### Physical Plant

**Number of buildings:**

Auditors should count all buildings that are part of the facility, whether inmates are formally allowed to enter them or not. In situations where temporary structures have been erected (e.g., tents) the auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house inmates, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.

| Number of buildings: | 1 |

**Number of inmate housing units:**

Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house inmates of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows inmates to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.

| Number of inmate housing units: | 7 |

**Number of single cell housing units:** 0

**Number of multiple occupancy cell housing units:** 7

**Number of open bay/dorm housing units:** 0

**Number of segregation cells (for example, administrative, disciplinary, protective custody, etc.):** 40

Audit Findings

Audit Narrative

The onsite PREA audit of the Whiteville Correctional Facility was conducted on August 16, 2020, by Department of Justice Certified PREA Auditor Brian D. Bivens. Interviews with staff and inmates were conducted via SKYPE on August 10th and 12th, 2020 due to COVID-19 restrictions. The Whiteville Correctional Facility is located in Whiteville, Tennessee. Whiteville is the county seat of Hardeman County. The population was 3,148 at the 200 census and 4,638 at the 2010 census. Whiteville Correctional Facility is one of two prisons in the county; the other Hardeman County Correctional Center. Pre-audit preparation included a thorough review of all policies, procedures, training curriculums, Pre-Audit Questionnaire, and supporting documentation provided by the facility to demonstrate compliance to the PREA standards. The auditor, Accreditation Staff at Whiteville Correctional Facility and the CoreCivic agency-wide PREA Coordinator had ongoing communication for several weeks prior to the audit to prepare for the on-site visit.

The auditor wishes to extend his deepest appreciation to Warden Samuel Rogers and his staff for their professionalism, hospitality, and kindness. The auditor also wishes to compliment the Whiteville Correctional Facility’s Eric Bryant for his outstanding work in organizing the files that were provided to the auditor in advance of the audit. This enabled the audit to move forward very efficiently. The auditor also wishes to express gratitude for the CoreCivic’s agency wide PREA Coordinator, Eric Pierson.

Staff interviews were conducted on August 10th via SKYPE and inmate interviews were conducted on SKYPE on August 12th, 2020. This process was mutually agreed upon by the Tennessee Department of Corrections, CoreCivic, and the auditor to ensure everyone’s personal safety due to COVID-19. The on-site audit began with an entrance meeting being conducted on Sunday August 16, 2020 at 0900 a.m. in the Conference Room. The following staff attended the entrance meeting:

Warden Samuel Rogers
Assistant Warden/PREA Manager Eric Bryant
Stacey Nelson, Assistant Warden of Operations
Johnny Crenshaw, Chief of Security
Charrisma Robinson, Chief of Unit Management
Christopher Cruz, Assistant Chief of Security
Bobby Howell, Investigator
Felessia Johnson, Quality Assurance Manager
Stacey Nelson, Assistant Warden of Security
Following the entrance meeting, the auditor conducted a comprehensive site review that began at approximately 0930 a.m. During the site review the auditor reviewed camera placement, blind spots, staff placement and documentation to assist in determining standard compliance. While touring the facilities the auditor observed the notices of this PREA audit in all the buildings, as well as posters that called attention to the agency’s Zero Tolerance Policy and how to report allegations of sexual abuse and sexual harassment. Posters were visible in both English and Spanish. The following staff accompanied the auditor on the site review:

Warden Samuel Rogers
Assistant Warden/PREA Manager Eric Bryant
Johnny Crenshaw, Chief of Security
Charrrisma Robinson, Chief of Unit Management
Christopher Cruz, Assistant Chief of Security
Bobby Howell, Investigator
Felessia Johnson, Quality Assurance Manager
Stacey Nelson, Assistant Warden of Security

All housing units, day rooms, resident program areas, work areas, and all other resident accessible areas were toured. Other accessible areas included the Kitchen, Laundry, Barber Shop, Medical, administrative area, Master Control, Unit Control Towers, Vocational and Classrooms, and Recreation Yards, Gymnasium, and the Receiving Dock. While touring several residents and staff were questioned about their knowledge of PREA standards, procedures for reporting, services available, and their responsibilities. All staff and residents informally interviewed during the tour acknowledged receiving training and procedures for reporting sexual abuse, sexual harassment, and/or retaliation for reporting. The auditor found the staff to be well versed in their duties as PREA 1st Responders.

