

PUBLIC NOTICE

HAVCO Wood Products, LLC has applied to the Tennessee Air Pollution Control Division (TAPCD) for a [significant modification to an existing major source operating permit](#) subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). A major source (Title V) operating permit is required by both the Federal Clean Air Act and the Tennessee Air Pollution Control Regulations.

The applicant is HAVCO Wood Products, LLC with site addresses of 150 Oak Drive in Vonore, Tennessee. They seek to obtain a significant modification to a major source operating permit for their lumber and wood products facility.

The existing Title V operating permit subject to modification is identified as follows: Division identification number 62-0090 / 560747. The modification consists of changing the compliance method basis for volatile organic compound and hazardous air pollutant emissions from material content to emission factors for the glue roller coating operation identified as 62-0090-05.

This significant modification is conducted pursuant to subpart 1200-3-9-.02(11)(f)5(iv) of the Tennessee Air Pollution Control Regulations. Only the portion of the Title V permit affected by the significant modification is open to comment during the notice period.

EPA has agreed to treat this draft Part 70 permit modification as a proposed Part 70 permit modification and to perform its 45-day review provided by the law concurrently with the public notice period. If any substantive comments are received, EPA's 45-day review period will cease to be performed concurrently with the public notice period. EPA's 45-day review period will start once the public notice period has been completed and EPA receives notification from the Tennessee Air Pollution Control Division the comments have been received and resolved. Whether EPA's 45-day review period is performed concurrently with the public notice comment period or after the public comment period has ended, the deadline for citizen's petition to object to the EPA Administrator will be determined as if EPA's 45-day review is performed after the public comment period has ended (i.e., sequentially).

The status regarding EPA's 45-day review of this project and the deadline for submitting a citizens petition can be found at the following website address: <http://www.epa.gov/region4/air/permits/Tennessee.htm>

A copy of the application materials used by the TAPCD and a copy of the draft permit are available for public inspection during normal business hours at the following locations:

Vonore Public Library
611 Church Street
Vonore, TN 37884-2324

and

Tennessee Department of Environment and Conservation
Division of Air Pollution Control
9th Floor, L & C Annex
401 Church Street
Nashville, TN 37243-1531

Also, if you require a copy of the draft permit it is available electronically by accessing the TDEC internet site located at: <http://tn.gov/environment/apc/ppo/>

Interested parties are invited to review these materials and comment. In addition, a public hearing may be requested at which written or oral presentations may be made. To be considered, written comments or requests for a public hearing must be made within thirty (30) days of the date of this notice and should be addressed to **Mr. Barry R. Stephens, P.E., Director, Air Pollution Control Division, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531**. Questions concerning the source(s) may be addressed to Steven Simpson at the same address or by calling (615)-532-0554.

Individuals with disabilities who wish to participate in these proceedings (or to review these filings) should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.
