is noted. However, please provide letters from the 95-county proposed service area that demonstrates that there is a need for home health services in each individual county by providing documentation (e.g., letters) where:

   a) health care providers had difficulty or were unable successfully to refer a patient to a home care organization and/or were dissatisfied with the quality of services provided by existing home care organizations based on Medicare's system Home Health Compare and/or similar data;

   The letters of support provided are all the letters we received from Tennessee practitioners. While the letters show that several Tennessee practitioners support ANS receiving a home health license, ANS does not have letters of support from practitioners in all 95 counties.

b) potential patients or providers in the proposed Service Area attempted to find appropriate home health services but were not able to secure such services;

A practitioner from Comprehensive Pain Specialists, one of the leading providers of pain management services in Tennessee, specifically advises that in her experience, "the home care services which are prevalent in TN have been unable to accept these patients due to the training and skills required by the nursing staff. In the remaining support letters, the practitioners do not specifically advise that he/she attempted to find appropriate home health services in the support letters, but practitioners write to support an increased number of home care services for patients with implanted pain pumps or immunoglobulin infusion needs. However, the remaining Tennessee practitioners who wrote a letter of support advise that "*an important and necessary element for care of these chronic patients is the provision of highly-trained home nursing services for patients in the state of Tennessee.*"

c) providers supply an estimate of the potential number of patients that they might refer to the applicant.

The practitioners do not supply an estimate of the potential number of patients that they might refer to ANS in the letters, but practitioners agree that an important and necessary element for care of applicable patients is the provision of highly-trained home nursing services for patients in the state of Tennessee.

5. **Section B. Need, Item 1 (Specific Criteria: Home Health Services) (5) Current Service Area Utilization**

The applicant refers to Attachment #12 for "Revised Section B. Need, Item 1 (Specific Criteria Home Health Services) and (5) Current Service Area Utilization". However, the applicant provided a demographic population table in Attachment #12. Please provide the referenced Attachment #12 documents.

ANS is submitting a revised response to Section B need, Item 1 (Specific Criteria: Home Health Services) (5) Current Service Area Utilization. See **Supplemental 2, Attachment 4: Revised Attachment 12 for Supplemental 1.**

Please verify the only approved but unimplemented Home Health Certificate of Need project is Tennessee Nursing Services of Morristown, Inc. d/b/a SunCrest Home Health, CN1612-042A approved at the April 26, 2017 Agency meeting for the relocation of the parent office of a home health agency from Claiborne County to Jefferson County.

Yes, Tennessee Nursing Services of Morristown, Inc. d/b/a SunCrest Home Health, CN1612-042A is the only approved but unimplemented Home Health Certificate of Need project.

6. **Section B, Need, Item C**

It is noted the applicant is projecting 101 procedures in 2019 (Year One) and 112 in 2020 (Year Two). However, the applicant is not projecting services in Year One and Year Two in 49 counties. Please clarify the reason the applicant is declaring a service area of all 95 counties while not projecting procedures in 49 of the 95 counties in Year One and Year Two.

ANS is declaring a service area for all 95 counties because place of service will be based in patients' homes. There is no way for ANS to accurately project the location of all potential patients. Ultimately, the practitioners will decide which patients receive home care services, and the exact location of patients could vary. However, our projections are based on AIS's historical utilization data. See **Supplemental 2, Attachment 5** which provides a cluster and collapsed map showing the location of potential patients in Tennessee. The cluster map provided in the attachment demonstrates that AIS provided pharmaceutical services to patients in almost every county in 2017. The collapsed map further demonstrates that the penetration of use by practitioners and patients almost covers the entire state. ANS is providing projections, but it is likely that patients may reside in some or all of the 49 counties.

Also, the additional patients will likely come from the metropolitan areas and surrounding counties where we have a large number of patients receiving our pharmaceutical services. ANS anticipates that future growth will continue to rise in more rural areas where access to care/travel distance to physician's office may be more burdensome for patients, thus increasing the need for home care services in counties not found in ANS's projections.

What is meant by Historical Utilization by Syringe Count?

Syringe count measures the number of pharmaceutical services provided in the county. On average, a patient will receive 5.5 infusion services during the year. In aggregate, AIS's data shows that 4,319 syringes (i.e., syringe count) were shipped to 975 patients in Tennessee.

Please clarify if the projected patients in Year One and Year Two will be new patients, or will they be transitioned from existing home health providers.

ANS projects that patients in Year One and Year Two will be new patients received from practitioners currently using AIS's pharmaceutical services who do not use but would greatly benefit from home care services.

7. **Section B, Need, Item D.1**

The demographic table in Attachment 16 is noted. However, there appear to be several errors in the table. Please correct the following columns and submit a revised demographic table.

See **Supplemental 2, Attachment 6, Revised Demographic Table.**

- **"Target Population Projected Year as % of total" (% incorrect),**
  Target Population Projected Year as % of total" has been revised

- **Person Below Poverty Level as % of total (does not match 2018 or 2020 population)**

  Person Below Poverty Level as a percent of total is based on 2016 data currently available. Data for 2018 and 2020 is not available.

- **# of TennCare enrollee Column (appear to be understated), and**
  Column titled # of TennCare enrollee Column has been revised.

- **TennCare Enrollees as % of total population (appear to be understated)**
  Column titled TennCare Enrollees as a percent of total population has been revised.

What are the ages of the target population?

The target patient is in the 18-plus population. However, ANS can provide services to any patient requiring infusion services, regardless of age.

8. **Section B, Need, Item F**

It is noted the applicant anticipates providing services to 20% of patients affiliated with several practitioners (that currently use AIS' pharmaceutical services) in Tennessee that supports the applicant providing home care services. Please clarify how the applicant calculated the 20% figure from the providers to derive with a projection.

ANS wants to take into consideration that practitioners who support ANS receiving a home health license are more likely to refer patients for our services. Based on the letters of support and projected need in these areas, ANS anticipates receiving twenty-percent (20%) of practitioners' patients.

Where do the providers in the support letters currently refer patients for intrathecal and immunological infusion nursing services?

ANS is unable to confirm whether practitioners are currently using agencies to perform home infusion services.

9. **Section B. Economic Feasibility Item A, Project Costs Chart**

The revised Project Cost Chart in Attachment 28 is noted. However, please complete line "D. Estimated Project Cost" and submit a corrected Project Cost Chart.

See **Supplemental 2, Attachment 7: Revised Projected Cost Chart.**

10. **Section B. Economic Feasibility Item B Funding**

    It is noted the proposed project will be funded by cash reserves. Please provide a letter from the Chief Financial Officer of the organization providing funding for the project that the project will be funded through cash reserves.

    See **Supplemental 2, Attachment 8: Adequate Cash Reserve Funding Letter.**

11. **Section B. Economic Feasibility Item D Projected Data Chart**

    The Projected Data Chart for the total facility is noted. However, please itemize line D.6 Other Operating Expenses for each Projected Data Chart using the following:

The Revised Projected Data Chart-Nursing is noted. However, it appears Net Income in the amount of ($126,626) in 2019 and ($158,053) in 2020 is incorrect. In addition, please check "Project Only" in the upper right-hand area of the Projected Data Chart. Please correct and submit a revised Projected Data Chart-Nursing.

See **Supplemental 2, Attachment 9: Revised Data Chart – Nursing.** ANS has checked "Project Only" in the upper right-hand corner of the chart.

