

TENNESSEE DEPARTMENT OF ENVIRONMENT AND CONSERVATION

DIVISION OF RADIOLOGICAL HEALTH

INSTRUCTIONS FOR PREPARATION OF FORM RHS-8-6

GENERAL INSTRUCTIONS

1. An applicant for a Source Material License should complete form RHS-8-6 in detail. Two copies of the completed Form 8-6 should be sent to the Division of Radiological Health, Tennessee Department of Environment and Conservation. One copy should be retained in the applicant's file.

The information required to complete Form 8-6 must be typewritten or printed clearly in ink.

2. The Regulations which govern the issuance of a Source Material License are contained in Chapter 10 of "State Regulations for Protection Against Radiation" (SRPAR).
3. An applicant may incorporate by reference information contained in previous applications, statements, or reports filed by the applicant with the Division of Radiological Health, provided that such references are clear and specific, and there has been no change from the information previously submitted.
4. Supplemental sheets should be used when necessary to supply the required information. The applicant's name and address and the item number in RHS 8-6 to which the supplemental information applies should be indicated on each supplemental sheet.
5. The Department may at any time after the filing of the original application, or before the expiration of a license, require further statements in order to enable the Department to determine whether the application should be granted or denied or whether a license should be modified or revoked.
6. Item 15 must be completed on all applications.
7. Submission of an incomplete application will result in a delay in the processing of the application because of correspondence necessary to request the omitted information.
