Local Board Members
What is an ECD?

• An Emergency Communications District (ECD) is an independent governmental entity, a “municipality” or “public corporation in perpetuity” and a “body politic and corporate with power of perpetual succession” but without the power to tax.
  - *Tenn. Code Ann. § 7-86-106*

• There are 100 ECDs in Tennessee

• ECDs are governed by their boards of directors, usually appointed by the County Executive
Purpose of an ECD

- ECDs provide a simplified means of securing emergency services, to result in saving of life, reduced property damage, quicker apprehension of criminals, and cost savings.

- The funds received by the ECD are to be used to obtain emergency services for law enforcement and other public service efforts requiring emergency notification of public service personnel.

- The funds received from all sources shall be used exclusively for the operation of the ECD.
Authority of an ECD

- Each ECD board has the authority to employ such employees, experts, and consultants as the board may deem necessary to assist the board in the discharge of its responsibilities to the extent that funds are available.
- ECDs are charged with the responsibility to create an emergency communications service within their geographic boundary whereby a public safety answering point may receive telephone calls dialed to the telephone number 911.
- Upon receipt of the call, the ECD must then utilize one of the following three methods in response to emergency calls:
  - Direct Dispatch method
  - Relay method, or
  - Transfer method
Answering 911 Calls

- 99 ECDs have elected to dispatch 911 calls
  - Some perform this function with their own staff and resources
  - Remainder have delegated local governments to act as the district’s agent in performing this function

- Each ECD specifically tailors its intergovernmental arrangements to meet the local needs of its citizens

- These arrangements should be memorialized in writing in an interlocal agreement (aka contract), be signed and authorized by all participating authorities, and submitted to the TECB
How an ECD is Funded

- An ECD may receive funds from any source, including the following:
  - Federal
  - State
  - Local
  - Private
  - Issuance of bonds

- All funds received by the ECD are public funds for the furtherance of the 911 system

- Funds shall be used exclusively in the operation of the emergency communications district - TCA § 7-86-102(d)
How an ECD is Funded

• TN has a 911 monthly surcharge of $1.16 per cellphone and landline

• 911 surcharge was set by a statewide law that went into effect on January 1, 2015

• Funds are collected by dealers who retain a 2% administrative fee before submitting funds to the TN Department of Revenue

• TECB guarantees a base amount of funds to each ECD:
  – Amount is equal to the average of the total recurring annual revenue the ECD received from fiscal years 2010, 2011, 2012
  – ECDs will receive a minimum of 50% of any revenue collected in excess of TECB’s annual fiscal requirements to the ECD
  – TECB policy states that 75% minimum of “excess funds” will go to ECDs*
911 Revenue Standards

• The TECB has established Revenue Standards that govern how ECDs expend 911 revenue

• There are:
  – 5 required revenue uses
  – 28 permissible uses
  – 8 prohibited uses

Standards are available for review here:
https://www.tn.gov/content/dam/tn/commerce/documents/e911/posts/E911-08.03.16-Revenue-Std.pdf

State 911 Laws

TECB and ECD laws are written and contained within Tennessee Code Annotated Title 7 Chapter 86, Parts 1 through 4

- Part 1 – Creates and governs ECDs
- Part 2 – Establishes requirements of Public Safety Dispatchers
- Part 3 – Creates and governs the TECB
- Part 4 – Kari’s Law

All of Title 7, Chapter 86 can be found here:

**TN Open Meetings Act (Sunshine Law)**

- TN State law requires that meetings of all boards and commissions be noticed and held publicly.
- A meeting is broadly construed, so a phone call, email exchange or general conversation outside of an official and noticed meeting between two or more board members about board business would be a violation of the sunshine laws.
- If you believe a board member or board members violated sunshine law, consult with the board attorney.
  - May be possible to rectify any possible violation, but its best to avoid violations or even the appearance of a violation.
Open Records Laws

• Generally speaking all records of the state and local government are subject to an open records request, unless specifically exempted or considered by statute as confidential.

• ECDs are required to adopt an Open Records Policy, a standard form of which can be obtained from the Office of Open Records Counsel at the Tennessee Comptroller of the Treasury.

• For assistance with open records requests, the best option is to contact the Office of Open Records Counsel: https://www.comptroller.tn.gov/openrecords/
ECD Policies: Audits

Ask your Director for your ECD’s most recent policies

• At the close of every fiscal year, all ECDs are required to be audited and the audit report to be submitted to the Office of the Comptroller no later than December 31.
• What group audits the ECDs?
  – The Office of the Comptroller or an independent CPA under a contract to audit accounts.
• What should an ECD expect from an audit report?
  – An opinion on the ECD’s financial statements regarding the financial health of the district and descriptions of violations of Generally Accepted Accounting Principles (GAAP).
• TECB can provide support to Districts by confirming revenues and helping to prepare responses to any material weakness and findings
ECD Policies: Ethics

Ask your Director for your ECD’s most recent policies

- Comprehensive Governmental Ethics Reform Act of 2006 changed ethics laws, resulted in the Ethics Commission
- The Ethics Act requires all governmental entities to adopt ethical standards for all officials and employees and submit their ethical standards to the Ethics Commission
- Ethical standards are required to include rules and regulations on:
  - Disclosure by officials and employees of any personal interests that impact or appear to impact their discretion
  - Acceptance of gifts and other things of value received by an official that impact or appear to impact their discretion
- ECDs can:
  - Adopt a model ethics policy created by MTAS or CTAS
  - Adopt their own policy
  - Determine whether they are covered by a policy adopted by the county or municipality
TECB Rules

- The TECB has the authority to create and enact rules to effect the purposes and authorities given to it by law.
  - 0780-06-01 – Sets procedures for how the TECB receives and handles proprietary and confidential information.
  - 0780-06-02 – Establishes minimum dispatcher training requirements.
  - 0780-06-03 – Requires all wireless telecommunications providers to submit and maintain contact information for law enforcement use.
  - 0780-06-04 – Sets application process and minimum requirements for ECDs to apply for base funding increase in accordance with state law.
  - 0780-06-05 – All distributions from board are to be provided to ECDs in same proportion as base funding distributions.
    - These go live on November 26, 2018
TECB Policies

• The TECB enacted several policies that dictate procedure with regard to certain TECB and ECD activities and situations. These policies ensure uniform application of TECB authority when acting in similar circumstances.

• All TECB Policies can be found here: https://www.tn.gov/content/dam/tn/commerce/documents/e911/posts/E911-Policies.pdf.
