

Policy Statement  
Policy: Lapsed License

The Board of Dispensing Opticians recognizes that an individual may inadvertently allow his/her license to expire. However, the statute prohibits an individual from working as a Dispensing Optician unless he/she has an active and unrestricted license. While the Board does not condone an individual working on an expired license, recognition is given to the fact that the problem does exist. As such, the Board has adopted the following procedures for reinstatement of an expired or administratively revoked license.

- Immediately upon recognition that his/her license has expired, the individual must stop practicing and contact the Board's administrative office to request a reinstatement application.
- Upon receipt of the reinstatement application, the individuals are to complete the application in its entirety, providing a detailed work history since the license expiration date. The application is to be signed, notarized, and returned to the Board's administrative office along with any additional information and all fees specified in the instructions.
- Upon receipt of a completed reinstatement application, supporting documentation, including continuing education, and fees the Board administrator may immediately reinstate a license, which has been in an expired status for less than three months.
- If the reinstatement application received reflects in the work history that the individual has worked in excess of three months on an expired license, the Board will present to the licensee, official notice which specifies payment of a civil penalty in the amount of \$100.00 per month for every month in excess of three months from the expiration date.
- Discipline for practicing on a lapsed license will be assessed by the Department by Agreed Citation, which will detail the licensee's rights and obligations under the Uniform Administrative Procedures Act, T.C.A. § 4-5-301, et seq. the discipline assessed in accordance with the Lapsed License Policy constitutes formal discipline against a practitioner's license, and as such it is reportable to the disciplinary databanks and will be noted on the practitioner's licensure profile.

**Adopted by the Board of Dispensing Opticians this the 15<sup>th</sup> day of October 2008.**
