
Educator Licensure Renewal, Rule

The Background:

On August 16, 2013, the State Board adopted the rule related to the renewal of licenses for educators. The rule was signed by the Secretary of State to become effective on August 29, 2014. Because of the reverse course we have taken on educator licensure, this rule is no longer necessary, and should be withdrawn.

The Recommendation:

SBE staff recommends withdrawing this rule on final reading.
