TO: Tennessee State Board of Cosmetology
FROM: Terrance L. Bond, Assistant General Counsel
DATE: August 1, 2011
SUBJECT: August Legal Report

1. 201100853-1

A consumer complaint alleges that a licensed cosmetologist gave the consumer a hairstyle with which the consumer was extremely dissatisfied. Neither the cosmetologist nor a representative of the shop responded to a request from the Board for response to the consumer's complaint.

Recommendation: Close with a letter of warning.

2. 201100340-1

The Respondent, a cosmetologist who has held such license in Tennessee since 2002, was accused by the Texas Department of Licensing and Regulation (TDLR) purchasing approximately one hundred (100) classroom hours and reporting such hours toward her education as a cosmetology facialist. The Respondent only held a "student permit" in the State of Texas and neither applied for nor obtained a license to practice cosmetology in Texas. No additional information has been received from the TDLR relative to its pending claim against the Respondent.

Recommendation: Close with a letter of warning.

3. 201100857-1

A consumer complaint alleges that the Respondent, who owns a licensed cosmetology shop, does not maintain covered trashcans or a blood spill kit in her shop. The consumer also alleges that the Respondent engages in false advertising relative to sterilization and employment of a "medically trained" nail technician (according to the Complainant, such advertisement is featured on the Respondent's website). No evidence supporting the Complainant's assertion relative to the nail technician could be found on the Respondent's website. The Respondent's last reported inspection score was 100. The Respondent failed to respond to an office request for response to the Complainant's allegations.

Recommendation: Close with a letter of warning.

4. 201100858-1

A consumer complaint alleges that a licensed cosmetology shop opened 20 minutes late and failed to provide working restroom facilities for clients, stating that a sign was posted on the restroom door indicating that the facilities were "out of order". According to the consumer, clients had to walk to a neighboring business to use the bathroom. The Respondent failed to respond to an office request for response to the Complainant's allegations.

Recommendation: Close with a letter of warning.

5. 201100865-1

A consumer complaint alleges that a licensed cosmetologist incorrectly applied a perm to her hair, causing the consumer to experience scalp irritation and hair loss. In addition, the consumer alleges that she contacted the board office and was advised that the individual who performed her service did not hold a cosmetology license. The owner of the shop responded to the complaint, stating that she was present for the consumer's service and the consumer was satisfied with her service at the time she received it. According to the owner, the consumer later complained that the style didn't "last long enough" and demanded a refund, which the owner declined to give since the consumer received the service she requested. The owner also states that she examined the consumer's hair and found no evidence of damage or obvious hair loss. The owner states that the cosmetologist has passed both her theory and practical exams at the time of service and that her results were displayed at the time of service.

Recommendation: Place a copy of the complaint in the licensee's license file and close.

6. 201100335-1

A consumer complaint alleges that the consumer was dissatisfied with a color service that she received from a licensed cosmetologist and that the cosmetologist was rude to her concerning a refund she requested after expressing her dissatisfaction with the service. The Respondent failed to respond to an office request for response to the Complainant's allegations.

Recommendation: Close with a letter of warning.
