

Are you 18-25 years old?

Do you have personal experience with mental illness, substance abuse, foster care, or juvenile justice? Are you at-risk of being homeless?

Would you like to use your voice to help others?

.....

The State of Tennessee is embarking on a new project for 18-25 year olds transitioning into adulthood. Young adults who have “been there” and who have a passion to help others are needed to drive this movement!

We will meet monthly in Nashville to collaborate, brainstorm, and develop a plan that will serve young adults statewide. And we will have some fun along the way!
