**ORDER MODIFYING WORKERS' COMPENSATION
LOSS COSTS AND RATING VALUES FILING**

This matter was presented for consideration in accordance with Tenn. Code Ann. § 50-6-402(b), which requires the Commissioner of Commerce and Insurance (“Commissioner”) to consult with the Advisory Council on Workers Compensation (“Advisory Council”) before approving any workers’ compensation loss cost filing made by the designated rate service organization and approve, disapprove, or modify the filing within ninety (90) days of receiving the filing.

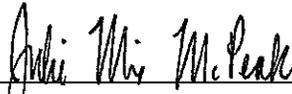

On August 22, 2014, the National Council on Compensation Insurance (“NCCI”) submitted its annual Workers Compensation Voluntary Loss Costs and Rating Values (“Loss Costs Filing”) with a proposed effective date of March 1, 2015, which recommended an overall DECREASE of 9.6 percent from the loss costs that became effective July 1, 2014. The Advisory Council met on October 14, 2014 to consider the Loss Costs Filing pursuant to Tenn. Code Ann. § 50-6-402(b) and, by letter to the commissioner dated October 20, 2014, recommended adoption of a DECREASE of 6.5 percent in loss costs to become effective March 1, 2015.

Upon reviewing the information submitted by NCCI and the recommendations of the

Advisory Council, it is the determination of the Commissioner that the Loss Costs Filing submitted by the NCCI on August 22, 2014 should be **MODIFIED** to reflect an overall decrease of 8.2 percent from the loss costs that became effective July 1, 2014.

It is so **ORDERED**.

ENTERED this 17th day of November, 2014.
