**Twitter:**

- Did you know a door is one of the best pieces of firefighting equipment? Learn more here: <http://1.usa.gov/1hflSEB> #closethedoor
- Simply closing the door behind you when escaping a fire can be the best decision you make. <http://1.usa.gov/1hflSEB> #closethedoor
- Fire doors prevent spread of smoke/flames in apts & other buildings. Never disable a fire door. <http://1.usa.gov/1hflSEB> #closethedoor
- Fire moves fast. A closed door may slow a fire & provide precious seconds needed for escape. <http://1.usa.gov/1hflSEB> #closethedoor

**Facebook:**

- Did you know that a door is one of the best pieces of firefighting and life-saving equipment in a home? It can reduce fire growth and spread, limit damage to your home, and possibly saves lives. <http://1.usa.gov/1hflSEB>
- Getting out of a burning building and calling 9-1-1 are crucial to survival during a fire, but closing doors during an escape can potentially limit the structural damage a fire can cause and possibly save lives. <http://1.usa.gov/1hflSEB>
- Keep fire doors closed. These specialized doors are used to compartmentalize a building and prevent the spread of smoke and flames. Never wedge, disable, or prop open fire doors in apartments or other buildings. <http://1.usa.gov/1hflSEB>
- Three simple words may save lives during a fire: "Close the door!" A closed door can reduce fire growth and spread, limit damage to your home, and possibly saves lives. <http://1.usa.gov/1hflSEB>
