Re: Middle Tennessee Imaging d/b/a Premier Radiology
CN1605-016

Dear Ms. Hill:

Tennova Healthcare-Clarksville ("TH-C") hereby gives notice of its opposition to the above referenced project. TH-C is a 270 bed hospital located in Clarksville. Among the many services offered by TH-C is MRI imaging, both inpatient and outpatient. The Middle Tennessee Imaging Outpatient Diagnostic Center is located directly across the street from TH-C.

TH-C is opposed to the proposed additional Outpatient Diagnostic Center because it does not meet the criteria of need, economic feasibility, compliance with quality measures and orderly development of healthcare. Representatives of TH-C will be at the HSDA meeting at which this project is considered in order to explain the basis of its opposition in more detail. Thank you.

Sincerely yours,

Burr & Forman LLP

Jerry W. Taylor
