Join TCRA today and get a \$10 discount per person for this important training event & free Fit Testing

6H Training for Automotive Paint Shops

If you completed 6H training to be EPA compliant 5 years ago when the 6H rule was introduced, it is **required that you recertify your technicians before the end of 2014**. This event is sponsored by the Tennessee Collision Repair Association, endorsed by the Tennessee Small Business Environmental Assistance Program and training is provided by BlueCollar Automotive Services. You must register prior to event. Seating is limited so register today. Cost is \$65 dollars per person and includes meal, training and all necessary documentation to be 6H compliant. Training is recommended for managers & painters.

Dates: 11/17/14 Jackson TN
11/18/14 Memphis TN
11/19/14 Nashville TN
11/20/14 Bristol TN
11/24/14 Knoxville TN
11/25/14 Chattanooga TN

Cost: \$65.00 per person

You Will Receive:

- Painter Certificate of 6H Training
- Paint Gun Efficiency Documentation
- Paint Booth Filter Documentation
- EPA-OSHA Shop Inspection Check List

OSHA required Respirator Fit Test will be available if requested with Registration Application for additional fee of \$10 per person.
