2022 Application C

Poultry Grower
Commercial Producers

Application Period
October 1 – 7, 2022
The Tennessee Agricultural Enhancement Program was established in 2005 to provide cost share dollars to agricultural producers for the purpose of making long-term investments in Tennessee farms and communities. Participation allows producers to maximize farm profits, adapt to changing market situations, improve operation safety, increase farm efficiency, and make a positive economic impact in their communities.

More than $224 million has been invested in 74,619 producer projects from 2005 through 2021. Each TAEP dollar generates $6.09 in local economies.

**Eligibility**

To be eligible for TAEP cost share, applicants must meet basic eligibility requirements. See page 4 for additional information on eligibility requirements.

**Farm Operation Participation**

The applicant must be a Tennessee resident residing in Tennessee and operating a farm in Tennessee. A farm operation may involve the production of multiple agricultural products and may have multiple locations in Tennessee. A farm operation may be owned and operated by single individual, multiple individuals, company, corporation, or a partnership. Only one person from the farm operation may apply for TAEP Application C cost share.

**Federal IRS Schedule F (Form 1040) – 2020 or 2021**

Each applicant must have filed a Federal IRS Schedule F (Form 1040) within the last two years (2020 or 2021) to be eligible to participate in TAEP. Approved applicants may be asked to submit a copy of their Schedule F to verify their farming operation at some time during the program cycle.

**Adjusted Gross Income (AGI) Certification – 2020 or 2021**

Applicant must certify their Adjusted Gross Income (AGI) is less than (or equal to) $900,000 in the tax year 2020 or 2021.

Approved applicants are required to submit an IRS Form W9 as part of their reimbursement documentation. This form is required for processing cost share payments and for reporting taxable income.

**Tennessee Poultry Association**

Applicant must have a current (not expired) membership with the Tennessee Poultry Association (TPA) at time of application. Membership must be in the name of the applicant. See p. 4 for additional information.

**Reimbursement Maximum**

Each TAEP program has a reimbursement payment maximum. The amount of payment is based upon a cost share percentage (35% or 50%) of expenses incurred for eligible program items.

**Cost Share Percentages & Master Certification**

All approved applicants are eligible for 35% (Standard Producer) cost share. For applicants wanting to qualify for 50% cost share (Master Producer), an eligible master producer certificate is required at time of reimbursement (not time of application). Certificates must be completed by the applicant. Certificates must be issued after January 1, 2019 to be considered current for TAEP.
