Introducing the **vLARC* Inventory Management System**

Free of Charge for TennCare and CoverKids Provider Offices

SET UP & EQUIPMENT IS FREE OF CHARGE TO PROVIDERS

STELLAR installs and maintains the Xpedose™ system in your office or clinic at no cost. STELLAR remotely monitors and replenishes a complete vLARC inventory as needed.

vLARCS ARE AVAILABLE AT THE POINT OF CARE

Enables providers to offer women the vLARC she chooses in a single visit. No need to schedule additional appointments.

MEDICATION STORAGE IS SECURE

Medications are safely stored and available for point of care use. A designated staff member will be trained to remove the desired vLARC from the Xpedose™ for TennCare and CoverKids members.

vLARC CLAIM ADJUDICATES IMMEDIATELY

Xpedose™ software immediately adjudicates vLARC claims to the pharmacy benefit. Provider bills patient's MCO for vLARC administration and patient visit only.

*Voluntary Long Acting Reversible Contraception
