Dear Ms. Gower:

Please accept this letter to formally request a price change for a Goodheart-Willcox textbook approved in the Section B State of Tennessee Textbook Commission Instructional Materials Adoption. This pertains specifically to an item adopted for Science, Technology, Engineering and Mathematics (STEM) subjects for contract term ending June 30, 2023.

It was recently brought to our attention by Tennessee Book Company that the bid price for **Engineering Fundamentals ©2018** was submitted slightly higher than our current net pricing. Please note on the attached TBC price discrepancy invoice and G-W “Exhibit A” spreadsheet that the student text (ISBN 978-1-63126-285-2) should be \$78.96 each, not \$79.00 each as originally offered.

Goodheart-Willcox acknowledges the error, has adjusted the price in our internal system, and respectfully requests an update to Exhibit A in the current Section B contract to avoid future discrepancies. Would you please provide this information to the Tennessee Textbook Commission at its next meeting for review and approval? We appreciate your time and courtesy.

Best regards,

A handwritten signature in cursive script that reads 'Kelly A. Jackson'.
