

Electronic Certificate of Veterinary Inspection (eCVI) Options

The Tennessee Department of Agriculture encourages accredited veterinarians to use electronic Certificates of Veterinary Inspections (eCVI) when a CVI is needed for intrastate or interstate movement of animals. Below are a few electronic CVI options that are approved by the National Assembly of State Animal Health Officials (NASAHO). A full list can be found at <https://usaha.org/sahoapprovedecvi/>.

Tennessee Approved Choices:

GlobalVetLINK

- Privately owned company providing services
- Fees associated with service
- Internet Services needed
- Website: <https://www.globalvetlink.com/>

Veterinary Services Process Streamlining (VSPS)

- Free web-based CVI option developed and administered by USDA/APHIS
- Approved for use in all States
- Requires Level 2 eAuthentication with USDA. eAuthentication is a registration process that enables users to securely access USDA Web applications and services via the Internet
- Also offers an online EIA (Coggins) submission form
- VSPS issued eCVIs are limited for use in the following species: alpaca, bison, bovine, caprine, cervidae, equine, llama, ovine, and porcine.
- For more information on VSPS, check out the website: <https://vsapps.aphis.usda.gov/vsps/> or [interstate handout.pdf](#)

Vet Sentry

- Privately owned company providing services
- Fees associated with service
- Internet Services needed
 - o Can be filled in while in rural settings and completed once connected to the internet.
- Website: <https://www.vet-sentry.com/>