The auditor interviewed a total of thirty-two staff members, contractors and/or volunteers during the course of this audit. (See Chart Below) All staff interviewed was well versed in their respective areas of responsibility regarding PREA and affirmed compliance with the applicable PREA standards.

There is no SAFE or SANE staff at the facility; they are made available through a Jackson General. Exams would be performed at Jackson General, located in Jackson, Tennessee. Staff interviewed was well versed in their responsibilities in reporting sexual abuse, sexual harassment, staff negligence, and retaliation for reporting. The WRAP - Women’s Recourse and Rape Assistance Program also acts the external reporting agency. Inmates can simply dial hotline number on any inmate phone, and they are quickly connected to a Victim Advocate. The system was successful tested during the initial tour of the facility. CoreCivic also has a Behavior Health Coordinator and Psychologist on staff to assist victims of sexual abuse if needed.

The facility supplied a list of resident names sorted by housing units, disabilities, and special designations, as well as a list of facility staff names to the auditor. From these lists the auditor selected, at random, a sampling of residents and staff to be interviewed. The sampling size for residents included at least one resident from each housing unit. This decision was made to ensure all residents throughout the facility were receiving the same information and education related to all aspects of the PREA program instituted at this facility.

There were forty inmates interviewed during the on-site visit. These residents consisted of: twenty general population inmates and twenty targeted. Two inmates refused and were replaced during the interviews.

All of the inmates interviewed acknowledged receiving PREA training and written materials in languages that they could comprehend (posters, pamphlets, and resident handbooks) outlining the agencies zero tolerance policies towards sexual abuse, sexual harassment, and retaliation for reporting, as well as the procedures for reporting. There were eight inmates did not remember if they had watched the PREA orientation video utilized for the more in depth training. Intake files did show all eight inmates had signed a form acknowledging they had watched the video. Six of the forty inmates reviewed stated they did not remember receiving a PREA brochure upon intake. The review of their intake files showed where each had signed for the brochure as a facility issued item. Inmates were given another brochure to ensure compliance. All inmates interviewed felt if they had to file a PREA complaint the facility would respond appropriately to their complaint and that all PREA complaints were taken very serious by staff at this facility.

The auditor selected and carefully examined ten human resource files, ten staff training files, two contractor and two volunteer training files. The human resource and volunteer files were very well organized and contained all the necessary background check information and signed statements regarding previous sexual misconduct described in the standards. The training records were also very complete and included written documentation that staff and volunteers received the required training and understood what was being trained. It was clear the PREA Manager thoroughly covers all aspects of PREA during his training sessions.

The auditor also reviewed ten offender files and saw documentation of offender education, as well as documentation of the initial risk screenings, and screenings upon additional information being completed as required by the standard.

In the 12 months preceding the audit, the Whiteville Correctional Facility had received and investigated twenty-six PREA complaints regarding sexual harassment and/or sexual abuse. During the investigation each case was either determined to be unfounded, unsubstantiated or substantiated based on each merit, investigation findings and evidentially standards. All investigative files were reviewed during the on-site visit and appeared to document thoroughly the investigative process per agency policy. Policy was followed and documented for inmate notification, incident
review and retaliations monitoring. Policy and procedure required that criminal investigative referrals were to be documented and proper referrals were made as warranted.

