

New State Museum for the State of Tennessee

Early Release Package #2 - Foundations

Turner Construction Company, along with Alliance Synergy Group, is acting as the CM/GC for the State of Tennessee in the construction of a 135,000 sf New State Museum in Nashville, Davidson County, Tennessee. The project site is located on the Bicentennial Mall.

The project's second Early Release Package (ERP #2) includes concrete, micropile foundation, material testing and possibly below-grade waterproofing. Only Early Release Package #2 is bidding at this time.

Alliance Synergy Group, in partnership with Turner Construction Company, is seeking interested Diversity Business Enterprises (DBEs) certified as: small, minority owned, women owned, and service-disabled veteran owned businesses with the capacity to perform as a prime and/or subcontractor.

All interested Contractors and DBEs are invited to attend the Early Release Package #2 Meet and Greet on **Tuesday, April 5th, 2016 at the "Farmers Market" (Atrium) from 4:30pm to 6:30pm.**

For project information please visit:
