

Common Differentiated Pay Definitions

1. Base pay (base salary): An individual's salary excluding any additional compensation in the form of bonuses, stipends, or supplements for additional work or responsibilities.
2. Bonus/stipend: Additional compensation for a pre-defined set of criteria. Bonus and stipend pay are awarded in addition to or "on top of" an individual's base pay. Bonuses/stipends are one-time payments awarded for a specific role, additional responsibility, or achievement of particular criteria. Bonuses and stipends are not a part of base salary and do not become a reoccurring part of an individual's compensation.
3. Traditional salary schedule (or step and lane schedule): A salary schedule that uses years of experience and education levels exclusively to determine educator's increases in base pay. Traditional schedules may follow the same structure as the state minimum salary schedule. Salary schedules that modify the amount of the step increases given for experience or change the structure of the education lanes may still be considered a traditional schedule as long as they meet or exceed the relevant state minimums.
4. Alternative salary schedule¹: A salary schedule that uses some other component, often a performance measure, in addition to or in place of education and experience to determine base pay. A schedule where an educator's evaluation score is used to determine the amount of his or her yearly base pay increase is an example of an alternative salary schedule. Alternative salary schedules are subject to State Board of Education approval.
5. Opt-in/opt-out provision: Individuals are provided with the choice to participate in a program. This provision is most often associated with alternative salary schedules and is not a required provision.
