Note 1 - Summary of Significant Accounting Policies

A. ACCOUNTING PRACTICES

The accompanying financial statements of Tennessee Behavioral Health, Inc. ("TBH" or the "Company") have been prepared in conformity with the National Association of Insurance Commissioners (NAIC) Annual Statement Instructions, the NAIC Accounting Practices and Procedures Manual and the accounting practices prescribed or permitted by the State of Tennessee Department of Commerce and Insurance, which represents a comprehensive basis of accounting other than generally accepted accounting principles (GAAP).

The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State. Effective January 1, 2001, the State required that insurance companies domiciled in the State of Tennessee prepare their statutory basis financial statements in accordance with the NAIC *Accounting Practices and Procedures* manual – Version effective January 1, 2001 subject to any deviations prescribed or permitted by the State of Tennessee insurance commissioner.

B. USE OF ESTIMATES IN PREPARATION OF THE FINANCIAL STATEMENTS

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the period. Actual results could differ from those estimates.

Medical claims payable is computed in accordance with generally accepted actuarial practices and is based upon authorized healthcare services and past claims payment experience, together with historical utilization experience and management judgment. Estimates are monitored and reviewed and, as settlements are made or estimates are adjusted, differences are reflected by the Company in current operations.

- 13. REVENUE AND PREMIUMS RECEIVABLE: Capitation payments are recognized as revenue in the month due to the Company. The purpose of this withhold is to assure the Contractor's compliance with all terms and conditions of the Contract. Additionally, retroactive membership adjustments for both the East and Middle/West region contracts are paid over a twelve month period. As these retroactive membership adjustments are material to the Company's results, the Company records an estimated receivable, based on historical payment patterns. This receivable is included as a component of Uncollected Premiums in the accompanying financial statements.

Per Section 4.7.1.2 of the Contract, the Company elected to participate in a profit/loss risk banding arrangement with the State of Tennessee (the "State"). Effective January 2002, the company elected to use profit/loss risk banding option 2, under which losses up to ten percent are shared equally by the Company and the State and gains up to ten percent are shared seventy percent State and thirty percent Company. Effective January 2006, the profit/loss risk banding terms between the Company and the State were amended. Under the terms of the amendment, the Company and the State share gains below a medical loss ratio of 85% and losses above a medical loss ratio of 91%, equally. The profit/loss risk banding terms do not apply to the East region contract which started in July 2004. Risk share revenue is recognized on a monthly basis consistent with the applicable terms. The receivable related to the profit/loss

risk banding is evaluated monthly, based on current estimates of medical costs. Based on this review, any required adjustment for prior period risk share revenue is recognized
