# Episodes of Care - Wave 8 Technical Advisory Groups - Call for Nominations

- The Tennessee Health Care Innovation Initiative is seeking nominees for clinical experts to advise on the design of Wave 8 episodes of care.
- The next nine episodes of care to be designed and implemented in Tennessee will focus on hospitalist medicine, gynecological surgery and general surgery.
- The episodes include:
  - Acute Seizure
  - Syncope
  - Hyponatremia/Dehydration
  - Pediatric Acute Lower Respiratory Infection
  - Colposcopy
  - Hysterectomy
  - GI obstruction
  - Hernia
  - Appendectomy

# Episodes of Care - Wave 8 TAGs: Nominee Responsibilities

- Please nominate clinical experts in Tennessee to join a Technical Advisory Group (TAG) to provide clinical advice on episode topics including:
  - The patient journey and care pathways
  - The 5 design dimensions of the episode, including the definition of the principle accountable provider (or quarterback) and quality metrics.
  - Any aspects of care delivery unique to Tennessee
- We are looking for clinicians in the following specialties who are thought leaders in their fields, representative of practicing providers, enthusiastic about improving care delivery, and available to attend all TAG meetings (for the topic they are nominated) in Nashville at the times listed.
