Identification

I, Adrian Rosen, Actuarial Director, am an employee of Elevance Health, Inc., and a member of the American Academy of Actuaries. I was appointed on September 24, 2021 in accordance with the requirements of the annual statement instructions for Wellpoint Tennessee, Inc., a subsidiary of Elevance Health, Inc. I meet the Academy qualification standards for rendering the opinion.

Scope

I have examined the assumptions and methods used in determining loss reserves, actuarial liabilities, actuarial assets, and related items listed below as shown in the annual statement of the organization as prepared for filing with state regulatory officials, as of December 31, 2024.

A. Claims unpaid (Page 3, Line 1)	\$309,735,601
B. Accrued medical incentive pool and bonus payments (Page 3, Line 2)	\$12,600,439
C. Unpaid claims adjustment expenses (Page 3, Line 3)	\$8,368,552
D. Aggregate health policy reserves (Page 3, Line 4) including unearned premium reserves, premium deficiency reserves and additional policy reserves from the Underwriting and Investment Exhibit – Part 2D	\$107,583,592
E. Aggregate life policy reserves (Page 3, Line 5)	\$0
F. Property/casualty unearned premium reserves (Page 3, Line 6)	\$0
G. Aggregate health claim reserves (Page 3, Line 7)	\$0
H. Any other loss reserves, actuarial liabilities, or related items presented as liabilities in the annual statement	
1. PDE Reject Reserve (part of Page 3, Line 12)	\$355,536
I. Specified actuarial items presented as assets in the annual statement	
1. Actuarial Portion of Rx Rebate Receivables (part of Page 2, Line 24, Column 1)	\$9,035,041
2. CMS - Medicare Final Sweep (part of Page 2, Line 15.3)	\$30,060,738
3. Accrued Retrospective Premiums (part of Page 2, Line 15.3)	\$3,464,597
4. Provider Settlement Receivables (part of Page 2, Line 24, Column 1)	\$3,769,709

Reliance

In forming my opinion on Unearned Premium Reserves (part of Aggregate Health Policy Reserves) and Legal Claim Reserves (part of Unpaid Claims), I relied upon data prepared by Vince Scher, Staff VP Investment Programs & Treasurer, and Michelle M. Rothenberg-Williams, Managing Associate General Counsel Senior, Elevance Health, Inc., as certified in the attached statements. I evaluated that data for reasonableness and consistency.

In forming my opinion on the estimate of the Enhanced Personal Health Care balances, which is part of Accrued Medical Incentive Pool and Bonus Payments, I relied upon data prepared by Katherine Wondergem, Director & Actuary I, Clinical Solutions Finance, Elevance Health, Inc., as certified in the attached statements. I evaluated that data for reasonableness and consistency.

In forming my opinion on the Medicare Risk Adjustment Processing System (RAPS) related payables, part of Aggregate Health Policy Reserves (part of the Aggregate write-ins for other policy reserves), I relied upon data and records prepared by Phillip Dlugosz, Vice President Medicare Finance, Elevance Health Inc., as certified in the attached statement. I evaluated that data for reasonableness and consistency.

In forming my opinion on the Rx Rebate Receivable accrual, I relied upon data prepared by Kristin Schmidt, Associate Actuary, Clinical Solutions Finance, Elevance Health, Inc., as certified in the attached statements. I evaluated that data for reasonableness and consistency.

In forming my opinion on Medicare Final Risk Score Settlement accrual, I relied upon data prepared by Jeffrey Reynolds, Director & Actuary III, Medicare Pricing, Elevance Health, Inc., as certified in the attached statements. I evaluated that data for reasonableness and consistency.

In other respects, my examination included such review of the actuarial assumptions and actuarial methods and of the underlying basic liability records and such tests of the actuarial calculations as I considered necessary. I also reconciled the underlying basic liability records to the Underwriting and Investment Exhibit, Part 2B of the company's current annual statement.