Instructions for Overall Compliance Determination Narrative

Based on the documentation provided: as well as, interview with the Agency-wide PREA Coordinator, and PREA Manager, it was determined the Whiteville Correctional Facility delineates compliance with Standard 115.11.
115.11 (a) The Whiteville Correctional Facility staff follows the agency’s policy, 14.2 Sexual Abuse, Prevention and Response which mandates a zero tolerance for all forms of sexual abuse and sexual harassment. This policy outlines the agency’s approach to preventing, detecting, and responding to such conduct. This was evident during the onsite tour, interviews with inmates and staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.11 (B) and (C) The agency employs an upper-level, agency-wide PREA Coordinator. The Job Description for Senior Director, PREA Programs and Compliance, Job Code 10675, outlines the job duties of the agency’s PREA Coordinator. Eric Pierson was appointed as the agency-wide PREA Coordinator by Damon Hininger, President and Warden Executive of CoreCivic on December 12, 2016. Mr. Pierson has over 30 years of experience in the field of Corrections. The agency provided the auditors with the organizational chart showing the PREA Coordinator position as an upper-level, agency-wide position, Mr. Pierson reports directly to the Vice President of CoreCivic. Mr. Pierson is very knowledgeable of the PREA standards and actively assists the facility with compliance. Mr. Pierson has the authority to develop, implement, and oversee PREA compliance. He is actively updating the facility as new Frequently Ask Questions (FAQ’s) results are published on the PREA Resource Center website. The Whiteville Correctional Facility warden appointed Assistant Warden Eric Bryant the facilities PREA Manager on December 16, 2019.

During interviews with the PREA Coordinator and the PREA Compliance Manager, both indicated they had sufficient time and authority to coordinate the facility’s efforts to comply with the PREA standards as required. Therefore, the facility demonstrated compliance with this part of the standard during this audit. The Whiteville Correctional Facility meets this standard due to the fact it employs a PREA Compliance Coordinator and a PREA Compliance Manager for the one facility. Therefore, this standard was found to meet compliance during this audit.

**Instructions for Overall Compliance Determination Narrative**

Based on staff interviews, review of documentation provided and review of the Whiteville Correctional Facility staffing analysis and CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (pages 9 and 10). The following delineates the audit findings regarding this standard:

115.13 (a) The facility has documented and made its best efforts to comply on a regular basis with a staffing plan that provides for adequate levels of staffing as described and required by this standard. The established staffing plan uses the criteria found in the standard 115.13 (a) to include the physical layout of the facility, composition of the residents housed, the prevalence of substantiated and unsubstantiated incidents of sexual abuse, and any other relevant factors identified. Video monitoring has been deployed to assist with the protection of offenders against sexual abuse at this facility. The staffing levels are monitored daily by review of shift rosters. There have not been any judicial findings of inadequacy in the past twelve months. CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (pages 9 and 10) outlines this procedure. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.13 (b) The facility has procedures in place to ensure all deviations are covered by overtime or notification must be documented on shift roster and submitted to the PREA Manager outlining the reason(s) for the deviation. There has not been any deviation reported where the staffing plan had not been complied with in the past twelve months, as confirmed by written documentation and during interview with the PREA Manager. Staffing deviations are covered with overtime. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.13 (c) The Whiteville Correctional Facility Annual Staffing Plan Assessment Form (14-2I) is completed by the PREA Manager and forwarded to the PREA Coordinator and Assistant Warden for review. It is then forwarded to the Warden for signature and approval of any recommendations made which would include changes to policy and procedures, physical plant, video monitoring, or staffing levels. The last Whiteville Correctional Facility Annual Staffing Plan Assessment Form (14-2I) was completed on October 1, 2019. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
115.13 (d) Based on Whiteville Correctional facility logs, staff interviews, and policy 14.2, Sexual Abuse, Prevention, and Response (page 9). Intermediate-level or higher-level supervisors are required to conduct and are documenting UNANNOUNCED rounds on all shifts as required. Random documentation review showed within a 72-hour period; more than two dozen unannounced rounds were conducted in the facility. Such arounds are logged in the appropriate unit log book. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Instructions for Overall Compliance Determination Narrative

Based on CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response pages 17 and 18, training curriculums, CoreCivic Search Procedures – Facilitator’s Guide, staff interviews, training file reviews, and documentation provided; the following delineates the audit findings regarding this standard:

