

COVID-19 Transportation Cleaning Procedures

Daily

- Wipe or spray down frequently touched surfaces (seats, backs of seats, handrails, sides, etc.).
 - Be sure to use disinfectant
 - Read and follow directions on package
- Provide hand sanitizer for individuals getting on/off van
- Provide tissues *and* a trash can for easy disposal

Other tips

- Do not clean directly before you pick up passengers, as this may pose challenges for individuals with respiratory conditions such as asthma, COPD, etc.
- Place a "[cover your cough](#)" sign in the bus
- When possible, increase ventilation by opening windows
- When not at full capacity, encourage riders to sit separately