Opinion

In my opinion, the amounts carried in the balance sheet on account of the items identified above:

- A. Are in accordance with accepted actuarial standards consistently applied and are fairly stated in accordance with sound actuarial principles;
- B. Are based on actuarial assumptions relevant to contract provisions and appropriate to the purpose for which the statement was prepared;
- C. Meet the requirements of the Insurance Laws and regulations of the state of Tennessee, and the loss reserves and actuarial liabilities are at least as great as the minimum aggregate amounts required by the state in which this statement is filed;
- D. Make a good and sufficient provision for all unpaid claims and other actuarial liabilities of the organization under the terms of its contracts and agreements;
- E. Make a reasonable provision for all actuarial assets of the organization under the terms of its contracts and agreements;
- F. On a combined basis, make a reasonable provision for all actuarial assets and actuarial liabilities of the organization under moderately adverse conditions;
- G. Are computed on the basis of assumptions and methods consistent with those used in computing the corresponding items in the annual statement of the preceding year-end; and
- H. Include appropriate provision for all actuarial items that ought to be established.

The Underwriting and Investment Exhibit, Part 2B was reviewed for reasonableness and consistency with the applicable Actuarial Standards of Practice.

Actuarial methods, considerations, and analyses used in forming my opinion conform to the relevant Standards of Practice as promulgated from time to time by the Actuarial Standards Board, which standards form the basis of this statement of opinion.

Relevant Comments

The liabilities being valued are mainly short term in nature, have no investment income or interest component, are not discounted for interest, and do not fluctuate with changes in the interest rate environment. As a result, no asset adequacy analysis was performed.

Historical claim payment patterns, which form the basis for the majority of the claims unpaid estimate, were analyzed net of claim recoveries, and I am satisfied that this treatment is reasonable based on past experience, current and reasonably anticipated activities.

My review also included consideration of incentive contracts with service providers and the effect on the reserves. I have not reviewed the financial position of any party related by contract to the Company, including those under a capitation agreement with the Company. I have relied on the opinion of the Company that such parties are in a financial position to meet all liabilities resulting from such contracts.

This opinion has been prepared solely for the Board and management of the Company for filing with insurance regulatory agencies of states in which the Company is licensed.

B. Use of Estimates in the Preparation of the Financial Statements

Preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

C. Accounting Policies

Health premiums are earned over the term of the related insurance policies. Premiums written are reported net of experience rating refunds. Premiums paid prior to the effective date are recorded on the balance sheet as premiums received in advance and are subsequently credited to income as earned during the coverage period. Premium rates are subject to approval by the Centers for Medicare and Medicaid Services. Expenses are charged to operations as incurred.

The Company provides administrative services to various customers on an uninsured basis. Under these arrangements, the customer retains the risk of funding payments for health benefits provided, and the Company may be subject to credit risk of the customer from the time of the Company's claim payment until the Company receives the claim reimbursement. In accordance with SSAP No. 47, *Uninsured Plans*, these claims payments and subsequent reimbursements are excluded from the Company's statutory statement of revenue and expenses. Administrative fees for administering these arrangements are recognized as administrative services are performed and recorded as a reduction to general administrative expenses.

In addition, the Company uses the following accounting policies:

- (1) Short-term investments include investments with maturities of less than one year and more than three months at the date of acquisition and are reported at amortized cost, which approximates fair value. Non-investment grade short-term investments are stated at the lower of amortized cost or fair value.
- (2) Investment grade bonds not backed by other loans are stated at amortized cost, with amortization calculated based on the modified scientific method, using lower of yield to call or yield to maturity. Non-investment grade bonds are stated at the lower of amortized cost or fair value as determined by various third-party pricing sources.
- (3) The Company has no investments in common stocks of unaffiliated companies.
- (4) The Company has no investments in preferred stocks.
- (5) The Company has no investment in residual tranche bonds and preferred stocks.
- (6) The Company has no mortgage loans - real estate.
- (7) Loan-backed securities are stated at amortized cost. Prepayment assumptions for loan-backed securities and structured securities were obtained from broker-dealer survey values or internal estimates. These assumptions are consistent with the current interest rate and economic environment. The retrospective adjustment method is used to value all loan-backed securities. Non-investment grade loan-backed securities are stated at the lower of amortized cost or fair value.
- (8) The Company has no investments in subsidiaries, controlled and affiliated companies.
- (9) The Company has no investments in joint ventures, partnerships or limited liability companies.
- (10) The Company has no derivative instruments.
- (11) The Company recognizes losses from other-than-temporary impairments ("OTTI") of investments in accordance with Statements of Standard Accounting Practice ("SSAP") No. 26, *Bonds*; and SSAP No. 30, *Common Stock*; and SSAP No. 32, *Preferred Stock*.
- (12) The Company does not anticipate investment income as a factor in premium deficiency calculations.
- (13) Unpaid claims and claims adjustment expenses include management's best estimate of amounts based on historical claim development patterns and certain individual case estimates. The established liability considers health benefit provisions, business practices, economic conditions and other factors that may materially affect the cost, frequency and severity of claims. Liabilities for unpaid claims and claim adjustment expenses are based on assumptions and estimates, and while management believes such estimates are reasonable, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates

NOTES TO FINANCIAL STATEMENTS

and for establishing the resulting liabilities are continually reviewed and changes in estimates are incorporated into current period estimates.