ANS confirms that its net income amount of ($126,626) in 2019 and ($158,053) in 2020 is correct. In Year 1, ANS calculates Earnings Before Interest, Taxes and Depreciation (EBITDA) as ($160,880). Non-operating expenses include ($35,687) in taxes (a credit instead of a debit) and $1,333 in depreciation. The total non-operating expenses equal ($34,345). This number is added to EBITDA (since tax liability is less than zero and generates a return), thus decreasing the net income loss total to ($126,526). The same analysis is used to calculate net income in Year 2.

The revised Projected Data Chart-Pharmacy is noted. However, please clarify the reason in line B.4 "Home Nursing Services" is listed.

The projected data chart includes the number of pharmaceutical services the pharmacy projects providing for home nursing services in Tennessee in 2019 and 2020.

The consolidated Projected Data Chart is noted. However, net income in the amount of ($22,237) appears incorrect. Please correct and submit a revised Projected Data Chart.

ANS confirms that its net income amount of ($22,237) in 2019 and $53,270 in 2020 is correct. In Year 1, ANS calculates Earnings Before Interest, Taxes and Depreciation (EBITDA) as ($27,176). Non-operating expenses include ($6,272) in

taxes (a credit instead of a debit) and $1,333 in depreciation. The total non-operating expenses equal ($4,939). This number is added to EBITDA (since tax liability is less than zero and generates a return), thus decreasing the net income loss total of ($22,237). The same analysis is used to calculate net income in Year 2.

12. Section B, Economic Feasibility, Item H

The staffing table is noted. However, there appear to be slight calculation errors in the table. Please complete the following table for both direct care and indirect care positions.

Position Classification	Projected FTEs 2019	Projected FTEs 2020	Average Wage (Contractual Rate)	Area Wide/Statewide Average Wage

13. Project Completion Chart

The Project Completion Chart is noted. However, please clarify the reason there will be six months between the time of the issuance of license (December 22, 2018) and Issuance of Services (June 22, 2019).

ANS is taking into consideration the amount of time it will take to recruit, hire and train nurses (our robust training program will take at least 6-8 weeks). Also, ANS will seek ACHC accreditation and work with practitioners to determine which patients will benefit from home care infusion services.

ANS will comply with any state requirements as it relates to the timing by which ANS has to onboard patients once a licensed is issued.

14. Proof of Publication

Please attach the full page of the newspaper in which the notice of intent appeared with the mast and dateline intact or submit a publication affidavit from the newspaper that includes a copy of the publication as proof of the publication of the letter of intent for the following newspapers:

See **Supplemental 2, Attachment 10: Proof of Publication.** ANS is submitting affidavits and a copy of the publication as proof of the publication for the newspapers listed below.

- **Chattanooga Free Press -** See attachment.
- **The Tennessean -** See attachment.
- **Commercial Appeal -** See attachment.
- **Jackson Sun -** See attachment.
- **Times Free Press** - ANS has been advised that the affidavit for the Chattanooga Free Press also covers the affidavit requirement for the Times Free Press.
- **Buffalo River Review -** See attachment.
- **The Rogersville Review -** See attachment.
- **Stewart County-Please submit proof of publication for Stewart County from the Leaf Chronicle Newspaper.** ANS does not have proof of publication in the Leaf Chronicle Newspaper. However, the Tennessean covers the publication of the letter of intent requirement for Stewart County.

- **Van Buren County-Please submit proof of publication from the Southern Standard or Sparta Exposition.** See attachment.

The stapled copies of the proof of publication are noted. Please resubmit 2 copies of the proof of publication (s) without staples.

ANS is submitting copies of the proof of publication as requested.

15. Affidavit

A signed and notarized affidavit must be submitted with each filing of an application and supplemental information. An affidavit was not included Supplemental #1. Please submit a completed affidavit for supplemental #1.

See **Supplemental 2, Attachment 11, Affidavit for Supplemental 1.**

ANS would like to replace two charts submitted with Supplemental 1. The note on **Nursing 2019 Projected Utilization by Patient County, Based on 2017 Pharmacy Utilization Data, Section B, Need, Item F** erroneously showed 103 patients in the note on the last page. ANS is submitting a revised copy of the attachment. See **Supplemental 2, Attachment 12**.

ANS would like to replace pages 25 and 26 of Supplemental 1 with pages found in **Supplemental 2, Attachment 13**. The total number patients receiving pharmacy services was erroneously reported as 985 patients instead of 975 patients.

AIS-Advanced Infusion Solutions

Quality Management Program

for

Quality Assurance and Continuous Performance Improvement

Date Effective: 3/16/17
Date Last Revised: 03/05/17
Date Last Reviewed:03/16/17

Number: 915
Section: QPI
Reviewer: P&P Review Committee

Purpose

The Quality Management program is designed to ensure that the AIS's environment and work practices reflect relevant regulatory requirements, current pharmacy and nursing (home refill and home infusion) standard practices, and innovative processes, thus resulting in an environment of excellence in quality output of medications and services. Combined efforts within this plan strive to systematically monitor and evaluate the quality and appropriateness of patient care, pursue opportunities to improve patient care, to resolve identified problems, and to prevent and detect drug diversion.

The Quality Management program is also designed to incorporate the Continuous Performance Improvement (PI) plan. AIS continually monitors performance to improve services provided to customers, with the ultimate goal to improve clinical outcomes of the population served.

Policy

The Quality Management Program is never an afterthought. It is a purposefully evolving system encompassing and focusing on these subsystems:

- Facilities
  - Environmental Monitoring
  - Facility Management Systems
- People
  - Training and Competency
  - Customer Service
  - Safety
- Processes
  - Inventory Management of supplies and drugs
  - Quality Assurance and Documentation
  - Process Analysis and Risk Management Tools
  - Preventative Actions

- Strategic Review of Single Points of Failure
- Continuous Process and Performance Improvements

Each of the above subsystems involves and is monitored not only through the Quality Management Program, but by an intimate teamwork process involving all departments, guided by Senior Management. AIS recognizes that each employee is ultimately responsible for providing ***Quality Excellence in Intrathecal Medications*** to our customers.

The Quality Management Unit communicates with Senior Management regularly and works daily within all departments and subsystems, conferring with departmental leadership regarding insight into decisions regarding appropriate nursing practices and acceptability or rejection of medications dispensed to our customers.

Responsibility for this program, including patient complaints, reportable issues, and sentinel events, lies with all stakeholders, including Board of Directors, Senior Leadership, including Chief Executive Officer (CEO), Pharmacist in Charge (PIC), Chief Nursing Officer (CNO), and Chief Compliance Officer (CCO), Quality, and other employees.

The AIS Pharmacy complies with current USP <797> standards for sterile compounding. All AIS sites dispensing medications are expected to comply with this policy, whether performing low, medium, or high risk compounding. Site specific policies and procedures may also apply. The Nursing program has an additional policy, AIS-NUR-037, which lists specifics related to Nursing Quality and PI.

An integral part of this program is the collection and analysis of data to maintain outcome tracking and benchmarking mechanisms. The Quality and Performance Improvement (QPI) Committee meets monthly to review reports on practices and improvements relevant to the subsystems listed above. The QPI Committee then reports to the Senior Executive Compliance Committee (SECC) monthly with a dashboard and specifics, as needed. SECC and the CEO then report quarterly to the Board of Directors.

Records generated as components of this program are maintained specifically for this program as peer review documents and are not subject to subpoena or discovery in an arbitration or civil proceeding.

Some states have specific Quality requirements that are jointly evaluated by Compliance, Quality, and Senior Management prior to inclusion within the Quality Management Program. These requirements are evaluated at least annually to determine potential impact on the program.

