

GENERAL COUNSEL'S REPORT

October 28, 2015

B. Baptist Plaza Surgicare, Nashville (Davidson County), TN – CN1307-029AM

Request for an 18-month extension from December 1, 2015 to June 30, 2017.

The project was unanimously approved on October 23, 2013 for the relocation and replacement of the existing ASTC from 2011 Church Street, Medical Plaza I Lower Level, Nashville (Davidson County), TN 37203 to the northeast corner of the intersection of Church Street and 20th Avenue North, Nashville (Davidson County), TN 37203. The facility will be constructed in approximately 28,500 SF of rentable space in a new medical office building and will contain nine operating rooms and one procedure room. The estimated project cost was \$29,836,377.00.

On July 23, 2014, a request to decrease the project cost from \$29,836,377 to \$19,053,078 and to increase the square footage from 28,500 SF to 30,000 SF, with no increase in the number of operating rooms or procedure rooms was approved. It was determined that the move of the project within the campus of Saint Thomas Midtown Hospital did not require Agency approval, as the campus was considered within the definition of the CON's location.

RE: Baptist Plaza Surgicare
Certificate of Need CN1307-029AM

Dear Ms. Hill:

Baptist Plaza Surgicare respectfully requests that its certificate of need, CN1307-029AM, which is scheduled to expire on December 1, 2015, be extended to expire instead on June 30, 2017.

This certificate of need is for the renovation of an existing outpatient surgery center at St. Thomas Midtown Hospital (formerly Baptist Hospital) in Nashville, Tennessee. The certificate of need was unanimously approved at the October 23, 2013 meeting of the Tennessee Health Services and Development Agency. On July 23, 2014, the Agency modified the certificate of need by approving a move of the project within the campus of St. Thomas Midtown Hospital, decreasing the project cost, and slightly increasing the square footage.

The surgery center is currently located in a two-story building on the St. Thomas Midtown Hospital campus. The project now involves the expansion of the center into a newly constructed third floor of the building.

Originally, Baptist Plaza Surgicare anticipated that it would be able to occupy the new space by the spring of 2015. Unfortunately, although construction on the new space is under way, the landlord has informed us that Baptist Plaza should not expect to occupy the space for construction earlier than March of 2016. Thus, the project is delayed by at least a full year. We are requesting a slightly longer extension – through June 30, 2017 – because we do not want to disrupt the surgery center during the final quarter of the calendar year when many patients prefer to schedule surgeries.

Because we have already submitted a filing fee in the maximum amount in connection with this project, we understand that no additional filing fee is required.

Very truly yours,

Byron R. Trauger
