## Apprentice and Transitional Completers

Teacher preparation program completers generally receive one of two types of initial license: Apprentice or Transitional. The Apprentice license is a full license, valid for five years, and renewable. The Transitional license is not a full teaching license; it is issued at the request of a superintendent/director of schools for a teacher who will be employed while completing licensure requirements. The license is issued for one school year at a time and may only be renewed two times for a maximum of three years. To receive either an Apprentice or Transitional license, an individual must hold a bachelor's degree from a regionally accredited university and have demonstrated competency in the subject matter for which the candidate is seeking licensure. Transitional license candidates must hold a Bachelor's degree, though the degree does not have to be conferred by the teacher training program.

Academic Credential	Completers	Most Frequent Academic Major
Bachelor's Degree & License	13	Elementary Education & Teaching
Master's Degree & License	13	Elementary Education & Teaching Middle School Education & Teaching
License Only		

## Licensure Assessments

Candidates for a Tennessee teaching license are required by training programs to demonstrate basic academic competencies. Candidates generally fulfill this requirement through standardized test scores. The most common standardized tests utilized are the ACT/SAT or the Core Academic Skills for Educators (Core) Reading, Writing, and Math assessment. In addition, Tennessee requires all teacher candidates seeking licensure take the Praxis II Principles of Learning and Teaching (PLT) exam and specific content area exams. Tennessee determines the qualifying score necessary to pass the Core Academic Skills for Educators and Praxis II assessments. *Note: The pass rate is not provided if there were less than 5 test takers.*

Core Academic Skills for Educators	Qualifying Score	Average Score	Pass Rate
Core Reading	156	179	100%
Core Writing	162	175	100%
Core Math	150	178	100%

Principles of Learning and Teaching	Number Taken	Number Passed	Pass Rate
Johnson Completers	21	21	100%
• Apprentice License Completers	21	21	100%
• Transitional License Completers	0	0	-

### Placement and Retention Data

Data reflect the placement and retention rates of graduates for each cohort year listed. These data are based on the program completers in the Personnel Information Reporting System (PIRS). The years refer to the number of years since the completers have graduated and been eligible to teach. Therefore, these data help to inform the rate at which an institution's graduates enter and remain in the teaching field in Tennessee public schools. The number teaching 3 out of 4 years is included to account for the teachers who may leave the profession for a year but do return (e.g. for maternity leave or FMLA).

Cohort Year	Number of Completers	Teaching in Year 1	Teaching in Year 2	Teaching in Year 3	Teaching 3 out of 4 Years
2009-2010	21	19.0%	19.0%	9.5%	14.3%
2010-2011	41	26.8%	19.5%	29.3%	
2011-2012	20	25.0%	50.0%		
2012-2013	26	23.1%			

### Statewide Distribution of Completers

The distribution of completers from the 2012-2013 cohort across the state in the 2013-2014 school year in Tennessee public schools.

County	Teachers	County	Teachers
Fentress	1	Shelby	1
Knox	2	Washington	1
Loudon	1		

## Tennessee Value Added Assessment System (TVAAS) Analysis

TVAAS analysis compares the effectiveness of a program's beginning completers (individuals with 1-3 years of experience) in terms of contribution to student achievement growth to other groups of teachers in the state. Analysis is based on one year estimates of t-value of teacher effects in the 2013-2014 school year.

**TVAAS Statewide Teacher Comparison:** The average effectiveness of beginning teachers who completed a training program at this institution as compared to the average effectiveness of teachers statewide in terms of contribution to student achievement growth.

**TVAAS Program Comparison:** The average effectiveness of beginning teachers who completed a program at this institution as compared to the mean of the average effectiveness for beginning teachers from all teacher training programs in Tennessee in terms of contribution to student achievement growth.

### Apprentice License Teachers

Subject	Statewide Comparison	Program Comparison	Teachers	Programs Statewide
<b>TCAP Composite (grades 4-8)</b>	-	-	14	30
○ Math			7	28
○ Reading/Language	-		10	27
○ Science			7	26
○ Social Studies	-	-	6	26

### Transitional License Teacher

*Johnson University does not have completers teaching on a transitional license; therefore, no TVAAS analysis is available.*

### Apprentice and Transitional License Teachers

+ represents a statistically significant positive effect

**Statewide Distribution:** The percentage of beginning teachers (1-3 years of experience) from this teacher training program who fall into either the lowest or highest effectiveness quintile. Quintiles are based upon the statewide distribution of the t-value of teacher effects in the 2013-2014 school year.
