What Growth Energy can do for YOU
Growth Energy can support efforts by:

- Providing technical support
- Providing materials
- Political support—i.e. Feds actually using facility
- Assisting with coordination
- Limited financial support $2,500 per site for E85 & (blender pump installation)
Infrastructure Development Program:

• First come, first serve
• Can use additional Federal Income Tax credit
• Must sell for 3 years
• Must use pump imaging package
Pump Imaging Package:
Thank you for your time and support. Questions?