- (14) The Company has not modified its capitalization policy from the prior period.
- (15) Pharmacy rebate receivables are recorded when earned based upon actual rebate receivables billed and an estimate of receivables based upon current utilization of specific pharmaceuticals and provider contract terms.
- (16) The Company sells policies where premiums vary based on loss experience or premium stabilization programs. Retrospectively rated refunds include minimum medical loss ratio (“MLR”) rebates per the Affordable Care Act (“ACA”). Risk adjustment programs transfer premiums from insurers that enroll members with relatively lower health risks to insurers that enroll members with relatively higher health risks. Reserves for rate credits, risk adjustment programs or policy rating refunds are reported in aggregate policy reserves. Accrued retrospective premiums are reported in premiums receivable.
- (17) For investments in corporate-owned life insurance (“COLI”), the amount that could be realized on a life insurance policy as of the date to which premiums have been paid is reported as an admitted asset. The change in the cash surrender value, or contract value, of COLI during the period is treated as income.

C. Reverse Mortgages

The Company did not have investments in reverse mortgages at December 31, 2024 or 2023.

D. Loan-Backed Securities

(1) Prepayment assumptions for single-class and multi-class mortgage-backed and asset-backed securities were obtained from broker-dealer survey values or internal estimates. The Company used various third-party pricing sources in determining the market value of its loan-backed securities.

(2) The Company did not recognize OTTI on its loan-backed securities during the year ended December 31, 2024.

(3) The Company did not recognize OTTI on its loan-backed securities at December 31, 2024

(4) All impaired securities (fair value is less than cost or amortized cost) for which an other-than-temporary impairment has not been recognized in earnings as a realized loss (including securities with a recognized other-than-temporary impairment for non-interest related declines when a non-recognized interest related impairment remains):

a.	The aggregate amount of unrealized losses:	1.	Less than 12 Months	\$	(1,017,678)
		2.	12 Months or Longer	\$	(5,047,630)
b.	The aggregate related fair value of securities with unrealized losses:	1.	Less than 12 Months	\$	49,403,112
		2.	12 Months or Longer	\$	48,094,037

(5) The Company’s bond portfolio is sensitive to interest rate fluctuations, which impact the fair value of individual securities. Unrealized losses on bonds were primarily caused by the effects of the interest rate environment and the widening of credit spreads on certain securities. The Company currently has the ability and intent to hold these securities until their full cost can be recovered. Therefore, the Company does not believe the unrealized losses represent an OTTI at December 31, 2024 or 2023.

The Company receives the collateral in cash or securities, and if cash is received the cash collateral is thereafter invested according to guidelines of the Company’s Investment Policy.

NOTES TO FINANCIAL STATEMENTS

F. All Other Contingencies***Litigation and regulatory proceedings***Express Scripts, Inc. Pharmacy Benefit Management Litigation

In March 2016, Elevance Health, Inc. filed a lawsuit against Express Scripts, Inc. (“Express Scripts”), their vendor at the time for pharmacy benefit management services, captioned *Anthem, Inc. v. Express Scripts, Inc.*, in the U.S. District Court for the Southern District of New York (the “District Court”). The lawsuit sought to recover over \$14,800,000,000 in damages for pharmacy pricing that is higher than competitive benchmark pricing under the agreement between the parties (the “ESI Agreement”), over \$158,000,000 in damages related to operational breaches, as well as various declarations under the ESI Agreement, including that Express Scripts: (i) breached its obligation to negotiate in good faith and to agree in writing to new pricing terms (the “Pricing Claim”); (ii) was required to provide competitive benchmark pricing to Elevance Health through the term of the ESI Agreement; (iii) has breached the ESI Agreement; and (iv) is required under the ESI Agreement to provide post-termination services, at competitive benchmark pricing, for one year following any termination.

