

Civil Rights Division Solicitations

The Tennessee Department of Transportation (TDOT) is partnering with the Federal Highway Administration (FHWA) in soliciting proposals from accredited colleges/universities to host the 2016 National Summer Transportation Institute (NSTI) program.

The NSTI program's objectives are to improve STEM (Science, Technology, Engineering, and Math) skills, provide awareness to middle and high school students (rising 9-12 graders) – particularly minority, female and disadvantaged youth – about transportation careers, and encourage participants to consider transportation-related courses of study in their pursuit of higher education.