Definitions

1. **Training and Competency:** refers to the initial (new employee), ongoing (annual), and corrective action specific trainings related to tasks or skills which potentially affect the quality of our service or medication.
2. **Environmental Monitoring:** refers to environmental monitoring related to the cleanroom environment (air sampling, surface testing, cleaning, systems, and particle counting).
3. **Facility Management Systems:** refers to facility monitoring of temperature, humidity, and air exchanges.

4. **Inventory Management of critical supplies and drugs:** refers to supplies required in the compounding of stock solutions and patient-specific medications.
5. **Medication Error:** In the least sense, refers to variation from a prescription or drug order not authorized by the prescriber, but may also include errors related to required elements by regulatory or accrediting agencies.
6. **Quality Assurance and Documentation:** refers to all quality checks, reviews, and consultations.
7. **Process Analysis and Risk Management Tools:** refers to investigations, Root Cause Analysis (RCA), RCA tools, risk assessments, and audits (both internal and external).
8. **Preventative Actions:** refers to corrective actions, improvements, or innovations that impact or affect processes. Proactive Pest Control for the facility is also included in this category.
9. **Continuous Performance Improvement:** refers to special projects, regulatory initiatives, or change management processes.
10. **PDCA Process:** refers to the simple Continuous Performance Improvement model that cycles through the Plan, Do, Check, and Act steps.
11. **Customer Service:** refers to complaints, documentation of those complaints, and corrective actions, if necessary.
12. **Safety:** refers to basic safety guidelines as required by OSHA, JCAHO, DEA, and other regulating and accrediting agencies.
13. **JIRA:** refers to a software program where Quality related issues are documented.

Procedures

A. Specific policies and procedures may be found within the department or service where tasks are performed. Deviation, external complaints, and events requiring investigation or Root Cause Analysis are documented and managed within JIRA, as:

- **Quality Related Events (QREs)** – See ***AIS-QPI-918 Quality Related Event Reporting*** for reporting instructions:
  - External
  - Internal
- **Root Cause Analyses** – See ***AIS-QPI-917 Root Cause Analysis*** for reporting instructions and investigation/analysis guidelines;
- **PDCA Plan and Report** – Performance Improvement initiatives (either small or large) will use the ***PDCA Plan and Report*** form, report to the QPI Committee, and document in JIRA accordingly. Consult Quality, the PIC, the VP of Operations, or the VP of Information Systems for assistance and oversight with Performance Improvement initiatives.

  - Note: Blank copies of this form are readily available for use by AIS; however, duplicating and dispensing copies of any of the PI records (current and past) is not permitted. Requests for copies must be in writing, and must be approved by the VP of Pharmacy, the Chief Nursing Officer, the VP of Operations, or the VP of Information Systems (according to the discipline(s) involved) and the CEO and VP of Compliance.

B. Monthly QPI Committee Meetings: During the monthly QPI Committee Meetings, reports will be reviewed according to identified subsystems, recognizing that additional subsystems may be identified and added, as needed. Quality and Performance Improvement will be discussed:

- Areas that require ongoing monitoring by data collection;
- Areas identified by the committee that warranted investigation and/or improvement as requested by the committee, SECC, or the Board;
- Strategic reviews of identified single points of failure within specific processes;
- Results of current and ongoing PI projects, noting that some PI projects will be incorporated into Quality subsystems reports, as requested by the committee, SECC, or the Board;
- RCAs will be discussed separately during the monthly Root Cause Analysis Committee Meeting; however, there may occasionally be reason to address specific issues during the QPI Committee that relate to current or past RCAs;
- Pertinent and relevant Recall procedures or alerts;
- Any requested changes to the Quality Management plan for the following year.

C. Goals of the Quality Management and Performance Improvement program include:
- To identify potential areas of improvement by:
  - Reviewing current outcome and patient perception data and discussing results;
  - Reviewing all serious adverse drug reactions, mediation errors, and errors related to nursing care:
  - Reviewing all patient/customer grievances;
  - Reviewing prescription errors;
  - Evaluation of problems with storage or expiration dates of supplies or medications;
  - Reviewing Risk Reports;
  - Encouraging staff members to brainstorm improvement opportunities:
  - Assessing employee or staff (both professional and nonprofessional) learning needs;
  - Adjusting staffing levels and workflow;
  - Evaluating technological support needs;
  - Reviewing variances or risks associated with equipment monitoring or maintenance;
  - Reviewing failures for sterility or potency testing;
  - Reviewing timeliness of current reporting practices;
  - Performing reviews of the pharmacy's medication management system; and
  - Performing review of safety and efficiency in nursing and pharmacy practices.
- To document improvement strategies taken by:
  - Producing data to verify improvement;

  - Improved scores and findings during internal and external audits;
  - Showing changes in processes by Flow Diagrams and/or procedures; or
  - Reporting and verifying noticeable changes in outcomes.
- To evaluate the effectiveness of improvements over time by:
  - Reporting improvements in customer satisfaction;
  - Reporting and verifying financial savings;
  - Demonstrating reduction in waste;
  - Demonstrating reduction in reported deviations; and
  - Demonstrating reduction in risk.

Purpose

AIS continually monitors performance to improve services. The ultimate goal is to improve the clinical outcomes of the population it serves. The Continuous Performance Improvement processes are part of the Quality Management Plan; see AIS-QPI-915.

To improve performance AIS must identify potential areas for improvement. Opportunities may be identified, including the review of risk reports, on call reports, internal brainstorming, responding to complaints or grievances, the formal failure mode and effects analysis (FMEA), or requests by Leadership and BOD.

Policy

An integral part of a well-rounded and robust performance improvement program is the collection and analysis of outcome data. AIS uses the recognized PDCA model for most Performance Improvement initiatives; AIS-QPI-926 is used for most of these small and medium sized projects. When other templates are required, the Quality Office works with the responsible individuals to document appropriately.

Procedure

1. Use the PDCA plan for your proposed project:
   A. Plan:
      i. Identify opportunities;
      ii. Identify desire outcomes, recognizing that these may not come to fruition immediately or at all.

   B. Do:
      i. Test your ideas on a small scale, if possible;
      ii. Watch and document the response.

   C. Check:
      i. Check to see what worked well and what did not;
      ii. Analyze and identify what your learned;

iii. What needs to change or be altered to meet your goals?

D. Act:
   i. Correct actions/methods/procedures based on outcomes so far;
   ii. Standardize your changes for wider practice.

2. Continue this process until desire outcomes are attained. If it becomes apparent that desired or acceptable outcomes are not attainable, work with the Quality Office to determine your next course of action.

3. Report periodically (monthly, when possible) to the QPI Committee.

Care Coordination Service Offerings

Why? To encourage proactive self-management and improve perceived quality of life

- Risk identification and matching interventions to patient specific needs
- Identifying specific barriers for each patient and adopting suitable techniques to overcome them

So what?

  - Proactive intervention
  - Coordination of Care (represented in the monthly Summary of Care)
  - Decrease emergency situations
  - Cost containment

Nursing Services (Patient and Physician inbound and outbound)

- Physician/Prescriber, AIS Field Nursing, and Pharmacy coordination of care
- Disease and Care Management
- Reimbursement support
- Nursing Support
  - Specialty trained nurses performing refills in home or clinic setting
  - Training and Education
  - Ongoing care management
  - Patient advocacy
- Customer Service Representatives
  - Refill reminders
  - Appointment reminders
  - Syringe order reminders
- Pharmacist Consultation (Physician/Prescribers)
- Data and Outcomes

Call Cycle to assess and coordinate changes in care proactively

- Program introduction
- Patient admission
- Post office visit (refill, new drug, adjustments)
- Mid-cycle based on risk assessment
- Pre-refill (2 weeks in advance of refill date)
- Refill and appointment reminders
- *Patients may call the team directly 24/7*

Actions

  - Confirm alarm date and refill appointment date
  - Complete risk assessment and pain and/or spasticity assessment
  - Complete communication/progress note to physician
  - Call physician/prescriber for any immediate concerns
  - Set next care appointment
  - Refill and appointment reminders

Combining qualitative and quantitative measures across the components of patient support programs, we will optimize the performance of our programs.

