Tennessee Public Safety Training Academies

To give you a better understanding of how to use the portal, we have developed a short series of instructional videos. Please [click here](#) for Part 1, [here](#) for Part 2, and [here](#) for Part 3.

Tennessee Public Safety Training Academies

The Tennessee Public Safety Training Academies Portal is your access to schedules, registration and other information for the TN Law Enforcement Training Academy; TN Fire Service & Codes Enforcement Academy, TN POST Commission and TN Commission on Firefighting. This combined records management approach helps us maintain accurate, complete and accessible lifelong records for law enforcement officers, firefighters and emergency responders who complete training classes conducted by either academy and certifications issued in Tennessee. In the future, this site will also have the ability for authorized agency officials to update records, log in-service training for local departments and take on-line certification exams. We hope our customers will find this portal useful as another tool to assist in meeting your training and certification needs.

Tennessee Fire and Codes Enforcement Academy Update:

In our efforts to streamline our registration process, we are only accepting applications for courses posted to the TFACA training schedule via the Acadis Portal. You (or your training officer) will need a portal account to request enrollment into a course. The below information will guide you in your next steps:

- **Returning Students:** If you have a PSID and need to register for a course or want to setup a portal account fill out the form below: [TFACA Returning Students: Request Registration Permissions](#)
- **New Students:** If you need a PSID the below form will create a new person record. DO NOT USE THIS FORM IF YOU HAVE AN EXISTING PSID.
