LICENSE RENEWALS RESOURCE

Renewal notices are mailed 90 days prior to the license expiration date to the address listed on file. It takes approximately 30 days to process once received by our office. Even if you renew online, a license renewal form is automatically generated 90 days prior to the expiration date and mailed to each licensee. Licensees have the option to renew **“Online”** or they may continue to utilize the **“Paper Renewal”**. Currently, Contractors and Home Improvement Contractors may only “partially” renew online. The online system does not currently provide a means to download documents required to fulfill the renewal requirements.

No Grace Period: A contractor does **not** have a grace period to continue to contract once the license expires, however, they have 12 months to renew with penalties. The law requires renewals to be submitted to the Board **30 days prior to the expiration date** in order to prevent working on an expired license which is considered a violation of law. Extensions to contract on an expired license cannot be granted. In addition, a license with a "Retired" status is not legal to operate and the same as "unlicensed".

Renewal Due Date: Contractor licenses are renewed biennially and issued for two (2) years. The expiration date is on the last date of the month, in which the license was originally issued. You may check your expiration date online at: [License Search and Verification](#). Renewals should be submitted to the Board's office **30 days prior to the expiration date**. Please allow 5 to 7 business days for mail delivery. A license cannot be renewed if has been expired for 12 months; must apply for a reinstatement utilizing the initial [contractor's license application](#).

Renewal Process: Board office conducts an audit, which includes: 1) checking the financial statement to ensure the working capital and net worth supports the current monetary limit; 2) checking for proof of insurance and making sure coverage includes Tennessee; 3) Corporate status is confirmed; and 4) check to see that the "Contractor's Affidavit/Renewal Questionnaire" was completed, signed and notarized. If submitting online, attesting does not require a notary. Any renewal lacking information will be sent a letter notifying the contractor to respond within 30 days. For those not responding within 12 months of the expiration date, the renewal form is placed in archives for storage. The Board office cannot accept fees in their office whenever renewals are hand-delivered and must be delivered to the Cashier's office. The Cashiers' cannot accept credit or debit cards; only checks, money orders or cash. Do not send cash through the mail. Send all mail (*including express and over-night*) to: State of TN – Contractors Board; 500 James Robertson Parkway, Nashville, TN 37243-1150.

Pending Renewals: Renewals received which lack the required financial supporting documentation, our staff will notify the contractor after the audit with options. It is your responsibility to follow-up to ensure the renewal has been issued.

For more clarification to these options or access to the forms needed to complete the renewal, go to: ["Renewal-Financial Options"](#). In order for Contractors to retain renewal rights, they must respond in writing with the required information within 12 months of expiration date or place license in ["Retirement"](#). Always allow **30 days** for processing!