115.15 (a) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 17) outlines offender searches including searches of transgender and intersex offenders. The review of training curriculums and CoreCivic Search Procedures – Facilitator’s Guide (page 8) and staff interviews revealed cross gender strip searches are prohibited except in exigent circumstances and must be documented when conducted. Attendance to Training is documented on the “Training/Activity Attendance Roster” Form 4-2A. There have been no documented cross-gender visual body cavity or strip searches reported in the past 12 months. This was reiterated during an interview with the PREA Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (b) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 17) and CoreCivic Search Procedures – Facilitator’s Guide (page 8) prohibits male employees from frisk/pat searches of female inmates/residents except in exigent circumstances. Whiteville Correctional Facility is a male only facility. This practice was confirmed during female inmate interviews. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (c) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 17) and CoreCivic Search Procedures – Facilitator’s Guide (page 8) prohibits frisk/pat searches of the female inmates by male staff and requires that all cross-gender searches in exigent circumstances be documented. If a search is completed under exigent circumstances, the Notice to Administration 5-1B must be completed. There no reported searches completed under exigent circumstances in the past twelve months. Whiteville Correctional Facility is a male only facility. This practice was confirmed during female inmate interviews. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (d) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (pages 17 and 18) and CoreCivic Search Procedures – Facilitator’s Guide (page 8) outlines that inmates shall be permitted to shower, perform bodily functions and change clothing without non-medical staff of the opposite gender viewing their breasts, buttocks or genitalia. The inmates confirmed during interviews they have privacy when showering, using the toilets and while changing their clothes. CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (pages 17 and 18) also require staff of the opposite gender to announce their presence prior to entering the housing units. Attendance to Training is documented on the “Training/Activity Attendance Roster” Form 4-2A. Inmate and staff interviews revealed that opposite gender announcements were common practice at this facility and reminders of this requirement are posted on the entry doors of all housing units exceeding the requirements of this part of the standard during this audit.

115.15 (e) Based on CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 17), CoreCivic Search Procedures – Facilitator’s Guide (page 10), training curriculum provided and staff
interviews the facility prohibits staff from physically examining transgender or intersex inmates for the sole purpose of determining genital status. If the inmate’s genital status is unknown, it is determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. Attendance to Training is documented on the “Training/Activity Attendance Roster” Form 4-2A). This was corroborated during interviews with LBGTI inmates and random staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.15 (f) Based on CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 18), CoreCivic Search Procedures – Facilitator’s Guide (page 11), training curriculum provided, staff training file reviews, and staff interviews the facility trains security staff to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs. Instructions for Overall Compliance Determination Narrative

Based on Whiteville Correctional Facility practice, CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (pages 15 and 16), “Preventing Sexual Abuse and Misconduct” brochure, review of the lesson plans, and review of Language Line agreement, Avaza Sign Language interpretation Services, invoices, as well as staff and inmate interviews and facility tour; the following delineates the audit findings regarding this standard:

115.16 (a) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (pages 15 and 16) outlines the steps that Whiteville Correctional Facility takes appropriate steps to ensure inmates with disabilities (including, for example, inmates who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities), have an equal opportunity to participate in or benefit from all aspects of its efforts to prevent, detect, and respond to sexual abuse and sexual harassment, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. PREA Brochure – “Preventing Sexual Abuse and Misconduct”, PREA postings, PREA education video, and the inmate handbook are provided in both English and Spanish. The facility has two TDD phones. The facility utilizes Avaza Language Line for interpreter services. During interviews with the inmates identified to meet the aspects of this standard, they all confirmed having received training and materials they could understand. The agency has multiple employees who are fluent in Spanish. The inmates and staff also confirmed that the Language Line is available when needed; as well as several employee interpreters. The auditor was provided with invoices and payments for Language Line Services. There were no blind/low vision and one deaf/hearing impaired inmate to interview during the onsite visit. Inmates with mental deficiencies are assisted by the Medical and Mental Health staff. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.16 (b) The Whiteville Correctional Facility takes reasonable steps to ensure meaningful access to all aspects of the agency’s efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively accurately and impartially. Language Line interpreter services and/or staff interpreters are used to translate at this facility. There were three Spanish speaking inmates interviewed (with the assistant of a staff interpreter) during the on-site visit and they confirmed during interviews receiving all written PREA information and viewing the Spanish version of the a PREA DVD. The inmates and staff also confirmed that interpretive services are available when needed. The facility has two TDD phones. CoreCivic Policy 14.2, Sexual Abuse, Prevention and
Response (page 16) outlines these practices. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.16 (c) CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (page 16) illustrates the facility does not rely on inmate interpreters, inmate readers, or other types of inmate assistants except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the inmate’s safety. The auditor was provided with invoices and payments for Language Line Services. This was confirmed during interviews with First Responders, the PREA Manager and the PREA Investigator. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