- Metrics
  - Operational metrics
  - Customer success
  - Brand impact
  - ROI
  - Adherence/Persistency
  - Improved population outcomes
  - Enhanced quality of life
  - Lowered healthcare costs

Care Coordination:

Physician/Prescriber Reporting and Key Performance Indicators

Pain/Spasticity Levels

- # of patients with changes in pain/spasticity level both positive and negative
  - 1-10 change in pain level (best, worst and average ratings)
  - Spasticity severity and frequency
- # patients with new pain identified
  - nursing interventions

Syringe Management

- Number of Wasted Syringes
  - Waste root cause
- Number of syringe order changes between refills
  - Root cause concentration/medication/other

- **ADL/Work**
  - # missed work days
  - Missed family events
  - Functionality changes
  - Improvement in activities with pump
- **Other Pain Management Treatments**
- Oral opioid use since pump implantation
- Other complimentary care measures (PT, heat/ice, NSAIDS)
- **Critical change detection and early intervention**
- # with changing pain/spasticity, changing or new weakness, numbness, bladder/bowel concerns
-
- **Psychological assessment**
- Looking at mood and SI/HI concerns in chronic pain
- **Changes In Care Level**
- # of patients hospitalized

- # patients with urgent care visits related to intrathecal treatment
- # of patients with interventional studies and procedures (MRI)
- # of patients with site of care change
- **Perceived QOL** extrapolated from this assessment

Sample Risk Assessment Questions:

QUESTION 1

- On the pain scale you are used to how would you rate your pain today (1-10)
- Track this change based on history and the patient's norm)

QUESTION 2

- Has anything new occurred since your doctor's visit/refill or since the last time we spoke?
- PROMPT PATIENT AS NEEDED
  - Different pain. Changes in how you feel.
  - Such as Location or Intensity
  - Describe the different pain
  - What alleviates it?
  - What exacerbates pain?

QUESTION 3

- Do you take any oral meds for break thru pain:
  - Are you using your PO break-thru medication?
  - Frequency (daily/weekly)
  - Do you get relief?
  - How long does it last
  - Any Side effects? (N&V, Drowsiness, confusion, Constipation, diarrhea)

PERFORMANCE FOODSERVICE

Foodservice Delivery Driver

Are you a self-starter who's highly motivated, and ready to grow your career in the transportation foodservice industry? If you answered yes, there are exciting opportunities available for you at Performance Foodservice.

We are looking for people that care about what they do and want to be part of a positive, safe and energized team that is driven to deliver excellence to our customers.

Foodservice Delivery Driver

This position will be a local delivery position based out of the Chattanooga area with competitive daily pay minimums.

The position will perform the following duties:

- Delivers products in a tractor/trailer within footprint of Eastern TN
- Complies with all Department of Transportation (DOT) regulations
- Maintains truck operating efficiency
- Maintains safe operation and clean appearance
- Unloads product of varying size and weight
- Enhances our organization's reputation by ensuring courteous customer service
- Maintains delivery, truck, and driving records

To qualify for this position you must possess a Class "A" Commercial Driver's License with a safe driving record; High school diploma or equivalent; and prefer one to two years foodservice or similar delivery experience. Prefer delivery experience with customer interaction.

If you would like to pursue this career and be considered for the position, you will need to create an Online Application. To access this job posting and apply online, go to **http://apptrkr.com/1184848** and search for the position in the Careers section.

THE ACES ON BRIDGE®

Bobby Wolff

"Thus happiness depends, as Nature shows,
Less on exterior things than most suppose."
— *William Cowper*

Deals from the Common Game are played virtually simultaneously across North America and provide a splendid opportunity to compare results from city to city or club to club. Today's deal was a problem I was given from one of these tournaments, and it required some thought for me to come up with the winning line. See if you can find the optimum strategy to make six hearts when West meanly leads a trump.

It looks relatively clear to win the heart queen at the first trick, preserving dummy's small hearts to ruff losers. Next, you cash the three top spades, pitching a diamond loser at every turn. Yes, if a defender ruffs in, your chances go up in smoke, but you are going to need some good news somewhere along the way, and spades will break in friendly fashion two times in three.

When the three top spades stand up, you play the club ace and ruff a club, lead a diamond to the ace and ruff a club, then ruff a diamond in hand and draw trumps, losing the last club trick to one defender or the other.

As you can see from the full layout, the real danger is a trump promotion for the defense in either clubs or diamonds. Specifically, the fourth round of spades or the third round of diamonds from East may promote a trump for West unless you are very careful in your choice of early discards.

ANSWER: Your side does not appear to have an eight-card fit, and your partner surely rates to have a minimum opener, or he would have found a call at his second turn. While defending two clubs undoubled may not be your best possible score, it may well be the best result possible that you can achieve. So I would pass now.

REAL ESTATE

The Real Estate consists of a beautiful country farm on the banks of Blue Creek, a nice year round creek. This farm has approximately 20 acres of open hay fields in various locations with the balance being in woods land. The property also has multiple year round springs and many great building sites with electricity & natural gas available. The area has abundant wildlife with deer and turkey being plentiful.

The 5.71 acre tract is improved with a Traditional style 3 bedroom farm house having approx. 1,416 SF of living area. The home features large interior rooms, one bathroom and kitchen with refrigerator, stove & dishwasher. This country home has a small back porch and a large front porch overlooking the creek as it meanders along the edge of the front yard. Beautiful views!

Large shade trees, nice garden spot, 10x12 outbuilding and a 22x44 equipment shed are just a few of the amenities on this tract. The home is heated with propane gas wall heater & cooled with window air conditioning and is serviced by natural spring water and a septic system.

This property has it all! Year round creek, springs, both open and woods land, building sites, hunting, utilities and approx. 4,000 ft. of paved road frontage. The location is perfect, only 6 miles from town between Waverly & McEwen. New Survey!

The property will be offered in 8 tracts, combinations and as a whole! Don't miss this rare opportunity to own one or more beautiful tracts on Blue Creek! Contact Will O. Sanders, Auctioneer (931) 296-2766 for more details.

Terms: 10% down on sale day. Balance due within 30 days. This property is known as a part of the "S.J. Brazzle Farm" on Blue Creek. The property has been in the family and not offered for sale to the public for well over 150 years! The property belongs to Mr. & Mrs. Alton Brazzle (Mr. S.J. & Mrs. Reva's Son) who now live in another town and have no further use for the property. For more details, a colored brochure or property plat contact Will O. Sanders, Auctioneer (931) 296-2766 or visit our website www.bcollier-realtyauction.com for additional information & photos.

Christian, Landry lead Volunteer 2018 track teams

Volunteer's girls track team includes: (front) McKinley Eaton, Katie Christian, Lora Cardenas, Jessica Allison, Whitney Christian, Megan Christian, Ailee Dean, Taylor McCarty, Maddie Jennings and Savanna Hamilton; (back) Celine McNally, Bailey Ferguson, Chloe Salyer, Ashley Salyers, Gracie Manis, Tinsley Whalen, Lauren Ross, Ashley Roberts, Samantha Walters and Emma Ragle.

