MISCELLANOUS REQUESTS –

Request for Waivers, Reconsiderations and Extensions:

Update: At the August board meeting we presented three applicants applying for reciprocity of manicure license from Georgia with transcripts that appeared to be fraudulent with several errors. Since that time, each of those applicants has provided an error free transcript and the office is now getting applicants form that particular school weekly as opposed to the school we requested an investigation of. This particular school appears to be licensed and they have a presence online. We have at least one example of an individual that presented a transcript from both of these schools causing the concern, questions and the reason the second school was reviewed closer. The office emailed the Executive Director of the Georgia State Board again asking for a status of the schools and the investigation. At this time there are no updates. Legal council is working on a second request to include this school. Until then applicants from both these school are being sent letters explaining that the hours are not accepted at this time.

Request for extension of continued education requirement from cosmetology instructor Sandra Rena Weissinger. Pursuant to Tenn. Code Ann. §62-4-114 an instructor must complete the 16 hours of an approved training program. It is at the board’s discretion to approve up to one additional year extension for good cause. She provided a letter explaining that her husband was diagnosed with cancer and she has been occupied with the stress of that, and other life events, therefore missing when she should have completed her continued education. Records indicate that the last session she took was in 2015. Her license expired in July 2018 and since she had not completed the 16 hours within the two years, the instructor part was removed. She is registered at the October 13-14 session and has never asked for an extension.
MOTION made by Amy Tanksley and seconded by Judy McAllister to approve the request. Motion carried unanimously.

Request for extension of continued education requirement from cosmetology instructor Teresa Patterson. Pursuant to Tenn. She provided an explaining about her ongoing health issues and has medical documents available. She completed the session in Memphis on September 24 and this rule was explained by the executive director, she realized she was passed her renewal cycle. Records indicate that the last session she attended was in August 2016. Her license expired in August 31, 2018 and she would be one month past the required tome to complete the requirement. She has never had an extension.

MOTION made by Patricia Richmond and seconded by Amy Tanksley to approve the request. Motion carried unanimously.

This individual was cited for unlicensed activity for performing work without a license providing services out of her home not a licensed shop but instead was simply advertising on Facebook. However, she made application for a license in Tennessee on September 20, 2016 and is awaiting a final determination since she had been licensed in Florida.

**Decision:** Approved

**Update:** The investigative report contains no evidence that Respondent actually engaged in unlicensed activity; rather the report only shows that Respondent advertised to perform services without a license. Further, the report includes the investigator’s statement to
Respondent that he advised Respondent that she could only perform manicure services with a license and from a licensed shop, and that “he would report the verbal warning to the state and no further action would be taken if she complied.” To date, there have been no further complaints regarding this individual. Further, a CLEAR report indicates that Respondent no longer resides in state. In light of the lack of evidence contained in the report and the investigator’s own statements made to Respondent, Counsel recommends this matter be dismissed.

NEW BUSINESS:

On September 18, 2018 Tennessee Academy of Cosmetology closed its two campuses located in Memphis. They provided the students with a letter with an email and telephone number to assist them through the process. Since that date, the board as well as the Tennessee Higher Education Commission have received excel reports listing all the students enrolled at the school at the time of the closure. The executive Director had several conversations with one of the owners to assist the students through this horrible process. Students were emailed Withdrawal forms and their hours released. A total of 87 students are on the reports submitted. In a few cases the number of hours needed to be corrected by TAC and the office will create students files for all those students. Eleven students had been at the school three weeks when it closed. Four or five students were within a month of finishing their education.

Three students presented their specific requests for the board to consider:

Megan Holcomb, aesthetics student: requesting board waive the 78 hours she is lacking in order to take the Tennessee exams. She presented a letter explaining her search to continue her education and the financial burden this would create not to mention the time she has already lost.

MOTION made by Patricia Richmond and seconded by Becky Russell to table the request to the November meeting. Motion carried unanimously.

Kyra Saulsberry, manicure student: requesting board waive the less than 70 hours she is lacking in order to take the Tennessee exams. She presented a letter explaining her search to continue her education and the financial burden this would create not to mention the time she has already lost.

MOTION made by Patricia Richmond and seconded by Becky Russell to table the request to the November meeting. Motion carried unanimously.

Samantha Bedford, cosmetology student: requesting board put her in PSI to take the Tennessee exams. She completed 167 hours toward cosmetology in high school. She was not aware that these hours counted or could have been accepted. On August 11, 2018 she went past the seven years. If these hours could be approved and TAC corrects her hours to the 1,362 she says they have confirmed she has then she meets the requirements and can be put to test. She has baby due early November and was just in an automobile accident.

MOTION made by Patricia Richmond and seconded by Judy McAllister to approve request to test. Motion carried unanimously.

Ms. Becky Russell offered to see if the Tennessee College of Applied Technology (TCAT) Schools would be able to take on some of these students. The board discussed how to handle other students not able to find a great solution to their situation. Further decision and conversations would take place in November.
Rule Updates:

The attorney for the board, Cherrelle Hooper, updated the board and the rules. The board reviewed the updated redline version. These rules were presented at the August board meeting and had a few changes. The rulemaking process was explained, statement of necessity read and the Governor’s questions covered.

MOTION made by roll call to accept the rules as amended. Motion carried unanimously.
