

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Green Plains Grain Company TN LLC with a mailing address of P.O. Box 37, Como, TN 38223. They seek to obtain an air contaminant permit (Division identification number: 40-0133-01/64305) for modification of a Grain Elevator located on 10870 Highway 54, Como, TN 38223. This existing operation consists of storage silos, receiving pits, loading facilities, and associated equipment used in grain storage, and distribution. The requested modification is to install a grain storage building, receiving pit with air pollution control measures consisting of a covered building and pit grates with louvers, and associated equipment. There would be physical construction. The regulated air contaminant that is emitted by this source is particulate matter. Mr. E. King is the assigned Division person.