**Instructions for Overall Compliance Determination Narrative**

Based upon review of TDOC Policy 301.04, Job Requirements (pages 5 and 6), CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response (pages 5 and 6), PREA Questionnaire CR-3962, Human Resource staff interviews, Self Declaration Forms for applicants, volunteers, contractors and promotions, and personnel file reviews; the following delineates the audit findings regarding this standard:

115.17 (a) TDOC Policy 301.04, Job Requirements (pages 6 and 7), and CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response policy (pages 5 and 6) outlines that Whiteville Correctional Facility does not hire or promote anyone who may have contact with inmates, and does not enlist the services of any contractor or volunteer who may have contact with inmates, who has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution, has been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity described above. The facility completes a Self-Declaration of Sexual Abuse/Sexual Harassment Form CR-3819 on all applicants as well as a background check is completed on all new applicants confirming compliance. This practice was confirmed during interviews with the facility’s Human Resource Staff and the Tennessee Department of Corrections. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (b) TDOC Policy 301.04, Job Requirements (pages 6 and 7), and CoreCivic Policy 14.2, Sexual Abuse, Prevention and Response policy (pages 5 and 6) outlines that Whiteville Correctional Facility considers any incidents of sexual harassment in determining whether to hire or promote anyone, or to enlist the services of any contractor or volunteer, who may have contact with inmates. Staff are required to sign the “Self-Declaration form for Sexual Abuse and Sexual Harassment CR-3819. This was confirmed during review of four human resource files for volunteers and four Human Resource File reviews of volunteers. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
115.17 (c)-1 Whiteville Correctional Facility requires a criminal background records check be completed before hiring any new employee. Ten out of ten Human Resource files confirmed this practice. Background checks are documented on the “Criminal History Results Form (CR-3704). Therefore, the facility demonstrated compliance with this part of the standard during this audit.

(c)-2 Whiteville Correctional Facility makes their best efforts to contact all prior institutional employers for information on substantiated allegations of sexual abuse or any pending investigations of allegation of sexual abuse. This request is documented on PREA Questionnaire for Prior Institutional Employer CR-3962 Form. Review of Human Resource files illustrated this practice. Two applicants had previously worked at a prior institution; both times, the Human Resource Staff had sent and received the prior documentation from the previous employer. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (d) Whiteville Correctional Facility requires a criminal background records check be completed before enlisting the services of any contractor or volunteer who may have contact with the inmates. Four out of four files reviewed confirmed this practice. Background checks are documented on the “Criminal History Results Form (CR-3704). Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (e) Whiteville Correctional Facility completes background checks annually. There is an extensive tracking system in place to monitor the process. CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 6) outlines the requirements. Background checks are documented on the “Criminal History Results Form (CR-3704). Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (f) Whiteville Correctional Facility instills upon all employees a continuing affirmative duty to disclose any sexual misconduct as required by this standard. A Whiteville Correctional Facility PREA Questionnaire for Prior Institutional Employer CR-3962 Form is completed by all applicants, upon being hired, and if being considered for a promotion. Each subsequent year of employment, employees are required to complete the agency’s Self-Declaration of Sexual Abuse/Sexual Harassment Form CR-3819. File review showed that ten out of ten files contained a Self-Declaration Form. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (g) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 6) mandates that material omissions regarding sexual misconduct, and the provision of materially giving false information, are grounds for termination as required by this standard. The PREA Manager stated there had been no terminations of a contract employee for this circumstance in the past twelve months. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.17 (h) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 6) requires that the agency shall provide information on substantiated allegations of sexual abuse or sexual harassment involving a current or former employee upon receiving a request from an institutional employer for whom such employee has applied to work. The PREA Manager stated the agency has not received such a request in the past twelve months. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

