TO: Tennessee Alarm Systems Contractors
Alarm Qualifying Agents

FROM: Cody Vest, Executive Director

DATE: March 12, 2016

RE: NEW AND AMENDED RULES – EFFECTIVE MAY 26, 2016
ALARM EMPLOYEE REGISTRATION RENEWALS - 0090-01
STANDARDS OF PRACTICE – 0090-06

Be advised, new and amended *Administrative Rules 0090-01 and 0090-06* regarding changes in the process for *Renewal of Tennessee Alarm Employee Registrations and New Standards of Practice for Alarm Sales* become effective on **May 26, 2016**. You can review the new and amended rules using the following link: http://share.tn.gov/sos/rules_filings/02-27-16.pdf

Initial implementation of amended rules regarding the renewal of Alarm Employee Registration will assign the expiration date of the Alarm Systems Contractor employer to each employee currently registered with that company. After May 26, 2016, Alarm Employee Registrations will expire the last day of the month two (2) years after issuance. Alarm Employee Registrations will be required to be renewed individually every two (2) years.

If your Tennessee Alarm Systems Contractor Company Certification expires between April, 2016 and July, 2016 you may want to consider renewing early to avoid issues with alarm employee expiration dates/renewals during implementation of these rules.

Please take a minute and sign up for notify so you can receive electronic notices for laws and rules updates, and other news regarding the Tennessee Alarm Systems Contractors Board.
