

## Training Announcement

Follow-Up Support is now available to people who have previously attended the half-day workshop: Developing Person Centered Outcomes and Action Steps that meet Regulatory Requirements.

This two-hour participatory workshop will afford participants the opportunity to share their learning and to practice the skills that they are building.

Participants are asked to bring examples (with identifying information removed) of outcomes/actions that they have developed and/or seen others develop where efforts have been made to apply what has been learned.

Targeted Audience: Plan Developers, Plan Implementers, Plan Reviewers and Quality Assurance/Agency Team Staff are encouraged to attend.

Pre-requisite: Attending the half day Outcomes Training.

Class Size: Limited to 20.

\*Please contact your Regional Staff Development office to register.
