

How to ship necropsy submissions

Step 1: Place animal in a doubled bagged trash bag.

Step 2: Line the cooler bottom with absorbent material.

Step 3: Place ice pack in the cooler.

Step 4: Place the animal in the cooler. Place completed necropsy form and owner release form in a Ziplock or biohazard bag and place it on top of the animal.

Step 5: Ship animal necropsies FedEx priority overnight. We **do not** accept Saturday deliveries.
