Type of Incentive Requested <input type="checkbox"/> Check here if you would also like to request a low interest loan for this project.	
<input type="checkbox"/> Prescriptive	
Lighting Project Cost \$	HVAC Project Cost \$
Motors & VFDs Cost \$	Kitchen Equipment Cost \$
<input type="checkbox"/> Custom Please attach a project proposal detailing the project, the project cost, and the energy savings. Include items such as baseline equipment and efficiencies, operating schedules, proposed equipment and efficiencies, etc. The proposal must provide detailed technical backup to support the energy savings so that the savings can be independently assessed as part of the proposal review. You must attach spec sheets for any equipment proposed for installation.	

Authorization <i>By signing this application, I agree to allow my utility to provide to EESI any and all billing and energy usage data for all buildings within the district.</i>
