Pharmacy Benefit Design

5-Tier Structure

Cigna Healthcare Plans

- ✓ All non-standardized Cigna Healthcare IFP plans in all states use a **5-Tier** benefit design (retail and home delivery)

Note: Member Pay Difference is in all states for 2026, except IL. Member Pay Difference is when a customer requests a brand-name drug that has a generic equivalent. The customer will be financially responsible for the amount by which the cost of the brand-name drug exceeds the cost of the generic drug, plus the brand copay or coinsurance shown in the Benefit Schedule. For IL ONLY: If customer request a Brand Name Drug, even when there is a Generic equivalent available, customer will pay the applicable Brand Copayment or Coinsurance shown in the benefit schedule.

In CO, Tier 1 will be referred to as "ACA Preventive Care Drugs", all generics will be on Tier 2.

Tier 5 has a maximum days' supply of 30 days, except in NC, it is maximum of 90 days.

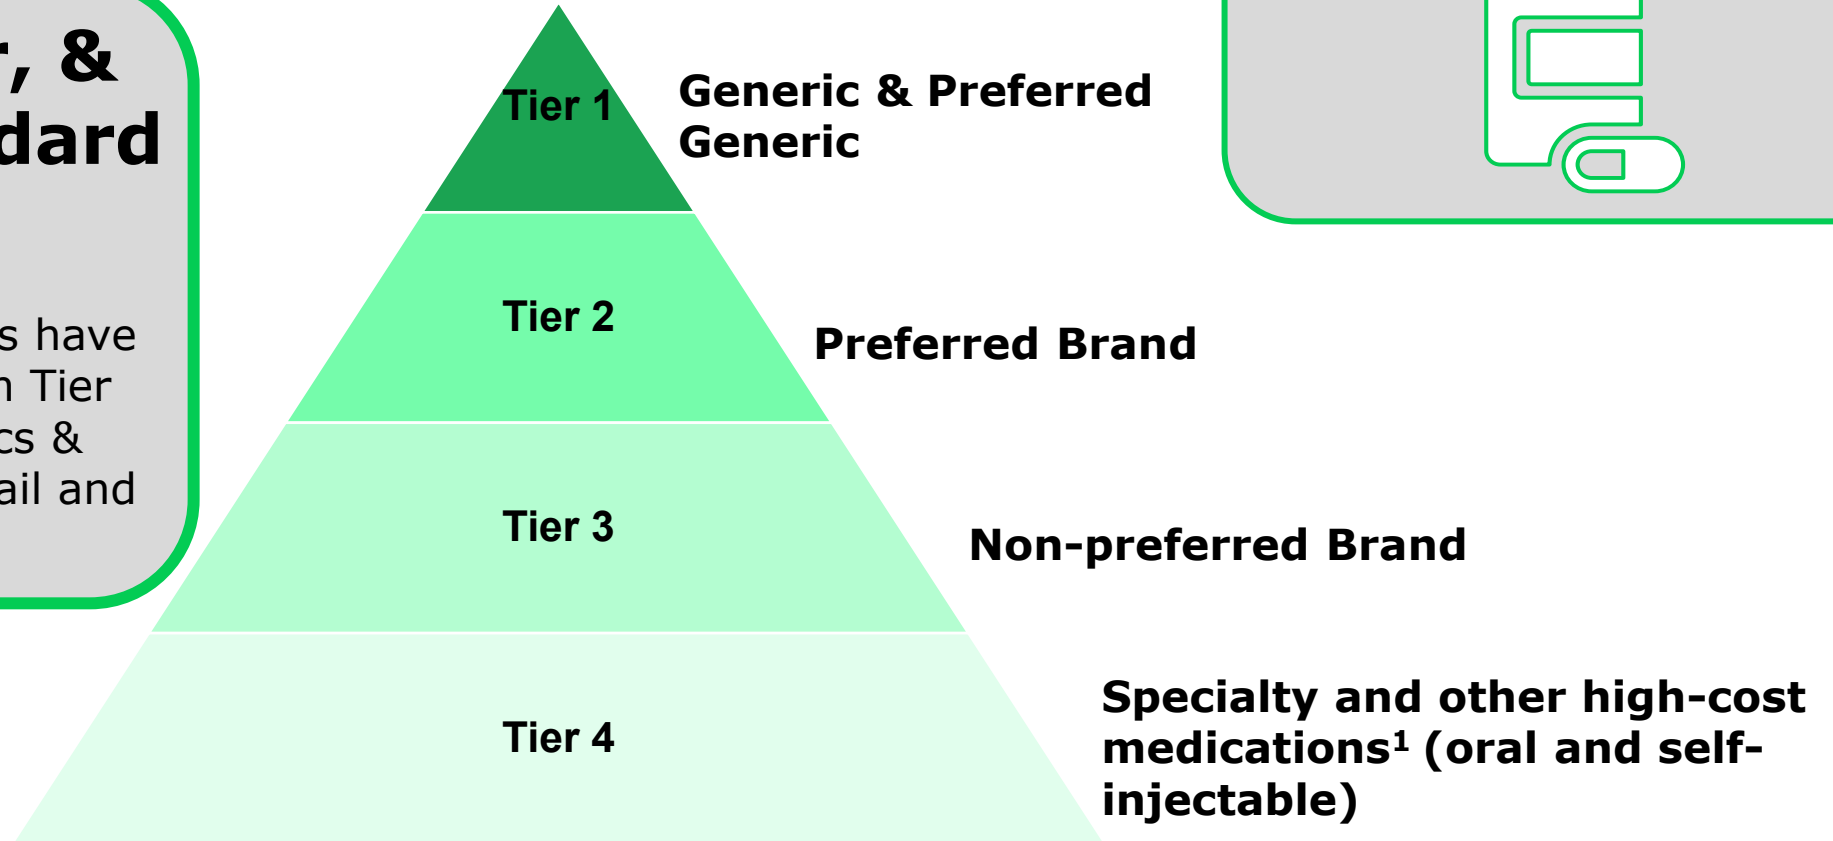

Pharmacy Benefit Design

4-Tier Structure

Bronze, Silver, & Gold CMS Standard Plans

- ✓ CMS Standardized Plans have a **4-Tier** structure, with Tier 1 covering both Generics & Preferred Generics (retail and home delivery)

[Cigna.com/ifp-drug-list](https://www.cigna.com/ifp-drug-list)

Note: Member Pay Difference is in all states for 2026, except IL. Member Pay Difference is when a customer requests a brand-name drug that has a generic equivalent. The customer will be financially responsible for the amount by which the cost of the brand-name drug exceeds the cost of the generic drug, plus the brand copay or coinsurance shown in the Benefit Schedule. For IL ONLY: If customer requests a Brand Name Drug, even when there is a Generic equivalent available, customer will pay the applicable Brand Copayment or Coinsurance shown in the benefit schedule.

Customers will see CMS standardized plans with a 4-tier display in all markets for 2026 except for CO. CO offers separate standardized plans to meet state requirements. The CMS Standard plans will provide Mail Order prescriptions at 3x the Retail cost for all applicable states, however tier 4 matches the retail cost, per CMS requirements.

Updates in 2026

What you need to know

My financial assistance seems to have gone down:

Why did my monthly premium tax credit decrease?
The enhanced subsidy program, which made ACA plans more affordable, is set to expire at the end of 2025. This likely explains the decrease in your 2026 monthly premium tax credit. Open enrollment ends 1/15/26 so it may not be too late to find another Cigna Healthcare plan that might better fit your needs. Call us at 800.244.6230 to review your options.

Can my broker help?
Yes, contact your broker right away. They can update your financial information and help with plan options or help pay this bill if needed. If you didn't enroll through a broker, visit the Marketplace to verify and update your information, including yearly income.

