RANKING	RECOMMENDATION
1)	Security Risk Management Consultants, LLC – Submittal showcased that firm has experience working on projects of similar scope with government agencies and with contracts of this type; provided a well thought out project approach that includes assessment, planning and development; indicated a familiarity with State process and procedures.
2)	Newcomb & Boyd – Submittal indicated firm has completed several similar scoped projects; proposed project approach was very detailed and included current system evaluations, risk assessments, and program development; main office location is of some concern.
3)	Smith Seckman Reid, Inc. – Submittal indicated firm has some experience on similar projects; project approach appeared generalized and did not clearly describe the inclusion of risk assessment; all aspects of design can be handled in-house

Other Firms Submitted: Puckett Engineering, PLLC