Express Scripts has disputed Elevance Health’s contractual claims and it sought declaratory judgments: (i) regarding the timing of the periodic pricing review under the ESI Agreement, and (ii) that it has no obligation to ensure that Elevance Health receives any specific level of pricing, that Elevance Health has no contractual right to any change in pricing under the ESI Agreement and that its sole obligation is to negotiate proposed pricing terms in good faith. In the alternative, Express Scripts claims that Elevance Health has been unjustly enriched by its payment of \$4,675,000,000 at the time they entered into the ESI Agreement. In March 2017, the District Court granted Elevance Health’s motion to dismiss Express Scripts’ counterclaims for (i) breach of the implied covenant of good faith and fair dealing, and (ii) unjust enrichment with prejudice. After such ruling, Express Scripts’ only remaining claims were for breach of contract and declaratory relief. In August 2021, Express Scripts filed a motion for summary judgment, which Elevance Health opposed. In March 2022, the District Court granted in part and denied in part Express Scripts’ motion for summary judgment. The District Court dismissed Elevance Health’s declaratory judgment claim, Elevance Health’s breach of contract claim for failure to prove damages and most of Elevance Health’s operational breach claims. As a result of the summary judgment decision, the only remaining claims as of the filing of this Annual Report are (i) Elevance Health’s operational breach claim based on Express Scripts’ prior authorization processes and (ii) Express Scripts’ counterclaim for breach of the market check provision of the ESI Agreement. Express Scripts filed a second motion for summary judgment in June 2022, challenging Elevance Health’s remaining operational breach claims, which the District Court denied in March 2023. In November 2023, the District Court issued a final judgment ending the lawsuit in the District Court after the parties settled and stipulated to dismiss the only remaining claim that had not been disposed of by the court order or stipulation. In December 2023, Elevance Health filed a notice of appeal with the United States Court of Appeals for the Second Circuit, regarding the Pricing Claim. Mediation ordered by the Second Circuit occurred in March 2024 and was unsuccessful. Oral argument before the Second Circuit was held in October 2024. In November 2024, the Court affirmed the trial court’s decision dismissing the case. A motion for rehearing was submitted which was denied. The matter is now closed.

Medicare Risk Adjustment Litigation

In March 2020, the U.S. Department of Justice (“DOJ”) filed a civil lawsuit against Elevance Health, Inc. in the District Court in a case captioned *United States v. Anthem, Inc.* The DOJ’s suit alleges, among other things, that Elevance Health falsely certified the accuracy of the diagnosis data they submitted to the Centers for Medicare and Medicaid Services (“CMS”) for risk-adjustment purposes under Medicare Part C and knowingly

NOTES TO FINANCIAL STATEMENTS

failed to delete inaccurate diagnosis codes. The DOJ further alleges that, as a result of these purported acts, Elevance Health caused CMS to calculate the risk-adjustment payments based on inaccurate diagnosis information, which enabled Elevance Health to obtain unspecified amounts of payments in Medicare funds in violation of the False Claims Act. The DOJ filed an amended complaint in July 2020, alleging the same causes of action but revising some of its factual allegations. In September 2020, Elevance Health filed a motion to transfer the lawsuit to the Southern District of Ohio, a motion to dismiss part of the lawsuit, and a motion to strike certain allegations in the amended complaint, all of which the District Court denied in October 2022. In November 2022, Elevance Health filed an answer. In March 2023, discovery commenced, and an initial case management conference was held in April 2023. Fact discovery is ongoing. In December 2024, the District Court issued a scheduling order setting the deadlines for the completion of fact discovery in August 2025 and April 2026 for the completion of expert discovery. Elevance Health intends to continue to vigorously defend this suit, which they believe is without merit; however, the ultimate outcome cannot be presently determined.

Wellpoint Tennessee, Inc. Provider Litigation

On January 10, 2025, Wellpoint Tennessee, Inc. entered into a settlement agreement and release with an emergency services provider to resolve a reimbursement dispute raised in legal proceedings pending in Tennessee state court. The terms of the settlement agreement and release are confidential and the matters were amicably resolved to the mutual satisfaction of all of the parties without admission of any liability.