Volunteer's boys track team includes: (front) Andre Harless, Isaiah Bragg, Jacob Stanley, Nathan Michalik, Braydon Ragsdale, Daniel Greene, Zane Weston, Matthew Stanley, Caleb Walters and Caleb Sutfin; (middle) Levi Mullins, Brody Hunley, Jacob Gladson, Andy Davis, Braden Allen, Preston Dingus, Devon Smith, Chance Johnson, Luke Winegar and John Grimes; (back) Richard Landry, James Adkins, Eli Amyx, Rayshawn Simmons, Hunter Christian, Logan Ferguson, Peyton Baker, Mason Short, Corbin Short and Skyler Sambito.

CHURCH HILL – Returning state meet performer Whitney Christian leads Volunteer's 2018 track team.

"Whitney Christian is a senior and is our top returning track athlete," Volunteer track coach Jim Ailshie said. "She qualified for the state track meet last year in the long jump and is the reigning Big 7 conference champion in the 100 and 300 meter hurdles.

"This year, Whitney will also participate on one of our sprint relay teams. The Sectional track meet is at Science Hill, which is much better for us versus traveling to Knoxville (last year's sectional location).

"Our plan is for Whitney to qualify for the state track meet in multiple events and cap off her high school career with a podium finish," Ailshie said.

"I would say the strength of our Volunteer girls track team this year is our depth in the sprints, hurdles and jump events," he added.

"Gracie Manis is a junior and will run the 100 and 200 meter dashes and the sprint relays. Gracie won the 100 meter dash and anchored our 4x100 meter relay team to victory at the recent Cherokee track meet," Ailshie said.

"We plan on doing more quality sprint training when the weather warms up, which will translate into faster times for Gracie and the others, so I am very encouraged with the start of the season considering where we are training-wise," he said.

The kid sister of one of Volunteer's all-time female track performers, Morgan Salyers, will try to fill her shoes.

"Ashley Salyers is a freshman who had a top eight finish in the 200 meter dash at the TMSAA state track meet last season," Ailshie said. "Ashley is a strong competitor who will compete in the sprints, relays and possibly the triple jump. Her sister Morgan was an all-state triple jumper for three years."

Volunteer is fortunate to have multiple sisters from another Church Hill family circling the track, the Christians, Salyers and Whalens.

"Katie Christian is a junior sprinter who has come out of cheerleading the last two years with a high ankle sprain. She can really help us if she can stay healthy. Katie was a member of the sprint relay teams last year and was a point scorer for us in the sprint events," said Ailshie.

"Meagan Christian is a sophomore who won the 400 at the last track meet and is part of our 4x400 meter relay. Meagan was also our best 400 meter runner last year," said Ailshie, who is counting on multiple-sport athletes to also contribute to the track team.

Chloe Salyer, whose sister Josie graduated last year after a stellar basketball and track career at Volunteer, is a junior basketball/soccer player who also will run track for the first time.

"Chloe has had several top three finishes already in the triple jump, 400 and the 4x400 in just her first two meets," Ailshie said.

Another new track member is Tinsley Whalen, who along with sister Tieran Whalen are state swim meet performers.

"Tinsley Whalen is a sophomore state qualifier swimmer who is out for track for the first time," Ailshie said. "She finished third in the 200 in a seven-team track meet at Cherokee, which is pretty significant for our team."

Another multi-sport athlete has already scored points for the Lady Falcons track team. "Lora Cardenas is a junior travel cheerleader who came out for track for the first time," Ailshie said.

"She can jump, sprint and run distance for us. She has contributed noteworthy points the last two track meets with several runner-up finishes in the long jump, 4x400 and 4x800 relays," he said.

"Mckinley Eaton, Jessica Allison and Samantha Walters are third-year track athletes who will provide leadership and will compete in the sprint and relay events for us," Ailshie said.

Other girl track athletes who will contribute are:

Freshmen Savannah Hamilton and Ailee Dean in the sprints and relay events;

Freshman Maddie Jennings in the sprints and distance races; Freshman Celine McNally in the 1600 and 800 meter runs; Senior Bailey Ferguson in the 1600 and 3200 meter runs; Freshman Lauren Ross in the 100 and 300 hurdles.

Juniors Ashley Roberts and Alexis Mauk and Sophomore Emma Ragal in the Discus and Shot Put events; in the Discus and Shot Put events; and Sophomore Taylor McCarty in the sprint events.

Ailshie expects some strong performances from his girls track team this season.

"We have pretty good balance in most event areas. From a team standpoint, we have won a seven-team track meet March 22, which included Morristown West, which is a traditional track power in Northeast Tennessee," he said.

"Our first meet we also beat Greeneville and Daniel Boone, which have always had pretty strong track teams. We are getting better," Ailshie said.

"Later in the year, we are hosting Dobyns-Bennett in Church Hill for maybe the first time so that will be pretty exciting. It should be a great year with the end goal of doing well in our conference meet and sending as many folks to the state meet in Murfreesboro as possible," he said.

"It is not how you start, it is how you finish and we want to finish strongly this 2018 track season," Ailshie said.

The coach said his boys team has good balance in all event areas this season, beginning with some upper classmen.

"Richard Landry is our top returning track athlete from last year. He is a junior who finished two

This year is all about change. Consider what you have done in the past and how you measure up to the current economic trends. Update your skills and consider the best way to ease your stress and enjoy life more. Say no to those expecting too much from you.
ARIES (March 21-April 19) -- You need a change. Taking a trip or signing up for a weekend retreat or event that will spark your imagination and inspire you should be on your agenda.
TAURUS (April 20-May 20) -- Change is coming your way. Look over your personal finances or pending legal matters to find a way to bring in extra cash or negotiate a better deal.
GEMINI (May 21-June 20) -- Don't let boredom set in when it comes to your relationships. Keep the conversation lively and make plans to work alongside your peers or loved ones to build closer bonds.
CANCER (June 21-July 22) -- Change may not be welcome, but if you are willing to be open to what others are suggesting, you'll discover there is something in it for you. Don't fight progress.
LEO (July 23-Aug. 22) -- A change will do you good. Sign up for something that will give you a chance to see firsthand how you can improve your life or income.
VIRGO (Aug. 23-Sept. 22) -- Spend time with people you find interesting and informative. Taking part in open discussions and sharing your opinion will lead to new friendships and close allies. Love is highlighted.
LIBRA (Sept. 23-Oct. 23) -- Recognizing and dealing with problems before complaints come your way will inspire others to offer assistance rather than criticism. Don't let emotions or pride stand between you and the help you need.
SCORPIO (Oct. 24-Nov. 22) -- Don't let mixed emotions stop you from following your dream. Not everyone will agree with what you want to do, but you must follow your instincts and your heart.
SAGITTARIUS (Nov. 23-Dec. 21) -- Your changing attitude will keep others guessing. Refuse to let someone intervene or put pressure on you to do things that don't fit into your plans.
CAPRICORN (Dec. 22-Jan. 19) -- Changes will take place behind your back if you allow others to take care of details that you should handle on your own. Focus on personal gains and your home and relationships.
AQUARIUS (Jan. 20-Feb. 19) -- Attend a rally or community event that will give you a voice, and make a point to share your views. Change can only happen if you are a participant.
PISCES (Feb. 20-March 20) -- A change will turn out to be a blessing in disguise. Go with the flow and take advantage of whatever comes your way. Hesitation will lead to regret.