Where are my ID cards?
I haven't received my ID cards yet. Where are they?
Cigna Healthcare now uses digital ID cards for 2026. You can find them in your myCigna account, add them to your phone wallet or print them. Log in to your myCigna account and click on "ID cards" at the top.

Please pay this bill promptly to keep your coverage active. We're excited to serve you again this year.

Individual and Family Plans

Hello Customer,

Thank you for giving us the opportunity to serve you. This notice is intended to help guide you through what is changing for 2026 and how that might impact actions you need to take during Open Enrollment, starting November 1, 2025.

What's going on?
Changes impacting how the Affordable Care Act (ACA) operates were finalized as part of the One Big Beautiful Bill Act Public Law No: 119-21 and rules established by the Centers for Medicare and Medicaid Services (CMS), the federal body that regulates the ACA marketplace. Equally important to what was included in these items is what was not included – an extension past 2025 of the enhanced subsidy program that helped make ACA plans more affordable. Together, these changes may impact the amount you will pay for health insurance coverage in 2026 and actions you may need to take this year to maintain that coverage.

What changes might impact me?

- If you were eligible for a subsidy (also known as an Advanced Premium Tax Credit (APTC)) in 2025, as a result of the changes mentioned above, your eligibility status or your subsidy dollar amount may change – impacting what you will pay in 2026.
- To learn more about these possible impacts please visit Cigna.com/Renew2026.

What do I need to do and by when?

- Starting November 1, 2025 it is important that you update your application, including your financial information, with your respective Marketplace. Visit Cigna.com/Renew2026 for details on options by state of residence to update your application and determine your premium.
- If you work with a broker, please contact them for assistance.

Open Enrollment starts on November 1, 2025 and ends on January 15, 2026. For a plan start date of January 1, 2026 you must enroll by December 15, 2025. Please check with your State Marketplace, as enrollment dates may vary.

You can also find important information regarding your plan's renewal on our website and in your plan's Summary of Benefits and Coverage (SBC). You can find these documents by following these easy steps:

- Visit Cigna.com/ifp-documents
- Select your coverage type
- Select your plan year
- Select your state
- Click on "View Documents"

We're here to help if you have any questions about your 2026 renewal options. Visit Cigna.com/Renew2026, talk with your broker or call us directly at 1.800.244.6230.

Sincerely,

Cigna Healthcare Individual & Family Plans (IFP)