**Instructions for Overall Compliance Determination Narrative**
Based on review of the CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (pages 15 and 16), the Inmate Handbook, Preventing Sexual Abuse Brochure 14-2AA, Facility Orientation, PREA Posters, and the PREA video; as well as interviews with random inmates, case managers and staff. The following delineates the audit findings regarding this standard:

115.33 (a) During the intake process, inmates receive information explaining Whiteville Correctional Facility’s zero-tolerance policy (CoreCivic policy 14.2 Sexual Abuse, Prevention and Response) regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. Inmate sign the Orientation Acknowledgment Form CR-2110, that they have received the Preventing Sexual Abuse Brochure which is available in both English and Spanish. This was confirmed during an interview with the Case Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (b) Within 30 days of intake, Whiteville Correctional Facility provides comprehensive education to the inmates, administered by video, regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents. The additional education is provided in the form of a video (both English and Spanish). The video “PREA- What you need to know” was created by the PREA Resource Center and Just Detention International. This practice is outlined in the CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 15). Classification file review that forty out of forty inmates signed stated they had seen the video. Thirty six out of forty inmates interviewed indicated they remembered the video. File review showed that the remaining four inmates signed, stated they had seen the PREA educational video. Inmates sign the Prison Rape Elimination Act (PREA Video Log). Administrators routinely conduct town hall meetings to discuss PREA; the auditor was provided meeting notes from one such town hall meeting. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (c) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 15) mandates that Whiteville Correctional Facility provides such education within one year of the effective date of the PREA standards to all its inmates, and provides education to inmates upon transfer as required by this standard. This was confirmed during an interview with the PREA Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (d) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 15) mandates that Whiteville Correctional Facility provides inmate education in formats accessible to all inmates, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to inmates who have limited reading skills. The facility has an agreement with Language Line Services. PREA handouts, PREA postings, PREA education video, and the inmate handbook are provided in both English and Spanish. The facility has two working TDD phones. There were no blind/low vision and one deaf/hard of hearing inmate incarcerated at the time of the onsite visit. The hard of hearing inmates demonstrated knowledge of the agencies zero tolerance against sexual abuse, how to report sexual abuse and stated he felt safe in the facility. Mentally deficient inmates are assisted by Medical and Mental Health Staff. Three limited English proficient inmates had documentation in their intake file showing they all had received a PREA Brochure, properly screened and watched the PREA education video. All LEP inmates stated they felt safe in the facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.
115.33 (e) There was documentation provided of inmates participation in PREA educational sessions as required by this part of the standard. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.33 (f) Whiteville Correctional Facility does provide the inmates with posters, pamphlets, and an inmate handbook in English and Spanish outlining the zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. Inmates/detainees are given the “Preventing Sexual Abuse and Misconduct Brochure. The agency has “I Have a Right to Know” Posters located in all common areas of the facility. Records review showed that three out of three LEP inmates received education information in a Spanish format; all three LEP inmates stated they felt safe in the facility. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Auditor Overall Compliance Determination

☐ Exceeds Standard (*Substantially exceeds requirement of standards*)

☒ Meets Standard (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

☐ Does Not Meet Standard (*Requires Corrective Action*)

Instructions for Overall Compliance Determination Narrative

Based on TDOC Policy 502.06.1 PREA Screening, Classification, and Monitoring, CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (pages 13-14), inmate and staff interviews, inmate file reviews, CR-2178, Intake Health Questionnaire with CR-3431, Mental Health Referral, and a review of the Whiteville Correctional Facility Sexual Abuse Screening Tool 14-2B; the following delineates the audit findings regarding this standard:

115.41 (a) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 13) mandates that Whiteville Correctional Facility ensures that all inmates are assessed during intake and upon transfer to another facility for risk of being sexually abused by other inmates or sexually abusive toward other inmates. Ten out of ten inmate records confirmed this practice. Inmates sign a facility property receipt, indicating they have received the facility’s brochure on PREA. The brochure outlines basic information on the topics of sexual assault and sexual harassment, the agency’s zero
tolerance, reporting procedures and the victim advocacy support available. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (b) The Whiteville Correctional Facility provided documentation proving compliance with the standard that all inmates are screened for their risk of being sexually abused by other inmates or being sexually abusive toward other inmates normally upon intake but no later than 72 hours of arrival at the facility. This process is documented on the PREA Screening Form. Ten out of ten inmate records confirmed this practice. Thirty Five out of forty inmates remembered being screening upon intake. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (c) Based on the documentation provided and inmate file reviews the facility utilizes an objective screening instrument that covers all aspects of this standard. Ten out of ten inmate records confirmed this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (d) The intake screening instrument Sexual Abuse Screening Tool 14-2B considers, at a minimum, the following criteria to assess inmates for risk of sexual victimization:

