

UPCOMING FTC CONTINUING EDUCATION OPPORTUNITIES

CONTINUING EDUCATION SEMINARS

FEE: \$125.00 PER DAY OF SEMINAR

These seminars are designed to provide opportunities for certified operators to meet the continuing education provision of Tennessee's Rules governing operator certification. Each C.E. Seminar is approved for 6 hours continuing education for all grades. If operators need to complete 12 hours continuing education for their class and grade certificate(s) and wish to fulfill all these hourly requirements by attending only FTC 6-hour courses, they must attend one (1) "Day One" activity and one (1) "Day Two" activity. Exact locations will be mailed to attendees with confirmation letters. Registration is required at least thirty (30) days prior to the seminar. Enrollment may be limited by the size of the facility and is on a first-come, first-available basis.

COLLECTION SYSTEMS SEMINARS