Saturday, April 7, 2018

Think matters through from beginning to end. This is a year of questioning and making choices that could change the way you live from this point on. Cover your back and make your decisions based on what's best for you, not on what someone else wants you to do.
ARIES (March 21-April 19) – An untimely decision will leave you at a loss. Someone you are close to will offer insight into what you should do. Protect your position, reputation and future.
TAURUS (April 20-May 20) – Participation will do you good. Listen to what's being said, as it will spark an idea that will encourage you to take on a project that could alter how or where you live.
GEMINI (May 21-June 20) -- Be careful how you spend and handle your cash. Get your financials in order and plan a new strategy that will help you save money. Don't let anyone take advantage of your generosity.
CANCER (June 21-July 22) – Partnerships will need a little tender, loving care. Don't reject something out of hand before you hear and understand what's being offered. Being accommodating will allow you to make the changes you desire, too.
LEO (July 23-Aug. 22) – Listen to the voice of reason. You will have plenty of ideas, but not all of them will be feasible. Someone with more experience will offer suggestions that you should consider.
VIRGO (Aug. 23-Sept. 22) – Family, friends, children and loved ones will all play important roles in what you decide to do. Visit people who bring you comfort and joy. Romance will improve your life.
LIBRA (Sept. 23-Oct. 23) -- Changes at home will not go smoothly. An open dialogue must not be allowed to end up being one-sided. Don't hesitate to speak up or to listen to others' suggestions.
SCORPIO (Oct. 24-Nov. 22) -- Get involved in events that will give you the chance to mingle with people who can share information about your ancestry. You could learn something!
SAGITTARIUS (Nov. 23-Dec. 21) -- You'll hit a snag if the changes you want to make at home or to your lifestyle don't fit into your current budget.
CAPRICORN (Dec. 22-Jan. 19) -- It's good to listen, but at some point you must make your views clear to those trying to coax you into something you don't want to do.
AQUARIUS (Jan. 20-Feb. 19) – A donation will end up costing you too much. Before you commit to invest time in something, make sure you know what will be required from you physically, financially and emotionally.
PISCES (Feb. 20-March 20) – You'll be torn between what's right and what you want to do. Listen to all the facts and make a choice that won't jeopardize your reputation.

Projected utilization of nursing services is based on 2017 pharmaceutical services usage. ANS anticipates serving 101 patients in 2019 with an average utilization of approximately three visits per patient. While the average patient receives 5.5 refills per year, our projected utilization takes into consideration rolling/staggered enrollment of patients onto our home care services program in Year 1.

26(R)

See **Attachment 18: Pharmacy Historical Utilization** which shows 2017 pharmaceutical utilization data for the pharmacy. The pharmacy provided services to 975 patients in 2017. The cluster map provided in the attachment demonstrates that AIS provided pharmaceutical services to patients in almost every county in 2017. The collapsed map further demonstrates that the penetration of use by practitioners and patients almost covers the entire state.

Nursing Utilization Projections: The attachment also provides the projected utilization for nursing services in the first two years of operation in Tennessee. ANS projects completing 304 home care visits for 101 patients in the first year of operation. The attachment shows the number of patients we project will use our services by county. The projection is derived from the number of patients that currently use AIS's pharmaceutical services. ANS anticipates providing home care nursing services to ten-percent (10%) of the patients currently using AIS's pharmaceutical services. Several practitioners in Tennessee support ANS providing home care services, as expressed in the letters ANS is providing with this submission. ANS anticipates providing nursing services to twenty-percent (20%) of patients affiliated with the practitioners.

ANS projects completing 614 visits for 112 Tennesseans who need infusion services by the second year of operation. This shows about a ten-percent (10%) increase in growth from Year 1, or eleven (11) additional patients. The additional patients will likely come from the metropolitan areas and surrounding counties where we have a large number of patients receiving our pharmaceutical services. ANS anticipates that future growth will continue to rise in more rural areas where access to care/travel distance to physician's office may be more burdensome for patients, thus increasing the need for home care services.

Attachment Section B-Need-C.1 (Potential Patients Based on Historical Data) was provided during our initial submission. The data was computed using a date range of January 1, 2017 through March 31, 2018. Some of the questions in the supplemental material specifically ask for historical utilization information for 2017. For consistency purposes, ANS also based its projected utilization in Year 1 and Year 2 by using 2017 pharmaceutical data and did not based its projects on the previously submitted data.

It is worth noting that the number of patients who receive pharmaceutical services has noticeably increased during the time span. The projected data shows that 975 patients used our services in 2017. The previously submitted Attachment Section B-Need-C.1 (Potential Patients Based on Historical Data) shows that 1,024 patients used our services, which means that the pharmacy is providing services to an additional 49 patients in 2018, which further shows the need for intrathecal infusion services is rapidly growing. A pharmacy and nursing partnership simplifies the intrathecal infusion refill process for the practitioner and the patient.

The Projected Utilization Table in Attachment: Section B-Need C is noted. In that table it is also noted the applicant is projecting 5,334 procedures in Year One and 8,001 in Year Two of the proposed project. Please explain the methodology used to project the procedures. In addition, how did the applicant project overall 106,686 Tennessee patients would receive intrathecal and immunological infusion nursing services in Year One?

ANS is submitting a Revised Projected Utilization Table as provided in **Attachment 18** to replace the previously submitted Attachment: Section B-Need C. Section B, Need, Item F. ANS anticipates completing 304 visits in the first year of business. The projection is based on patients' use of pharmaceutical services in 2017. ANS anticipates that slightly more than ten-percent of the 975 patients (roughly 101 patients) will use our nursing services in Year 1. ANS projects ten-percent growth in Year 2, thus increasing the projected number of the number of patients receiving services to approximately 112. ANS anticipates that patients in Year 2 will require 5.5 visits on average. The methodology used to determine the average number of visits per patients in Year 1 (approximately 3 per patient) and Year 2 (approximately 5.5) takes into consideration the staggered/rolling referrals of patients in Year 1. For example, a patient referred to ANS in August of Year 1 will not receive the average number of infusion refills.

Is it possible to provide 5,334 procedures in Year One and 8,001 in Year Two in 95 counties with only 6 registered nurses?

ANS is submitting a Revised Projected Utilization Table (as provided in **Attachment 18)** to replace the previously submitted Attachment: Section B-Need C. Section B, Need, Item F. Also, based on the new projections, ANS projects 5 nurses (2.5 FTEs) will cover business needs in the first two years of operation.

17. Section B. Economic Feasibility Item A, Project Costs Chart

The Project Cost Chart total calculates to $47,936. If needed, please correct and submit a revised Project Cost Chart.

See **Attachment 28: Revised Project Cost Chart.** ANS is submitting a revised Project Cost Chart. The projected cost of the project is $48,936.

Please clarify how the applicant calculated a facility cost of $6,936 while the facility agreement appears to be month to month.

ANS calculated facility cost based on the sum of 12 months of rent expenses. ANS is entering into a one-year lease effective July 1, 2018 as shown in **Attachment 7: Lease and Renewal of Lease**

Your response is noted. However, please clarify if laptops, electronic record system, office equipment, portable electronic equipment, etc. has been accounted for in the Project Costs Chart.

WEATHER FORECAST FOR PICKETT COUNTY

METEOROLOGIST STEVE NORRIS

This week we mark the anniversary of a major weather event in our area. April 3rd, 1974 a massive outbreak of tornadoes hit the Eastern United States including Tennessee. 10 people were killed in Putnam County and 7 in Fentress. These tornadoes were EF-4 with winds over 200 miles per hour. Five people were killed right here in Pickett County by an EF-4 twister. This was probably the one weather event that made me realize what I wanted to do for a career. I had been tracking the storms all day and it was fascinating but also scary and exciting. You get that rush of adrenaline and when the power went out and the lightning was almost continuous, I have to admit I was excited and knew that was what I wanted to do for my career, broadcast the warnings and information to people to help them stay safe.