1. Whether the inmate has a mental, physical, or developmental disability;
2. The age of the inmate;
3. The physical build of the inmate;
4. Whether the inmate has previously been incarcerated;
5. Whether the inmate’s criminal history is exclusively nonviolent;
6. Whether the inmate has prior convictions for sex offenses against an adult or child;
7. Whether the inmate is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
8. Whether the inmate has previously experienced sexual victimization;
9. The inmate’s own perception of vulnerability; and
10. Whether the inmate is detained solely for civil immigration purposes.
Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (e) The initial screening considers prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse, as known to Whiteville Correctional Facility PREA Screening Form. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (f) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 10) mandates within 30 days from the inmate’s arrival, the Whiteville Correctional Facility will reassess the inmate’s risk of victimization or abusiveness based upon any additional, relevant information received by Whiteville Correctional Facility since the intake screening. The Program Staff completes a follow-up interview with each inmate within 30 days to determine if additional information is available. This process is documented on the Whiteville Correctional Facility Reassessment form. Ten out of ten inmate records confirmed this practice. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (g) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 14) mandates Whiteville Correctional Facility will reassess an inmate’s risk level when warranted due to a referral, request, incident of sexual abuse, or receipt of additional information that bares on the inmate’s risk
of sexual victimization or abusiveness. A review of rescreening showed there was a clear handoff from the Screening Staff and the Mental Health staff, when circumstances warranted a reassessment. This process is outlined in TDOC Policy 113.82, Mental Health Referral Triage Process. Two such rescreenings were reviewed during the onsite visit. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (h) TDOC Policy 502.06.1 PREA Screening, Classification, and Monitoring (page 2) and CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 14) mandates Whiteville Correctional Facility does not discipline inmates for refusing to answer screening questions or not disclosing complete information. This was confirmed during an interview with the PREA Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.41 (i) Whiteville Correctional Facility implements appropriate controls on the dissemination of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the inmate’s detriment by staff or other inmates. Based on policy review, interview with the Assistant Warden and interviews with the staff responsible for completing the screening, all information gathered on the screening instrument is restricted to staff making housing, work and program assignments. Staff responsible for inmate movements do have access to see who listed as aggressor and/or a victim. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

Based on CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (page 13-18), TDOC Policy 502.06.1 PREA Screening, Classification, and Monitoring (pages 2-3), TDOC Policy 113.37, inmate and staff interviews, file review, and a review of the Whiteville Correctional Facility PREA Screening Form; the following delineates the audit findings regarding this standard:

115.42 (a) Whiteville Correctional Facility uses information from the risk screening to decide housing, bed, work, education, and program assignments with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. This was confirmed during a review of policy and during an interview with the PREA Manager. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (b) CoreCivic policy 14.2 Sexual Abuse, Prevention and Response (pages 13-18) requires Whiteville Correctional Facility makes individualized determinations about how to ensure the safety of each inmate. TDOC Policy 502.06.1 PREA Screening, Classification, and Monitoring (pages 2-3), mandates decisions concerning individual housing assignments and group activities for inmates who enter TDOC and are identified as Sexual Aggressors or Sexual Victims are the responsibility of the unit management team. This information is strictly need-to-know and housing, cell assignments, work education and program assignments shall be made with a goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually aggressive. If behavioral health intervention is indicated, a referral shall be made in accordance with Policy #113.82, utilizing Institutional Health Services Referral, CR-3431. Therefore, the facility demonstrated compliance with this part of the standard during this audit.

115.42 (c) Whiteville Correctional Facility outlines the procedures to be followed in deciding whether to assign a transgender inmate to a facility for male or female inmates, and the process for making
