

2014 Annual Report

Tennessee Residence Commission

Background and History

The Tennessee Residence Commission was established by law on June 8, 2010, and consists of six ex-officio members and four private citizens. In that same year, the Commission approved both a plenary master plan for adaptive restoration and preservation of the Tennessee Residence, and the Policies for the Tennessee Residence. These policies govern any maintenance, repairs, improvements, or alterations to the residence, appurtenant buildings(including Conservation Hall), and grounds, including furniture, fixtures, artwork, and finishes. Rules, within the Policy, were approved to govern the use of the Tennessee Residence for any nongovernmental activities.

The Commission has met formally four times since its inception in 2010.

Calendar Year 2014

The Commission did not convene during 2014. Construction for the landscape master plan's Phase 3, that was approved in a prior year, commenced construction this year.

Anticipated Activities for Calendar Year 2015

It is anticipated that Phase 3 of the Commission-approved landscape master plan will complete construction, along with the purchase and installation of the remainder of the plant material. Possible consideration would be given to planning for improvements to the existing Carriage House.
