

Tennessee Department of Agriculture Industrial Hemp Research Pilot Program

Processor Registration List

The following are some of the entities licensed as Tennessee processor participants in the Tennessee Department of Agriculture (TDA) Industrial Hemp Research Pilot Program. This is not an inclusive list and is subject to change. The list includes only those processors that elected to have their contact information publicized. Some of these companies are still in the planning phase. Listings are in order of submitted processor applications. TDA does not specifically recommend or endorse any of these companies. Any contract or monetary exchanges are solely between these companies and those they contract with. TDA recommends that any participant carefully read and fully understand the terms with any processor before signing a contract.