We are going to see wild swings in the temperature this week, from 72 on Tuesday dropping into the 20s Wednesday night. This will be a hard freeze as we could be near 25 degrees by early Thursday morning so be sure and protect plants as much as possible. Our average last freeze is April 15th.

PERFORMANCE FOODSERVICE

Foodservice Delivery Driver

Are you a self-starter who's highly motivated, and ready to grow your career in the transportation foodservice industry? If you answered yes, there are exciting opportunities available for you at Performance Foodservice.

We are looking for people that care about what they do and want to be part of a positive, safe and energized team that is driven to deliver excellence to our customers.

Foodservice Delivery Driver
This position will be a local delivery position based out of the Chattanooga area with competitive daily pay minimums.

The position will perform the following duties:

- Delivers products in a tractor/trailer within footprint of Eastern TN
- Complies with all Department of Transportation (DOT) regulations
- Maintains truck operating efficiency
- Maintains safe operation and clean appearance
- Unloads product of varying size and weight
- Enhances our organization's reputation by ensuring courteous customer service
- Maintains delivery, truck, and driving records

To qualify for this position you must possess a Class "A" Commercial Driver's License with a safe driving record; High school diploma or equivalent; and prefer one to two years foodservice or similar delivery experience. Prefer delivery experience with customer interaction.

If you would like to pursue this career and be considered for the position, you will need to create an Online Application. To access this job posting and apply online, go to **http://apptrkr.com/1194649** and search for the position in the Careers section.

proceeds for the benefit of any junior encumbrances as their interests may appear. TERMS OF SALE: CASH. A deposit of ten percent (10%) of the final sales price will be required from the highest bidder at the conclusion of the foreclosure sale. The entire remaining amount of the final sales price must be paid in full in cash to the Substitute Trustee within fifteen (15) days after sale. The purchaser shall pay all recording fees, title examination fees, and settlement fees. The foreclosure sale of the foregoing property is made without warranty as to the title or physical condition of the property and improvements thereto, if any, and is expressly made subject to any and all unpaid taxes and any other prior claims, liens, any possible superior rights arising from mechanic's liens and materialmen's liens (filed or unfiled), conditions, restrictions, rights-of-way, easements, and reservations contained in the Deeds and instruments forming the chain of title to the property, and such additional matters as an updated survey and physical inspection of the Premises would reveal. The foreclosure sale is also made without warranty as to the exact acreage of any of the property. It will be the responsibility of the successful bidder to obtain possession of the property at his expense. The successful bidder shall be responsible for any damage, vandalism, theft, destruction, or other loss or damage to the property occurring subsequent to the date of sale. THE SUBSTITUTE TRUSTEE RESERVES THE RIGHT: (i) to act as agent on behalf of the holder of the indebtedness described herein for the purpose of entering bid(s) or otherwise representing the interests of the holder of the indebtedness or any other party; (ii) to waive the deposit requirement; (iii) to extend the period of time within which the successful bidder is to make full settlement; (iv) to withdraw the property from sale at any time prior to the termination of the bidding; (v) to keep the bidding open for any length of time; and (vi) to postpone or set over the date of sale in the event the Substitute Trustee deems it best for any reason at the time of sale to postpone or continue this sale from time to time, with such notice of postponement or setting over to be in a manner deemed reasonable by the Substitute Trustee. In the event the highest bidder at such sale fails to complete his purchase of the subject real property within

Contract Bridge

Bidding quiz

You are South, and the bidding has gone:

South	West	North	East
1 ♥	Pass	2 ♣	Pass
2 ♦	Pass	2 ♠	Pass
?			

What would you bid now with each of the following four hands?

1. ♠ Q5 ♥ AQJ87 ♦ AK93 ♣ J6
2. ♠ 6 ♥ KQ752 ♦ AQ84 ♣ Q93
3. ♠ Q63 ♥ AQJ1074 ♦ AQJ5 ♣ —
4. ♠ 10 ♥ AQ965 ♦ KQJ83 ♣ 106

* * *

1. Three notrump. A sound bidder constantly tries to choose the bid that best reflects the strength and character of his hand. The aim is to make it easy for partner to select the right contract after you've told him what you have.

Consequently, it would be improper to bid only two notrump here. Partner already knows you have an opening hand with hearts and diamonds, but he doesn't know you have 17 high-card points (instead of perhaps 13 or 14) and 5-4-2-2 distribution (instead of, say, 5-5-2-1 or 6-5-1-1). The jump to three notrump is intended to clear up that mystery.

2. Three clubs. Here you're faced with a different type of hand, so you send a different type of message. First, you have a minimum opening bid, so you don't jump the bidding. Second, you have as-yet undisclosed support for clubs, your partner's first bid suit, plus a singleton spade, so you don't bid notrump. Three clubs pinpoints your shortage in spades, since you've now bid three suits. From here on, the rest is up to partner.

3. Four hearts. Here is still another type of hand. This time you can't support clubs because you haven't any, and you can't support spades because you have only three of them, and partner apparently has a four-card suit.

Your hearts are almost self-sufficient, even opposite a singleton or a void, and you have 16 high-card points, so the four-heart bid is fully justified. If you were to bid only three hearts, partner might think you had only 13 or 14 points.

4. Three diamonds. This is the most illuminating call possible. By bidding three diamonds, you show five of them, and you've already shown at least five hearts. The three-diamond bid puts partner in position to place the final contract, whether it be a game or a slam in a suit or notrump.

Tomorrow: Choosing the best line of play.

Duck Hunter input requested

Wildlife Officer Tanner Romsdal with a hunter.

The Tennessee Wildlife Resources Agency is seeking input from hunters who participate in duck hunts on the Old Hickory Wildlife Management Area.

On Thursday, April 5, 2018, 6:30 p.m. at Old Hickory WMA, 4050 Canoe Branch Road in Lebanon, wildlife managers invite the public to discuss the possible change in hunting days and hours during the duck season.

Currently, hunting is permitted only from registered blind sites and staked temporary blind sites during the late duck season. Same as statewide season, except on Unit I - waterfowl hunting shall cease at 3 p.m. (CST) during the late duck season and at sunset on the last day of each segment of the late duck season

Wildlife managers want input on possibly implementing a four day hunting week. This idea would allow hunting on Wednesday, Thursday, Saturday and Sunday and increase the hunting hours on those days to thirty minutes before sunrise to sunset.\

DEPARTMENT OF COMMERCE
Foreign-Trade Zones Board, [B-19-2018]
Foreign-Trade Zone 283—Western Tennessee Area; Application for Reorganization, (Expansion of Service Area) Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Northwest Tennessee Regional Port Authority, grantee of Foreign-Trade Zone 283, requesting authority to reorganize the zone to expand its service area under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2 ©). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on March 19, 2018.

FTZ 283 was approved under the ASF by the FTZ Board on October 11, 2012 (Board Order 1851, 77 Fr 64463-64464, October 22, 2012), and the service area was expanded on March 1, 2017 (Board Order 2030, 82 FR 13578, March 14, 2017). The zone currently has a service area that includes the Counties of Dyer, Gibson, Haywood, Lake, Lauderdale, Madison, Obion, Tipton, Fayette, Hardeman and McNairy, Tennessee.

