GOVERNOR AWARDS MORGAN CO. COMPANY JOB TRAINING GRANT
HERAEUS METAL PROCESSING LLC AWARDED \$38,496

NASHVILLE – Governor Phil Bredesen and Tennessee Department of Labor & Workforce Development Commissioner James Neeley have awarded \$38,496 to Heraeus Metal Processing LLC in Wartburg. This grant will provide training to 36 employees in Hazwoper, Maintenance Technical, 2009 Hazardous Materials Technical and Procedural New Equipment Training.

"Job training to upgrade the skills of Tennessee's workers is one of the best things we can do for our economy," said Governor Bredesen. "Now more than ever, it is important to continue training our workforce to keep employees and companies competitive."

"The Incumbent Worker Grants help companies invest in the future of their workers," said Commissioner Neeley. "Over the past six years, Incumbent Worker Training grants have totaled more than \$11 million to assist more than 40,000 employees."

"I commend Governor Bredesen and Commissioner Neeley for awarding this grant in Morgan County," said Senator Ken Yager.

The East Tennessee Human Resource Agency played a key role in awarding the grant to Heraeus Metal Processing LLC.

The Tennessee Department of Labor and Workforce Development administers the Incumbent Worker Training program. The program has been structured to be flexible to meet the business's training objectives. The business may use public, private, or its own in-house training provider based on the nature of the training.

The following criteria must be met to qualify for the Incumbent Worker Training Program. Employers must be in operation in Tennessee for at least one year prior to application date. Employers must have at least five full-time employees, demonstrate financial viability and be current on all state tax obligations. Funding priority is given to businesses whose grant proposals represent a significant layoff avoidance strategy and represent a significant upgrade of skills.
