From the Director of Victim Services

National Police Week was held May 10th -14th to pay homage to fallen law enforcement officers across our country and in Tennessee. They are victims who made the ultimate sacrifice, losing their lives while serving and protecting our communities. The men and women who have gone before us served with honor, and in doing so, honored their departments, their colleagues, and families who still hold them dear. Tennessee Department of Correction suffered a tremendous loss, Correctional Administrator Ms. Debra K. Porter-Johnson on August 7, 2019.

In 1962, President Kennedy proclaimed May 15 as National Peace Officers Memorial Day and the calendar week in which May 15 falls, as National Police Week. Established by a joint resolution of Congress in 1962, National Police Week pays special recognition to those law enforcement officers who have lost their lives in the line of duty for the safety and protection of others.

The Tennessee Department of Corrections (TDOC) is pleased to recognize the unwavering commitment of Tennessee’s correctional professionals by celebrating Correctional Professionals Week May 3-9, 2020. Every year Correctional Professionals across the country are recognized during the first full week of May for the vital role they play in keeping Tennesseans safe by maintaining custody, control, and supervision of offenders. Governor Bill Lee proclaimed May 3-9, 2020 as Correctional Professionals Week in the volunteer state and encouraged all Tennesseans to join in this worthy observance. The Department of Correction recognizes our correctional professionals who exemplify integrity, professionalism, and strength in often difficult and dangerous situations.

President Ronald Reagan first signed a proclamation in 1984, creating “National Correctional Officers Week.” This annual initiative celebrates and honors the work of correctional officers, correctional probation officers and correctional personnel and their essential role in the field of criminal justice and public safety.

There are more than 6,000 correctional employees working to operate safe and secure prisons and provide effective community supervision in Tennessee. TDOC has 14 facilities statewide, including 10 state institutions, four private institutions, and 45 probation/parole offices across the state. Additionally, there are four day reporting centers, one in each region of the state.

**Teacher Appreciation Week & Nurses Week**

Teachers and nurses were recognized this month as well. We have teachers and nurses that work in all of our facilities across the state. We salute them for being on the front lines assisting inmates with their educational and health needs.