The applicant is now requesting authority to expand the service area of the zone to include Crockett County as well as portions of Weakly, Henry, Carroll, and Henderson Counties, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies' needs for FTZ designation. The application indicates that the proposed expanded service area is adjacent to the Memphis Customs and Border Protection Port of Entry.

In accordance with the FTZ Board's regulations, Kathleen Boyce of the FTZ

Obed Receives Grant for Dark Sky Park Initiatives

WARTBURG, Tennessee: The Obed Wild and Scenic River is pleased to announce it has been awarded a competitive grant through Eastern National to support its Dark Sky Park initiatives.

Recently, the Obed was recognized by the International Dark Sky Association (IDA) as a Dark Sky Park. With this designation, the Obed became only the second national park unit east of Colorado to be recognized as an IDA Dark Sky Park. The designation recognizes the Obed's exceptional dark sky conditions as well as the park's strong commitment to preserving our night sky resource for the enjoyment, education, and inspiration of present and future generations.

The Obed's Dark Sky Park initiatives are focused on providing visitors an in-depth look into the night sky while promoting its importance as a global resource. The Eastern National grant will enable the park to develop interpretive wayside exhibits to highlight the park's dark sky resource with planned display locations at the park's night sky viewing locations.

2018, and a hearing date set for June 14, 2018 in the General Sessions Court in Jamestown at 9:00 a.m. for the relief demanded in the complaint should the Defendant fail to appear and answer or otherwise defend.

Signed this 12th day of March, 2018.

Jamestown Water System V

Is my drinking water safe?
Yes, our water meets all of EPA's health standards. We have conducted numerous tests for over 80 contaminants that may be in drinking water. As you'll see in the chart on the back, we only detected 10 of these contaminants. We found all of these contaminants at safe levels

What is the source of my water?
Your water, which is surface water, comes from the City Lake. Our goal is to protect our water from contaminants and we are working with the State to determine the vulnerability of our water source to ***potential*** contamination. The Tennessee Department of Environment and Conservation (TDEC) has prepared a Source Water Assessment Program (SWAP) Report for the untreated water sources serving this water system. The SWAP Report assesses the susceptibility of untreated water sources to ***potential*** contamination. To ensure safe drinking water, all public water systems treat and routinely test their water. Water sources have been rated as reasonably susceptible, moderately susceptible or slightly susceptible based on geologic factors and human activities in the vicinity of the water source. The Jamestown Water System sources rated as moderately susceptible to potential contamination.

An explanation of Tennessee's Source Water Assessment Program, the Source Water Assessment summaries, susceptibility scorings and the overall TDEC report to EPA can be viewed online at https://www.tn.gov/environment/article/wr-wq-source-water-assessment or you may contact the Water System to obtain copies of specific assessments.

Why are there contaminants in my water?
Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (**800-426-4791**).

Este informe contiene información muy importante. Traduscalo o hable con alguien que lo entienda bien.

For more information about your drinking water, please call Bryan Ramsey at 931-879-7576.

How can I get involved?
Our City Council meets on the second Monday of each month at 6:00 pm at City Hall. Please feel free to participate in these meetings.

Is our water system meeting other rules that govern our operations?
The State and EPA require us to test and report on our water on a regular basis to ensure its safety. We have met all of these requirements. Results of unregulated contaminant analysis are available upon request. We want you to know that we pay attention to all the rules.

Other Information
The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.
Contaminants that may be present in source water:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations, and wildlife.

Water Qu

What does this chart mean?

- MCLG - Maximum Contaminant Level Goal, or the level of a contami health. MCLGs allow for a margin of safety.
- MCL - Maximum Contaminant Level, or the highest level of a contami as feasible using the best available treatment technology. To understa a person would have to drink 2 liters of water every day at the MCL lo health effect.

NBA

East playoff field set, West still has much left to decide

The Associated Press

A look at where things stand in the NBA playoff picture, with less than a week remaining in the regular season:

EAST UPDATE

The field of eight is set. And now, it's all about the seeding.

Toronto is on the brink of being No. 1, and Milwaukee cannot fall past No. 8.

The Raptors — who were starting to look a little shaky — beat Boston on Wednesday in a matchup of the Eastern Conference's two top teams. Another Raptors win or Celtics loss will give Toronto home-court advantage for the entirety of the East playoffs.

The 76ers — winners of 12 straight — pulled even with Cleveland for the third-best record in the East at 48-30, with the Cavaliers holding the tiebreaker.

Miami moved past Washington for outright control of the No. 6 spot (along with the Southeast lead, if that still matters).

WEST UPDATE

New Orleans is only one game ahead of No. 9 Denver — yet also just one game behind No. 4 Utah.

The West is just a mess, at least in the race for the final five spots.

San Antonio remains in the No. 5 spot, holding a tiebreaker edge over No. 6 Oklahoma City, and just a half-game up on No. 7 Minnesota and the currently eighth-seeded Pelicans.

CURRENT BRACKET

First-round matchups if the season ended Wednesday ...

East: 1-Toronto vs. 8-Milwaukee, 2-Boston vs. 7-Washington, 3-Cleveland vs. 6-Miami, 4-Philadelphia vs. 5-Indiana.

West: 1-Houston vs. 8-New Orleans, 2-Golden State vs. 7-Minnesota, 3-Portland vs. 6-Oklahoma City, 4-Utah vs. 5-San Antonio.

Celtics' Irving out for pla

All-Star guard set to undergo another surgery on l

The Associated Press

BOSTON — The Boston Celtics have spent most of the season adjusting on the fly. Now they will have to go through the playoffs without Kyrie Irving.

Irving

The star point guard will need surgery on his left knee and is done for season. The team on Thursday put his recovery time at four to five months.

Irving hasn't played since March 11 and says he won't dwell on what might have been.

"The hardest thing to do sometimes is accept the uncontrollable things life throws at you," he wrote in an Instagram post. "It's simply a test of your perseverance and will, to be present, even in the wake of what's going on."

In the upcoming surgery, two screws will be removed. They were implanted after Irving's patellar fracture during the 2015 NBA Finals. Irving developed an infection at the screws, and now they must l

Following his original pro month, the team had said th structurally sound and the l healed, but the wire had bee pressure on the knee.

This is Irving's first seaso after he demanded to be trac Cleveland. And the player h for, Isaiah Thomas, is out fo lowing hip surgery.

Irving believes his best ba ahead of him.

"This season was only a s what's to come from me," he post. "Trust Me. The journe top of Mt. Everest continues

This latest news isn't surp sidering the tight recovery w Irving faced. But this blow team that had been playing a run of recent injuries to ke Boston will likely put the p the No. 2 seed behind Toront

PRESS OPERATOR TRAINEE

On The Job Training

Our Business is Growing. If you have experience operating commercial printing equipment or other precision industrial machinery, we have an opening for a Press Operator. On the job training is offered, but you will need to already have some factory or machinery experience. Pay is based on experience.

Attention to detail and focus are essential, as is a mechanical nature. Quality control is essential on every press run, with no such thing as 'good enough'.

We work in shifts, and they do change based on demand. Most shifts are in the evenings. Our work is deadline driven, and can be very fast paced at times. Therefore, Press Operators have to be in good physical condition. You also have to pass a pre-employment drug screening and random drug screenings.

Benefits include: competitive pay, on-the-job training, great benefits, plus working in an environment that encourages learning and demands quality.

Ability to follow directions and procedures is important. To apply: e-mail your resume and introduction letter to **jreeser@timesnews.net**. If you have questions, please only send them to this same e-mail, as we are not available to take calls or handle walk-in inquiries for this position. The Kingsport Times-News is an Equal Opportunity Employer.
