# TENNESSEE HIGHER EDUCATION COMMISSION

## 2014 - 2015 COMMISSION MEMBERS

Mr. Evan Cope, **Vice Chair**, Murfreesboro, 4<sup>th</sup> Congressional District

Mr. Robert Fisher, Voting student member, UT Chattanooga

Mr. Tre Hargett, Secretary of State

Ms. Sharon Hayes, **Vice Chair**, Brownsville, 8<sup>th</sup> Congressional District

Mr. Jon Kinsey, Chattanooga, 3<sup>rd</sup> Congressional District

Ms. Pam Koban, Nashville, 5<sup>th</sup> Congressional District

Mr. Bill Lee, Franklin, 7<sup>th</sup> Congressional District

Mr. David Lillard, Jr., State Treasurer

Mr. Alex Martin, Non-voting student member, TTU

Ms. Pam Martin, Mount Juliet, 6<sup>th</sup> Congressional District

Dr. Sara Heyburn, Executive Director, State Board of Education, Non-voting ex-officio

Mayor A C Wharton, **Secretary**, Memphis, 9<sup>th</sup> Congressional District

Mr. Justin Wilson, State Comptroller

Mr. Keith Wilson, Kingsport, 1<sup>st</sup> Congressional District

VACANT, 2<sup>nd</sup> Congressional District

# Tennessee Higher Education County Profile Guide Sheet

## County Education Snapshot

**Public High School Graduation Rate:** High School graduation rates for each county were derived from the 2012-2013 graduation rates of public high schools in the county. All figures were provided by the Tennessee Department of Education. Private school, home school, or GED recipients are not included in this measure. The rates were calculated by averaging the rates separate school of separate school districts within the same county

**Postsecondary Enrollment Rate:** The postsecondary enrollment rate is calculated using the number of students who graduated from public high schools in the county and tracks whether they enrolled in **any** post-secondary institution at any time in the year following their 2011-2012 high school graduation.

**First-time Freshman Tennessee Education Lottery Scholarship Recipient Rate:** The rate is calculated using the number of college going recent high school graduates compared to the number of those graduates who enrolled in college on a lottery scholarship. The scholarships include HOPE, Aspire, Access, and the General Assembly Merit Scholarship.

## Educational Attainment Rate

The percentage of working-age adults (ages 25-64) with differing levels of education is provided by THEC's 2013 Educational Attainment Report. ACT scores are provided by the Tennessee Department of Education for the 2013 academic year. Public school districts within the county are grouped into their respective counties and averaged together.

## Socioeconomic Profile

The unemployment rate is provided by the U.S. Department of Labor and Statistics. Other data are provided by the U.S. Census Bureau. Population in Poverty Rate is calculated by comparing the number of individuals in households whose total income falls below their poverty threshold with those who live in households with an income above their poverty threshold.

## College Selection by Public High School Graduates

This shows the top five postsecondary institutions at which recent high school graduates enrolled. Postsecondary institutions include both public and private institutions. Percentages shown are based on the total number of recent graduates attending college; therefore the given percentages will not sum to %100

## Tennessee Education Lottery Scholarship Recipients

This table shows the number and distribution of students who receive different types of lottery scholarship awards.

## Tennessee Student Assistance Award

This table compares the number of TSAA grant recipients in the county to the number of county residents who applied and were eligible, but were not awarded due to a shortage of state funding.

## Cumulative Scholarship Renewal

This bar graph displays the rates at which freshman recipients renew their lottery scholarships (HOPE, GAMS, Aspire, and Access) each year. This particular graph follows the performance of the students who graduated high school in 2008. The graph allows for a county-to-state average comparison for TELS renewal across four years. The drop in renewal between in Fall 2012 is partly attributable to students from the original freshman cohort who graduated from college in academic year 2011-12.

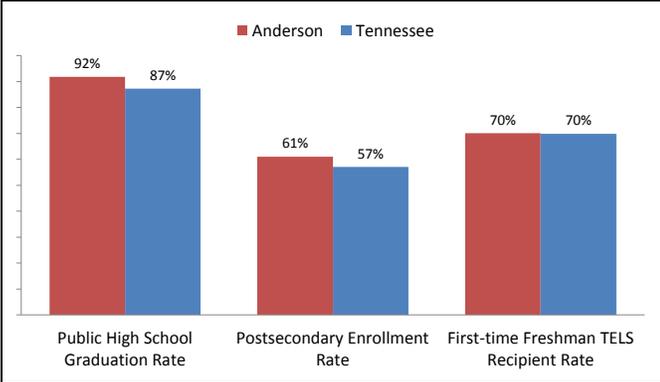

## Educational Attainment & Educational Requirements for Available Jobs

The **Available Job Education Requirements graph** shows the job requirements of all available jobs in the county during the first two quarters of 2013, as compiled by the Tennessee Department of Labor and Workforce Development. The **Adult Educational Attainment** chart represents adult education attainment of the county. Comparing the two charts, one can see if the current level of education in the county meets the demands of employers within the county.
