REQUEST FOR INFORMATION
FOR
OPERATION OF TOBACCO QUITLINE SERVICES

RFI # 34347-54517
September 1, 2016

1. STATEMENT OF PURPOSE:

The State of Tennessee, Department of Health, issues this Request for Information ("RFI") for the purpose of soliciting information about Tobacco Quitline Services. We appreciate your input and participation in this process.

2. BACKGROUND:

Since 2005, the State of Tennessee, Department of Health, has provided tobacco cessation services in the form of a Tobacco Quitline to assist callers to quit tobacco use. This free telephone-based resource serves as the State's access line for tobacco cessation information, proactive quit counseling and referral to local support resources. The Tennessee Tobacco Quitline operates 90 hours per week, 7 days a week, except for Independence Day, Labor Day, Thanksgiving Day, and Christmas Day.

Recent media initiatives such as the Center for Disease Control and Prevention's "Tips" campaign have led to a marked increase in calls to Quitlines across the country, and have fueled the need for the State to explore opportunities for improvements in its Quitline services. The State is seeking information regarding best practices in system operations and for strategies relating to performance measurements.
