EPA Identification Number: TND 00 061 4321

Class 1 Modification Number: 2 (A-921)

Because you have requested to be kept informed of such matters, Safety-Kleen Systems, Inc. (SK) is providing the required notice for a Class 1 modification to its existing Hazardous Waste Management Part B Permit (TNHW-141).

Our facility has changed the primary phone number for the Shelby County Emergency Mgmt Agency listed in our Emergency Notification Information List.

In addition, changes have been made to Attachment 5, Personnel Training. In the section Training Records on page 5-4, the second sentence has been deleted and Attachment 5.1, Example Training Plan Outline, pages 5.1-1 through 5.1-8 have been deleted.

These revisions do not alter permit conditions or reduce the capacity of the SK facility to protect human health or the environment. The Division of Solid Waste Management has reviewed and approved these changes as a Class 1 permit modification.

Thank you for your interest in our facility.

Sincerely,