Other Contingencies

From time to time, the Company and certain of its subsidiaries are parties to various legal proceedings, many of which involve claims for coverage encountered in the ordinary course of business. The Company, like Health Maintenance Organizations (“HMOs”) and health insurers generally, exclude certain healthcare and other services from coverage under their HMO, Preferred Provider Organizations and other plans. The Company is, in the ordinary course of business, subject to the claims of their enrollees arising out of decisions to restrict or deny reimbursement for uncovered services. The loss of even one such claim, if it results in a significant punitive damage award, could have a material adverse effect on the Company. In addition, the risk of potential liability under punitive damage theories may increase significantly the difficulty of obtaining reasonable reimbursement of coverage claims.

In addition to the lawsuits described above, the Company is also involved in other pending and threatened litigation of the character incidental to their business and is from time to time involved as a party in various governmental investigations, audits, reviews and administrative proceedings. These investigations, audits, reviews and administrative proceedings include routine and special inquiries by state insurance departments, state attorneys general, the U.S. Attorney General and subcommittees of the U.S. Congress. Such investigations, audits, reviews and administrative proceedings could result in the imposition of civil or criminal fines, penalties, other sanctions and additional rules, regulations or other restrictions on the Company’s business operations. Any liability that may result from any one of these actions, or in the aggregate, could have a material adverse effect on the Company’s consolidated financial position or results of operations.

The Company has no other known material contingencies.

NOTES TO FINANCIAL STATEMENTS

At December 31, 2024 and 2023, the Company reported admitted assets of \$65,921,348 and \$55,970,698, respectively, in premium receivables and receivables due from uninsured plans. These receivables are not deemed to be uncollectible, therefore, no additional provision for uncollectible amounts has been recorded. The potential for any additional loss is not believed to be material to the Company’s financial condition.

15. Leases

A. Lessee Operating Lease

The Company reevaluated its future office space needs and determined that it would permanently cease use of space under certain operating leases. At December 31, 2024 and 2023, the Company did not have any lease exit cost liabilities.

- 2. The Company has not entered into any leveraged leases.

16. Information About Financial Instruments With Off-Balance Sheet Risk and Financial Instruments With Concentrations of Credit Risk

The Company has no significant financial instruments with off-balance sheet risk.

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of investment securities. All investment securities are managed by professional investment managers within policies authorized by the board of directors. Such policies limit the amounts that may be invested in any one issuer and prescribe certain investee company criteria. As of December 31, 2024, there were no significant concentrations.

(3) The Company’s policy is to recognize transfers between Levels, if any, as of the beginning of the reporting period.

NOTES TO FINANCIAL STATEMENTS

(4) Fair values of bonds are based on quoted market prices, where available. These fair values are obtained primarily from third party pricing services, which generally use Level 1 or Level 2 inputs, for the determination of fair value to facilitate fair value measurements and disclosures. Level 2 securities primarily include United States government securities, corporate securities, securities from states, municipalities and political subdivisions, mortgage-backed securities and certain other asset-backed securities. For securities not actively traded, the pricing services may use quoted market prices of comparable instruments or discounted cash flow analyses, incorporating inputs that are currently observable in the markets for similar securities. Inputs that are often used in the valuation methodologies include, but are not limited to, broker quotes, benchmark yields, credit spreads, default rates and prepayment speeds. The Company has controls in place to review the pricing services' qualifications and procedures used to determine fair values. In addition, the Company periodically reviews the pricing services' pricing methodologies, data sources and pricing inputs to ensure the fair values obtained are reasonable.

Certain bonds, primarily corporate debt securities, are designated Level 3. For these securities, the valuation methodologies may incorporate broker quotes or discounted cash flow analyses using assumptions for inputs such as expected cash flows, benchmark yields, credit spreads, default rates and prepayment speeds that are not observable in the markets.

Cash equivalents primarily consist of highly rated money market funds or bonds with original maturities of three months or less. Due to the high ratings and short-term nature, these investments are designated as Level 1. The Company also holds bonds purchased with less than three months to maturity. Fair value of these bonds are based on quoted market prices obtained from third party pricing services which generally use Level 1 or Level 2 inputs.

There have been no significant changes in the valuation techniques during the current period.

Column 5, 6, and 7 indicating "Not affiliated with Elevance Health:" for rows above whereby the Elevance Health ("Elevance") insurer is partially owned by Elevance and partially owned by a non-affiliate, Elevance doesn't report the "entities controlled by the non-affiliate" data if the ultimate controlling company is outside of its ownership.
